To the Board of Directors and Management of
Poclain Hydraulics, Inc. Savings and Retirement Plan

In planning and performing our audit of the financial statements of Poclain Hydraulics, Inc. Savings and Retirement Plan as of and for the years ended December 31, 2025 and 2024, in accordance with auditing standards generally accepted in the United States of America, we considered Poclain Hydraulics, Inc. Savings and Retirement Plan's internal control over financial reporting (internal control) as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we do not express an opinion on the effectiveness of the Plan's internal control.

Our consideration of internal control was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and, therefore, material weaknesses or significant deficiencies may exist that were not identified. However, as discussed below, we identified certain deficiencies in internal control that we consider to be significant and other deficiencies that we consider to be significant deficiencies.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. We did not identify any deficiencies in internal control to be material weaknesses. We consider the following deficiencies in the Plan's internal control to be material weaknesses:

A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance. We consider the following deficiency in the Plan's internal control to be a significant deficiency:

Statement of Condition:
During our audit, it was brought to our attention that certain employees subject to the Plan's automatic enrollment provisions were enrolled at a 1% deferral rate rather than the 5% rate required under the Plan document. As a result, employee deferrals were less than the amounts required under the Plan for multiple years. Management identified the issue in late 2025 and worked with Empower, ERISA legal counsel, and the IRS voluntary correction process to address the deficiency.

Criteria:
The Plan document requires eligible employees subject to automatic enrollment to have contributions withheld at the applicable automatic enrollment rate of 5% unless they opt out of automatic enrollment or select a different deferral rate. Plan administration procedures should ensure that participant elections and automatic enrollment settings are established and maintained in accordance with the Plan document and applicable legal requirements.

Statement of Cause:
The automatic enrollment contribution rate was not properly established on the Empower website, resulting in affected employees being enrolled at 1% rather than the required 5%.

Effect of Condition:
Affected employee deferrals were less than the amounts required under the Plan, resulting in a corrective contribution obligation of $368,943. The plan sponsor recognized the correction in 2025, and the related receivable was accrued in the Plan's financial statements as of December 31, 2025, due to its significance to the Plan. The corrective payment was remitted on July 30, 2026.

Cause of Condition:
Controls over the implementation and monitoring of automatic enrollment settings were not sufficient to identify the discrepancy between the contribution rate established in the Plan document and the rate applied to affected employees in a timely fashion.

Recommendations:
We recommend that management work with Empower to ensure the proper deferral rate is properly set up in the system and strengthen controls over the monitoring of automatic enrollment provisions. Procedures should include reconciling the recordkeeper's automatic enrollment settings to the Plan document, periodically reviewing participant deferral rates, and investigating discrepancies timely. Management should also ensure that corrective contributions are calculated, funded, and documented in accordance with applicable requirements.

This communication is intended solely for the information and use of management, the Board of Directors, and others within the Plan, and is not intended to be and should not be used by anyone other than these specified parties.

INDEPENDENT AUDITOR'S REPORT

To Trustees
Poclain Hydraulics, Inc. Savings and Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of Poclain Hydraulics, Inc. Savings and Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the years ended December 31, 2025 and 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Poclain Hydraulics, Inc. Savings and Retirement Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certification from a qualified institution as of December 31, 2025 and 2024, and for the years ended December 31, 2025 and 2024, stating that the certified investment information, as described in Note C to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

To Trustees
Poclain Hydraulics, Inc. Savings and Retirement Plan

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Poclain Hydraulics, Inc. Savings and Retirement Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Poclain Hydraulics, Inc. Savings and Retirement Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Poclain Hydraulics, Inc. Savings and Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Poclain Hydraulics, Inc. Savings and Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters - Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

To Trustees
Poclain Hydraulics, Inc. Savings and Retirement Plan

Supplemental Schedule Required by ERISA - Continued

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

POCLAIN HYDRAULICS, INC. SAVINGS AND RETIREMENT PLAN

NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 2025 AND 2024

NOTE A - Description of Plan

The following description of Poclain Hydraulics, Inc. (Company) Savings and Retirement Plan (Plan) provides only general information. Participants should refer to the plan document for a more complete description of the plan.

General

The Plan is a Safe-Harbor defined contribution plan established by the Company for the benefit of its employees and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

All employees, excluding interns, of the Company who are age 18 or older and have completed three months of service are eligible to participate in the Plan. Eligible employees may enter the Plan on the first day of the plan year quarter following the date they meet the eligibility requirements.

Empower Annuity Insurance Company and Empower Trust Company, LLC (collectively, “Empower”) serve as the custodian of the Plan and provide insurance products and recordkeeping services.

Contributions

Participants may elect to reduce compensation by a specific percentage or dollar amount and have that amount contributed to the Plan as an elective deferral in accordance with a procedure established by the Plan. Participants who have attained the age of 50 before the end of the plan year are eligible to make catch-up contributions.

Contributions are subject to certain limitation as mandated by the Internal Revenue Code (IRC).

The Plan includes an automatic enrollment provision. Eligible employees who do not make an affirmative election are automatically enrolled at a 5% deferral rate, which automatically increases by 1% each year up to a maximum of 10%, unless the participant elects otherwise.

The Company contributes 100% of a participant's deferrals up to 5% of a participant's compensation. The Company may also make an additional discretionary contribution to the Plan at the end of the plan year. There were no discretionary Company contributions in 2025 or 2024.

Participants may also roll over amounts representing distributions from other qualified retirement plans or eligible individual retirement accounts into the Plan, provided such rollovers meet the requirements of the Internal Revenue Code.

NOTE A - Description of Plan (continued)

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company contributions and (b) plan earnings (losses) and charged with an allocation of administrative expenses. Allocations are based on participant earnings (losses), account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Investment Options

Participants may direct all their contributions among one or more funds subject to the allocation limitations set forth in the Plan. Changes in allocation of future contributions and transfers among funds of presently invested contributions are permitted pursuant to the Plan's provisions. The participants currently have 26 investment options available.

Vesting

Participants are immediately 100% vested in their contributions and safe harbor matching contributions plus actual earnings/losses thereon. Vesting in the Company's discretionary matching portion of their accounts plus actual earnings/losses is based on years of credited service. A participant is 100% vested after six years of credited service. Participants become 100% vested in Company contributions as a result of death, disability or normal retirement, as defined by the Plan.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. These notes are secured by the balance in the participant's account and bear interest at a rate that is a commercially reasonable rate of interest. The interest rate charged is one percent over the prime rate published in the Wall Street Journal at the time the loan is executed. Principal and interest is paid ratably through payroll deductions. Loan terms range from one to five years or longer if proceeds are used to purchase a primary residence. For the years ended December 31, 2025 and 2024, the participant loan balances are $542,239 and $628,000, respectively.

NOTE A - Description of Plan (continued)

Payment of Benefits

Participants are eligible to receive benefits based on their vested balances upon termination, disability, death or reaching Normal Retirement Age, which is defined by the Plan as 65 years. Payments may be paid in either a single lump sum or installments over a period of time not more than assumed life expectancy. The amount of the hardship distributions may not be in excess of the amount of the participants' financial hardship, as specified in the Plan. Benefits are recorded when paid.

Forfeitures

The portion of a participant's balance, which is not vested upon termination of employment, is forfeited and remains in the Plan.

Plan participants' forfeitures are applied to any Safe Harbor contributions and plan expenses. As of December 31, 2025 and 2024, the forfeiture balances of $18,749 and $18,481 respectively, were available to be applied towards Safe Harbor contributions and plan expenses.

NOTE B - Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting and present the assets available for Plan benefits and changes in those assets.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles in the United States of America (US GAAP) and requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are stated at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Contract value is the relevant measure for the portion of the net assets available for benefits attributable to fully benefit-responsive contracts because contract value is the amount participants would normally receive if they were to initiate permitted transactions under the terms of the Plan. The Plan Sponsor determines the Plans valuation policies utilizing information provided by the custodian. See Note D for discussion of fair value measurements and Note E for contract value measurements

NOTE B - Summary of Significant Accounting Policies (continued)

Investment Valuation and Income Recognition (continued)

Purchases and sales of securities are recorded on a trade-date basis. Interest Income is recorded on the accrual basis. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Participant loans are measured at their unpaid principal balance plus any accrued but unpaid interest less amounts defaulted (if any). Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and expensed when they are incurred.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Recordkeeping fees are paid by the Plan. Certain other fees are paid by the Company. Loan fees are paid by employees. For the years ended December 31, 2025 and 2024, administrative and advisory fees of $93,046 and $84,219, respectively, have been paid out of plan assets.

NOTE C - Information Prepared and Certified by the Custodian

The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified to as complete and accurate by Empower Annuity Insurance Company of America and Empower Trust Company, LLC, which are qualified institutions. Accordingly, as permitted by 29 CFR 2520.103-8 of the DOL Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information throughout the financial statements and the supplemental schedule related to the following amounts:

	2025	2024
Registered Investment Companies	$22,880,244	$22,874,057
Fixed Annuity Contracts	1,336,447	1,130,043
Collective Investment Trusts	794,491	---
Variable Annuity Contracts	2,861,337	---
Notes Receivable From Participants	542,239	628,000
Interest and Dividends	738,660	776,141
Net Appreciation in Fair Value of Investments	$ 2,974,662	$ 2,069,103

NOTE D - Fair Value Measurements

The Company has adopted the Financial Accounting Standards Board guidance on fair value measurements. A three-tier hierarchy is used to maximize the use of observable market data inputs and minimize the use of unobservable inputs and to establish classification of fair value measurements for disclosure purposes. The three levels of the hierarchy are described as follows:

Level 1 Quoted prices in active markets for identical assets or liabilities.

Level 2 Observable inputs other than level one prices, such as quoted prices for similar assets or liabilities, quoted prices in markets that are not active, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3 Unobservable inputs supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Shares of registered investment companies: Shares of registered investment companies are valued at the daily closing price as reported by the fund. Shares of registered investment companies held by the Plan are open-end funds that are registered with the Securities and Exchange Commissions. These funds are deemed to be actively traded, and are required to publish their daily net asset value (NAV) and to transact at that price.

Fixed Annuity Contracts: Fixed annuity investment options are valued at fair value, with a reconciliation to contract value. The contract value as calculated daily by the annuity provider in accordance with the valuation methods described in the applicable annuity contract. Contract value represents contributions made under the contract, plus interest credited, less participant withdrawals and applicable charges. Crediting rates are determined by the insurance company and may be subject to a minimum guaranteed rate specified in the contract. Contract value approximates fair value and represents the amount at which participants may transact with the Plan.

Collective Investment Trust: The collective investment trust is valued based on the net asset value (NAV) of the units of the collective investment trust fund. The NAV, as provided by the custodian, is used as the practical expedient to estimating fair value. The NAV is based on the fair value of the underlying investments comprising the trust less its liabilities. The practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

Variable Annuity Contracts: The investment is an Institutional Separate Account (ISA), which is offered under a group variable annuity contract. The ISA is valued at fair market value on a daily basis, determined by the market value of the underlying investments.

NOTE D - Fair Value Measurements (continued)

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the report date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025 and 2024:

	2025			
Investment Category	Quoted Prices In Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Unobservable Inputs (Level 3)	Total
Registered Investment Companies	$22,880,244	$ ---	$ ---	$22,880,244
Fixed Annuity Contracts	---	1,336,447	---	1,336,447
Variable Annuity Contracts	---	2,861,337	---	2,861,337
Total Investments at Fair Value	$22,880,244	$4,197,784	$ ---	$27,078,028
Investments Measured at Net Asset Value (a)				794,491
Total Investments				$27,872,519

	2024			
Investment Category	Quoted Prices In Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Unobservable Inputs (Level 3)	Total
Registered Investment Companies	$22,874,057	$ ---	$ ---	$22,874,057
Fixed Annuity Contracts	---	1,130,043	---	1,130,043
Total Investments at Fair Value	$22,874,057	$1,130,043	$ ---	$24,004,100

NOTE D - Fair Value Measurements (continued)

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2025 and 2024, respectively:

	December 31, 2025			
	Fair Value	Unfunded Commitment	Redemption Frequency	Redemption Notice Period
Putnam Large Cap Value Trust I (1)	$794,491	$ ---	Daily	12 Months

	December 31, 2024			
	Fair Value	Unfunded Commitment	Redemption Frequency	Redemption Notice Period
Putnam Large Cap Value Trust I (1)	$ ---	$ ---	Daily	12 Months

(1) The objective of this fund is to seek capital growth and current income by investing primarily in a large-cap value-oriented portfolio of U.S. equities through the Putnam Large Cap Value Trust, focusing on companies that may be undervalued relative to their fundamentals or offer potential for improved financial performance.

NOTE E - Investment Contract with Insurance Company

The fixed annuity contract is credited with earnings on the underlying investments and charged for Plan withdrawals and administrative expenses charged by Empower. The contract is fully benefit responsive for participant initiated transactions and is reflected in the financial statements at contract value which approximates fair value. Contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the fixed annuity contract. Contract value, as reported to the Plan by Empower, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. There are no reserves against contract value for credit risk of the contract issuer or otherwise. The contract values of the investment contract at December 31, 2025 and 2024, were $1,336,447 and $1,130,043, respectively.

NOTE E - Investment Contract with Insurance Company (continued)

The existence of certain conditions can limit the trust's ability to transact at contract value with the issuers of its investment contracts. Specifically, any event outside the normal operation of the trust that causes a withdrawal from an investment contract may result in a negative market value adjustment with respect to such withdrawal. Examples of such events include, but are not limited to, partial or complete legal termination of the trust or a unit holder, tax disqualification of the trust or a unit holder, and certain trust amendments if issuers' consent is not obtained. As of December 31, 2025, the occurrence of an event outside the normal operation of the trust which would cause a withdrawal from an investment contract is not considered to be probable.

NOTE F - Corrective Contribution Receivable

Certain computational errors were identified related to participant deferrals for those participants enrolled under the automatic enrollment provisions. Corrective contributions to participant accounts, including lost earnings, have been identified and quantified by the plan sponsor. Corrective contributions in the amount of $368,943 have been reported as corrective contributions receivable as of December 31, 2025 in the accompanying statement of net assets available for benefits. The corrective contributions of $368,943 have also been included in employer contributions in the accompanying statement of changes in net assets available for benefits. The corrective contributions were remitted to the plan prior to the date these financial statements were released.

NOTE G - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term, and that such changes could materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits.

Volatility in the financial markets may significantly impact the subsequent valuation of the Plan's investments. Accordingly, the valuation of investments at December 31, 2025, may not necessarily be indicative of amounts that could be realized in a current market exchange

NOTE H - Plan Termination and Amendments

While the Company has not expressed any intent to terminate the Plan, it has the right to do so, subject to the provisions of ERISA. In the event of termination, each participant automatically becomes vested to the extent of the balance in his or her account.

The Plan may be amended at any time by the Company.

NOTE I - Party-in-Interest Transactions.

Certain plan investments are managed by Empower, the custodian, as defined by the Plan, and, therefore, these transactions qualify as party-in-interest transactions. Empower also performs administrative and recordkeeping services for the Plan. The transactions are not, however, considered prohibited transactions under 29 CFR 408(b) of the ERISA regulations.

Certain employees of the Company provide trustee and administrative services for the Plan and are not reimbursed for their services from the Plan. Certain other administrative expenses are paid by the Company on behalf of the Plan.

NOTE J - Tax Status

The Plan obtained its latest determination letter on November 14, 2022, in which the Internal Revenue Service (IRS) stated that the Plan, a non-standardized form of a prototype plan sponsored by Empower Retirement LLC, as then designed, was in compliance with the applicable requirements of the IRC. The Plan has been amended since receiving the determination letter. However, the Plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

NOTE K - Subsequent Events

The Company evaluated subsequent events and transactions for possible adjustments to the financial statements and disclosures. The Company has considered events and transactions occurring after December 31, 2025, the date of the most recent statement of net assets available for benefits, through October 15, 2026, the date the financial statements are available to be issued. A corrective contribution (as discussed in Note F to the financial statements) in the amount of $368,943 was paid to the plan.

In planning and performing our audit of the financial statements of Poclain Hydraulics, Inc. Savings & Retirement Plan ("the Plan) for the year ended December 31, 2025, we considered the Plan's internal control structure to determine our auditing procedures for the purpose of expressing an opinion on the financial statements and not to provide assurance on the internal control structure.

However, during our audit we became aware of the following matters that are an opportunity for strengthening internal controls and operating efficiency:

1. During our audit, we noted that one employee who terminated employment in 2022 remained listed in the payroll records and employee census for the plan year under audit. We recommend that management review and strengthen procedures for reconciling employee payroll records and census information to ensure terminated employees are appropriately removed from active employee listings. Periodic reviews should be performed to verify that employee status information is accurate and that only eligible employees are included in the applicable plan records.

2. We noted that only one employee is currently authorized to submit retirement plan contributions to the recordkeeper. This creates a risk that contributions may not be remitted timely when the employee is unavailable due to vacation or other absences. We recommend that management authorize and train an additional employee to submit retirement plan contributions as a backup. Establishing appropriate backup procedures will help ensure contributions are submitted timely and consistently in accordance with applicable IRS and Department of Labor requirements.

Based on our discussions with management and the procedures performed, we believe these matters primarily resulted from recent personnel changes and related processes. We did not identify evidence indicating that these matters represent a systemic issue with the Plan's overall administration. Management has identified the process gaps and is taking steps to strengthen procedures.

This letter does not affect our report dated October 15, 2026, on the financial statements of Poclain Hydraulics, Inc. Savings & Retirement Plan.

To Trustees
Poclain Hydraulics, Inc. Savings and Retirement Plan

We have audited the financial statements of Poclain Hydraulics, Inc. Savings and Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(c) for the years ended December 31, 2025 and 2024, and we will issue our report thereon dated October 15, 2026. As permitted by ERISA Section 103(a)(3)(c), our audit did not extend to any statements or information related to assets held for investment of the Plan (investment information) by Empower Trust Company, LLC, the custodial, which is a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, that prepared and certified the statements or information regarding assets so held in accordance with 29 CFR 2520.103-5. Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements and supplemental schedules, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP. Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP. Professional standards require the we provide you with information about our responsibilities under generally accepted auditing standards, as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our letter to you dated May 4, 2026. Professional standards also require that we communicate to you the following information related to our audit.

Significant Audit Findings

Qualitative Aspects of Accounting Practices

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by Poclain Hydraulics, Inc. Savings and Retirement Plan are described in Note A to the financial statements. No new accounting policies were adopted and the application of existing policies was not changed during the audit year. We noted no transactions entered into by the Organization during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected.

The financial statement disclosures are neutral, consistent, and clear.

Form 5500 Procedures

We are required to obtain and read a substantially complete draft of Form 5500 prior to dating our auditor's report. The purpose of this procedure is to identify any material inconsistencies between the draft Form 5500 and the Plan's financial statements. We identified no material inconsistencies in performing and completing our audit.

Difficulties Encountered in Performing the Audit

We encountered no significant difficulties in dealing with management in performing and completing our audit.

Corrected and Uncorrected Misstatements

Professional standards require us to accumulate all misstatements identified during the audit, other than those that are clearly trivial, and communicate them to the appropriate level of management. Management has corrected all such misstatements. In addition, none of the misstatements detected as a result of audit procedures and corrected by management were material, either individually or in the aggregate, to the financial statements taken as a whole.

Disagreements With Management

For purposes of this letter, a disagreement with management is a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditor's report. We are pleased to report that no such disagreements arose during the course of our audit.

Other Audit Findings or Issues

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the Organization's auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

Other Matters

Our responsibility for the ERISA-required supplemental schedules accompanying the financial statements is to perform adequate procedures to evaluate whether the form and content of the ERISA-required supplemental schedules, other than that agreed to or derived from the certified investment information, is presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, and whether the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Very truly yours,

Ritz Holman LLP
