INDEPENDENT AUDITOR'S REPORT

The Plan Administrator of
PatientPoint 401(k) Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of PatientPoint 401(k) Retirement Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 7 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter — Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

PATIENTPOINT 401(K) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS
AS OF DECEMBER 31, 2025 AND 2024, AND
FOR THE YEAR ENDED DECEMBER 31, 2025

1. DESCRIPTION OF THE PLAN

The following description of the PatientPoint 401(k) Retirement Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan document for more complete information.

General—The Plan is a defined contribution plan covering substantially all employees of PatientPoint Network Solutions, LLC (the "Company").

Employees are enrolled in the Plan on the first day of a Plan year quarter after they reach 18 years of age. The Board of Directors of the Company controls and manages the operation and administration of the Plan. Fidelity Management Trust Company serves as the trustee for the Plan.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

In 2025, the Plan's sponsoring company, PatientPoint Health Technologies, LLC, was purchased by Advent International. The Plan continues to operate as a separate plan and the Plan's assets and liabilities were not affected by this transaction.

On December 29, 2022, the Securing a Strong Retirement Act of 2022 (the "Act") was signed into law. The Act introduces comprehensive regulatory and mandatory changes designed to modernize workplace retirement savings frameworks. While the plan has implemented operational updates to comply with required provisions according to their respective effective dates, the Internal Revenue Service allows qualified plans until December 31, 2026, to adopt formal, conforming written plan amendments. Effective January 1, 2023, the age at which a participant must begin taking required minimum distributions was increased from 72 to 73. Effective January 1, 2025, eligibility rules were compressed to require entry for part-time workers who achieve 500 hours of service over two consecutive 12-month tracking cycles.

Contributions—Each year, participants may contribute a portion of their compensation as defined by the Plan on a pre-tax and after-tax basis. Such participant contributions are subject to certain Internal Revenue Code ("IRC") limitations. Annually, the Company may elect (by appropriate notification and execution under the Plan document) to make safe harbor contributions to the Plan. In addition, during the 2024 Plan year, Plan management identified certain operational issues. To remedy these issues, the Company made an additional contribution to the Plan in the amount of $635,198 during the 2025 Plan year, consisting of corrective contributions and allocable earnings for affected participants.

The Company may also elect to make discretionary contributions to the Plan; however, no such additional discretionary contributions were made for the year ended December 31, 2025.

Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover contributions). Contributions are subject to certain IRC limitations.

Participant Accounts—Individual accounts are maintained for each Plan participant. Each participant's account is credited with the participant's contribution, Company contributions, and an allocation of Plan earnings and charged with withdrawals and an allocation of Plan losses and administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investments—Participants direct the investment of contributions to their accounts into various investment options offered by the Plan. The Plan currently offers several mutual funds and one stable value fund as investment options for participants.

Payment of Benefits—On termination of service, normal retirement, or disability (as defined), participants may elect to receive a lump-sum distribution of their vested account balances. Additionally, the Plan provides for certain in-service distributions in the event of financial hardship, as defined.

Vesting—Participants are vested immediately in their contributions, the Company's safe harbor contributions, any discretionary contributions, and any actual earnings thereon.

Notes Receivable from Participants (Participant Loans)—Participants may borrow from their fund accounts up to a maximum of $50,000 or 50% of their account balance, whichever is less. The loans are secured by the balance in the participant's account and bear interest at rates commensurate with local prevailing rates at the time funds are borrowed, as determined quarterly by the Plan administrator. Principal and interest is paid ratably through payroll deductions. As of December 31, 2025, participant loans have maturities through 2034 at interest rates ranging from 4.25% to 9.50%.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting—The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Use of Estimates—The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Risks and Uncertainties—The Plan utilizes various investment instruments, including mutual funds and a stable value fund. Investment securities, in general, are exposed to various risks, such as interest rate risk, credit risk, and overall market volatility. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the financial statements.

Investment Valuation and Income Recognition—The Plan's investments are stated at fair value. Fair value of a financial instrument is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion on fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Management fees and operating expenses charged to the Plan for investments in the mutual funds and stable value fund are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment return for such investments.

Notes Receivable from Participants—Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are recorded as distributions based on the terms of the Plan document. Notes receivable from participants are reported as an investment of the Plan for Form 5500 purposes.

Contributions—Employee contributions and related Company matching contributions are recorded when withheld.

Administrative Expenses—Administrative expenses of the Plan are paid by the Plan as provided in the Plan document. Certain accounting and other administrative services are provided to the Plan by the Company at no cost.

Payment of Benefits—Benefit payments to participants are recorded upon distribution. No amounts were payable to participants electing to withdraw their accounts as of December 31, 2025 and 2024.

Subsequent Events—For the year ended December 31, 2025, subsequent events were evaluated through October 15, 2026, the date the financial statements were available for issuance.

3. FAIR VALUE MEASUREMENTS

Accounting Standards Codification 820, *Fair Value Measurement*, provides a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value, as follows: Level 1, which refers to securities valued using unadjusted quoted prices from active markets for identical assets; Level 2, which refers to securities not traded on an active market but for which observable market inputs are readily available; and Level 3, which refers to securities valued based on significant unobservable inputs. Assets are classified in their entirety based on the lowest level of input that is significant to the fair value measurement.

Assets Valuation Techniques—Valuation technologies maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Mutual Funds—Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Stable Value Fund—A collective trust fund that is composed primarily of fully benefit-responsive investment contracts that is valued at the net asset value of units of the bank collective trust. The net asset value is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to require 12 months' notification in order to confirm that securities liquidations will be carried out in an orderly business manner. There are no participant restrictions for this investment; the redemption notice period is applicable to the Plan only. There are no other restrictions or unfunded commitments as of December 31, 2025 and 2024.

The following tables set forth by level within the fair value hierarchy a summary of the Plan's investments, measured at fair value on a recurring basis at December 31, 2025 and 2024.

	Fair Value Measurements at December 31, 2025, Using			
	Active Markets for Identical Assets (Level 1)	Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Total
Mutual funds	$ 68,329,147	$ -	$ -	$ 68,329,147
Investments measured at NAV				1,137,928
Total investments				$ 69,467,075

	Fair Value Measurements at December 31, 2024, Using			
	Active Markets for Identical Assets (Level 1)	Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Total
Mutual funds	$ 53,141,908	$ -	$ -	$ 53,141,908
Investments measured at NAV				885,639
Total investments				$ 54,027,547

4. RELATED PARTY AND EXEMPT PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of mutual funds managed by an affiliate of Fidelity Management Trust Company, which currently serves as the trustee of the Plan. Therefore, such transactions qualify as party-in-interest transactions. Investment management fees paid by the Plan are a component of the net appreciation in fair value of such investments. Fidelity Workplace Services, LLC serves as recordkeeper of the Plan. Total administrative fees paid by the Plan to this party-in-interest approximated $118,000 for the year ended December 31, 2025.

The Plan also issues loans to participants, which are secured by the vested balances in the participants' accounts.

5. PLAN TERMINATION

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event the Plan is terminated, participants would become 100% vested in any unvested components of their accounts.

6. FEDERAL INCOME TAX STATUS

The Plan uses a volume submitter plan document sponsored by Fidelity Management and Research Company. Fidelity Management and Research Company received an opinion letter from the Internal Revenue Service ("IRS") dated June 30, 2020, which states that the volume submitter plan document satisfies the applicable provisions of the IRC. The Plan itself has not received a determination letter from the IRS. However, the Plan's management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. During the Plan year, Plan management identified certain operational issues. In order to prevent the Plan from incurring a qualification defect, the Company took necessary corrective action in accordance with the acceptable correction methods of the Employee Plans Compliance Resolution System (EPCRS). The Plan sponsor believes the Plan has maintained its tax-exempt status. Therefore, no provision for income taxes has been included in the Plan's financial statements.

7. CERTIFIED INVESTMENT INFORMATION

The following is a summary of the information regarding the Plan as of December 31, 2025 and 2024 and for the year ended December 31, 2025, included in the Plan's financial statements and supplemental schedule that was prepared by or derived from information prepared by Fidelity Management Trust Company, the trustee of the Plan, and furnished to the Plan administrator. The Plan administrator has obtained certifications from the trustee that such information is complete and accurate.
