Independent Auditors' Report

The Administrative Committee
LifePoint Health, Inc. Retirement Plan
Brentwood, Tennessee

Scope and Nature of the ERISA Section 103(a)(3)(C) Audits

We have performed audits of the financial statements of the LifePoint Health, Inc. Retirement Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, the related statements of changes in net assets available for benefits for the years then ended and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by a bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from qualified institutions as of and for the years ended December 31, 2025 and 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section of our report:

- **The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).**
- **The information in the accompanying financial statements related to assets held by and certified by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management has determined meets the requirements of ERISA Section 103(a)(3)(C).**

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of the financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are issued or are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- **Exercise professional judgment and maintain professional skepticism throughout the audit.**
- **Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.**
- **Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.**
- **Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.**
- **Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.**

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control-related matters that we identified during the audits.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedules of assets (held at end of year) as of December 31, 2025, and delinquent participant contributions for the year ended December 31, 2025, are presented for the purpose of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- **The form and content of the supplemental schedules, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.**
- **The information in the supplemental schedule related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).**

(1) Description of plan

The following description of the LifePoint Health, Inc. Retirement Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

(a) General

The Plan is a defined contribution plan covering substantially all employees of the subsidiaries of LifePoint Health, Inc. (the "Plan Sponsor"), who have completed 30 days of service (participants), and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

The Plan Sponsor acquired Springstone Health Opco, LLC ("Springstone"). In connection with the acquisition, the Springstone 401(k) Plan (the "Springstone Plan") merged into the Plan and effective April 30, 2024 approximately $47,100,000 of the Springstone Plan's net assets were transferred into the Plan. The net assets transferred-in were recognized in the participants' accounts of the Plan as previously carried in the accounts of the Springstone Plan.

(b) Contributions

Each participant may elect to contribute up to 75% of his or her eligible compensation to the Plan on a pre-tax (traditional) basis or on an after-tax (Roth) basis. An automatic 6% pre-tax salary deferral contribution (4% for employees who provide services primarily for UP Health System - Marquette ("Marquette Employees")) is applied to all participants who do not make a contrary election, except for participants who are classified as pro rata or per diem. Those participants who are not Marquette Employees will have that deferral increased annually by 1%, not to exceed 12%.

Participants who attain age 50 before the close of the Plan year are eligible to make catch-up contributions. Participant contributions are further limited by certain provisions of the Internal Revenue Code (IRC). Participants may also contribute amounts representing distributions from other qualified plans (rollovers).

The Plan provides for discretionary contributions from the Plan Sponsor in an amount determined by the Plan Sponsor, in its sole discretion, as a percentage of the participants' salary deferral contribution in the form of matching contributions or in an amount, if any, determined in the sole and absolute discretion of the Plan Sponsor's management in the form of profit-sharing contributions (both Plan Sponsor contributions). For the years ended December 31, 2025 and 2024, the Plan Sponsor made discretionary matching contributions of 25% up to 6% of participants' salary deferral contributions, limited to $3,000.

The following exceptions applied:

- **For Marquette Employees, employees who provide services primarily at Portage Health System and who are not officers ("Portage Employees"), and employees who provide services primarily at Bell Memorial Health System and are not officers or covered under a collective bargaining agreement ("Bell Employees"), the Plan Sponsor made matching contributions of 100% up to 3% of their salary deferral contributions, limited to $3,750;**
- **For certain employees who provide services primarily at RCCH HealthCare Partners ("RCCH Employees"), under the Lourdes, Trios, and Willamette facilities, the Plan Sponsor made matching contributions of 100% of their salary deferral contributions that do not exceed 2% of compensation, as defined in the Plan document, plus 25% of their salary deferral between 2% and 6% of the compensation;**
- **For certain RCCH Employees, under the St. Joseph facility, the Plan Sponsor made matching contributions of 50% of their salary deferral contributions that do not exceed 2% of compensation, as defined in the Plan document, plus 25% of their salary deferral between 2% and 6% of the compensation;**
- **For employees who provide services primarily at Memorial Medical Center, Meyersdale Hospital, or Miners Hospital ("Conemaugh Employees") whose employment commencement date is prior to January 1, 2018, and who completed a year of service in the prior year, the Plan Sponsor made profit-sharing contributions between 2% and 4% of each such employee's compensation, based on the employee's age and years of service up to a maximum contribution of $3,000;**
- **For employees of RCHP Billings - Missoula, LLC ("CMC Employees") who participate in a collective bargaining agreement, the Plan Sponsor made matching contributions of 50% of their salary deferral contributions up to 6.5% of compensation, as defined in the Plan document.**

An additional contribution by the Plan Sponsor in an amount determined by the Plan Sponsor's management to ensure that the Plan satisfies certain nondiscrimination requirements of the IRC may be allocated solely to the accounts of participants who are considered non-highly compensated employees and have elected to make salary deferral contributions for the Plan year (non-elective Plan Sponsor contributions). Alternatively, certain highly compensated employees may be refunded a portion of their salary deferral contributions in order to comply with the same non-discrimination requirements of the IRC.

Plan Sponsor and participant contributions may not exceed the maximum amount allowable for federal income tax purposes.

(c) Participant accounts

Each participant's account is credited (charged) with the participant's contributions, the Plan Sponsor's contributions, and an allocation of investment earnings or losses and administrative expenses. Allocations are based on a number of factors, as defined in the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. The Plan allows participants to diversify up to 100% of their contributions and allocations.

(d) Payment of benefits

On termination of service due to death, permanent disability, or normal retirement, a participant may elect to receive a lump-sum payment equal to his or her entire account balance. For termination of service due to other reasons, a participant will be entitled to receive only the vested interest in his or her account as a lump-sum payment. The total vested value of a participant's account that exceeds $7,000 is distributed to the participant or his or her beneficiary, as applicable, in a lump sum of cash unless the participant or the beneficiary elects certain other forms of distribution available under the Plan. If the vested value of a participant's account is less than $7,000, the vested value of the participant's account may be rolled into an individual retirement account on behalf of the participant. In-service withdrawals of all or a portion of a participant's vested account balance may be made by participants who have attained the age of 59½.

(e) Hardship withdrawals

The Plan permits distributions in the event of a hardship, as defined in the Plan document. These distributions are taxable and subject to a tax penalty equal to 10% of the hardship distribution amount if the participant is younger than age 59½. Hardship withdrawals are limited to the participant's vested account balance.

(f) Notes receivable from participants

Each participant may borrow from his or her account a minimum of $1,000 up to a maximum amount equal to the lesser of $50,000 or one-half of the respective participant's vested account balance. Loan terms range from one year to five years or up to ten years if the loan is used for the purchase of a primary residence. The loans are secured by the vested balance in the respective participant's account and bear interest at the prime rate plus 1%, as published by the Federal Reserve Board. Principal and interest are paid by the participant ratably through payroll deductions.

(g) Vesting

Participants are immediately and fully vested in their salary deferral contributions, non-elective Plan Sponsor contributions, rollover contributions and investment earnings (losses) arising from these contributions. Participants are vested in matching contributions and profit-sharing contributions in accordance with the following schedule:

Years of Service	Vested Percentage
0 - 1	0%
2	100%

The following exceptions apply:

- **Marquette Employees are fully vested in their matching contributions at all times;**
- **Portage Employees hired prior to January 1, 2017, are fully vested in their matching contributions at all times;**
- **RCCH and CMC Employees become 20% vested after every year of service. RCCH Employees become fully vested in their matching contributions after five years.**

Participants' interests in their accounts become fully vested and non-forfeitable without regard to their credited years of service if they retire on or after age 65, incur a total and permanent disability or die while employed by the Plan Sponsor.

(h) Forfeitures

Forfeited non-vested accounts totaled $2,528,751 and $2,075,449 as of December 31, 2025 and 2024, respectively. Forfeitures resulting from the non-vested portions of Plan Sponsor contributions for a terminated participant's account can be used to reduce future Plan Sponsor contributions or administrative fees of the Plan. Forfeitures of $2,697,928 and $1,231,847 were used to offset Plan Sponsor contributions receivable for the years ended December 31, 2025 and 2024, respectively.

(i) Plan termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of full or partial Plan termination, participants will become 100% vested in their accounts.

(2) Summary of significant accounting policies

(a) Basis of accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

(b) Investment valuation and income recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Administrative Committee determined the Plan's valuation policies utilizing information provided by the investment advisors and custodians. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

(c) Payment of benefits

Benefits are recorded when paid.

(d) Administrative expenses

The Plan's expenses are paid either by the Plan or the Plan Sponsor, as provided by the Plan document. Expenses paid directly by the Plan Sponsor are excluded from the accompanying financial statements. Certain expenses incurred in connection with the general administration of the Plan that were paid by the Plan have been recorded as deductions in the accompanying statements of changes in net assets available for benefits. In addition, certain investment related expenses have been included in net appreciation in fair value of investments as presented in the accompanying statements of changes in net assets available for benefits.

(e) Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2025 and 2024. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced, and a deemed distribution is recorded.

(f) Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (GAAP) requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

(g) Events occurring after reporting date

Management of the Plan Sponsor has evaluated events and transactions that occurred between December 31, 2025, and October 15, 2026, which is the date that the financial statements were available to be issued, for possible recognition or disclosure in the financial statements.

(3) Certified information

Certain information related to investments reported and disclosed in the accompanying financial statements and supplemental schedule of assets (held at end of year), including the fair value of investments and participant notes receivable held at December 31, 2025 and 2024, and net appreciation in fair value of investments, interest and dividend income, and interest on notes receivable from participants for the years ended December 31, 2025 and 2024, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Empower Annuity Insurance Company of America, and Empower Trust Company, LLC, (collectively "Empower"). Such information was certified as complete and accurate by Empower as of and for the years ended December 31, 2025 and 2024, respectively.

(4) Fair value measurements

The Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, *Fair Value Measurements*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- **Quoted prices for similar assets or liabilities in active markets;**
- **Quoted prices for identical or similar assets or liabilities in inactive markets;**
- **Inputs other than quoted prices that are observable for the asset or liability;**
- **Inputs that are derived principally from or corroborated by observable market data by correlation or other means.**

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following are descriptions of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

(i) ***Self-directed brokerage accounts*****: Invests primarily in common stock and mutual funds. Valued at the last reported sales prices of the underlying investments on the last business day of the Plan year reported by the active markets in which the individual underlying investments are traded.**

(ii) ***Mutual funds:*** **Valued at the net asset value (NAV) of shares held by the Plan at year-end in an active market.**

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan's management believes its valuation methods were appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level the Plan's assets within the fair value hierarchy as of December 31, 2025 and 2024, respectively:

	Fair value measurements as of December 31, 2025 Using the Following Inputs			
Description	**Level 1**	**Level 2**	**Level 3**	**Total**
Self-directed brokerage accounts	$ 40,125,669	$ -	$ -	$ 40,125,669
Mutual funds	14,912,144	-	-	14,912,144
Total assets in the fair value hierarchy	$ 55,037,813	$ -	$ -	55,037,813
Investments measured at NAV as a practical expedient (a)				2,868,139,129
Total investments, at fair value				$ 2,923,176,942

	Fair value measurements as of December 31, 2024 Using the Following Inputs			
Description	**Level 1**	**Level 2**	**Level 3**	**Total**
Self-directed brokerage accounts	$ 33,021,432	$ -	$ -	$ 33,021,432
Mutual funds	87,711,675	-	-	87,711,675
Total assets in the fair value hierarchy	$ 120,733,107	$ -	$ -	120,733,107
Investments measured at NAV as a practical expedient (a)				2,389,703,484
Total investments, at fair value				$ 2,510,436,591

(a) Certain investments are measured at NAV as a practical expedient to estimate fair value and, therefore, have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The following table summarizes investments for which the fair value was measured using the NAV as a practical expedient as of December 31, 2025 and 2024. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to Plan level transactions.

Description	Fair Value 12/31/2025	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Separate accounts	$ 99,679,253	N/A	Daily	Daily
Collective trust funds	$ 2,669,015,978	N/A	Daily	Daily
Pooled separate accounts	$ 99,443,898	N/A	Daily	Daily

Description	Fair Value 12/31/2024	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Separate accounts	$ 95,395,686	N/A	Daily	Daily
Collective trust funds	$ 2,241,229,049	N/A	Daily	Daily
Pooled separate accounts	$ 53,078,749	N/A	Daily	Daily

(5) Income tax status

The Plan has received a favorable determination letter from the Internal Revenue Service (IRS), dated September 15, 2021, stating that the Plan is qualified under Section 401(a) of the IRC and that the related trust is exempt from taxation. The Plan is required to operate in conformity with the IRC to maintain its qualification. The Plan has been amended since the determination letter was received; however, the Plan administrator believes that the Plan, as amended, is designed and operated in compliance with the applicable requirements of the IRC and is therefore qualified and exempt from taxation.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability or asset if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2025, there were no uncertain positions taken or expected to be taken that would require recognition of a liability or asset or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

(6) Untimely remittance of participant contributions

The Plan Sponsor is required by Department of Labor regulations to remit participant contributions and participant loan repayments as soon as practicable, but by no later than the fifteenth business day following the end of the month in which the amounts were withheld from wages. During 2025, certain participant contributions and loan repayments were not remitted timely.

(7) Related-party and party-in-interest transactions

The Plan holds certain investments and pays administrative expenses to the Plan's trustee and recordkeeper. All of these transactions qualify as party-in-interest transactions that are permissible under specific exemptions included in ERISA and the IRC. The Plan holds notes receivable from participants which also qualify as party-in-interest transactions. Additionally, the Plan Sponsor provided the Plan with certain management and administrative services for which no fees were charged.

(8) Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

(9) Plan contingencies

From time to time, there are legal proceedings against the Plan. In the opinion of management, any resulting liabilities from these legal proceedings would not have a material adverse effect on the Plan's net assets available for benefits.

(10) Reconciliation of financial statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 as of December 31, 2025:

Net assets available for benefits per the financial statements	**$ 2,999,765,022**
Deemed distributed loans	**(3,272,031)**
Net assets available for benefits per the Form 5500	**$ 2,996,492,991**

The following is a reconciliation of the change in net assets available for benefits per the financial statements to the Form 5500 for the year ended December 31, 2025:

Change in net assets available for benefits per the financial statements	**$ 424,579,277**
Deemed distributed loans	**(3,272,031)**
Change in net assets available for benefits per the Form 5500	**$ 421,307,246**
