## Independent Auditor's Report

The Plan Administrator
MWW Group 401(k) Plan
New York, New York

***Scope and Nature of the ERISA Section 103(a)(3)(C) Audit***

We have performed audits of the financial statements of MWW Group 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained a certification from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

***Opinion***

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- The certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

BDO USA, P.C., a Virginia professional corporation, is the U.S. member of BDO International Limited, a UK company limited by guarantee, and forms part of the international BDO network of independent member firms.

BDO is the brand name for the BDO network and for each of the BDO Member Firms.

***Basis for Opinion***

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

***Responsibilities of Management for the Financial Statements***

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

***Auditor's Responsibilities for the Audit of the Financial Statements***

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

***Other Matter — Supplemental Schedules Required by ERISA***

The ERISA-required Supplemental Schedule H (Form 5500), Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2025 and the ERISA-required Supplemental Schedule H (Form 5500), Line 4a - Schedule of Delinquent Participant Contributions for the year ended December 31, 2025 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to

the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The certified investment information in the supplemental schedules agrees to, or are derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

## 1. Description of the Plan

The following description of the MWW Group 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan document and summary Plan description for a complete description of the Plan's provisions.

***General***

The Plan is a defined contribution plan covering substantially all employees of MWW Group LLC (the Company or Employer) and its affiliate, Stone America Licensing, LLC, who are aged 21 or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Fidelity Management Trust Company (Fidelity) is the recordkeeper and trustee of the Plan.

***Contributions***

Each year, participants may contribute up to 100% of eligible compensation, as defined in the Plan, through a salary reduction, up to the maximum amount permitted by the Internal Revenue Service (IRS). Contributions may be made to the Plan on a pre-tax and/or after-tax Roth basis. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Effective January 1, 2025, participants who are aged 60 to 63 by the end of the Plan year are allowed to make catch-up contributions up to $11,250. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans (rollover).

The Plan allows discretionary employer matching and nonelective employer contributions. Effective December 29, 2025, employees are eligible for employer matching and nonelective contribution when they complete one year (at least 1,000 hours) of service. The Company made an annual discretionary employer matching of 50% of the participant deferrals, up to 6% of Plan compensation, for Plan years ended December 31, 2025 and 2024. There were no nonelective employer contributions made in 2025.

***Participant Accounts***

The Plan maintains individual accounts for each Plan participant. Each participant's account is credited with the participant's contributions; an allocation of the employer contributions; an allocation of the Plan's investment earnings or losses; and administrative expenses. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

***Investment Options***

Participants direct the investment of participant contributions in any of the investment options offered by the Plan.

***Vesting***

Participants are immediately vested in their salary deferral and rollover, plus actual earnings thereon. Vesting in the employer matching contributions and nonelective employer contributions, plus actual earnings thereon, is as follows:

| Years of Service | Vesting (%) |
|---|---|
| Less than 1 | - |
| 1 but less than 2 | 20 |
| 2 but less than 3 | 40 |
| 3 but less than 4 | 60 |
| 4 but less than 5 | 80 |
| 5 or more | 100 |

***Notes Receivable from Participants***

Participants may borrow from their fund accounts a minimum of $1,000, up to a maximum equal to the lesser of $50,000, or 50%, of their vested account balance. Loan terms range from one to five years; however, terms may exceed five years for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with current rates charged for similar loans made by local commercial banks, as determined by the Plan administrator. Interest rates on outstanding loans ranged from 3.25% to 8.50%. Principal and interest are paid ratably through semi-monthly payroll deductions.

***Payment of Benefits***

Participants are eligible to receive distributions from their accounts at the normal retirement age (age 65), disability, death, or termination of employment. Withdrawals from the deferral contributions sub-account may also be made upon circumstances of financial hardship, in accordance with provisions specified in the Plan, as well as at age 59½ if certain criteria are met. Participants receive the value of their vested account balance in the form of a single-sum payment or partial withdrawals. Participants may elect to roll over their vested balance to another qualified retirement plan or individual retirement arrangement. Accounts $1,000 or less will be distributed lump sum directly to the participant or rolled to an individual retirement account (IRA) or to another retirement plan.

***Forfeitures***

If a participant leaves employment before becoming fully vested, any non-vested employer contributions and related investment earnings thereon are forfeited. These forfeitures are used to reduce any employer contributions or pay Plan expenses. At December 31, 2025 and 2024, forfeited non-vested accounts amounted to $79,867 and $56,768, respectively. No forfeitures were used to reduce employer contributions or plan expenses in 2025.

## 2. Summary of Accounting Policies

***Basis of Accounting***

The financial statements of the Plan are prepared on the accrual basis of accounting.

***Use of Estimates***

The preparation of the financial statements in accordance with accounting principles generally accepted in the United States of America (GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and the disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

***Investment Valuation and Income Recognition***

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

***Notes Receivable from Participants***

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Related fees are recorded as administrative expenses and are expensed when they are incurred. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the Plan document.

***Payment of Benefits***

Benefits are recorded when paid.

***Administrative Expenses***

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants and distributions are charged directly to the participants' accounts and are included in administrative expenses. Investment-related expenses are included in net appreciation in fair value of investments.

***Contributions Receivable***

Participant contributions and any related employer matching contributions are recognized in the period during which the Company makes the respective payroll deduction from the participant's compensation. Matching contributions are recorded in the relevant period in accordance with the terms in the Plan document.

## 3. Certified Investment Information

Certain information disclosed in the accompanying financial statements and ERISA-required supplemental schedule, related to investments and notes receivable from participants held as of December 31, 2025 and 2024, and net appreciation in fair value of investments, interest and dividend income, and interest income on notes receivable from participants for the year ended December 31, 2025, was obtained by management and agreed to or derived from information certified as complete and accurate by Fidelity, a qualified institution.

## 4. Fair Value Measurements

Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures*, provides for a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under ASC 820 are described as follows:

*Level 1* – Inputs to the valuation methodology that are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

*Level 2* – Inputs to the valuation methodology that include:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

*Level 3* – Inputs to the valuation methodology that are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for investment assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2025 and 2024.

*Mutual Funds* - Mutual funds are valued at the daily closing price, as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are actively traded.

*Money Market Fund* – Money market fund is valued at the daily closing price as reported by the fund.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes that its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth, by level within the fair value hierarchy, the Plan's investment assets measured at fair value on a recurring basis:

***December 31, 2025***

| | Level 1 | Total |
|---|---|---|
| Mutual funds | $ 25,943,425 | $ 25,943,425 |
| Money market fund | 306,956 | 306,956 |
| **Total Investments,** at fair value | $ 26,250,381 | $ 26,250,381 |

*December 31, 2024*

| | Level 1 | Total |
|---|---|---|
| Mutual funds | $ 22,863,745 | $ 22,863,745 |
| Money market fund | 190,453 | 190,453 |
| **Total Investments,** at fair value | $ 23,054,198 | $ 23,054,198 |

## 5. Tax Status

The Plan uses a pre-approved plan document sponsored by FMR LLC. FMR LLC received an opinion letter from the IRS, dated June 30, 2020, which states that the pre-approved plan document, as then designed, satisfies the applicable provisions of the Internal Revenue Code (IRC). Plan management believes that the Plan is currently designed and operated in compliance with the applicable requirements of the IRC and continues to be tax-exempt.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by a government authority. The Plan is subject to routine examinations by taxing jurisdictions; however, there are currently no examinations for any tax periods in progress.

## 6. Related Party and Party-in-Interest Transactions

Certain investments are managed by Fidelity. The transactions related to these investments qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules under ERISA. Fees paid by the Plan for investment management services are included in net appreciation in fair value of investments. Participant loan and distribution processing fees of $688 are paid to Fidelity by participants. Notes receivable from participants also qualify as party-in-interest transactions.

## 7. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participants' account balances, and the amounts reported in the statements of net assets available for benefits.

## 8. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants would remain 100% vested in their accounts.

## 9. Late Remittances

During the Plan year ended December 31, 2023, employee withholdings in the amount of $265,067 were not remitted within the appropriate time period. The transactions constitute prohibited transactions, as defined by ERISA. The Company has taken corrective action to make participant accounts whole, and lost earnings were restored in 2026.

During the Plan years ended December 31, 2021 and 2022, employee withholdings in the amount of $2,527 and $3,413, respectively, were not remitted within the appropriate time period. These transactions constitute prohibited transactions, as defined by ERISA. The Company has taken corrective action to make participant accounts whole, and lost earnings were restored in 2024.

## 10. Operational Compliance

During 2021, the Company identified an operational failure of late remittances. The Company has restored lost earnings in 2024. The Plan's ERISA counsel is in the process of preparing a Voluntary Fiduciary Correction Program (VFCP) submission to the Department of Labor (DOL) to address the Plan's late remittances for the 2021 Plan year.

During 2021, the Company reported an operational failure in connection with distributions with two participants. It was previously stated that two participants, who were not fully vested, when they terminated in 2009 and 2013, took full distributions of their plan accounts. Upon further review, the Company determined that this matter was reported in error. The unvested portions of these participants' accounts were forfeited and deducted from their accounts prior to their distributions, and the participants received only their vested balances. Accordingly, no overpayments occurred and no corrective action under the IRS's Self-Correction Program (SCP) is required. This matter is considered resolved as of the date the financial statements are available to be issued.

During 2021, the Company identified an operational failure in connection with the deferral election for certain participants. In March 2024, in consultation with ERISA counsel, the Company corrected the operational failure in accordance with applicable IRS guidance, including the deposit of any required corrective contributions, missed matching contributions, and related earnings.

During 2022, the Company identified an operational failure of late remittances. The Company has restored lost earnings in 2024. The Plan's ERISA counsel is in the process of preparing a VFCP submission to the DOL to address the Plan's late remittances for the 2022 Plan year.

During 2023, the Company identified an operational failure of late remittances. The Company has restored lost earnings in 2026. The Plan's ERISA counsel is in the process of preparing a VFCP submission to the DOL to address the Plan's late remittances for the 2023 Plan year.

During 2025, management noted certain operational errors related to participants' eligibility and is working with Fidelity and the Plan's ERISA counsel to make the appropriate corrections under the IRS' Voluntary Correction Program (VCP).

The Company and the Company's ERISA counsel believe that correction of the above matters will not have an adverse impact on the Plan's qualified tax status.

## 11. Subsequent Events

Effective January 1, 2026, the Plan implemented the Setting Every Community Up for Retirement Enhancement (SECURE) Act 2.0 provision which requires catch-up contributions to be designated as Roth contributions for participants with FICA wages over $150,000 (indexed) for 2026.

In February 2026, net assets held in the Sequoia One 401(k) Plan (the Sequoia Plan) for employees of 23rd Street Berk, LLC DBA Berk Communications were spun off and merged with and into the Plan. As a result of the merger, participant balances of approximately $1,952,000 were transferred into the Plan. All benefits accrued under the Sequoia Plan were incorporated into the Plan for use solely with respect to the funds transferred into the Plan to the extent required by law.

On May 1, 2026, the Company acquired Hudson Lake LLC. As a result, employees from Hudson Lake, LLC became eligible to participate in the Plan and were permitted to voluntarily roll over their account balances into this Plan.

On April 21, 2026, the Company received an inquiry from the DOL regarding possible employee contributions to the Plan in 2025. Management, in consultation with the Plan's ERISA counsel, believes that there were no delinquent employee contributions in 2025 and has responded to accordingly.

The Plan has evaluated subsequent events through October 13, 2026, which is the date the financial statements were available to be issued. There were no other material subsequent events requiring adjustments to the financial statements or disclosures as stated herein.

## Independent Auditor's Report

The Plan Administrator
MWW Group 401(k) Plan
New York, New York

***Scope and Nature of the ERISA Section 103(a)(3)(C) Audit***

We have performed audits of the financial statements of MWW Group 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained a certification from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

***Opinion***

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- The certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

BDO USA, P.C., a Virginia professional corporation, is the U.S. member of BDO International Limited, a UK company limited by guarantee, and forms part of the international BDO network of independent member firms.

BDO is the brand name for the BDO network and for each of the BDO Member Firms.

***Basis for Opinion***

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

***Responsibilities of Management for the Financial Statements***

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

***Auditor's Responsibilities for the Audit of the Financial Statements***

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

***Other Matter — Supplemental Schedules Required by ERISA***

The ERISA-required Supplemental Schedule H (Form 5500), Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2025 and the ERISA-required Supplemental Schedule H (Form 5500), Line 4a - Schedule of Delinquent Participant Contributions for the year ended December 31, 2025 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to

the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The certified investment information in the supplemental schedules agrees to, or are derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

## 1. Description of the Plan

The following description of the MWW Group 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan document and summary Plan description for a complete description of the Plan's provisions.

***General***

The Plan is a defined contribution plan covering substantially all employees of MWW Group LLC (the Company or Employer) and its affiliate, Stone America Licensing, LLC, who are aged 21 or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Fidelity Management Trust Company (Fidelity) is the recordkeeper and trustee of the Plan.

***Contributions***

Each year, participants may contribute up to 100% of eligible compensation, as defined in the Plan, through a salary reduction, up to the maximum amount permitted by the Internal Revenue Service (IRS). Contributions may be made to the Plan on a pre-tax and/or after-tax Roth basis. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Effective January 1, 2025, participants who are aged 60 to 63 by the end of the Plan year are allowed to make catch-up contributions up to $11,250. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans (rollover).

The Plan allows discretionary employer matching and nonelective employer contributions. Effective December 29, 2025, employees are eligible for employer matching and nonelective contribution when they complete one year (at least 1,000 hours) of service. The Company made an annual discretionary employer matching of 50% of the participant deferrals, up to 6% of Plan compensation, for Plan years ended December 31, 2025 and 2024. There were no nonelective employer contributions made in 2025.

***Participant Accounts***

The Plan maintains individual accounts for each Plan participant. Each participant's account is credited with the participant's contributions; an allocation of the employer contributions; an allocation of the Plan's investment earnings or losses; and administrative expenses. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

***Investment Options***

Participants direct the investment of participant contributions in any of the investment options offered by the Plan.

***Vesting***

Participants are immediately vested in their salary deferral and rollover, plus actual earnings thereon. Vesting in the employer matching contributions and nonelective employer contributions, plus actual earnings thereon, is as follows:

| Years of Service | Vesting (%) |
|---|---|
| Less than 1 | - |
| 1 but less than 2 | 20 |
| 2 but less than 3 | 40 |
| 3 but less than 4 | 60 |
| 4 but less than 5 | 80 |
| 5 or more | 100 |

***Notes Receivable from Participants***

Participants may borrow from their fund accounts a minimum of $1,000, up to a maximum equal to the lesser of $50,000, or 50%, of their vested account balance. Loan terms range from one to five years; however, terms may exceed five years for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with current rates charged for similar loans made by local commercial banks, as determined by the Plan administrator. Interest rates on outstanding loans ranged from 3.25% to 8.50%. Principal and interest are paid ratably through semi-monthly payroll deductions.

***Payment of Benefits***

Participants are eligible to receive distributions from their accounts at the normal retirement age (age 65), disability, death, or termination of employment. Withdrawals from the deferral contributions sub-account may also be made upon circumstances of financial hardship, in accordance with provisions specified in the Plan, as well as at age 59½ if certain criteria are met. Participants receive the value of their vested account balance in the form of a single-sum payment or partial withdrawals. Participants may elect to roll over their vested balance to another qualified retirement plan or individual retirement arrangement. Accounts $1,000 or less will be distributed lump sum directly to the participant or rolled to an individual retirement account (IRA) or to another retirement plan.

***Forfeitures***

If a participant leaves employment before becoming fully vested, any non-vested employer contributions and related investment earnings thereon are forfeited. These forfeitures are used to reduce any employer contributions or pay Plan expenses. At December 31, 2025 and 2024, forfeited non-vested accounts amounted to $79,867 and $56,768, respectively. No forfeitures were used to reduce employer contributions or plan expenses in 2025.

## 2. Summary of Accounting Policies

***Basis of Accounting***

The financial statements of the Plan are prepared on the accrual basis of accounting.

***Use of Estimates***

The preparation of the financial statements in accordance with accounting principles generally accepted in the United States of America (GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and the disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

***Investment Valuation and Income Recognition***

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

***Notes Receivable from Participants***

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Related fees are recorded as administrative expenses and are expensed when they are incurred. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the Plan document.

***Payment of Benefits***

Benefits are recorded when paid.

***Administrative Expenses***

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants and distributions are charged directly to the participants' accounts and are included in administrative expenses. Investment-related expenses are included in net appreciation in fair value of investments.

***Contributions Receivable***

Participant contributions and any related employer matching contributions are recognized in the period during which the Company makes the respective payroll deduction from the participant's compensation. Matching contributions are recorded in the relevant period in accordance with the terms in the Plan document.

## 3. Certified Investment Information

Certain information disclosed in the accompanying financial statements and ERISA-required supplemental schedule, related to investments and notes receivable from participants held as of December 31, 2025 and 2024, and net appreciation in fair value of investments, interest and dividend income, and interest income on notes receivable from participants for the year ended December 31, 2025, was obtained by management and agreed to or derived from information certified as complete and accurate by Fidelity, a qualified institution.

## 4. Fair Value Measurements

Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures*, provides for a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under ASC 820 are described as follows:

*Level 1* – Inputs to the valuation methodology that are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

*Level 2* – Inputs to the valuation methodology that include:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

*Level 3* – Inputs to the valuation methodology that are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for investment assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2025 and 2024.

*Mutual Funds* - Mutual funds are valued at the daily closing price, as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are actively traded.

*Money Market Fund* – Money market fund is valued at the daily closing price as reported by the fund.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes that its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth, by level within the fair value hierarchy, the Plan's investment assets measured at fair value on a recurring basis:

***December 31, 2025***

| | Level 1 | Total |
|---|---|---|
| Mutual funds | $ 25,943,425 | $ 25,943,425 |
| Money market fund | 306,956 | 306,956 |
| **Total Investments,** at fair value | $ 26,250,381 | $ 26,250,381 |

*December 31, 2024*

| | Level 1 | Total |
|---|---|---|
| Mutual funds | $ 22,863,745 | $ 22,863,745 |
| Money market fund | 190,453 | 190,453 |
| **Total Investments,** at fair value | $ 23,054,198 | $ 23,054,198 |

## 5. Tax Status

The Plan uses a pre-approved plan document sponsored by FMR LLC. FMR LLC received an opinion letter from the IRS, dated June 30, 2020, which states that the pre-approved plan document, as then designed, satisfies the applicable provisions of the Internal Revenue Code (IRC). Plan management believes that the Plan is currently designed and operated in compliance with the applicable requirements of the IRC and continues to be tax-exempt.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by a government authority. The Plan is subject to routine examinations by taxing jurisdictions; however, there are currently no examinations for any tax periods in progress.

## 6. Related Party and Party-in-Interest Transactions

Certain investments are managed by Fidelity. The transactions related to these investments qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules under ERISA. Fees paid by the Plan for investment management services are included in net appreciation in fair value of investments. Participant loan and distribution processing fees of $688 are paid to Fidelity by participants. Notes receivable from participants also qualify as party-in-interest transactions.

## 7. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participants' account balances, and the amounts reported in the statements of net assets available for benefits.

## 8. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants would remain 100% vested in their accounts.

## 9. Late Remittances

During the Plan year ended December 31, 2023, employee withholdings in the amount of $265,067 were not remitted within the appropriate time period. The transactions constitute prohibited transactions, as defined by ERISA. The Company has taken corrective action to make participant accounts whole, and lost earnings were restored in 2026.

During the Plan years ended December 31, 2021 and 2022, employee withholdings in the amount of $2,527 and $3,413, respectively, were not remitted within the appropriate time period. These transactions constitute prohibited transactions, as defined by ERISA. The Company has taken corrective action to make participant accounts whole, and lost earnings were restored in 2024.

## 10. Operational Compliance

During 2021, the Company identified an operational failure of late remittances. The Company has restored lost earnings in 2024. The Plan's ERISA counsel is in the process of preparing a Voluntary Fiduciary Correction Program (VFCP) submission to the Department of Labor (DOL) to address the Plan's late remittances for the 2021 Plan year.

During 2021, the Company reported an operational failure in connection with distributions with two participants. It was previously stated that two participants, who were not fully vested, when they terminated in 2009 and 2013, took full distributions of their plan accounts. Upon further review, the Company determined that this matter was reported in error. The unvested portions of these participants' accounts were forfeited and deducted from their accounts prior to their distributions, and the participants received only their vested balances. Accordingly, no overpayments occurred and no corrective action under the IRS's Self-Correction Program (SCP) is required. This matter is considered resolved as of the date the financial statements are available to be issued.

During 2021, the Company identified an operational failure in connection with the deferral election for certain participants. In March 2024, in consultation with ERISA counsel, the Company corrected the operational failure in accordance with applicable IRS guidance, including the deposit of any required corrective contributions, missed matching contributions, and related earnings.

During 2022, the Company identified an operational failure of late remittances. The Company has restored lost earnings in 2024. The Plan's ERISA counsel is in the process of preparing a VFCP submission to the DOL to address the Plan's late remittances for the 2022 Plan year.

During 2023, the Company identified an operational failure of late remittances. The Company has restored lost earnings in 2026. The Plan's ERISA counsel is in the process of preparing a VFCP submission to the DOL to address the Plan's late remittances for the 2023 Plan year.

During 2025, management noted certain operational errors related to participants' eligibility and is working with Fidelity and the Plan's ERISA counsel to make the appropriate corrections under the IRS' Voluntary Correction Program (VCP).

The Company and the Company's ERISA counsel believe that correction of the above matters will not have an adverse impact on the Plan's qualified tax status.

## 11. Subsequent Events

Effective January 1, 2026, the Plan implemented the Setting Every Community Up for Retirement Enhancement (SECURE) Act 2.0 provision which requires catch-up contributions to be designated as Roth contributions for participants with FICA wages over $150,000 (indexed) for 2026.

In February 2026, net assets held in the Sequoia One 401(k) Plan (the Sequoia Plan) for employees of 23rd Street Berk, LLC DBA Berk Communications were spun off and merged with and into the Plan. As a result of the merger, participant balances of approximately $1,952,000 were transferred into the Plan. All benefits accrued under the Sequoia Plan were incorporated into the Plan for use solely with respect to the funds transferred into the Plan to the extent required by law.

On May 1, 2026, the Company acquired Hudson Lake LLC. As a result, employees from Hudson Lake, LLC became eligible to participate in the Plan and were permitted to voluntarily roll over their account balances into this Plan.

On April 21, 2026, the Company received an inquiry from the DOL regarding possible employee contributions to the Plan in 2025. Management, in consultation with the Plan's ERISA counsel, believes that there were no delinquent employee contributions in 2025 and has responded to accordingly.

The Plan has evaluated subsequent events through October 13, 2026, which is the date the financial statements were available to be issued. There were no other material subsequent events requiring adjustments to the financial statements or disclosures as stated herein.

## Independent Auditor's Report

The Plan Administrator
MWW Group 401(k) Plan
New York, New York

***Scope and Nature of the ERISA Section 103(a)(3)(C) Audit***

We have performed audits of the financial statements of MWW Group 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained a certification from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

***Opinion***

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- The certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

BDO USA, P.C., a Virginia professional corporation, is the U.S. member of BDO International Limited, a UK company limited by guarantee, and forms part of the international BDO network of independent member firms.

BDO is the brand name for the BDO network and for each of the BDO Member Firms.

***Basis for Opinion***

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

***Responsibilities of Management for the Financial Statements***

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

***Auditor's Responsibilities for the Audit of the Financial Statements***

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

***Other Matter — Supplemental Schedules Required by ERISA***

The ERISA-required Supplemental Schedule H (Form 5500), Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2025 and the ERISA-required Supplemental Schedule H (Form 5500), Line 4a - Schedule of Delinquent Participant Contributions for the year ended December 31, 2025 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to

the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The certified investment information in the supplemental schedules agrees to, or are derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

## 1. Description of the Plan

The following description of the MWW Group 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan document and summary Plan description for a complete description of the Plan's provisions.

***General***

The Plan is a defined contribution plan covering substantially all employees of MWW Group LLC (the Company or Employer) and its affiliate, Stone America Licensing, LLC, who are aged 21 or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Fidelity Management Trust Company (Fidelity) is the recordkeeper and trustee of the Plan.

***Contributions***

Each year, participants may contribute up to 100% of eligible compensation, as defined in the Plan, through a salary reduction, up to the maximum amount permitted by the Internal Revenue Service (IRS). Contributions may be made to the Plan on a pre-tax and/or after-tax Roth basis. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Effective January 1, 2025, participants who are aged 60 to 63 by the end of the Plan year are allowed to make catch-up contributions up to $11,250. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans (rollover).

The Plan allows discretionary employer matching and nonelective employer contributions. Effective December 29, 2025, employees are eligible for employer matching and nonelective contribution when they complete one year (at least 1,000 hours) of service. The Company made an annual discretionary employer matching of 50% of the participant deferrals, up to 6% of Plan compensation, for Plan years ended December 31, 2025 and 2024. There were no nonelective employer contributions made in 2025.

***Participant Accounts***

The Plan maintains individual accounts for each Plan participant. Each participant's account is credited with the participant's contributions; an allocation of the employer contributions; an allocation of the Plan's investment earnings or losses; and administrative expenses. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

***Investment Options***

Participants direct the investment of participant contributions in any of the investment options offered by the Plan.

***Vesting***

Participants are immediately vested in their salary deferral and rollover, plus actual earnings thereon. Vesting in the employer matching contributions and nonelective employer contributions, plus actual earnings thereon, is as follows:

| Years of Service | Vesting (%) |
|---|---|
| Less than 1 | - |
| 1 but less than 2 | 20 |
| 2 but less than 3 | 40 |
| 3 but less than 4 | 60 |
| 4 but less than 5 | 80 |
| 5 or more | 100 |

***Notes Receivable from Participants***

Participants may borrow from their fund accounts a minimum of $1,000, up to a maximum equal to the lesser of $50,000, or 50%, of their vested account balance. Loan terms range from one to five years; however, terms may exceed five years for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with current rates charged for similar loans made by local commercial banks, as determined by the Plan administrator. Interest rates on outstanding loans ranged from 3.25% to 8.50%. Principal and interest are paid ratably through semi-monthly payroll deductions.

***Payment of Benefits***

Participants are eligible to receive distributions from their accounts at the normal retirement age (age 65), disability, death, or termination of employment. Withdrawals from the deferral contributions sub-account may also be made upon circumstances of financial hardship, in accordance with provisions specified in the Plan, as well as at age 59½ if certain criteria are met. Participants receive the value of their vested account balance in the form of a single-sum payment or partial withdrawals. Participants may elect to roll over their vested balance to another qualified retirement plan or individual retirement arrangement. Accounts $1,000 or less will be distributed lump sum directly to the participant or rolled to an individual retirement account (IRA) or to another retirement plan.

***Forfeitures***

If a participant leaves employment before becoming fully vested, any non-vested employer contributions and related investment earnings thereon are forfeited. These forfeitures are used to reduce any employer contributions or pay Plan expenses. At December 31, 2025 and 2024, forfeited non-vested accounts amounted to $79,867 and $56,768, respectively. No forfeitures were used to reduce employer contributions or plan expenses in 2025.

## 2. Summary of Accounting Policies

***Basis of Accounting***

The financial statements of the Plan are prepared on the accrual basis of accounting.

***Use of Estimates***

The preparation of the financial statements in accordance with accounting principles generally accepted in the United States of America (GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and the disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

***Investment Valuation and Income Recognition***

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

***Notes Receivable from Participants***

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Related fees are recorded as administrative expenses and are expensed when they are incurred. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the Plan document.

***Payment of Benefits***

Benefits are recorded when paid.

***Administrative Expenses***

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants and distributions are charged directly to the participants' accounts and are included in administrative expenses. Investment-related expenses are included in net appreciation in fair value of investments.

***Contributions Receivable***

Participant contributions and any related employer matching contributions are recognized in the period during which the Company makes the respective payroll deduction from the participant's compensation. Matching contributions are recorded in the relevant period in accordance with the terms in the Plan document.

## 3. Certified Investment Information

Certain information disclosed in the accompanying financial statements and ERISA-required supplemental schedule, related to investments and notes receivable from participants held as of December 31, 2025 and 2024, and net appreciation in fair value of investments, interest and dividend income, and interest income on notes receivable from participants for the year ended December 31, 2025, was obtained by management and agreed to or derived from information certified as complete and accurate by Fidelity, a qualified institution.

## 4. Fair Value Measurements

Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures*, provides for a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under ASC 820 are described as follows:

*Level 1* – Inputs to the valuation methodology that are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

*Level 2* – Inputs to the valuation methodology that include:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

*Level 3* – Inputs to the valuation methodology that are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for investment assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2025 and 2024.

*Mutual Funds* - Mutual funds are valued at the daily closing price, as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are actively traded.

*Money Market Fund* – Money market fund is valued at the daily closing price as reported by the fund.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes that its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth, by level within the fair value hierarchy, the Plan's investment assets measured at fair value on a recurring basis:

***December 31, 2025***

| | Level 1 | Total |
|---|---|---|
| Mutual funds | $ 25,943,425 | $ 25,943,425 |
| Money market fund | 306,956 | 306,956 |
| **Total Investments,** at fair value | $ 26,250,381 | $ 26,250,381 |

*December 31, 2024*

| | Level 1 | Total |
|---|---|---|
| Mutual funds | $ 22,863,745 | $ 22,863,745 |
| Money market fund | 190,453 | 190,453 |
| **Total Investments,** at fair value | $ 23,054,198 | $ 23,054,198 |

## 5. Tax Status

The Plan uses a pre-approved plan document sponsored by FMR LLC. FMR LLC received an opinion letter from the IRS, dated June 30, 2020, which states that the pre-approved plan document, as then designed, satisfies the applicable provisions of the Internal Revenue Code (IRC). Plan management believes that the Plan is currently designed and operated in compliance with the applicable requirements of the IRC and continues to be tax-exempt.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by a government authority. The Plan is subject to routine examinations by taxing jurisdictions; however, there are currently no examinations for any tax periods in progress.

## 6. Related Party and Party-in-Interest Transactions

Certain investments are managed by Fidelity. The transactions related to these investments qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules under ERISA. Fees paid by the Plan for investment management services are included in net appreciation in fair value of investments. Participant loan and distribution processing fees of $688 are paid to Fidelity by participants. Notes receivable from participants also qualify as party-in-interest transactions.

## 7. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participants' account balances, and the amounts reported in the statements of net assets available for benefits.

## 8. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants would remain 100% vested in their accounts.

## 9. Late Remittances

During the Plan year ended December 31, 2023, employee withholdings in the amount of $265,067 were not remitted within the appropriate time period. The transactions constitute prohibited transactions, as defined by ERISA. The Company has taken corrective action to make participant accounts whole, and lost earnings were restored in 2026.

During the Plan years ended December 31, 2021 and 2022, employee withholdings in the amount of $2,527 and $3,413, respectively, were not remitted within the appropriate time period. These transactions constitute prohibited transactions, as defined by ERISA. The Company has taken corrective action to make participant accounts whole, and lost earnings were restored in 2024.

## 10. Operational Compliance

During 2021, the Company identified an operational failure of late remittances. The Company has restored lost earnings in 2024. The Plan's ERISA counsel is in the process of preparing a Voluntary Fiduciary Correction Program (VFCP) submission to the Department of Labor (DOL) to address the Plan's late remittances for the 2021 Plan year.

During 2021, the Company reported an operational failure in connection with distributions with two participants. It was previously stated that two participants, who were not fully vested, when they terminated in 2009 and 2013, took full distributions of their plan accounts. Upon further review, the Company determined that this matter was reported in error. The unvested portions of these participants' accounts were forfeited and deducted from their accounts prior to their distributions, and the participants received only their vested balances. Accordingly, no overpayments occurred and no corrective action under the IRS's Self-Correction Program (SCP) is required. This matter is considered resolved as of the date the financial statements are available to be issued.

During 2021, the Company identified an operational failure in connection with the deferral election for certain participants. In March 2024, in consultation with ERISA counsel, the Company corrected the operational failure in accordance with applicable IRS guidance, including the deposit of any required corrective contributions, missed matching contributions, and related earnings.

During 2022, the Company identified an operational failure of late remittances. The Company has restored lost earnings in 2024. The Plan's ERISA counsel is in the process of preparing a VFCP submission to the DOL to address the Plan's late remittances for the 2022 Plan year.

During 2023, the Company identified an operational failure of late remittances. The Company has restored lost earnings in 2026. The Plan's ERISA counsel is in the process of preparing a VFCP submission to the DOL to address the Plan's late remittances for the 2023 Plan year.

During 2025, management noted certain operational errors related to participants' eligibility and is working with Fidelity and the Plan's ERISA counsel to make the appropriate corrections under the IRS' Voluntary Correction Program (VCP).

The Company and the Company's ERISA counsel believe that correction of the above matters will not have an adverse impact on the Plan's qualified tax status.

## 11. Subsequent Events

Effective January 1, 2026, the Plan implemented the Setting Every Community Up for Retirement Enhancement (SECURE) Act 2.0 provision which requires catch-up contributions to be designated as Roth contributions for participants with FICA wages over $150,000 (indexed) for 2026.

In February 2026, net assets held in the Sequoia One 401(k) Plan (the Sequoia Plan) for employees of 23rd Street Berk, LLC DBA Berk Communications were spun off and merged with and into the Plan. As a result of the merger, participant balances of approximately $1,952,000 were transferred into the Plan. All benefits accrued under the Sequoia Plan were incorporated into the Plan for use solely with respect to the funds transferred into the Plan to the extent required by law.

On May 1, 2026, the Company acquired Hudson Lake LLC. As a result, employees from Hudson Lake, LLC became eligible to participate in the Plan and were permitted to voluntarily roll over their account balances into this Plan.

On April 21, 2026, the Company received an inquiry from the DOL regarding possible employee contributions to the Plan in 2025. Management, in consultation with the Plan's ERISA counsel, believes that there were no delinquent employee contributions in 2025 and has responded to accordingly.

The Plan has evaluated subsequent events through October 13, 2026, which is the date the financial statements were available to be issued. There were no other material subsequent events requiring adjustments to the financial statements or disclosures as stated herein.
