BUSINESS FOR SOCIAL RESPONSIBILITY 401(K)

BSR 401(k) PLAN
San Francisco, California

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of **BSR 401(k) PLAN** (**the Plan**), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2025 and 2024, the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate to the best of their knowledge and belief.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year from the date of this report.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note 1 - Plan Description:

The following description of the BSR 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions. All of the Plan assets are held by the Custodian and Trustee.

General

The Plan, effective as of January 1, 1997 and most recently amended and restated effective January 1, 2023, is a defined contribution plan that was established by Business for Social Responsibility (BSR or the Organization) to provide benefits to eligible employees, as defined in the Plan document. The Business for Social Responsibility 401(k) Investment Committee is responsible for oversight of the Plan. The Plan Administrator believes that the Plan is currently designed and operated in compliance with the applicable requirements of the Internal Revenue Code and the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Eligibility

All employees who have reached 21 years of age, except those covered by a collective bargaining agreement, nonresident aliens, leased employees and interns, are eligible to participate in the Plan, including receiving safe harbor contributions, at the beginning of the first day of the month after they have met the eligibility requirements.

Employees are eligible to begin receiving employer matching contributions as soon as they are enrolled in the Plan and begin deferring contributions.

Contributions

Effective January 1, 2012, eligible employees hired are automatically enrolled to have a salary deferral of 5% unless they affirmatively opt out or elect a different percentage. Participants hired before January 1, 2012 were not automatically enrolled and, upon enrollment, selected their salary deferral contributions of eligible pre-tax compensation. Employee deferrals may not exceed the amount allowable under current income tax regulations. Employees who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions.

Effective February 1, 2025, the Plan adopted an automatic escalation feature for deferral contributions. Under this provision, the initial automatic deferral percentage will increase by 1 percentage point annually, up to a maximum of 10%. These increases will take effect on the first day of the second Plan year following the Plan year in which the eligible employee's automatic deferrals were first implemented.

Participants may elect a different rate at any time and are allowed to make rollover contributions from other tax-qualified employer-sponsored retirement plans.

Effective January 1, 2018, BSR adopted to make safe harbor nonelective contributions to the account of each eligible participant in an amount equal to 3% of each participant's eligible annual compensation.

BSR may also make discretionary matching and profit-sharing contributions. No such contributions were made in 2025.

Participant Accounts

Each participant's account is credited with the participant's contributions, the participant's qualified rollover contributions, allocation of the Organization's safe harbor contributions, discretionary matching and profit-sharing contributions, if any, and an allocation of Plan earnings or losses thereon. Participant accounts are charged with an allocation of Plan fees that are paid by the Plan. Allocations are based on participant account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their salary deferrals, rollovers of funds from other qualified retirement plans, safe harbor contributions and earnings thereon.

Effective September 1, 2015, participants are immediately vested in the Organization's discretionary matching contributions. Prior to September 1, 2015, the portion of the participants' accounts attributable to the Organization's discretionary matching contributions became 33% vested upon one period of service (as defined), 66% vested upon two periods of service and 100% vested upon three periods of service.

Effective March 1, 2017, participants are immediately vested in the Organization's discretionary nonelective contributions after the participant has met the eligibility requirement. Prior to March 1, 2017, the portion of the participants' accounts attributable to the Organization's discretionary nonelective contributions after the participant met the eligibility requirement became 20% vested after two years of credited service and 100% vested after three years of credited service as defined in the Plan.

Participant Investment Options

Upon enrollment in the Plan, a participant must direct employee and employer contributions to any of the investments made available and determined by the Plan Administrator. Participants may change their investment options any time throughout the year via the third-party administrator's telephone system or Internet website.

Notes Receivable from Participants

Participants may borrow a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the remaining balance in the participant's account. The Plan allows one loan per participant at any time. The term of the loan shall not exceed five years except in the case of a loan for the purpose of purchasing the principal residence of the participant, in which case the term for repayment may be over a period no longer than ten years. Repayment of loan principal and interest must be made either by check or through payroll deductions. The interest rate is set by the Plan Administrator at 1% over the prime rate and is fixed throughout the duration of loan. The interest rate on the loan outstanding at year end is 9.50% per annum with a maturity date of September 17, 2029.

Payment of Benefits

A participant with a vested account of more than $7,000 may, upon termination of employment, retirement, total disability, death, reaching age 59 1/2 or hardship, elect to leave their account balances in the Plan, roll their account balance over into another qualified plan or individual retirement account (IRA), or receive an amount equal to his or her vested account interest in a lump-sum distribution. A participant with a balance of $7,000 or less may, upon termination, have the vested amount paid out in a lump-sum distribution. Eligible distributions between $1,000 and $7,000 are rolled over into a traditional IRA unless otherwise elected by the participant. The Plan allows for hardship withdrawals by employees from their deferral and rollover accounts. There were no participant requests to withdraw from the Plan as of December 31, 2025 or 2024 that had not been paid as of those dates.

Forfeitures

Forfeitures are the nonvested portion of a participant's account that is lost upon termination of employment. Forfeitures are retained in the Plan, invested in the Vanguard Federal Money Market Fund, and shall be used to reduce future employer discretionary contributions. During the year ended December 31, 2025, there were no forfeitures, and the Organization applied forfeitures to reduce employer contributions amounting to $1. As of December 31, 2025 and 2024, the remaining balance of forfeited accounts totaled $10 and $11, respectively.

Plan Trustee and Custodian

ADP Retirement Trust Services, LLC is the Custodian and Trustee of the Plan. All of the Plan assets are held by the Custodian and Trustee.

At the end of the day on December 31, 2024, Reliance Trust Company resigned as Trustee and Custodian, and the Plan Sponsor appointed ADP Retirement Trust Services, LLC as the Trustee and Custodian effective January 1, 2025.

Note 2 - Summary of Significant Accounting Policies:

Basis of Accounting

The financial statements are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Use of Estimates

The preparation of financial statements in accordance with U.S. GAAP requires the Plan Administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments of the Plan are held by the Trustee and invested based solely upon instructions received from participants.

The Plan's investments are reported at fair value as of the last day of the Plan year. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Business for Social Responsibility 401(k) Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisors and Trustee. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in fair value of investments includes gains and losses on investments bought and sold as well as those held during the year.

The market volatility of equity-based investments may substantially impact the value of such investments at any given time. It is likely that the value of the Plan's investments, both in total and in individual participant accounts, has fluctuated since December 31, 2025.

Management fees and operating expenses charged to the Plan for investments are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of net appreciation (depreciation) in fair value of investments.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. Delinquent participant loans are recorded as distributions based upon the terms of the Plan document.

Contributions

Contributions from Plan participants, the safe harbor nonelective employer contributions, the discretionary matching and the profit-sharing contributions are recorded in the year in which the employee contributions are withheld from compensation.

Benefits to Participants

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan, including investment advisory fees, are paid by the Plan, unless otherwise paid by the Organization. Expenses that are paid by the Organization are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in the administrative expenses. Investment related expenses are included in net appreciation (depreciation) in fair value of investments. Investment advisory fees are included in administrative expenses.

Subsequent Events

The Plan Administrator evaluated subsequent events from December 31, 2025 through October 9, 2026, the date these financial statements were available to be issued, and has determined that there were no material subsequent events that required recognition or additional disclosure in these financial statements.

Note 3 - Certified Information:

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedules, including investments and notes receivable from participants held as of December 31, 2025, and net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2025, was obtained by management and agreed to or derived from information certified as complete and accurate to the best of their knowledge and belief by ADP Retirement Trust Services, LLC (the Trustee of the Plan).

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedules, including investments and notes receivable from participants held as of December 31, 2024, was obtained by management and agreed to or derived from information certified as complete and accurate to the best of their knowledge and belief by Reliance Trust Company.

Note 4 - Fair Value Measurements:

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodology used as of December 31, 2025 and 2024.

Mutual funds: Valued at daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of:

December 31, 2025	Level 1	Level 2	Level 3	Total
Mutual funds	$ 13,681,533	$ -	$ -	$ 13,681,533
Investments, at fair value	$ 13,681,533	$ -	$ -	$ 13,681,533

December 31, 2024	Level 1	Level 2	Level 3	Total
Mutual funds	$ 12,727,426	$ -	$ -	$ 12,727,426
Investments, at fair value	$ 12,727,426	$ -	$ -	$ 12,727,426

Note 5 - Related-Party Transactions and Party-in-Interest Transactions:

Plan investments are managed by an investment company registered under the Investment Company Act of 1940, contracted with ADP Retirement Trust Services, LLC. Any purchases and sales of these funds are open market transactions at fair value. Such transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan and are specifically exempt from the party-in-interest prohibition.

Certain administrative functions are performed by officers or employees of the Organization. No such officer or employee receives compensation from the Plan.

Note 6 - Plan Termination:

Although it has not expressed any intent to do so, the Organization has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of a Plan termination, all participants immediately become 100% vested in their entire account.

Note 7 - Tax Status:

Effective January 1, 2023, the Plan adopted a non-standardized defined contribution pre-approved plan from ADP, LLC. The ADP, LLC Plan has received a favorable opinion letter dated October 6, 2020 from the Internal Revenue Service as to the form of the plan being acceptable under Section 401 of the Internal Revenue Code. This opinion on the acceptability of the form of the plan is not a ruling or determination as to whether the plan qualified under Code section 401(a). The Plan has been amended since the ADP, LLC plan received the opinion letter. However, the Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the applicable tax authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. Management evaluated the Plan's tax positions and concluded that the Plan had maintained its tax-exempt status and taken no uncertain tax positions that require recognition or disclosure in the financial statements. Therefore, no provision or liability for income taxes has been included in the financial statements.

Note 8 - Risks and Uncertainties:

The Plan provides for various investment options in any combination of mutual funds. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term, and that such changes could materially affect participants' account balances and the amounts reported in the Statement of Net Assets Available for Benefits.

Calvert Bond Fund Class R6 represented 15% of net assets available for benefits as of December 31, 2025 and 2024.

Parnassus Core Equity Instl represented 11% and 12% of net assets available for benefits as of December 31, 2025 and 2024, respectively.

Vanguard FTSE Social Index Admiral represented 15% and 14% of net assets available for benefits as of December 31, 2025 and 2024, respectively.

Note 9 - Reconciliation to Form 5500:

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 as of December 31:

	2025	2024
Net assets available for benefits per the financial statements	$ 13,722,483	$ 12,780,287

The following is a reconciliation of net increase in net assets per the financial statements for the year ended December 31, 2025 to the Form 5500:

Employer contribution receivable as of December 31, 2025	(10,950)
Net income per Schedule H of Form 5500	$ 951,610

Other than the reconciling item above, the Form 5500 has certain items that differ from amounts shown on the accompanying financial statements. These differences relate to classification only and have no effect on net assets available for benefits.
