INDEPENDENT AUDITOR'S REPORT

To the Participants and Plan Administrator of the
Consolidated Rail Corporation Agreement Employees' Savings Plan

Opinion
We have audited the financial statements of the Consolidated Rail Corporation Agreement Employees' Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2025 and 2024, and the changes in its net assets available for benefits for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion
We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements
Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's (DOL's) Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Respectfully submitted,

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's (DOL's) Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Respectfully submitted,

CONSOLIDATED RAIL CORPORATION AGREEMENT EMPLOYEES' SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2025 AND 2024

Note 1 Description of the Plan

The following brief description of the Consolidated Rail Corporation (Conrail or the Company) Agreement Employees' Savings Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan document for more complete information.

General

The Plan was established effective May 1, 1993 and is a defined contribution plan. Under the Plan, employees are allowed to reduce their taxable income pursuant to Section 401(k) of the Internal Revenue Code (IRC) and save for retirement. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Administration

The Administrative Committee, as defined in the Plan document, is the Plan's administrator. Vanguard Fiduciary Trust Company (Vanguard) is the Plan's trustee, custodian, and third-party administrator.

Participation

Employees covered by a collective bargaining agreement, limited to only those agreements included in the Plan document, are eligible to participate in the Plan upon completion of 60 days of service. Participation commences on the first day of the month following the attainment of eligibility requirements.

Contributions

Under the provisions of the Plan, eligible participants may contribute up to 75% of their compensation to the Plan in the form of pre-tax or Roth contributions, subject to statutory limitations. Participants who have attained age 50 before the end of the year are eligible to make catch-up contributions to the Plan. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate. All participants that are automatically enrolled in the Plan begin contributing 2% of their annual eligible compensation and on an annual basis are automatically increased 1% up to a maximum of 6% of their annual eligible compensation. Participants direct their elective contributions into various investment options the Plan offers. Participants may also contribute amounts representing distributions from other qualified plans.

The Company may match eligible employees' contributions contingent upon the Company achieving the Conrail Incentive Plan goal. For the years ended December 31, 2025 and 2024, the Company made matching contributions equal to 20% of a participant's contributions not to exceed 3% of eligible earnings, as defined by the Plan.

There is also a supplemental contribution equal to the value of any unused personal days in the prior year, for participants who are members of the American Train Dispatchers Association.

Vesting

Participants are 100% vested in all contributions and earnings thereon.

Note 1 **Description of the Plan - Continued**

Participant Accounts
Each participant's account is credited with the participant's contribution and allocations of the Company's contribution and Plan earnings (losses) and charged with withdrawals and administrative expenses. Allocations are based on participant earnings or account balances, as defined. The assets of the Plan are valued daily, and gains or losses are allocated based on the participant's daily shares. Dividends are allocated when paid based upon participant's shares at the distribution date. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Payment of Benefits
The Plan provides for normal retirement benefits upon reaching the age of 65 and has provisions for disability, death, and termination benefits for those participants who are eligible to receive such benefits. In general, a participant's account shall be distributed to the participant as a lump sum payment. The Plan also allows for distributions pursuant to a qualified domestic relations order, required minimum distributions upon attaining age 73, and withdrawals for financial hardship.

Notes Receivable from Participants
Participants may borrow from their account a minimum of $750 up to a maximum equal to the lesser of (a) $50,000 reduced by the excess of the highest outstanding loan balance in the previous 12 months or (b) the greater of 50% of their vested account balance or $10,000. The notes are secured by the balance in the participant's account. The interest rate paid by the participant is equal to the prime interest rate in effect at the beginning of the month in which the loan is processed plus 2% and remains fixed at that rate for the term of the loan. General purpose loans have terms of up to five years. Loans for a participant's principal residence have terms of up to 20 years. Loans are repayable in installments through payroll deductions. A participant may not have more than two loans outstanding at any time or be granted more than two loans in a 12-month period.

Note 2 **Summary of Significant Accounting Policies**

Basis of Accounting
The Plan's financial statements are prepared under the accrual method of accounting.

Subsequent Events
In preparing the financial statements, management has evaluated events and transactions for potential recognition or disclosure through October 15, 2026, the date that the financial statements were available to be issued.

Notes Receivable from Participants
Notes receivable from participants are stated at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable are reclassified as distributions based upon the terms of the Plan document.

Note 2 **Summary of Significant Accounting Policies - Continued**

Use of Estimates
The preparation of the Plan's financial statements in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Investments
Investments held in the Plan are stated at fair value. See Note 3 for a discussion of the fair value measurements.

Risks and Uncertainties
The Plan invests in investment securities, which are exposed to various risks, such as interest rate, market and credit risks. Market risks include global events which could impact the value of investment securities, such as inflation, a pandemic, or international conflict. Due to the level of risk associated with these securities, it is at least reasonably possible that changes in their values will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Contributions
Contributions from Plan participants and the matching contributions from the employer are recorded in the year in which the employee contributions are withheld from compensation.

Payment of Benefits
Benefits to participants are recorded when paid.

Administrative Expenses
The Plan's administrative expenses are paid by either the Plan or the Company.

Note 3 **Investment Valuation and Income Recognition**
Investments are valued at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

The Plan follows the fair value measurement guidance required by U.S. GAAP for financial and nonfinancial assets and liabilities. This guidance defines fair value and provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

Note 3 **Investment Valuation and Income Recognition - Continued**

The three levels of fair value hierarchy are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for investments measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Registered Investment Companies: These investments are valued using the Net Asset Value (NAV) provided by the administrator of the fund. The NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. The NAV is a quoted price in an active market.

Common/Collective Trust: Valued at NAV based on the underlying assets of the trust. The NAV is used as a practical expedient to estimate fair value. The fair value of the underlying assets is obtained from information provided by the investment advisor using the audited financial statements of the common/collective trust at year end.

Note 3 **Investment Valuation and Income Recognition - Continued**

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. The following table sets forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31:

	2025	
	Level 1	**Total**
Registered Investment Companies	**$ 56,821,510**	**$ 56,821,510**
Common/Collective Trust Measured at NAV [(a)]		**1,248,483**
Total Investments at Fair Value	**$ 56,821,510**	**$ 58,069,993**

	2024	
	Level 1	**Total**
Registered Investment Companies	$ 49,778,370	$ 49,778,370
Common/Collective Trust Measured at NAV [(a)]		1,795,266
Total Investments at Fair Value	**$ 49,778,370**	**$ 51,573,636**

(a) In accordance with Subtopic 820-10, certain investments that are measured at fair value using the net asset value per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest is recorded on the accrual basis. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Note 4 **Plan Termination**

Although it has not expressed any intent to do so, the Company has the right under the Plan agreement to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

Note 5 **Party-in-Interest Transactions**

Certain Plan investments are managed by an entity related to Vanguard. Vanguard acts as the trustee as defined by the Plan and, therefore, transactions involving these assets qualify as party-in-interest transactions. Notes receivable from participants also qualify as party-in-interest transactions.

Note 6 **Tax Status**

The Plan received a favorable determination letter from the Internal Revenue Service (IRS), dated July 8, 2015, indicating that it meets the requirements of Section 401(a) and 501(a) of the IRC and has qualified status as an employee retirement plan. Although the Plan has been amended, the Plan Administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2025, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.
