Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Caduceus, Inc. Company Employee Benefit Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years ended December 31, 2025 and 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Caduceus, Inc. Employee Benefit Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the years then ended, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Caduceus, Inc. Employee Benefit Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of Matter - Plan Termination

As discussed in Note 6 to the financial statements, the Company terminated the Plan effective September 22, 2026, and all Plan assets were distributed to participants and beneficiaries or rolled over to eligible retirement arrangements in accordance with participant elections on or before this date. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Caduceus, Inc. Employee Benefit Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Caduceus, Inc. Employee Benefit Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Caduceus, Inc. Employee Benefit Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedule of Schedule H, Part IV, Line 4i – Schedule of Assets (Held at End of Year December 31, 2025) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. Description of Plan

The following description of the Plan provides only general information. Participants should refer to the Plan document for a more complete description of its provisions.

General

The Plan is sponsored by Caduceus, Inc. (the "Company" or "Plan Sponsor") with an effective date of January 1, 2002. The Plan is a defined contribution plan covering all eligible employees of the Company. Employees are eligible to begin salary deferrals after six months of service and attainment of age twenty-one, as defined by the Plan. The Plan is subject to the provisions of the ERISA and has been updated to the Setting Every Community Up for Retirement Enhancement Act ("SECURE" Act) of 2019 and the Coronavirus Aid, Relief, and Economic Security Act ("CARES" Act) of 2020.

Contributions

Eligible employees may contribute up to 90% of their eligible compensation on a pretax basis to the Plan, subject to eligible compensation limits as determined annually by the IRS. The Company matches 100% of the first 3% and 50% of the next 2%, up to 4% maximum of the employee's compensation contributed as elective deferrals. The Company may also elect to make an additional Flexible Discretionary Match contribution of up to 4% maximum of employee compensation to the Plan. In addition, the employer may elect a profit sharing contribution. For the years ended December 31, 2025 and 2024, the employer did not make a discretionary contribution nor a profit sharing contribution. Participants may contribute amounts representing rollover distributions from other qualified retirement plans. For the years ended December 31, 2025 and 2024, the maximum total for both employer and employee contributions could not exceed $70,000 and $69,000, respectively, for participants age 49 or younger, or $77,500 and $76,500, respectively for participants age 50 or above. Beginning in tax year 2025, a "super catch-up" was made available for those age 60 to 63 and the maximum total combined employer and employee contribution to a 401(k) is $81,250.

Vesting

Upon enrollment into the Plan, participants are immediately vested in their own contributions and the Company's matching contributions, plus actual earnings thereon. Vesting in employer discretionary contributions plus earnings thereon is based upon years of credited service. The vesting schedule reflects 20% vesting per year of employment after two years of credited service; all employees are fully vested after six years of credited service.

Participant Accounts

Each participant's account is credited with the participant's contribution, the Company's contribution, allocations of plan earnings (losses) and an allocation of administrative expenses. The benefit to which a participant is entitled is the benefit which can be provided from the participant's vested account.

1. Description of Plan (Continued)

Investment Options

Participant accounts are invested, in accordance with investment directions provided by the participant, allocating their account among a variety of investment options offered by the Plan. Participants may change their investment options at any time.

Loans

Participants may borrow amounts from their vested account balance up to a maximum equal to the lesser of $50,000 or 50% of the value of their vested account balance. The loans have terms of up to five years, unless for the purchase of a primary residence, in which case the term is ten years, and are interest bearing and secured by the participant's account balance. All loans bear a fixed rate of interest, generally prime plus 1%, as determined by the Plan Administrator. Principal and interest are paid ratably through payroll deductions. No loan shall be made for less than $1,000 and the maximum number of loans outstanding per participant at any time is two.

Payment of Benefits

Upon reaching 59-1/2 years of age, a participant may withdraw all or a portion of their vested account balance at any time and for any reason. Upon termination of service due to death, disability or retirement, the participant or beneficiary will be entitled to a distribution of the vested account balance. The normal form of payment with respect to the vested account balance is a single lump-sum payment in cash or in-kind. An optional form of payment with respect to the vested account balance is installments payable in cash or in-kind over a period not to exceed the participant's expected future lifetime, or the joint expected future lifetime of the participant and their spouse. In addition, participants are eligible for distributions due to financial hardship under certain conditions, as defined.

Forfeitures

If a participant terminates employment with the Company and is less than 100% vested in the employer contribution, the participant will forfeit the non-vested portion. Forfeitures of non-vested employer contributions are used to reduce employer contributions under the Plan and to offset Plan administration expenses. For the years ended December 31, 2025 and 2024, the Company made all their employer contributions to the Plan throughout the plan year as well as $13,666 in January 2026 for 2025 and $10,610 in January 2025 for 2024. There was $1 in forfeitures in 2025 and $360 in forfeitures in 2024 and at December 31, 2025 and 2024, there was no forfeited non-vested account balances.

Reclassifications

Certain amounts in the 2024 financial statements have been reclassified to conform to the 2025 presentation. These reclassifications did not result in any change in net income.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America ("GAAP").

Valuation of Investments and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly fashion between market participants at the measurement date. Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date and interest income is recorded on the accrual basis. Net appreciation/depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Use of Estimates

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Notes Receivable from Participants

Participant loans are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis unless immaterial. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain administrative expenses, such as participant loan origination fees and recordkeeping fees, are paid out of participants' accounts. Other expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Investment related expenses are included in net appreciation/depreciation of fair value of investments and are not readily determinable.

Risk and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant account balances and the amounts reported in the statements of net assets available for benefits.

3. Fair Value Measurements

FASB ASC Topic 820 "*Fair Value Measurements and Disclosures*" establishes a framework for measuring fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 – Values are based on unadjusted quoted prices for identical assets or liabilities in an active market that can be accessed at the measurement date (e.g. actively traded securities).

Level 2 – Values are based on quoted prices in markets where trading occurs infrequently or based on quoted prices of instruments with similar attributes in active markets or based on inputs other than quoted prices that are observable for the asset or liability (e.g. corporate and municipal bonds which trade infrequently).

Level 3 – Values are based on prices or valuation techniques that require inputs that are both unobservable and significant to the overall fair value measurement.

The assets or liabilities fair value measurement within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. All the Plan's assets that are valued within the fair value hierarchy are Level 1 assets.

Following is a description of the valuation methodologies used for assets measured at fair value.

Registered Investments Co.: These are mutual funds held by the Plan that are investments registered with the Securities and Exchange Commission and are valued at the registered investment company's Net Asset Value ("NAV") as reported by the fund. These funds are required to publish their NAV and to transact at that price. The NAV is based on the value of the underlying assets owned by the fund minus its liabilities and then divided by the number of shares outstanding calculated at the close of business on the New York Stock Exchange. Also, one money market fund is invested in securities that are guaranteed or issued by the Government or a Government Agency and valued at Fair Value at a point in time. The mutual funds and the money market fund held by the Plan are deemed to be actively traded.

Common/Collective Trusts ("CCT"): The Plan has investments in CCT funds. CCT fund fair values are determined by the respective fund managers using NAV as a practical expedient. The NAV is based on the value of the underlying assets owned by the fund minus its liabilities and then divided by the number of shares (units) outstanding. There were no significant unfunded commitments or restrictions on redemptions at December 31, 2025 and 2024 for the CCT's held by the Plan.

The valuation methods as described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methodologies are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

3. Fair Value Measurements (Continued)

The following table sets forth the Plan's assets at fair value as of:

	December 31, 2025	December 31, 2024
Assets in the Fair Value Hierarchy

4. Investments, Notes Receivable and Certification

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at December 31, 2025 and 2024, and net appreciation in the fair value of investments, interest and dividends for the years ended December 31, 2025 and 2024, was obtained from information supplied to the Plan administrator and certified as complete and accurate by ADP Retirement Trust Company, the trustee of the Plan.

The following table presents the information certified by the trustee as of:

	December 31, 2025	December 31, 2024
Registered Investment Companies	$ 1,473,691	$ 1,152,673
Common/Collective Trusts	4,762,896	3,550,623
Total Plan Investments	$ 6,236,587	$ 4,703,296
Dividend, Interest and Other Income	$ 34,523	$ 33,406
Net Appreciation in Fair Value of Investments	$ 781,095	$ 454,022

4. Investments, Notes Receivable and Certification (Continued)

	December 31,	
	2025	2024
Other Information:		
Notes Receivable from Participants	$ 211,211	$ 154,778
Interest Income from Notes Receivable from Participants	$ 15,817	$ 14,788

During 2025 and 2024, the Plan's Investments, including investments bought, sold and held during the year, appreciated in value $781,095 and $454,022, respectively.

5. Tax Status

The Plan adopted a volume submitter defined contribution plan sponsored by Automatic Data Processing, Incorporated ("ADP"), which obtained its latest opinion letter on March 31, 2014, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code ("IRC").

The Plan has since been amended and adopted the plan Amendment Changes in accordance with Cycle 3 restatement on March 16, 2022 (See Note 1). The Company believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

GAAP requires the plan administrator to evaluate tax positions taken by the Plan, and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS or DOL. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2025, there are no uncertain positions taken or expected to be taken that would require recognition of an asset or a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions, at this time, there are currently no audits for any tax periods in progress. In addition, there are no tax-related interest or penalties reflected on these financial statements.

6. Plan Termination

Subsequent to December 31, 2025, the Company approved terminating the Plan and effective May 18, 2026, corresponding with the sale of the Company, the Plan became inactive and was fully terminated on September 22, 2026. In connection with the termination, all participants became fully vested in their Plan accounts in accordance with the Plan document and applicable regulatory requirements.

The Plan ceased operations upon termination, and all participant account balances were distributed to participants and beneficiaries or rolled over to other eligible retirement plans or individual retirement accounts in accordance with participants' elections and applicable provisions of the Internal Revenue Code on or before the termination date. All Plan assets were distributed as of the termination date of September 22, 2026.

7. Party-In-Interest Transactions

Certain Plan investments are managed by ADP Retirement Trust Company, the trustee, or its affiliates, and therefore these transactions qualify as party-in-interest transactions. The Company provides certain accounting, administrative and investment management services to the Plan for which no fees are charged and pays directly certain other fees related to the Plan's operations.

In addition, certain participants borrowed from the Plan. As of December 31, 2025 and 2024, notes receivable from participants totaled $211,211 and $154,778. The rates of interest charged on the notes ranged from 5.25% to 10.50% as of December 31, 2025, and the notes mature at various dates through 2029. Each participant is a party-in-interest to the Plan, and these notes were exempt party-in-interest transactions pursuant to Section 408(b)(1) of ERISA.

8. ADP Administrative Fee Error:

Subsequent to December 31, 2023, and as a part of Caduceus' year-end review of the 2023 Plan, Caduceus identified an issue with the ADP recordkeeping fees being charged to Caduceus. Caduceus had ADP check into the issue and ADP determined that they had inadvertently charged the plan participants vs the plan sponsor. The period that was impacted was from October 2023 through January 2024 and the issue was corrected in February 2024.

The total impact was $5,610 for the entire four-month span $3,959 in 2023 and $1,651 for 2024 and was immaterial to the plan or to any one individual in the plan. The replenishment was made to the plan participants in March 2024, as ADP wanted to make sure the corrections were made properly. In addition, ADP did not charge Caduceus for three months of their recordkeeping fees because they were responsible for the error. Management elected not to do an entry for 2023 year-end as it was immaterial to the overall financial statements, therefore the entire adjustment was made in 2024.

9. Subsequent Events

The Plan has evaluated subsequent events through October 14, 2026, the date the financial statements were available to be issued. Based on this evaluation, the Plan has determined that no subsequent events have occurred which require adjustments to the financial statements. However, the owners elected to sell the Company in 2026 and on May 18, 2026, the Company was acquired by the new company. The new company elected not to acquire the 401K retirement plan and all contributions to the plan ceased on the date of the acquisition.

As discussed in Note 6, the Plan was terminated effective September 22, 2026, and all Plan assets were distributed on or before that date. Because the termination occurred subsequent to December 31, 2025, no adjustments have been made to the accompanying financial statements. The Plan termination is considered a non-recognized subsequent event.

No other events requiring recognition or disclosure in the financial statements were identified.

10. Reconciliation of Financial Statements to Form 5500

A reconciliation is presented to explain any material differences between the financial statements prepared in accordance with GAAP and the financial information reported on the Form 5500. Although not material to the Plan, for the years ended December 31, 2025 and December 31, 2024, the following items resulted in a difference between Net Assets Available for Benefits as reported in the financial statements and as reported on the Form 5500:

	December 31,	
	2025	2024
Net Assets per financial statements:	$ 6,489,606	$ 4,889,730
Less Employer Contributions Receivable:	13,134	10,610
Less Participation Contributions Receivable:	27,082	21,046
Net Assets per Form 5500:	$ 6,449,390	$ 4,858,074
