INDEPENDENT AUDITOR'S REPORT

To the Board of Trustees of
L.P. Industries, Inc. DBA Sykes Ace Hardware 401(k) Profit Sharing Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audits

We have performed audits of the accompanying financial statements of L.P. Industries, Inc. DBA Sykes Ace Hardware 401(k) Profit Sharing Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of L.P. Industries, Inc. DBA Sykes Ace Hardware 401(k) Profit Sharing Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

INDEPENDENT AUDITOR'S REPORT (Continued)

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of L.P. Industries, Inc. DBA Sykes Ace Hardware 401(k) Profit Sharing Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about L.P. Industries, Inc. DBA Sykes Ace Hardware 401(k) Profit Sharing Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

INDEPENDENT AUDITOR'S REPORT (Continued)

Auditor's Responsibilities for the Audit of the Financial Statements (Continued)

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of L.P. Industries, Inc. DBA Sykes Ace Hardware 401(k) Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about of L.P. Industries, Inc. DBA Sykes Ace Hardware 401(k) Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

INDEPENDENT AUDITOR'S REPORT (Continued)

Other Matter – Supplemental Schedule Required by ERISA

The supplemental schedule of Form 5500 - Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

L.P. INDUSTRIES, INC. DBA SYKES ACE HARDWARE
401(k) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

YEAR ENDED DECEMBER 31, 2025

NOTE 1. DESCRIPTION OF THE PLAN

The following description of L.P. Industries, Inc. DBA Sykes Ace Hardware 401(k) Profit Sharing Plan (the Plan) provides only general information. For more complete information, participants should refer to the Plan instrument, a copy of which is on file in the office of the Plan sponsor.

General

The Plan is a defined contribution 401(k) profit sharing retirement plan covering all eligible employees of L.P. Industries, Inc. DBA Sykes Ace Hardware (the Company and Plan sponsor) and any affiliate that has adopted the Plan. The Company is the Plan sponsor, with the following participating employers: Dixie Hardgoods Co. LLC, Brickell Hardgoods Company, South Beach Hardgoods Company, Aventura Hardgoods Company, and Harbor Hardgoods Company. The Plan commenced on January 1, 1993 and was restated effective January 1, 2021. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility

In order to be eligible to participate in the Plan, an employee must be at least 21 years old and have one year of service. Entry dates are on the first day of each quarter of the Plan year.

Contributions

Participants may contribute a percentage of their eligible compensation to the Plan, subject to the limitations imposed by the Internal Revenue Code. For 2025 and 2024, the elective deferral limits were $23,500 and $23,000, respectively. Participants who had attained age 50 before the end of the applicable Plan year were eligible to make catch-up contributions of $7,500 in 2025 and 2024. In addition, participants ages 60 through 63 were eligible to make enhanced catch-up contributions of up to $11,250 during 2025 under the SECURE 2.0 Act, for a total maximum contribution of $34,750. Participants may also make rollover contributions from other qualified plans.

The Plan permits employer safe-harbor nonelective contributions equal to 3% of eligible compensation, subject to the terms of the Plan and the applicable safe-harbor notice. The Plan also permits discretionary employer matching contributions and discretionary profit-sharing contributions. The amount and allocation of discretionary employer contributions are determined by the Plan Sponsor in accordance with the Plan document.

The Plan permits qualified nonelective contributions for eligible participants. Participants must satisfy the applicable allocation conditions, including any requirement to be employed on the last day of the Plan year. Highly compensated employees and other excluded employee classifications are not eligible for employer contributions to the extent provided under the applicable Plan provisions.

Participant Accounts

Each participant’s account is credited with participant contributions, rollover contributions, safe-harbor contributions, employer matching contributions, profit-sharing contributions, qualified nonelective contributions, if any, and a ratable portion of investment gain or loss, net of Plan expenses. Each participant’s account is charged with distributions made to that participant and other expenses properly allocable to the participant’s account.

NOTE 1. DESCRIPTION OF THE PLAN (Continued)

Vesting

Participants are immediately vested in their participant contributions, rollover contributions, and safe-harbor contributions, including actual earnings thereon. Employer matching contributions, profit-sharing contributions, and other non-safe-harbor employer contributions are subject to the vesting schedule provided in the Plan. Participants become 100% vested in such contributions after completing three years of service. Participants become fully vested in all contributions upon death, disability, attainment of the applicable retirement age, or termination of the Plan, to the extent provided by the Plan document.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account. The loan interest rate is set based on market rates, as defined in the Plan. Principal and interest are paid ratably through payroll deductions.

Investment Options

Upon enrollment in the Plan, and any time subsequently, a participant may direct contributions to be allocated among a selection of securities provided by the Plan (see Note 3).

Payment of Benefits

Upon termination of service due to death, disability or retirement, a participant or beneficiary may receive a lump-sum amount equal to the value of the participant's vested interest in their account or partial payments thereon. Upon retirement or separation of service with an account balance less than $5,000, the Plan administrator will distribute payment in the form of a lump-sum. If the vested portion of the account balance exceeds $5,000 (disregarding any rollover contributions), the Plan permits the participant to elect distribution as a lump-sum installment or partial withdrawals or installments but only with respect to minimum required distributions, over a period of not more than the participant's assumed life expectancy. In-service distributions are available to participants who have reached age 59½ and are 100% vested in their account balances.

Forfeitures

Forfeitures may first be used for restoration of participant forfeitures, then to offset Plan expenses, or to reduce employers' matching contributions. The forfeiture balance available for use was approximately $65,000 and $38,000 as of December 31, 2025 and 2024, respectively. During the year ended December 31, 2025, approximately $15,000 of forfeitures were used to reduce Plan expenses.

Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants are 100% vested in all contributions and earnings.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The Plan's financial statements are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires the Plan to make estimates and assumptions that affect the reported amounts of net assets available for benefit and disclosure of contingent net assets available for benefit as of the date of the financial statements and the reported amounts of additions to and deductions from net assets available for benefits during the reporting period. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Management determines the Plan's valuation policies, which are in accordance with U.S. GAAP. See Note 4 for discussion of fair value measurements.

Investments held by a defined-contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts, because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at the unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2025 and 2024, as the notes are collateralized by the participant's vested account balance.

As of December 31, 2025 and 2024, the interest rates on notes receivable from participants ranged from 8.00% to 8.50%. Notes receivable from participants were approximately $111,000 and $54,000 as of December 31, 2025 and 2024, respectively, and mature at various dates through July 2030.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

The Plan allows for administrative expenses to be paid by the Plan Sponsor or the Plan. Expenses that are paid by the Plan Sponsor are excluded from these financial statements. Investment related expenses are included in net appreciation in fair value of investments.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rates, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits. As of December 31, 2025, three investments made up approximately 34% of total investments.

NOTE 3. INFORMATION PREPARED AND CERTIFIED BY CUSTODIAN

The Plan has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Voya Retirement Insurance and Annuity Company (VOYA), the Custodian, has certified that the data included in the accompanying financial statements and supplemental schedule is complete and accurate with respect to investments and notes receivable from participants as shown on the statements of net assets available for benefits as of December 31, 2025 and 2024, net investment activity and interest income on notes receivable from participants as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2025, and investment information included in the footnotes and supplemental schedule of assets (held at end of year) as of December 31, 2025.

The Plan's independent auditors did not perform auditing procedures with respect to this information, except comparing such information to the related information included in the financial statements and supplemental schedule.

Allocations among the underlying investments are participant directed. The accounts are credited with earnings on the underlying investments and charged for Plan withdrawals and administrative expenses.

During the year ended December 31, 2025, the Plan's underlying investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by approximately $946,000. This was reported as net appreciation in fair value of investments in the accompanying statement of changes in net assets available for benefits.

NOTE 4. FAIR VALUE MEASUREMENTS

GAAP provides a framework for measuring fair value, expands disclosures about fair value measurements, and establishes a fair value hierarchy, which prioritizes the inputs used in measuring fair value summarized as follows:

Level 1: Inputs using the valuation methodology are unadjusted quoted prices for identical, unrestricted assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methods used for assets measured at fair value.

Pooled-separate account (PSA): The fair value of investments in the pooled separate account is determined by the fund custodian based on the fair value of the underlying securities within the fund, which represents the net asset value of the shares held by the Plan at year-end.

The following table presents the Plan’s fair value hierarchy for investments measured at fair value as of December 31, 2025:

	Level 1	Level 2	Level 3	Total
Pooled separate accounts	$ 7,580,477	$ -	$ -	$ 7,580,477

The following table presents the Plan’s fair value hierarchy for investments measured at fair value as of December 31, 2024:

	Level 1	Level 2	Level 3	Total
Pooled separate accounts	$ 6,425,905	$ -	$ -	$ 6,425,905

NOTE 5. GUARANTEED INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Plan's contract with VOYA included the option to allocate contributions to a guaranteed investment contract, referred to as the Voya Stable Value Option, which is fully benefit-responsive. Participant contributions to the guaranteed investment contract were held in the Voya general account. The contract is reported at contract value. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. Contract value, as reported to the Plan by Voya, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

As of December 31, 2025 and 2024, the contract value of the Voya Stable Value Option was approximately $1,076,000 and $1,143,000, respectively.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. These events may be different under each contract. Examples of such events include the following:

- The Plan's failure to qualify under Section 401(a) of the Internal Revenue Code (IRC) or the failure of the trust to be tax-exempt under Section 501(a) of the IRC;
- Premature termination of the contracts;
- Plan termination or merger;
- Changes to the Plan's prohibition on competing investment options; or
- Bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spinoffs of a subsidiary) that significantly affect the Plan's normal operations.

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

NOTE 6. RELATED PARTIES AND PARTY-IN-INTEREST TRANSACTIONS

Some of the Plan's investments are shares of funds managed by VOYA. Fees incurred by the Plan for investment management services are considered party-in-interest transactions; however, they are exempt from the prohibited transactions rules under ERISA. Contract administration fees incurred for the year ended December 31, 2025, were $4,350 and were included as administrative expenses in the accompanying statement of changes in net assets available for benefits. In addition, independent qualified public accountant audit fees and third-party administrator fees incurred for the year ended December 31, 2025 were $15,000 and $9,375, respectively, and were included as administrative expenses in the accompanying statement of changes in net assets available for benefits. Additionally, the Plan's sponsor and participating employers absorb virtually all remaining Plan administrative expenses.

NOTE 7. TAX STATUS

The Plan obtained its latest determination letter dated June 30, 2020, in which the IRS stated that the prototype plan document of the Plan, as then designed, was in compliance with the applicable requirements of the IRC. The Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Plan management is required to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not to be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2025, there are no uncertain tax positions taken or expected to be taken by the Plan. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 8. SUBSEQUENT EVENTS
