INDEPENDENT AUDITOR'S REPORT

To the Trustees of
Halo Network 403(B) ERISA Plan
300 Merrick Road
Amityville, NY 11701

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Halo Network 403(B) ERISA Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Halo Network 403(B) ERISA Plan financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from Empower Trust Company, LLC and Empower Life & Annuity Insurance Company of New York, qualified institutions, as of December 31, 2025 and 2024 and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate..

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor’s Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor’s Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Halo Network 403(B) ERISA Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Halo Network 403(B) ERISA Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Halo Network 403(B) ERISA Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Halo Network 403(B) ERISA Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the 2025 and 2024 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are presented in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental Schedule H, Line 4(i) – Schedule of Assets (Held at End of Year) as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements.

The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. Plan Description

The following description of Halo Network 403(B) ERISA Plan (the "Plan"), provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General – The Plan is a defined contribution plan covering eligible employees of Halo Network, Inc. (the "Organization"). The Plan was originally effective January 1, 2018 and amended and restated March 4, 2022. The Plan is subject to the provisions of ERISA and applicable provisions of the Internal Revenue Code. The Plan has been amended, as applicable, for relevant legislative and regulatory changes. The Board of Trustees is responsible for oversight of the Plan. The Plan Administrator determines the appropriateness of the Plan's investment offerings, monitors investment performance, and reports to the Plan's Board of Trustees.

Eligibility – All employees of the Organization, except nonresident aliens, are immediately eligible to make elective deferrals. Semimonthly self-directed staff are excluded from employer contributions. Other employees are immediately eligible for safe harbor matching contributions and must complete one year of service to be eligible for discretionary non-elective contributions.

Contributions – Eligible employees electing to participate in the Plan may contribute between 1% and 100% of their compensation, subject to certain limitations as set forth in section 402(g) of the Internal Revenue Code (the "Code"), into their respective accounts. Roth 403(b) deferrals are permitted and will be matched. Effective January 1, 2022, the Organization will automatically withhold 3% of the employee's compensation each payroll period and contribute that amount to the Plan as an elective deferral.

The elective-deferral limit was $23,500 for 2025. Participants who attained age 50 or older by the end of 2025 could contribute an additional $7,500, except that eligible participants who attained ages 60 through 63 during 2025 could contribute up to the applicable enhanced catch-up limit of $11,250, subject to the terms of the Plan. There are two different types of 403(b) contributions permitted under the Plan: pre-tax 403(b) contributions and Roth 403(b) contributions.

Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

The Organization may make a discretionary non-elective contribution in accordance with the governing Plan provisions. During 2025, the Organization recognized $51,344 of employer contributions relating to a $53,000 discretionary allocation designated for the 2024 plan year. The remaining $1,656 of the allocation was funded from forfeitures available under the Plan. The contribution was determined, funded, and allocated after the 2024 financial statements were issued; accordingly, no contribution receivable relating to this allocation was recorded at December 31, 2024.

The Organization also provides a safe harbor matching contribution equal to 100% of participant elective deferrals that do not exceed 3% of eligible compensation, plus 50% of participant elective deferrals exceeding 3% but not exceeding 5% of eligible compensation. The 2025 safe harbor matching allocation totaled $193,051, of which $190,939 was funded by the Organization and $2,112 was funded from forfeitures available under the Plan. The employer-funded portion was recorded as an employer contribution receivable at December 31, 2025 and was subsequently funded in 2026.

Total employer contributions recognized in the 2025 financial statements were $242,284.

Participants direct the investment of their contributions into various investment options offered by the Plan. Organization contributions are automatically invested based on each participant's election. The Plan offers various mutual funds and a fully benefit-responsive investment contract as investment options for participants.

Participant Accounts – Each participant's account is credited with the participant's contributions, allocations of the Organization's contribution, and Plan earnings. Each account is charged with allocations of investment losses, benefit payments, withdrawals, and administrative expenses, as applicable. Allocations are made in accordance with the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

1. Plan Description – continued

Vesting – Participants are immediately vested in their elective deferrals, rollover contributions, and safe harbor matching contributions, plus actual earnings thereon. The Organization's discretionary non-elective contributions vest 20% after one year of service and 20% on each of the second, third, fourth and fifth anniversaries thereafter.

Notes Receivable from Participants - The Plan permits participants to borrow from their pre-tax elective deferral, Roth elective deferral, and rollover accounts. Loans are not available from the matching or profit sharing accounts. The minimum loan is $1,000 and the maximum loan is equal to the lesser of $50,000 or 50% of the vested interest of the participant's account balance. Participant loans are secured by the participants' accounts and bear interest at rates ranging from 6.25% to 9.50%. Repayments are required to be made by payroll deductions. The maximum loan term is five years, with the exception of loans used to purchase the participant's principal residence, the terms of which may exceed five years.

Payment of Benefits – On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump sum amount equal to the value of the participant's vested interest in his or her account, or equal installments. If a participant's vested account balance at the time of termination of service is less than $5,000, the vested account balance will be automatically distributed as soon as administratively feasible after termination of employment. In-service distributions may be made to a participant provided the participant has attained age 59 ½. Under certain circumstances, the Plan may permit hardship withdrawals.

Forfeitures – At December 31, 2025 and 2024, forfeitures available for use by the Plan totaled $1,739 and $63, respectively. Forfeitures may be used to reduce employer contributions or pay eligible Plan administrative expenses, as permitted by the Plan document.

2. Summary of Significant Accounting Policies

This summary of significant accounting policies of Halo Network 403(B) ERISA Plan (the “Plan”) is presented to assist in understanding the Plan’s financial statements and supplemental schedule. The following significant accounting policies have been applied consistently in preparing the Plan’s financial statements and ERISA-required supplemental schedule.

Basis of Accounting - The financial statements of the Plan are prepared using the accrual basis of accounting.

Use of Estimates - The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition - Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Administrator determines the Plan’s valuation policies using information provided by the investment advisers, trustee, and insurance company. See Note 4 for information regarding fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis, and dividends are recorded on the ex-dividend date. Net appreciation or depreciation in fair value of investments includes unrealized gains and losses on investments held. Realized gains and losses on investments sold are presented separately as net gain (loss) on sale of assets.

Notes Receivable from Participants - Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2025. If a participant ceases to make required repayments and the Plan Administrator determines that the loan is in default, the unpaid balance is treated as a deemed distribution in accordance with applicable requirements. A loan offset arising from an actual distributable event is recorded as a benefit payment.

2. Summary of Significant Accounting Policies – continued

Payments of Benefits – Benefit payments to participants are recorded when paid.

Expenses - Administrative expenses of $19,008 were charged to the Plan or participant accounts during 2025. Other Plan expenses may be paid directly by the Organization and are excluded from these financial statements. Investment-related expenses are included in net appreciation or depreciation in fair value of investments.

3. Certified Investments

Certain investment information presented in the accompanying financial statements, notes to the financial statements, and ERISA-required supplemental schedule was obtained or derived from information prepared and certified as complete and accurate by Empower Trust Company, LLC and Empower Life & Annuity Insurance Company of New York, the trustee and custodian and the contract issuer, respectively. The certified information includes investments and participant notes receivable as of December 31, 2025 and 2024, and the related investment activity for the year ended December 31, 2025.

Management determined that Empower Trust Company, LLC and Empower Life & Annuity Insurance Company of New York met the requirements of qualified institutions under ERISA Section 103(a)(3)(C) for the periods covered by their certifications.

4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets and liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in markets that are not active.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from, or corroborated by, observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability’s fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

4. Fair Value Measurements – continued

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025 and 2024:

Assets at Fair Value as of December 31, 2025		
	Level 1	Total
Mutual funds	$ 1,777,229	$ 1,777,229
Total investments at fair value	$ 1,777,229	$ 1,777,229

Assets at Fair Value as of December 31, 2024		
	Level 1	Total
Mutual funds	$ 1,196,276	$ 1,196,276
Total investments at fair value	$ 1,196,276	$ 1,196,276

5. Fully Benefit – Responsive Investment Contract

The Plan entered into a traditional investment contract with Empower Life & Annuity Insurance Company of New York. This contract met the fully benefit - responsive investment contract criteria and therefore was reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this was the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The contract value was $2,938 at December 31, 2025. There are no reserves against contract value for credit risk of the contract issuer or otherwise.

The traditional investment contract held by the Plan is a group annuity contract. The contract issuer is contractually obligated to repay principal and interest at a specified rate guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than 1 percent. The crediting rate is reviewed on a quarterly basis for resetting. The contract cannot be terminated before the scheduled maturity date.

The Plan's ability to receive amounts due under the contract depends on the issuer's ability to meet its financial obligations and may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. Examples of such events include the following:

- Amendments to the Plan documents (including complete or partial Plan termination or merger with another Plan).
- Changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions.
- Bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spinoffs of a subsidiary) that cause a significant withdrawal from the Plan.
- The failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA.
- Premature termination of contracts.

5. Fully Benefit – Responsive Investment Contract – continued

Furthermore, certain events would allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Examples of such events include the following:

- An uncured violation of the Plan's investment guidelines.
- A breach of material obligation under the contract.
- A material misrepresentation.
- A material amendment to the agreements without the consent of the issuer.

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with participants.

6. Plan Termination

Although it has not expressed any intent to do so, the Organization has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their employer contributions.

7. Related Party Transactions and Party-In-Interest Transactions

Certain Plan investments are shares of mutual funds made available through Empower Trust Company, LLC, the Plan's trustee and custodian. The Plan also holds a fully benefit-responsive investment contract issued by Empower Life & Annuity Insurance Company of New York. Transactions involving these entities qualify as party-in-interest transactions.

The Plan also enters into transactions with service providers and permits participant loans. These transactions are permitted under the Plan's provisions and are exempt from the prohibited-transaction provisions of ERISA when applicable requirements are met.

8. Tax Status

The Plan is intended to qualify for tax-favored treatment under Section 403(b) of the Internal Revenue Code. The Plan uses a preapproved 403(b) plan document. The Plan is required to operate in conformity with the Code and the governing Plan document to maintain its tax-favored status for participants. The Plan Sponsor and third-party administrator believe the Plan is being operated in compliance with the applicable requirements of the Code.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability or asset when a position is not more likely than not to be sustained upon examination. The Plan is subject to routine examination by taxing jurisdictions; however, no examinations are currently in progress. The Plan Administrator believes the Plan is no longer subject to income-tax examination for years before 2022.

The Plan is being amended and restated during 2026 under the applicable preapproved 403(b) restatement cycle.

9. Risk and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

10. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 for the years ended December 31, 2025 and 2024:

	2025	2024
Net assets available for benefits per the financial statements	$ 2,090,242	$ 1,407,518
Current year: Employer contribution receivable	(190,939)	(134,131)
Net assets available for benefits per the form 5500	$ 1,899,303	$ 1,273,387

The following is a reconciliation of the changes in net assets available for benefits per the financial statements to the Form 5500 for the years ended December 31, 2025 and 2024:

	2025	2024
Change in net assets available for benefits per the financial statements	$ 682,724	$ 579,233
Prior year employer contribution receivable	134,131	-
Current year employer contributions receivable	(190,939)	(134,131)
Change in net assets available for benefits per the Form 5500	$ 625,916	$ 445,102

11. Subsequent Events

The plan sponsor has evaluated the December 31, 2025 financial statements for subsequent events through October 15, 2026, the date the financial statements were available to be issued. No events were identified that required adjustment to or disclosure in the financial statements.
