To the Trustee and Plan Administrator
Hill & Markes, LLC 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Hill & Markes, LLC 401(k) (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Hill & Markes, LLC 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of and for the years ended December 31, 2025 and 2024, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section -

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Hill & Markes, LLC 401(k) and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Hill & Markes, LLC 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

WE VALUE YOUR FUTURE

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Hill & Markes, LLC 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Hill & Markes, LLC 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion -

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

WE VALUE YOUR FUTURE

- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. DESCRIPTION OF PLAN

General

The Hill & Markes, LLC 401(k) Plan (the Plan) was established on January 1, 1996. The Plan is sponsored by Hill & Markes, LLC (the Company). The following brief description of the Plan is provided for general informational purposes only. Participants should refer to the plan document for a more complete description of the Plan's provisions.

The Plan is a defined contribution plan covering substantially all of the employees of the Company, who are age 21 or older and who have attained six months of credit service, except those subject to collective bargaining agreements and certain nonresidential aliens. The Plan is subject to the requirements of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year, participants may make pre-tax and post-tax contributions from their annual compensation as defined in the plan document, subject to certain limitations. The maximum participant deferral for the years ended December 31, 2025 and 2024, was $23,500 and $23,000, respectively, if under the age of 50. Participants age 50 and over are also permitted to make additional "catch-up" contributions with a total maximum contribution in 2025 and 2024 of $31,000 and $30,500, per year respectively. Participants may also contribute amounts representing distributions from other qualified plans. Participants direct the investment of their contributions, and the Company's matching contributions, if any, into various investment options offered by the Plan.

The Plan also includes an automatic enrollment feature. Participants entering the Plan will automatically be enrolled at 3% unless they choose to opt out of the Plan or elect to defer a different amount. There is no auto-escalation provision related to the automatic enrollment.

The Company may, at its discretion, make matching contributions once a participant meets the eligibility requirements as defined in the plan document. During the years ended December 31, 2025 and 2024, the Company made matching contributions equal to 25% of the actual deferrals of the first 6% of eligible employees' salaries. Additionally, the Company has the option of making additional discretionary contributions. There were no additional discretionary contributions made for the years ended December 31, 2025 and 2024.

Participant Accounts

The Plan allows each participant to select the investments in their individual account. Each participant's account is credited with the participant's contribution, the Company's matching contribution, and discretionary contribution, if any, and allocations of (a) investment earnings and losses, and (b) administrative expenses. Allocations are based on participant earnings or account balances, as defined in the plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

1. DESCRIPTION OF PLAN

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The loans must be adequately secured and made in accordance with the terms of the Plan. Principal and interest is paid ratably through payroll deductions. The maximum length for repayment of a loan is five years unless it is for the purchase of a principal residence, in which case it can be up to fifteen years.

Vesting

Participants are vested immediately in their contributions plus actual earnings or losses thereon. Vesting in the Company's matching contribution and non-elective portions of their accounts is based on years of continuous service and is the earlier of the vesting schedule below or plan termination, the occurrence of normal retirement age (65), or death or disability.

Years of Service	Percent Vested
Less than 2	0%
2 but less than 3	20%
3 but less than 4	40%
4 but less than 5	60%
5 but less than 6	80%
6 or more	100%

Forfeited Accounts

At December 31, 2025 and 2024, forfeited non-vested accounts totaled $41,963 and $36,991, respectively. These accounts may be used to pay for plan expenses or reduce future employer contributions. For the years ended December 31, 2025 and 2024, $87 and $47, respectively, was used to pay plan expenses and $8,564 and $-0-, respectively, was used to reduce employer contributions made to the Plan.

Payment of Benefits

On termination of service due to death, disability, or retirement, a participant may elect to receive an amount equal to the value of the participant’s vested interest in their account, either in a lump sum amount or a series of payments, subject to limitations. Normal retirement under the Plan is 65 years of age. There are no provisions for early retirement. Hardship withdrawals of elective deferrals and the participant’s vested portion of the Company’s matching contributions are allowed as defined by the Plan. The Plan also permits in-service distributions after attaining age 59 ½.

Administrative Expenses

Certain administrative expenses of the Plan are paid for by the Company, while participant transaction fees are charged directly to participant accounts as incurred. During the years ended December 31, 2025 and 2024, administrative expenses paid for by the Company on behalf of the Plan were $19,575 and $19,160, respectively.

1. DESCRIPTION OF PLAN

Investment Options

The Plan's provisions allow participants to make their own investment elections with the Plan's recordkeeper Principal Life Insurance Company. Participants may direct their contributions into one or more registered investment companies (mutual funds), a stable value fund, pooled separate accounts, or a guaranteed income account.

Participants may change their investment options at any time by contacting the investment manager or via their online account.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires plan management to make estimates and assumptions that affect the reported amounts of net assets and disclosure of contingent assets and liabilities at the date of the financial statements and reported amounts of changes in net assets during the reporting period. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value, except for the fully benefit-responsive investment contract, which is reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Company determines the Plan's valuation policies utilizing information provided by the investment adviser and custodian. See Note 6 and Note 9 for discussion of fair value measurements and Note 10 for contract value.

Investment income recognized by the Plan includes earnings from investments, net gains (losses) realized from sale of investments, and the net change in the unrealized appreciation (depreciation) of investments. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Corrective Distributions Payable

Corrective distributions payable represents amounts payable to certain participants in order for the Plan to pass its required annual compliance testing. For the years ended December 31, 2025 and 2024, the Plan passed all of its required annual compliance testing; therefore, there is no corrective distributions payable as of December 31, 2025 and 2024.

Benefits

Payments of benefits are recorded when paid.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recognized by the Plan in the period in which it is earned based on the outstanding principal balance times the stated interest rate at the date the note receivable originated. Delinquent participant notes are reclassified as deemed distributions based upon the terms of the plan document.

3. RISKS AND UNCERTAINTIES

The Plan invests in investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such change could materially affect participant account balances and amounts reported in the statements of net assets available for benefits.

4. INCOME TAX STATUS

The underlying non-standardized prototype plan has received an opinion from the Internal Revenue Service (IRS) dated June 30, 2020, stating that the form of the Plan is qualified under Section 401(a) of the Internal Revenue Code (the Code) and, therefore, the related trust is tax exempt. In accordance with Revenue Procedures 2005-6 and Announcement 2001-77, the plan administrator has determined that it is eligible to, and has chosen to, rely on the current IRS prototype plan opinion letter. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification.

The prototype plan has been amended to comply with recent legislation. However, the plan administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan is qualified, and the related trust is tax exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS or other applicable taxing authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

5. INFORMATION CERTIFIED BY THE PLAN'S CUSTODIANS

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Delaware Charter Guarantee & Trust Company d/b/a Principal Trust Company and Principal Life Insurance Company, the Plan's custodians, have certified to the completeness and accuracy of the investments and notes receivable from participants reflected in the accompanying statements of net assets available for benefits and in the accompanying schedule of assets (held at end of year) as of December 31, 2025, and the related investment activity and interest income from notes receivable from participants reflected in the accompanying statements of changes in net assets available for benefits.

6. FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board Accounting Standards Codification 820, *Fair Value Measurements*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

- Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 - Inputs to the valuation methodology include:
    - Quoted prices for similar assets or liabilities in active markets.
    - Quoted prices for identical or similar assets and liabilities in inactive markets.
    - Inputs other than quoted prices that are observable for the asset or liability.
    - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.
    - If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used to determine fair value at December 31, 2025 and 2024.

- Registered Investment Companies (mutual funds): Fair value based on quoted prices in active markets at year end.

- Pooled Separate Accounts: The Plan has adopted the provisions of Accounting Standards Update (ASU) 2009 -12, *Investments in Certain Entities that Calculate Net Asset Value per Share (or its Equivalent)*. ASU 2009-12 allows for the estimation of fair value of investments in certain investment companies for which the investment does not have a readily determinable value by using net asset value (NAV) per share or its equivalent as a practical expedient. The pooled separate accounts are primarily valued at the closing NAV of the units held by the Plan at year-end based on information provided and certified by Principal Trust Company.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

6. FAIR VALUE MEASUREMENTS

Fair values of assets measured on a recurring basis at December 31, are as follows:

	Fair Value	(Level 1)
December 31, 2025		
Registered Investment Companies (Mutual Funds)	$ 6,641,255	$ 6,641,255
Total assets in the fair value hierarchy	6,641,255	6,641,255
Group Annuity Contract-Pooled separate accounts (a)	1,719,144	-
Total Assets at Fair Value	$ 8,360,399	$ 6,641,255

	Fair Value	(Level 1)
December 31, 2024		
Registered Investment Companies (Mutual Funds)	$ 5,752,408	$ 5,752,408
Total assets in the fair value hierarchy	5,752,408	5,752,408
Group Annuity Contract-Pooled separate accounts (a)	1,590,088	-
Total Assets at Fair Value	$ 7,342,496	$ 5,752,408

(a) In accordance with ASC Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit a reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

Fair Value Estimated Using Net Asset Value Per Share

The following table sets forth a summary of the Plan's investments with a reported estimated fair value using net asset value per share as of December 31:

	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Period Notice
December 31, 2025				
Pooled Separate Accounts	$ 1,719,144	None	Daily	Daily

	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Period Notice

7. PARTIES-IN-INTEREST

The Plan is sponsored by Hill & Markes, LLC. The Plan and the sponsor are considered related parties based upon shared management (the "Company"). The following organizations are considered parties-in-interest based upon services provided to the Plan during the years ended December 31, 2025 and 2024:

Hill & Markes, LLC - Plan Sponsor
Mengel, Metzger, Barr & Co. LLP - Plan Audit Firm
Eagle Rock Wealth Management - Investment Advisor
M. Holding Securities, Inc. - Investment Broker Services
Delaware Charter Guarantee & Trust Company d/b/a Principal Trust Company - Custodian
Orenda Retirement, LLC - Trustee and Third-Party Administrator
Principal Life Insurance Company - Custodian and Recordkeeper

The Plan engages Orenda Retirement, LLC as its third-party administrator. For the years ended December 31, 2025 and 2024, the Plan paid $9,743 and $8,452, respectively, for these services, of which $6,750 and $5,400 respectively, are included in administrative expenses and participant transaction fees and $2,993 and $3,052, respectively, are included in the net appreciation in the value of investments in the accompanying statements of changes in net assets available for benefits. Additionally, during the years ended December 31, 2025 and 2024, Orenda Retirement, LLC also received referral/service fees of $1,287 and $1,556, respectively, related to the insurance contract the Plan holds as an investment option.

Principal Life Insurance Company provides recordkeeping services to the Plan. For the years ended December 31, 2025 and 2024, the Plan paid $22,552 and $24,299, respectively, for these services. As the services relate to participant-initiated transactions (withdrawals) they are included in administrative expenses and participant transaction fees in the accompanying statements of changes in net assets available for benefits.

M. Holding Securities, Inc. provides investment brokerage services to the Plan. For the years ended December 31, 2025 and 2024, the Plan paid $6,710 and $8,232, respectively, for these services. These amounts are included in the net appreciation in the value of investments in the accompanying statements of changes in net assets available for benefits.

For the years ended December 31, 2025 and 2024, there were no prohibited transactions between either the related parties and the Plan or the parties-in-interest.

8. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of the plan document and ERISA. In the event that the Plan terminates, participants will become 100% vested in the Company's matching contributions portion of their accounts, and the net assets of the Plan will be allocated as prescribed by the plan document and ERISA. Upon termination of the Plan, the Custodians will continue to hold the plan assets and will make distributions of the plan benefits in accordance with the instructions of the plan administrator and the Plan's provisions.

9. GROUP ANNUITY CONTRACT - POOLED SEPARATE ACCOUNTS

The Plan has entered into a group annuity contract with Principal Life Insurance Company. The underlying investments of the contract are individual pooled separate accounts that invest in a single mutual fund. The contract does not require a guaranteed rate of return, instead each separate account's return is based on the change in value of the underlying mutual fund adjusted for any management fee and fee credit, as applicable. The unit value of each separate account is calculated by multiplying the number of units held in the separate account by the applicable unit value. Each separate account has a base $10 unit value when the account is established.

10. GROUP ANNUITY CONTRACT - GUARANTEED OPTION ACCOUNT

The Plan has entered into a fully benefit-responsive investment contract with Principal Life Insurance Company (PLIC). The contract is a group annuity contract backed by the general account of PLIC. Deposits to the group annuity contract are guaranteed in both principal and interest, assuring that the funds will grow at specified rates. The investments are credited with interest on a net daily basis at annual effective rate. The guaranteed net interest rate at December 31, 2025 and 2024 was 2.85% and 2.55%, respectively. This investment is recorded in the accompanying statements of net assets available for benefits at contract value as determined by PLIC.

11. SUBSEQUENT EVENTS

Plan management has evaluated events subsequent to the statement of net assets available for benefits date of December 31, 2025, and through October 15, 2026, which is the date these financial statements were available to be issued, and has determined there are no subsequent events that require recording or disclosure.
