Independent Auditors' Report

To the Plan Administrator of
Neighborly Care Network Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed the audits of the financial statements of Neighborly Care Network Retirement Plan ("the Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from qualified institutions as of December 31, 2025 and 2024 and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material, if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on these financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

(1) Description of the Plan

The following brief description of the Neighborly Care Network Retirement Plan (the "Plan") provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

(a) General

The Plan is a tax deferred annuity plan covering all eligible employees of Neighborly Care Network, Inc. (the "Company", "Plan Administrator" and "Plan Sponsor") and was originally adopted July 1, 2001. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Effective June 1, 2020, the Plan adopted the amended and restated OneAmerica Financial Partners, Inc. 403(b) Volume Submitter Plan, which is operated by OneAmerica, who represents American United Life Insurance Company ("AUL"), the plan custodian. As part of this plan amendment, the Plan name was formally changed to Neighborly Care Network Retirement Plan.

Effective June 15, 2025, the Plan adopted the amended Principal Life Insurance Company Prototype Non-standardized 403(b) Plan, which is operated by Principal Trust Company (Principal), the plan custodian.

Effective June 15, 2025, the Company changed the recordkeeper and custodian of the Plan from OneAmerica Financial Partners, Inc. (OneAmerica) to Principal. OneAmerica liquidated the majority of investments and transferred the assets to Principal in 2025. Investments totaling $184,674 remained with OneAmerica in an alternate fixed account as of December 31, 2025.

(b) Contributions

Each year, participants may contribute up to $23,500 of annual compensation as pre-tax or Roth contributions, as defined in the Plan. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Additionally, participants age 50 or older, who are making contributions to the Plan, are allowed to make catch-up contributions as defined in the Plan. Participants direct the investment of all contributions into various investment options offered by the Plan. The Plan adopted an auto-enrollment provision on June 15, 2025 whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at two percent of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant. Employees must complete one year of service with the Company and have reached 18 years of age before the employee is eligible to receive contributions made by the Company. The Company may make discretionary employer contributions as determined by the employer in accordance with the provisions of the Plan. The Company elected to make a discretionary employer contribution of 5% of a participant's eligible compensation. Contributions are subject to certain Internal Revenue Code ("IRC") limitations.

(1) Description of the Plan - Continued

(c) Participant Accounts

Each participant's account is credited with the participant's contributions, related Company matching or discretionary contributions, and plan earnings (losses) and charged with an allocation of administrative expenses, if not paid by the Company. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

(d) Vesting Requirements

Participants are immediately fully vested in their voluntary contributions, including catchup contributions, rollover contributions from other plans, employer contributions, and earnings thereon under the 403(b) option of the Plan.

(e) Investment Options

Upon enrollment in the Plan, participants may direct 100% of their allocation of contributions with Principal. Within Principal, participants may select between a number of investment options, including several mutual funds.

(f) Notes Receivable from Participants

Participants may borrow from their individual accounts, a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Loans are secured by the vested balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the Plan Administrator at the time the loan is approved. Principal and interest is collected ratably through payroll deductions. Loan terms range from one to five years or up to 30 years for the purchase of a primary residence.

(g) Benefits Paid to Participants

Upon termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount or installments, equal to the value of the participant's vested interest in his or her account. For termination of service for other reasons, distribution of the value of the participant's vested interest in his or her account will begin as soon as possible after the participant's request. Withdrawals prior to attaining age 59 ½ are not permitted, except in the event of retirement, disability, or as a hardship distribution. Upon proof, to the satisfaction of the Plan Administrator, of an immediate and heavy financial need, amounts contributed may be withdrawn for a hardship purpose. Certain income tax penalties may apply to withdrawals or distributions prior to age 59 ½.

(h) Forfeitures

The Plan has no forfeitures, as both employee and employer contributions to the Plan are immediately vested.

(2) Summary of Significant Accounting Policies

(a) Basis of Accounting

The accompanying financial statements have been prepared on the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

(b) Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results could differ from those estimates.

(c) Investment Valuation and Income Recognition

Investments are reported at fair value (except for the fully-benefit responsive investment contract which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

The Plan's management determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians and insurance company.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

(d) Contributions

Contributions from Plan participants and the matching contributions from the employer are recorded in the year in which they are withheld.

(e) Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred.

(f) Benefits Paid to Participants

Benefits paid to participants are recorded when paid.

(g) Administration Expenses

Plan administration expenses are paid out of plan assets, unless otherwise stated.

(3) Information Prepared and Certified by the Custodian

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, AUL and Delaware Charter Guarantee & Trust Company d/b/a Principal Trust Company, the plan custodians, have certified that the following data included in the accompanying financial statements and supplemental schedule are complete and accurate with respect to investments:

- Investments, at fair value
- Fully benefit-responsive investment contract, at contract value
- Notes receivable from participants
- Net appreciation in fair value of investments
- Interest income on fully benefit-responsive investment contract
- Interest on notes receivable from participants
- Dividends
- Schedule of assets (held at end of year)

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

(4) Fair Value Measurements

The Plan applies ASC 820, *Fair Value Measurement*, which establishes a framework for measuring fair value and expands disclosures about fair value measurements. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of inputs that may be used to measure fair value are as follows:

Level 1: Inputs to the valuation methodology are quoted prices available in active markets for identical investments as of the reporting date.

Level 2: Inputs to the valuation methodology are other than quoted prices in active markets, which are either directly or indirectly observable as of the reporting date.

Level 3: Inputs to the valuation methodology are unobservable inputs in situations where there is little or no market activity for the asset or liability and the reporting entity makes estimates and assumptions related to the pricing of the asset or liability including assumptions regarding risk.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

(4) Fair Value Measurements - Continued

The following is a description of the valuation methodologies used for instruments measured at fair value:

Mutual Funds: These investments are public investment vehicles valued using the Net Asset Value ("NAV") provided by the administrator of the fund. The NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. The NAV is a quoted price in an active market and classified within Level 1 of the valuation hierarchy.

The method described above may produce a fair value determination that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth, by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2025 and 2024:

		Fair Value Measurements at December 31, 2025 Using		
Description	Assets Measured at Fair Value at December 31, 2025	Quoted Prices in Active Markets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Mutual funds	$ 2,500,350	2,500,350	-	-
Total investments at fair value	$ 2,500,350	2,500,350	-	-

		Fair Value Measurements at December 31, 2024 Using		
Description	Assets Measured at Fair Value at December 31, 2024	Quoted Prices in Active Markets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Mutual funds	$ 2,290,593	2,290,593	-	-
Total investments at fair value	$ 2,290,593	2,290,593	-	-

(5) Investment Contract with Insurance Companies

The Plan invested in a group annuity contract with AUL. AUL maintained the contributions in the Stable Value Account. Funds allocated to the Stable Value Account were placed in a general account where they were invested in accordance with AUL's general account investment policy. AUL's general account assets are predominately fixed-income investments (bonds, mortgages and private placements). Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

(5) Investment Contract with Insurance Companies - Continued

Because the guaranteed investment contract was fully benefit-responsive, contract value was the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. The contract value of the AUL investment contract at December 31, 2025 and 2024 was $184,674 and $192,209, respectively.

The guaranteed investment contract issuer was contractually obligated to repay the principal and a specified interest rate that was guaranteed to the Plan. The crediting interest rate is reset annually, each January 1 for the following year. The crediting interest rate was 1% for the year ended December 31, 2025.

Effective June 15, 2025, the Plan changed recordkeepers and custodians from OneAmerica, who represents AUL, to Principal. Assets invested in the Stable Value Fund remained with the former recordkeeper at December 31, 2025 due to the contractual provisions of the investment contract.

The Stable Value Fund was subject to a twelve-month put provision that required advance notice before assets could be withdrawn from the fund at contract value. Accordingly, $184,674 of Stable Value Fund investments remained invested with the former recordkeeper as of December 31, 2025. These investments are included in net assets available for benefits as of December 31, 2025 and continued to earn investment returns under the terms of the contract.

Upon expiration of the put period, the remaining Stable Value Fund assets were transferred to the successor recordkeeper during 2026 at contract value. Management believes the transfer was completed in accordance with the contractual requirements of the investment agreement and that participants retained substantially equivalent investment exposure during the transition period.

Certain events limit the Plan's ability to transact at contract value with AUL. Such events include the following: (a) amendments to the plan documents (including complete or partial plan termination or merger with another plan); (b) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions; (c) bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan; or (d) the failure of the Plan to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan Administrator does not believe that any events that would limit the Plan's ability to transact at contract value with plan participants are probable of occurring. In addition, the guaranteed investment contract does not permit AUL to terminate the agreement prior to the scheduled maturity date.

(6) Related Party Transactions and Party-in-Interest Transactions

Certain plan investments are held and managed by AUL and Principal, which qualify as party-in-interest transactions. Fees paid by the Plan for the investment management services of AUL and Principal, as well as participant loan fees, amounted to $21,040 for the year ended December 31, 2025.

Notes receivable from participants are also considered to be party-in-interest transactions.

(7) Tax Status

The Plan adopted a volume submitter 403(b) plan, which obtained a favorable opinion letter dated March 31, 2017. The Plan is required to operate in conformity with the Internal Revenue Code to maintain the tax-exempt status for plan participants under Section 403(b). The plan administrator and the Plan's management believe that the Plan is being operated in compliance with the Internal Revenue Code, and as such, no provision for income taxes has been included in the accompanying financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2025, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

(8) Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. As employer contributions are already fully vested, plan termination would not have any effect on participants' vested percentages.

(9) Subsequent Events

On July 29, 2026, OneAmerica transferred the remaining assets totaling $187,339 to Principal.

The Plan's management has evaluated events and transactions for potential recognition or disclosure in the financial statements through October 15, 2026, the date the financial statements were available to be issued.
