INDEPENDENT AUDITOR'S REPORT

To the Administrative Committee and Participants of
Baker's Burgers, Inc. Profit Sharing 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Baker's Burgers, Inc. Profit Sharing 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor’s (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL’s Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for at least one year following the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

BAKER'S BURGERS, INC. PROFIT SHARING 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

1. Description of the Plan

The Baker’s Burgers, Inc. Profit Sharing 401(k) Plan (the “Plan”) (formerly, Neal T. Baker Enterprises, Inc. Profit Sharing 401(k) Plan) of Neal T. Baker Enterprises was established March 31, 1961 and subsequently adopted effective April 1, 2016 by Baker’s Burgers, Inc., an affiliated organization. The Plan was most recently restated effective January 1, 2021. The following description of the Plan provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution profit-sharing plan covering eligible employees of Neal T. Baker Enterprises and Baker's Burgers, Inc. The Plan provides for retirement, death, and disability benefits. Employees of the Company and its participating affiliate are generally eligible to participate in the Plan upon completing one year of service, defined as a twelve-consecutive-month period in which the employee works at least 1,000 hours of service, and attaining age eighteen. Eligible employees enter the Plan on the first day of the month coinciding with or next following the date these requirements are met. Participants are eligible to share in the Company’s discretionary profit sharing contribution if they complete a Year of Service during the Plan year and are employed on the last day of the Plan year. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). The Plan is intended to be a qualified defined contribution plan that satisfies the requirements of section 401(k) of the Internal Revenue Code (the “Code”). Under the Code, participants are not liable for federal income taxes on employee contributions, Company contributions or Plan earnings until such time as they are partially or completely withdrawn from the Plan.

1. Description of the Plan (continued)

Contributions

Under the Plan, employees may elect to defer a portion of their compensation, as defined in the Plan. Contributions are subject to certain statutory limitations as imposed by the IRS. Participants may also contribute amounts representing distributions from other qualified contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Company determines the appropriate contribution to the trust fund for each fiscal year. The Plan is a qualified safe harbor plan and the Company matches 100% of the participants' deferrals up to 4% of compensation. For the years ended December 31, 2025 and 2024, the Company made safe harbor matching contributions of $225,667 and $236,544, respectively.

Participant Accounts

Each participant's account is credited with the participant's elective contribution, the Company's matching contribution and an allocation of the Company's discretionary contribution and Plan earnings (losses). Allocations of the Company's discretionary contribution are based on the participant's compensation. Participant accounts are charged with an allocation of administrative expenses paid by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their elective deferrals, rollover contributions, and the Company's safe harbor matching contributions, plus actual earnings thereon. Vesting in the Company's non-safe harbor matching contributions and discretionary profit sharing contributions, plus actual earnings thereon, is based on years of service. These contributions vest 20% after two years of service and an additional 20% for each additional year of service, with full vesting after six years. A year of service is defined as a period of twelve consecutive months in which the participant works at least 1,000 hours of service.

1. Description of the Plan (continued)

Investment Options

Participants may choose among various investment funds in which their contributions are to be invested. All of the Plan’s investment options are participant-directed.

Notes Receivable from Participants

Participants may borrow from their Plan accounts a total amount not to exceed the lesser of (1) $50,000 or (2) 50% of the participant's vested interest in the Plan. The loans are secured by the balance in the participant's accounts and bear interest at rates that range from 4.25% to 9.5%, which are comparable to rates currently charged by local institutional lenders. Principal and interest are paid ratably through regular payroll deductions.

Payment of Benefits

On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or equal installments through the purchase of an annuity contract. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. The normal retirement age under the Plan is 65. Participants may receive partial distributions of their vested benefits from their account subject to the rules and regulations of the Plan. The net assets available for benefits at December 31, 2025 and 2024 included $3,372,541 and $3,182,049, respectively, of account balances of participants who terminated employment but had not yet taken a distribution.

1. Description of the Plan (continued)

Forfeited Accounts

Upon a participant's termination of employment, the portion of the participant's account that exceeds the vested interest is forfeited. Forfeitures may be used to reduce future Company contributions or to pay administrative expenses of the Plan. Forfeitures for the years ended December 31, 2025 and 2024 were $1,799 and $2,425, respectively. Unallocated forfeitures at December 31, 2025 and 2024 were $3,613 and $1,814, respectively. No forfeitures were used to reduce employer contributions or pay administrative expenses during 2025.

Plan Administration

Loan, transaction, and third-party administrator fees totaling $29,852 and $26,786 were paid by the Plan for the years ended December 31, 2025 and 2024, respectively (see Note 6). These fees were offset by credits from John Hancock to participant accounts of $30,657 and $28,607 for the years ended December 31, 2025 and 2024, respectively. The net amount is included in other expenses in the statement of changes in net assets available for benefits. All other expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Certain administrative functions are performed by officers or employees of the Company. No officer or employee receives compensation from the Plan.

Plan Termination

The Company anticipates and believes that the Plan will continue without interruption but reserves the right to terminate the Plan in whole or in part at any time. In the event of Plan termination, each participant would become fully vested to the extent of the balance in their account, and all accumulated Plan benefits would be disbursed to the participants.

2. Summary of Significant Accounting Policies

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as other expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2025 and 2024. If a participant does not make loan repayments and the Plan administrator considers the participant loan to be in default, the participant loan balance is reduced and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

2. Summary of Significant Accounting Policies (continued)

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 7 for discussion on fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in the fair value of investments consists of both realized and unrealized gains and losses. Realized gains and losses are measured as the difference between the historical cost of investments sold or redeemed during the year and the proceeds received from their sale or redemption.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in other expenses. Investment-related expenses are included in net appreciation in fair value of investments.

Operating Payable

There were no amounts payable to participants for contributions from ineligible participants as of December 31, 2025 and 2024.

Amounts payable totaling $3,613 and $1,814 to offset future employer matching contributions are recorded as accounts payable as of December 31, 2025 and 2024, respectively.

3. Investments

The Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value during the years ended December 31, 2025 and 2024 as follows:

	Year ended December 31, 2025	Year ended December 31, 2024
Pooled accounts	$ 1,848,429	$ 1,471,036
Life insurance	5,005	(3,473)
Net appreciation in fair value of investments	$ 1,853,434	$ 1,467,563

During the year ended December 31, 2025, the Plan realized a gain on life insurance policies in the amount of $3,004. This amount is reflected as an addition to net assets for the year ended December 31, 2025. The Plan did not recognize any realized gains or losses related to its life insurance policies for the year ended December 31, 2024.

4. Summary of Financial Data Certified by the Custodian of Plan Assets

The following financial data, included in the accompanying financial statements and supplemental schedule, was certified as complete and accurate by John Hancock Life Insurance Company (U.S.A.), the insurance company that issued the Plan's group annuity contract, as of and for the years ended December 31, 2025 and 2024, in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. The Plan's investments in life insurance contracts are held with Metropolitan Life Insurance Company and are not covered by the certification.

5. Tax Status

The Company has adopted a pre-approved plan document offered by FIS Business Systems LLC that has received an IRS Opinion Letter dated June 30, 2020, stating that the form of the pre-approved plan document was in compliance with the applicable requirements of the Internal Revenue Code (the “Code”). The Plan has been amended since adopting the pre-approved plan document. However, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Code. Therefore, no provision for income taxes has been included in the Plan’s financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for periods prior to 2022.

6. Party-in-Interest Transactions

Certain Plan investments are managed by John Hancock Life Insurance Company USA, custodian of the Plan's assets; therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for loan and other transaction fees amounted to $29,852 and $26,786 for the years ended December 31, 2025 and 2024, respectively. Fees incurred by the Plan for the investment management services are included in net appreciation in fair value of the investment, as they are paid through revenue sharing, rather than a direct payment.

Additionally, the Plan issues loans to participants, which are secured by the participant’s account balances. These transactions qualify as party-in-interest transactions.

The party-in-interest transactions described above are exempt from the prohibited transaction rules of ERISA.

7. Fair Value Measurements

The Plan's investments are reported at fair value in the accompanying statements of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Guidance included in ASC 820-10 "Fair Value Measurements and Disclosures" provides a framework for measuring fair value and establishes a fair value hierarchy that prioritizes the inputs used to measure fair value, giving the highest priority to unadjusted quoted prices in active markets for identical assets (Level 1 inputs) and the lowest priority to unobservable inputs (Level 3 inputs):

Level 1 - Unadjusted quoted prices in active markets for identical assets or liabilities that the Plan has the ability to access.

Level 2 - Inputs are based on quoted prices for similar investments and model-based valuation techniques for which all significant assumptions are observable in the market or can be corroborated by observable market data.

Level 3 - Inputs to the valuation methodology are unobservable inputs in situations where there is little or no market activity for the asset or liability and the reporting entity makes estimates and assumptions related to the pricing of the asset or liability including assumptions regarding risk.

The following is a description of the valuation methodologies used for assets measured at fair value.

7. Fair Value Measurements (continued)

Guaranteed interest accounts: Valued at the contract value reported by John Hancock Life Insurance Company (U.S.A.), representing contributions made under the contract plus accumulated interest at the contract rates, less withdrawals, which approximates fair value. The contract rates are set by John Hancock and are not observable in the market; accordingly, these investments are classified within Level 3 of the fair value hierarchy.

Pooled separate accounts: Valued at the net asset value (NAV) of units held by the Plan at year-end, as reported by John Hancock Life Insurance Company (U.S.A.). The NAV is used as a practical expedient to estimate fair value and is based on the fair value of the underlying investments held by each separate account.

Life insurance: Valued at cash surrender value, which approximates fair value. Cash surrender value is the value that will be paid to the policy holder in the event the policy is voluntarily terminated before an insured event occurs.

The significant unobservable inputs, the contract rates set by John Hancock, are developed by John Hancock and are not adjusted by the Plan; accordingly, quantitative information about those inputs is not presented. For the year ended December 31, 2025, purchases of Level 3 investments totaled $20,566, and there were no transfers into or out of Level 3. In the 2024 financial statements, the guaranteed interest accounts were presented as investments measured at net asset value. Because the guaranteed interest accounts do not report a net asset value, they are presented within Level 3 of the fair value hierarchy as of December 31, 2025 and 2024. This change in presentation had no effect on the reported fair value of the guaranteed interest accounts or on net assets available for benefits.

7. Fair Value Measurements (continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of:

	Level 1	Level 2	Level 3	Total
December 31, 2025				
Cash and cash equivalents	$ 3,613	$ -	$ -	$ 3,613
Pooled accounts*	-	-	-	15,755,847
Guaranteed accounts	-	-	216,012	216,012
Life insurance	-	-	46,323	46,323
Total investments at fair value	$ 3,613	$ -	$ 262,335	$16,021,795

	Level 1	Level 2	Level 3	Total
December 31, 2024				
Cash and cash equivalents	$ 1,814	$ -	$ -	$ 1,814
Pooled accounts*	-	-	-	14,872,218
Guaranteed accounts	-	-	221,768	221,768
Life insurance	-	-	71,377	71,377
Total investments at fair value	$ 1,814	$ -	$ 293,145	$15,167,177

* Certain investments that are measured at fair value using the NAV per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The pooled accounts are valued at the NAV of units held by the Plan at year end, as determined by the custodian based on the fair value of the underlying assets.

The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

7. Fair Value Measurements (continued)

The following table summarizes investments measured at fair value based on net asset value (NAV) per unit as of December 31, 2025 and 2024:

	Fair Value	Unfunded commitments	Redemption frequency (if currently eligible)	Redemption Notice Period
December 31, 2025:	$15,755,847	None	Daily	None
December 31, 2024:	$14,872,218	None	Daily	None

The pooled separate accounts are separate accounts of John Hancock Life Insurance Company (U.S.A.) that invest in a range of equity, fixed income, balanced, target-date, and money market strategies. Participants may transfer or redeem their interests daily at NAV. There are no other restrictions on redemption, and the Plan has no unfunded commitments related to these investments.

The following tables set forth a summary of changes in the fair value of the Plan's Level 3 assets for the years ended December 31, 2025 and 2024:

	Guaranteed accounts	Life insurance
Balances, January 1, 2025	$ 221,768	$ 71,377
Contributions, loan repayments and credits	20,566	
Interest	4,616	
Net realized and unrealized gains and losses included in net appreciation in fair value of investments		5,005
Participant loans issued and fees	(30,938)	
Settlements (policy surrenders)		(30,059)
Balances, December 31, 2025	$ 216,012	$ 46,323

7. Fair Value Measurements (continued)

	Guaranteed accounts	Life insurance
Balances, January 1, 2024	$ 206,247	$ 74,851
Contributions, loan repayments and credits	17,622	
Interest	3,059	
Net realized and unrealized gains and losses included in net appreciation in fair value of investments		(3,474)
Participant loans issued and fees	(5,160)	
Balances, December 31, 2024	$ 221,768	$ 71,377

8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such change could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

9. Concentrations

As of December 31, 2025 and 2024, investment account balances from two fund options totaled $6,738,039, or approximately 41%, and $6,178,807, or approximately 40%, of net assets available for benefits, respectively.

10. Guaranteed Accounts

The Plan has guaranteed accounts with John Hancock Life Insurance Company that are not fully benefit responsive. John Hancock Life Insurance Company maintains the contributions in a general account allocated to participants' retirement accounts. Guaranteed accounts guarantee the return of principal plus compound interest earned over a defined 3 or 10 year term, less any applicable contract or participant-level recordkeeping charges, provided all contributions remain in the account until the end of the guarantee period.

Because the guaranteed accounts are not fully benefit-responsive, they are reported at fair value, which is approximated by the contract value reported to the Plan by John Hancock Life Insurance Company (representing contributions made under the contract, plus accumulated interest at the contract rates, less any withdrawals). The Plan's participant investment balances held in the general account had a contract value of $216,012 and $221,768 as of December 31, 2025 and 2024, respectively.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Guaranteed interest rates are based upon the claims paying ability of the issuing company, John Hancock Life Insurance Company. Guaranteed interest accounts are not insured by the Federal Deposit Insurance Corporation. For the year ended December 31, 2025, the average annual interest rates were 2.34% and 1.60% for the 3 and 10 year guaranteed interest accounts, respectively. For the year ended December 31, 2024, the average annual interest rates were 1.39% and 1.98% for the 3 and 10 year guaranteed interest accounts, respectively.

11. Subsequent Events

Subsequent events have been evaluated by the Company’s management through October 14, 2026, the date these financial statements were available to be issued. No material subsequent events have occurred since December 31, 2025 that required recognition or disclosure in the current period financial statements.
