INDEPENDENT AUDITOR'S REPORT

Plan Administrator
Safe-Harbor 401(k) Profit Sharing Plan
for Employees of Pillsbury United Communities
Minneapolis, Minnesota

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompany financial statements of Safe-Harbor 401(k) Profit Sharing Plan for Employees of Pillsbury United Communities, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Safe-Harbor 401(k) Profit Sharing Plan for Employees of Pillsbury United Communities' financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding the assets so held are prepared and certified by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section –

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determines meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Safe-Harbor 401(k) Profit Sharing Plan for Employees of Pillsbury United Communities and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Safe-Harbor 401(k) Profit Sharing Plan for Employees of Pillsbury United Communities' ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness Safe-Harbor 401(k) Profit Sharing Plan for Employees of Pillsbury United Communities' internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Safe-Harbor 401(k) Profit Sharing Plan for Employees of Pillsbury United Communities' ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with related information presented and disclosed in the financial statements, and reading the disclosures to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Other Matters Supplemental Schedules Required by ERISA

The supplemental schedule of assets held for investment is presented for the purpose of additional analysis and are not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion -

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule relate to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

SAFE-HARBOR 401(K) PROFIT SHARING PLAN
FOR EMPLOYEES OF PILLSBURY UNITED COMMUNITIES
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2025

1. Plan Description

The following brief description of the Safe-Harbor 401(k) Profit Sharing Plan for Employees of Pillsbury United Communities (the Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General – The Plan is a defined contribution plan covering all eligible employees, as defined, of Pillsbury United Communities, (the Company). Employees are eligible to make deferrals upon commencement of employment. In order to be eligible for the Company's contributions, employees need to meet the one (1) year of service requirement.

Contributions – Participants are allowed to make both voluntary pretax and Roth contributions of eligible compensation, as defined, to their plan accounts. Participants may also make rollover contributions from qualified benefit plans of previous employers. The Company may also contribute on a discretionary basis a match equal to a percentage of employee contributions. Additional discretionary amounts may be contributed at the election of the Company's Board of Directors. Contributions are subject to certain limitations. The Company's contributions are made in cash.

Participant Accounts – Each participant's account is credited with the participant's contributions, the Company's discretionary matching contribution, if any, and allocations of (a) the Company's additional discretionary, if any, and (b) plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Vesting – Participants are immediately vested in their voluntary contribution and rollover contributions. Vesting in the Company's voluntary matching contributions and additional discretionary contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. A participant is one hundred percent (100%) vested after five (5) years of credited service.

Forfeitures – Forfeitures shall first be made to reinstate previously forfeited account balances to former participants, as defined. The remaining forfeitures, if any, shall be used to reduce future contributions made by the Company or reduce the Plan's administrative expenses. There were $3,303 of forfeitures used in the year ended December 31, 2025. The balance of forfeitures was $-0- at both December 31, 2025 and 2024.

1. Plan Description (continued)

Notes Receivable - Participants may borrow from their fund accounts at a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or fifty percent (50%) of their account balance. Loan transactions are treated as a transfer to (from) the investment fund from (to) the participant's loan fund. Loan terms range from one to five years, or a longer term for the purchase of a primary residence. The loans are secured by the balance in the participant's account, and the interest rate charged is 4.25% to 9.50%. Principal and interest is paid ratably through biweekly payroll deductions.

Payment of Benefits - Benefits paid to participants represent the amount paid during the year to withdrawing participants. Upon termination of service due to death, disability, or retirement, a participant may elect to receive the value of his or her benefits in the form of a lump-sum amount equal to the participant's account balance or installment payments over a specified period of time. For termination of service due to other reasons, a participant may receive the value of his or her account as a lump-sum distribution.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with generally accepted accounting principles in the United States of America, except for distributions paid to participants which are prepared on the cash basis of accounting.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit responsive investment contracts. However, contract value is the relevant measurement attribute to that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles in the United States of America requires management to make estimates and assumptions that affect the reported amounts of certain assets, liabilities, and disclosures. Accordingly, the actual amounts could differ from those estimates. Any adjustments applied to estimated amounts are recognized in the year in which such adjustments are determined.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2025 and 2024.

2. Summary of Significant Accounting Policies (continued)

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Management fees and operating expenses charged to the Plan for investments are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of net appreciation in fair value of investments.

The change in net unrealized appreciation/depreciation of investments held from the beginning of the plan year to the end of the plan year is included with realized gains/losses as net investment income/loss reported in the accompanying statement of changes in net assets available for benefits.

Contributions

Contributions from employees and the Company are recorded in the period in which the Company makes the payroll deductions from participant earnings.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of the notes receivable from participants are charged directly to the participant's accounts and are included in the administrative expenses. Investment related expenses are included in the appreciation of fair value of investments.

Payment of Benefits

Benefits are recorded when paid.

Reclassifications

Certain amounts in prior year comparative totals have been reclassified to conform with the presentation in the current year financial statements.

Subsequent Events

Subsequent events were evaluated through October 12, 2026, which is the date financial statements were available to be issued.

3. Certification of Investment Information

Certain information related to the investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedules, including investments and notes receivable from participants held at December 31, 2025 and 2024, and the net investment gain (loss), interest and dividends for the year ended December 31, 2025, was obtained or derived from information supplied to the Plan and certified as complete and accurate by Mutual of America Life Insurance Company (the custodian of the Plan).

4. Fair Value

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:
- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the assets or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Interest-Bearing Cash: Valued at cost which approximates fair value.

Investments in Pooled Separate Accounts (PSA): Valued daily based on the market value of the underlying net assets in each separate account. The majority of the underlying net assets have observable Level 1 and/or Level 2 quoted pricing inputs which are used to determine the unit value of the PSA which is not publicly quoted.

4. Fair Value (continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025:

	Level 1	Level 2	Level 3	Fair Value
Pooled Separate Accounts	$ -	$ 5,082,498	-	$ 5,082,498
Interest-Bearing Cash	-	-	-	-
Total Assets in FV Hierarchy	$ -	$ 5,082,498	$ -	$ 5,082,498

The following table sets for by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024:

	Level 1	Level 2	Level 3	Fair Value
Pooled Separate Accounts	$ -	$ 4,706,491	-	$ 4,706,491
Interest-Bearing Cash	-	-	-	-
Total Assets in FV Hierarchy	$ -	$ 4,706,491	$ -	$ 4,706,491

5. Related Party and Party-in-Interest Transactions

The Plan's investments are managed by the custodian to the Plan. These transactions qualify as party-in-interest transactions. Fees incurred by the Plan for the investment management services are included in the net appreciation/depreciation in fair value of the investment, as they are paid through revenue sharing, rather than direct payment. The Plan made direct payments to third party administrators of $1,741 which was not covered by the revenue sharing in the year ended December 31, 2025. The Plan sponsor pays directly for any other fees related to the Plan's operations.

6. Plan Termination

Although they have not expressed any intent to do so, the Company has the right under the Plan to discontinue their contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of termination, all participants become fully vested in their accounts.

7. Investment Contract with Insurance Company

The Plan has an investment annuity contract that meet the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. The contract value of the investment contracts at December 31, 2025 and 2024 was $59,831 and $62,516, respectively.

The investment contract held by the Plan is a guaranteed investment contract. The guaranteed investment contract issuer is contractually obligated to repay the principal and interest at a specified interest rate that is guaranteed to the Plan. The methodology for calculating the interest crediting rate is based on earnings of the underlying assets in the entire medium-long term new portfolio compared to the minimum interest crediting rate, as stated in the contract, and prevailing market conditions. Interest crediting rate is reset quarterly.

The actual average yield earned by the Plan for the benefit responsive fund can be derived by averaging the Plan's quarterly interest rates for the fund over the year. The average for 2025 is 2.8%.

Certain events may limit the ability of the Plan to transact at contract value with the contract issuer. Examples of such events include the following:

(a) The Plan's failure to qualify under Section 401(a) of the Internal Revenue Code or the failure of the trust to be tax-exempt under Section 501(a) of the Internal Revenue Code.
(b) Premature termination of the contract.
(c) Plan termination or merger.
(d) Changes to the Plan's prohibition on competing investment options.
(e) Bankruptcy of the plan sponsor or other plan sponsor events that significantly affect the Plan's normal operations.

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuer and that also would limit the ability of the Plan to transact at contract value with the participants.

The guaranteed investment contract does not permit the issuer to terminate the agreement prior to the scheduled maturity date.

8. Income Tax Status

The Plan uses a Non-Standardized Define Contribution Pre-Approved Plan document sponsored by Mutual of America, who received an opinion letter from the Internal Revenue Service (IRS) which states the pre-approved plan document satisfies the applicable provisions of the Internal Revenue Code (IRC). The Plan itself has not received a determination letter from the IRS. The plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable provision of the IRC and, therefore, believe the Plan is qualified is tax-exempt.

The Plan has adopted *Accounting for Uncertainty in Income Taxes*, ASC 740-10. The Plan's policy is to evaluate uncertain tax positions, at least annually, for the potential for income tax exposure. In compliance with its IRC status, the Plan annually files an Annual Return/Report of Employee Benefit Plan (Form 5500). The Plan is subject to routine audits by taxing jurisdictions; however, there are no current audits for any tax periods in progress.

9. Risks and Uncertainties

The Plan's investments, in general, are subject to various risks, such as interest rate, credit, and overall market volatility risk. Additionally, the value, liquidity, and related income of the investments are sensitive to changes in economic conditions and may be affected by shifts in the market's perception of issuers and changes in interest rates. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in value of investment securities, it is at least reasonably possible that changes in value of investments will occur near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits.
