ADVISORY TAX AUDIT

Independent Auditor's Report

To the Trustees and Participants of
United Mine Workers of America Cash Deferred Savings Plan of 1988:

Opinion

We have audited the financial statements of United Mine Workers of America Cash Deferred Savings Plan of 1988, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), which comprise the statements of net assets available for benefits as of December 31, 2025 and 2024 and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits as of December 31, 2025 and 2024 and the changes in net assets available for benefits for the years then ended, of United Mine Workers of America Cash Deferred Savings Plan of 1988 in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of United Mine Workers of America Cash Deferred Savings Plan of 1988 and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about plan's ability to continue as a going concern for at least one year following the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of United Mine Workers of America Cash Deferred Savings Plan of 1988's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about United Mine Workers of America Cash Deferred Savings Plan of 1988's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedules, Schedule H, Line 4a - Schedule of Delinquent Participant Contributions for the years ended December 31, 2025 and 2024, and Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2025, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying supplemental schedules is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

1. Plan Description and Funding

The following description of the United Mine Workers of America Cash Deferred Savings Plan of 1988 (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan was established pursuant to the National Bituminous Coal Wage Agreement of 1988 (the "1988 Agreement") and is a deferred compensation plan, commonly referred to as a 401(k) plan. The Plan is a multiemployer defined contribution plan covering eligible participants of employers under the 1988 Agreement. It is available to substantially all eligible individuals employed in classified jobs for employers who are signatory to Article XXB of the 1988 agreements or subsequent agreements or signatory to other agreements that permit participation in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (''ERISA").

Empower provides recordkeeping and custodial services to the Plan.

Contributions

The Plan is funded by voluntary contributions of eligible participants' wages and employer contributions for eligible participants. The Plan allows each participant to defer up to a maximum of $23,500 and $23,000 for the years ended December 31, 2025 and 2024, respectively. Employers do not match any amounts deferred by participants. Separate accounts are maintained for each of the contributing participants. Under the National Bituminous Coal Wage Agreement (“NBCWA”) of 2011, a New Inexperienced Miner who enters the bituminous coal mining industry for the first time on or after January 1, 2012, any miner with 20 years of credited service under the 1974 Pension Plan, and any 1974 Pension Plan participant that elects to opt out of the 1974 Pension Plan will receive Supplemental Pension Contributions ($1.50 per hour worked for both 2025 and 2024) from the employer to the Plan. Under the NBCWA of 2007, a New Inexperienced Miner entering the bituminous coal mining industry for the first time on or after January 1, 2007, who does not have a State Miner’s Certificate dated prior to January 1, 2007, will receive monthly Enhanced Premium Contributions ($1.50 per hour worked for both 2025 and 2024) from the employer to the Plan. Effective September 16, 2020, pursuant to the 2020 Coal Wage Agreement, certain other employees will receive contributions of $3.50 per hour worked from the employer to the Plan. Effective January 1, 2002, participants who are eligible to make elective contributions, and who have attained age 50 before the close of the calendar year, are eligible to make additional pre-tax elective contributions to the Plan (“Catch-up Contributions”). The amount of the Catch-up Contributions is subject to the Internal Revenue Service limitation. Beginning in 2025, the amount of permitted Catch-up Contributions is greater if you are 60, 61, 62 or 63 as of the end of the year subject to Internal Revenue Service Limitation.

Effective January 1, 2025, the SECURE 2.0 Act increased the catch-up contribution limit for participants between the ages 60 and 63 during the plan year. Eligible participants may make additional elective deferrals above the standard age 50 catch-up contribution limit, subject to annual IRS limits.

Contributions are invested in one or more of available investment options based on instructions from each participant. Elective contributions are received from employers and deposited into a non-interest bearing bank account and then transferred to the Northern Trust Institutional Funds Treasury Portfolio. Then, generally within one to two days, elective contributions are transferred to Empower to be allocated to the individual investment funds. Participants’ accounts are valued, and gains and losses are calculated on account balances every day the New York Stock Exchange is open for business.

Participant Accounts

Each participant’s account is credited with his or her contributions, any employer contributions and the proportionate share of the Plan’s earnings on the assets invested by the specific investment funds chosen by the participant. The account is charged with any withdrawals or distributions made as well as a participant fee assessed monthly on the mutual fund holdings and deducted quarterly. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s account.

Vesting

Participants are immediately 100% vested in all amounts credited to their accounts.

Payment of Benefits
Upon termination or retirement, a participant may elect to receive a lump-sum distribution amount equal to the value of his or her account. Upon the death of a participant, the participant's beneficiary generally will receive a lump-sum distribution amount equal to the value of the participant's account. A participant may otherwise elect to take distributions in monthly installment payments for 120 months. In addition, an employee may receive a hardship distribution if certain criteria are met.

Administrative Expenses
Participating employers are required to pay for administrative costs up to a maximum annual amount of the lesser of 42 basis points applied to the assets of the Plan or $440,000 and $435,000 during the years ended December 31, 2025 and 2024, respectively. However, if employer contributions exceed these amounts, unused contributions may be carried forward into following years. If, in any given year, expenses are greater than employer contributions, including any prior year contributions that have been carried forward, the Plan will charge the participants' accounts the excess expenses using a formula specified in the Plan document. There were no amounts charged to participants' accounts for the years ended December 31, 2025 and 2024.

During the years ended December 31, 2025 and 2024, plan administrative expenses were $487,461 and $405,961, respectively. Unused employer contributions carried forward are included in the employer contributions receivable presented on the statements of net assets available for plan benefits and totaled $525,429 and $479,150, for the years ended December 31, 2025 and 2024, respectively.

Administrative costs also are covered through investments. Certain investment related expenses are paid to Empower, which is considered a party in interest. These expenses are included in the determination of net appreciation (depreciation) in fair value of investments presented on the statements of changes in net assets available for plan benefits, as they are paid through revenue sharing, rather than a direct payment. Additionally, Empower pays the Plan $25,000 annually based on an agreement. This payment from Empower is included in the administrative expense reimbursements amount presented on the statements of changes in net assets available for plan benefits. During each of the years ended December 31, 2025 and 2024, Empower made payments of $25,000 to the Plan.

2. Summary of Accounting Policies

Basis of Accounting
The accompanying financial statements have been prepared on the accrual basis of accounting. Significant accounting policies are summarized as follows:

Use of Estimates
The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("U.S. GAAP") requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and contingencies, if any, at the date of the financial statements and the reported amounts of additions and deductions during the reporting period. Actual results could differ from those estimates.

Cash Equivalents
Demand deposits and highly liquid investments with a maturity of three months or less when acquired are considered cash equivalents. Cash equivalents are carried at cost, which approximates fair value.

Investment Valuation and Income Recognition
Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The stable value separate account is valued at net asset value (NAV). See Note 6 for fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Realized and unrealized gains and losses are recognized in net appreciation or depreciation in fair value of investments on the statements of changes in net assets available for plan benefits.

Contributions Receivable
Contributions from participants and employers are accrued based upon the analysis of remittance reports and subsequent cash receipts. The carrying amount of participant contributions receivable and employer contributions receivable are reduced by an allowance for credit losses that reflects management's best estimate of the amounts that will not be collected. Factors which influence management's judgement in determining the appropriate allowance for credit losses include past collection experience, industry standards, current economic conditions, and expected future economic conditions. As of December 31, 2025 and December 31, 2024, the allowance was $0.

Benefits
Benefits are recorded when paid.

Subsequent Events
In preparing these financial statements, management of the Plan has evaluated events and transactions that occurred after December 31, 2025 for potential recognition or disclosure in the financial statements. These events and transactions were evaluated through October 14, 2026, the date that the financial statements were available to be issued, and no items have come to the attention of management that require recognition or disclosure.

3. Plan Termination

In the event of Plan termination, the trustees have discretion to determine the timing and manner of distribution of the account balances of participants who are not yet retired, separated from service or deceased. The Trustees may distribute all of such accounts following Plan termination, or may make distributions only upon each participant's retirement, separation or death, as provided for under the Plan before termination. Those assets held for the benefit of participants who are already retired or separated from service, or for the benefit of beneficiaries of deceased participants, will be immediately available.

4. Tax Status

The Internal Revenue Service ("IRS") has determined and informed the Trustees by a letter dated November 12, 2015, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). Although the Plan has been amended since receiving this letter, the plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

U.S. GAAP requires management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. Management has evaluated the tax positions taken or expected to be taken that would require recognition in the financial statements and concluded that as of December 31, 2025 and 2024, there are no uncertain positions taken or expected to be taken that would require recognition in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. In addition, there have been no tax related interest or penalties for the periods presented in these financial statements.

5. Due to Other Plans

As of December 31, 2025 and 2024, due to other plans included the following:

	2025	2024
Allocated administrative expenses - 1974 Pension Plan	$ 175,920	$ 175,015
Allocated employees' pension expenses - 1974 Pension Plan	271,236	258,149
Allocated employees' post retirement health benefit expenses - 1974 Pension Plan	476,228	488,972
	$ 923,384	$ 922,136

6. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820, *Fair Value Measurement*, are described as follows:

Level 1 - Inputs are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access at the measurement date.

Level 2 - Inputs are quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in markets that are not active or inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Level 3 - Valuation is based on unobservable inputs for the asset or liability. Level 3 assets may include financial instruments whose value is determined using pricing models with internally developed assumptions, discounted cash flow methodologies, or similar techniques, as well as instruments for which the determination of fair value requires significant management judgment or estimation.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Stable Value-Separate Account: Valued at NAV per share, which is based on the values of the underlying assets. The net asset value is used as a practical expedient to estimate fair value.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the end of the reporting period.

As of December 31, 2025 and 2024, assets measured at fair value on a recurring basis are summarized by level within the fair value hierarchy as follows:

	December 31, 2025			
	Level 1	**Level 2**	**Level 3**	**Total**
Mutual funds	$ 224,306,239	$ -	$ -	$ 224,306,239
Investments at net asset value	-	-	-	26,930,365
Total investments at fair value	$ 224,306,239	$ -	$ -	$ 251,236,604

	December 31, 2024			
	Level 1	**Level 2**	**Level 3**	**Total**
Mutual funds	$ 204,413,860	$ -	$ -	$ 204,413,860
Investments measured at net asset value	-	-	-	28,022,513
Total investments at fair value	$ 204,413,860	$ -	$ -	$ 232,436,373

7. Employees' Pension Plan and Other Postretirement Benefits

The UMWA 1974 Pension Trust Employees' Pension Plan (the "Employees' Pension Plan"), is a multiple employer defined benefit pension plan that covers employees of participating employers. The United Mine Workers of America 1974 Pension Trust ("UMWA 1974 Pension Trust") is a sponsor of the Employees' Pension Plan. While the Plan does not have any employees and is not a sponsor of the Employees' Pension Plan, it does receive an allocation of employee time and expense from the UMWA 1974 Pension Trust, and therefore incurs a pension expense for its allocated share of this time. Accordingly, a portion of the net periodic cost recognized by the UMWA 1974 Pension Trust has been allocated to the Plan. For the years ended December 31, 2025 and 2024, the allocated net periodic pension cost was $13,086 and $27,849, respectively, and is included in administrative expenses on the statements of changes in net assets available for plan benefits. The related liability to the UMWA 1974 Pension Trust is included in due to other plans on the statements of net assets available for plan benefits.

The UMWA 1974 Pension Trust also sponsors a postretirement health benefit plan for its employees. A portion of the net periodic postretirement benefit cost incurred by the UMWA 1974 Pension Trust is allocated to the Plan. For the years ended December 31, 2025 and 2024, the allocated net periodic postretirement benefit cost was $9,650 and $14,022, respectively, and is included in administrative expenses on the statements of changes in net assets available for plan benefits. The related liability to the UMWA 1974 Pension Trust is included in due to other plans on the statements of net assets available for plan benefits.

8. Withdrawal Elections

As of December 31, 2025 and 2024, there were no participants who had elected to withdraw from the Plan that had not yet received a distribution.

9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

10. Related Party and Party-in-Interest Transactions

Expenditures for administrative expenses of the Plan are made by the UMWA 1974 Pension Trust. The Plan is charged for direct expenses and a pro rata allocation of other administrative expenses. The UMWA 1974 Pension Trust is reimbursed by the Plan for these expenditures on a monthly basis.

The Plan invests certain assets in investment funds operated by Empower and by Northern Trust, who are considered parties-in-interest under ERISA. These transactions qualify for exemption from the prohibited transaction rules under ERISA.

11. Delinquent Participant Contributions

For the year ended December 31, 2024, certain participating employers did not remit certain participant contributions to the Plan on a timely basis as defined by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Untimely remittances identified on the Schedule of Delinquent Participant Contributions totaled $4,368. Those contributions were corrected outside of the Department of Labor Voluntary Fiduciary Correction Program in 2025. The Plan has reported these transactions on the Form 5500 Schedule H, Line 4a as required by ERISA.

12. Investment Concentrations

As of December 31, 2025 and 2024, the Plan's investments included four investments that represent a significant concentration of the Plan's net assets available for benefits. The following investments represents the concentrations as of December 31, 2025 and 2024:

	2025	2024
Vanguard Balanced Index Institutional Fund	$ 103,074,777	$ 91,597,704
Vanguard Institutional Index Fund	$ 45,028,227	$ 45,076,647
Principal Preservation Separate Account	$ 26,930,365	$ 28,022,513
Vanguard Value Index Institutional Fund	$ 26,449,284	$ 24,604,523
