## Note 1. Description of Plan

### *General*

The following description of The Winrock Group, Inc. 401(k) Retirement Savings Plan and Trust (the "Plan") provides only general information. Participants should refer to the plan document for a more comprehensive description of the Plan's provisions.

The Plan is a defined contribution plan covering substantially all employees of The Winrock Group, Inc. (the "Company") who have completed two months of service with 120 hours in each month and attainment of age 18, as defined in the plan document. Employees are eligible for the employer matching contribution following 1,000 hours of service and must be employed on the last day of the Plan year. The administrative committee controls and manages operation and administration of the Plan. John Hancock Retirement Plan Services ("John Hancock") held the Plan's investments as of December 31, 2025 and executed investment transactions from November 24, 2025 through December 31, 2025. Principal Life Insurance Company and Principal Trust Company (collectively, "Principal") held the Plan's investments as of December 31, 2024 and executed investment transactions from January 1, 2025 through November 24, 2025. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

### *Contributions*

Each year, participants may contribute compensation, as defined in the plan document, subject to Internal Revenue Code ("IRC") limitations. Participant salary deferrals may be traditional 401(k) (pretax) or Roth 401(k) (after-tax). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts represented by distributions from other qualified plans and certain individual retirement accounts. The Company may contribute to the Plan a matching contribution of a percentage of the elective deferral contribution to be determined by the Company. The Company elected to match 50% of up to 6% of each eligible employee's compensation for the year ended December 31, 2025. In addition, the Company may contribute a varying amount, on behalf of all employees that qualify as plan participants ("discretionary contributions"). No additional discretionary contributions were made to the Plan in 2025. Contributions are subject to certain limitations.

### *Investment Options*

Participants direct the investment of their accounts into various investment options offered by the Plan. The Plan currently offers mutual funds, pooled separate accounts, and common collective trust funds as investment options for participants.

### *Participant Accounts*

Each participant's account is credited with the participant's contribution and allocations of the Company's contributions, and Plan earnings (losses), and charged with benefit payments, transaction fees related to notes receivable from participants and distributions, and allocations of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

### *Vesting*

Participants are immediately vested in their contributions, the Company's matching portion, and the Company's discretionary contributions plus actual earnings thereon. A participant is fully vested after six years of service. The nonvested balance is forfeited upon termination of service. Participants' accounts will also be 100% vested due to retirement, death or disability regardless of years of service.

### *Payment of Benefits*

On termination of service due to death, disability or retirement, a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account in either a lump-sum amount or various installment and annuity options as provided by the Plan. Hardship distributions are permitted upon demonstration of financial hardship. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. Amounts contributed on a before-tax basis may only be withdrawn upon demonstration of financial hardship, disability, or after the participant reaches the age of 59.5 years.

### *Forfeitures*

At December 31, 2025 and 2024, the forfeited non-vested accounts totaled $333,981 and $241,811, respectively. Forfeitures may be used to pay Plan expenses or reduce Company contributions. During 2025, forfeitures of $36,411 were used to pay Plan expenses.

## Note 2. Summary of Significant Accounting Policies

### *Basis of Accounting*

The financial statements of the Plan are prepared in conformity with accounting principles generally accepted in the United States of America (“GAAP”).

### *Estimates*

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect certain reported amounts of assets, liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results may differ from those estimates and assumptions.

### *Investment Valuation and Income Recognition*

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are reported on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

### *Payment of Benefits*

Benefits are recorded upon distribution.

### *Administrative Expenses*

The Plan’s administrative expenses are paid by the Plan or the Employer, as provided by the Plan document. Certain administrative functions are performed by employees of the Employer. No such employee receives compensation from the Plan. Expenses relating to specific participant transactions (notes receivable from participants and distributions) are charged directly to the participant’s account.

### *Subsequent Events*

The Plan has evaluated subsequent events through October 15, 2026, the date the financial statements were available to be issued.

## Note 3. Fair Value Measurements

Fair value, as defined under GAAP, is an exit price representing the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. GAAP establishes a three-tier fair value hierarchy, which prioritizes the inputs used in measuring fair value. These tiers include:

**Level 1** Observable inputs such as quoted prices in active markets.

**Level 2** Inputs other than quoted prices in active markets that are either directly or indirectly observable.

**Level 3** Unobservable inputs about which little or no market data exists, therefore requiring an entity to develop its own assumptions.

Assets and liabilities are classified in their entirety based on the lowest level of input that is significant to the fair value measurement. The Plan's assessment of the significance of a particular input to the fair value measurement requires judgment and may affect the valuation of fair value assets and liabilities and their placement within the fair value hierarchy levels.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024:

***Mutual Funds***
Mutual funds are publicly traded investments and are valued daily at the closing price reported on the active market on which the funds are traded.

***Stable Value Collective Trust Fund***
The Plan invests in a stable value collective trust fund for which quoted prices are not available in active markets for identical instruments. The Plan utilizes the Net Asset Value ("NAV") per unit, as provided by Principal, as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV. The stable value collective trust fund is not required to be classified within a level on the fair value hierarchy.

***Pooled Separate Accounts***
The Plan invests in pooled separate accounts for which quoted prices are not available in active markets for identical instruments. The Plan utilizes the NAV of units, as provided by Principal and John Hancock, as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the funds will sell the investment for an amount different from the reported NAV. Because quoted prices in active markets for identical assets are not available, these prices are determined using observable market information such as quotes from less active markets and/or quoted prices of securities with similar characteristics.

***Collective Investment Trusts***
The Plan invests in collective investment trusts for which quoted prices are not available in active markets for identical instruments. The Plan utilizes the NAV per unit, as provided by Principal and John Hancock, as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the funds will sell the investment for an amount different from the reported NAV. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to require 12 months' notification in order to ensure that securities liquidations will be carried out in an orderly business manner.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets accounted for at fair value as of December 31, 2025 and 2024:

| | December 31, 2025 | | | |
|---|---|---|---|---|
| | | Fair Value Measurements Using | | |
| | Fair Value | Quoted Prices in Active Markets for Identical Assets (Level 1) | Significant Other Observable Inputs (Level 2) | Significant Unobservable Inputs (Level 3) |
| Mutual funds | $ 10,995,056 | $ 10,995,056 | $ - | $ - |
| Investments measured at NAV (A) | 111,909 | | | |
| Investments at fair value | $ 11,106,965 | | | |

| | December 31, 2024 | | | |
|---|---|---|---|---|
| | | Fair Value Measurements Using | | |
| | Fair Value | Quoted Prices in Active Markets for Identical Assets (Level 1) | Significant Other Observable Inputs (Level 2) | Significant Unobservable Inputs (Level 3) |
| Mutual funds | $ 1,337,573 | $ 1,337,573 | $ - | $ - |
| Investments measured at NAV (A) | 9,012,109 | | | |
| Investments at fair value | $ 10,349,682 | | | |

(A) In accordance with GAAP, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The following table summarizes investments for which fair value is measured using the NAV per share practical expedient as of December 31, 2025 and 2024. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

| | Fair Value at December 31, 2025 | Fair Value at December 31, 2024 | Other Unfunded Commitments | Redemption Frequency | Redemption Notice Period |
|---|---|---|---|---|---|
| Stable value collective trust fund | $ - | $ 122,106 | None | Daily | 12 months |
| Collective investment trusts | 111,430 | 6,486,041 | None | Daily | 12 months |
| Pooled separate accounts | 479 | 2,403,962 | None | Daily | 12-36 months |
| | $ 111,909 | $ 9,012,109 | | | |

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

## Note 4. Unaudited Information Certified by Custodian

The Plan Administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, John Hancock and Principal, qualified institutions, have certified the following investment information included in the accompanying financial statements and ERISA-required supplemental schedule is complete and accurate:

- Investments as shown in the statements of net assets available for benefits as of December 31, 2025 and 2024
- Investment income as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2025
- Investment information included in the accompanying schedule of assets (held at end of year) as of December 31, 2025

The Plan's independent auditors did not perform auditing procedures with respect to this certified investment information, except for comparing such certified investment information to the related investment information included in the financial statements and ERISA-required supplemental schedule.

## Note 5. Plan Termination

Although it has not expressed any intent to do so, the Company has a right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of termination, participants become 100% vested in their accounts.

## Note 6. Tax Status

The Plan has not obtained a determination letter from the Internal Revenue Service (the "IRS") stating that the Plan was in compliance with the applicable requirement of the IRC. The Plan is relying on the IRS approval of the volume submitter plan that it is utilizing. The IRS has determined and informed the document sponsor by a letter dated June 30, 2020, that the volume submitter plan document was designed in accordance with applicable sections of the IRC. The Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, the Plan administrator believes that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more-likely-than-not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

## Note 7. Exempt Party-in-Interest Transactions

Plan investments were managed by Principal and are managed by John Hancock. Principal was and John Hancock is the custodian and trustee as defined by the Plan and, therefore, these transactions qualify as exempt party-in-interest transactions. Fees paid by the Plan for investment management services were included as a reduction of the return earned on each fund. Fees paid to Principal by the Plan for administrative services were $36,411 for the year ended December 31, 2025. Fees paid to John Hancock totaled $50 for the year ended December 31, 2025. Other immaterial fees paid for professional services, including audit and third-party administration services, totaled $5,173.

## Note 8. Risks and Uncertainties

The Plan invested in various investment securities. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities could occur in the near term and that such changes would materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

## Note 9. Non-Exempt Party-in-Interest Transaction

During the 2025 and 2024 plan years, there were unintentional delays by the Company in submitting participant contributions in the amount of $224,203 and $116,675, respectively, to the trust. These delinquent contributions constitute prohibited transactions, and the Company will make contributions to the affected participants' accounts to compensate those participants for potential lost earnings due to the delays for contributions related to these plan years.
