REPORT OF INDEPENDENT CERTIFIED PUBLIC ACCOUNTANTS

To the Plan Committee of
Inmar, Inc. Profit Sharing and 401(k) Plan

Scope and nature of the ERISA Section 103(a)(3)(C) audit
We have performed audits of the financial statements of Inmar, Inc. Profit Sharing and 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion
In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Grant Thornton LLP is a U.S. member firm of Grant Thornton International Ltd (GTIL). GTIL and each of its member firms are separate legal entities and are not a worldwide partnership.

Basis for opinion
We conducted our audits in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of management for the financial statements
Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor’s responsibilities for the audit of the financial statements
Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other matter - supplemental schedule required by ERISA
The supplemental schedule of assets (held at end of year) as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. Such supplementary information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures. These additional procedures included comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with US GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

Grant Thornton

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTE 1 - DESCRIPTION OF PLAN

The following description of the Inmar, Inc. (the Plan sponsor) Profit Sharing and 401(k) Plan (the Plan) only provides general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all U.S. employees of the Plan sponsor. The Plan currently allows all eligible associates of the Company to participate in the Plan. An associate becomes eligible and may begin making voluntary 401(k) contributions upon hire. Associates become eligible for the company matching contribution upon the completing 3 months of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

Effective June 2, 2025, the Plan was amended to permit eligible employees to begin making voluntary 401(k) contributions immediately upon hire. Prior to the amendment, employees were required to complete three months of service before becoming eligible to make voluntary 401(k) contributions. Eligibility for Company matching contributions was not changed by the amendment.

Contributions

Each year, participants may contribute up to 60% of pretax annual compensation, as defined in the Plan and subject to IRC limitations. In addition, participants may make voluntary nondeductible contributions, as defined in the Plan document. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers various money market and mutual funds and a collective trust fund as investment options for participants. The Plan Sponsor provides a Safe Harbor matching contribution equal to 100% of participant elective deferrals up to 3% of eligible compensation and 50% of elective deferrals on the next 2% of eligible compensation. Additional profit sharing amounts may be contributed at the option of the Plan sponsor's Board of Directors. No additional amounts were contributed during the year ended December 31, 2025. There were also no amounts contributed subsequent to the Plan year end that related to Plan sponsor's performance during the 2025 plan year.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of (a) the Plan sponsor's contributions and (b) plan investment results and is charged with an allocation of administrative expenses. Allocations are based on participant's earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are 100% vested in employer contributions with no years of vesting service. Participants vest in nonelective employer contributions 15% for each year of service up to six years at which time participants become 100% vested.

Notes Receivable from Participants

The Plan permits participants to have only one outstanding loan at any given time. The Plan permits participants to borrow a minimum of $1,000 up to a maximum equal to the lessor of 50% of their vested account balances or $50,000. All loans are secured by the borrowing participant's vested account balance. These loans must be repaid through payroll deductions over a period not to exceed five years. However, loans withdrawn for the purchase of a primary residence may be extended beyond the five-year term up to

10 years. The interest rate for monies borrowed is equal to the average Prime rate at the Plan sponsor's banks, plus 1%. Interest rates ranged from 4.25% to 8.5% at December 31, 2025 and from 4.25% to 10% at December 31, 2024.

Payment of Benefits

Participants may receive distributions upon retirement, disability, death, or other termination of employment. Subject to the provisions of the Plan document, participants may also be eligible to receive certain in-service withdrawals, including hardship withdrawals, age 59½ withdrawals, and withdrawals of rollover account balances. Participant accounts are generally distributable in the form of a lump-sum payment, although other payment options may be available as provided under the Plan.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Risks and Uncertainties

The Plan invests in various securities which, in general, are exposed to a variety of risks, such as interest rate, credit and overall market volatility risks. Furthermore, it is reasonably likely that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transition between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by the trustee and fund managers.

The net gain from investment activity includes realized and unrealized gains and losses from investment activity. Unrealized gains and losses are calculated as the difference between the current value of securities as of the end of the Plan year and either the current value at the end of the preceding year or the actual cost if such investments were purchased during the current year. Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis.

Payment of Benefits

Benefits and withdrawals are recorded when paid.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid balance plus any accrued but unpaid interest. If a participant ceases to make loan repayments and the Plan Administrator deems the participant's loan to be in default, the participant's loan balance is reduced and a benefit payment is recorded.

Administrative Expenses

The Plan sponsor provides payment for the Plan's legal and accounting services without reimbursement by the Plan. Fees incurred by the Plan for the investment management services are included in net gain on investment activity, as they are paid through revenue sharing rather than a direct payment. Effective September 1, 2025, the Plan sponsor entered into a revised fee arrangement with its recordkeeper, resulting in a reduction in recordkeeping fees. During the year ended December 31, 2025, the Plan paid administrative fees directly to Fidelity Institutional Asset Management Company and investment advisory fees directly to AXA Advisors LLC and Strategic Advisors, Inc.

NOTE 3 - FAIR VALUE MEASUREMENTS

Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy, which prioritizes the inputs used in measuring fair values. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC Topic 820 are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from, or corroborated by, observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The fair value measurement level of assets or liabilities within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024:

Mutual funds and money market funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective Funds: Valued at the NAV of units owned as provided by the Trustee. The Plan is using the collective trust's NAV a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund, less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025 and 2024:

	2025			
	Level 1	Level 2	Level 3	Total
Investments measured at fair value on a recurring basis:				
Mutual funds	$ 261,358,112	$ -	$ -	$ 261,358,112
Money market fund	3,030,381	-	-	3,030,381
Total investments in the fair value hierarchy				264,388,493
Investments measured at NAV - collective trust				3,293,783
Total investments, at fair value	$ 264,388,493	$ -	$ -	$ 267,682,276

	2024			
	Level 1	Level 2	Level 3	Total
Investments measured at fair value on a recurring basis:				
Mutual funds	$ 232,078,860	$ -	$ -	$ 232,078,860
Money market fund	2,604,936	-	-	2,604,936
Total investments in the fair value hierarchy				234,683,796
Investments measured at NAV - collective trust				3,612,561
Total investments, at fair value	$ 234,683,796	$ -	$ -	$ 238,296,357

NOTE 4 - INFORMATION CERTIFIED BY TRUSTEE

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity Management Trust Company (Fidelity), the Trustee of the Plan, has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments, at fair value, and notes receivable from participants, as shown in the statements of net assets available for benefits as of December 31, 2025 and 2024.
- Total investment income and interest income on notes receivable from participants, as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2025.
- Schedule H, line 4i - schedule of assets (held at end of year) as of December 31, 2025.

NOTE 5 - PARTY-IN-INTEREST TRANSACTIONS

Certain plan investments are shares of mutual funds managed by Fidelity Investments. Fidelity Investments is a related entity to Fidelity, the Trustee, as defined by the Plan. Therefore, these transactions qualify as party-in-interest transactions. In addition, notes receivable from participants are also party-in-interest transactions, which are exempt from the prohibited transaction rules.

NOTE 6 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Plan sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

NOTE 7 - INCOME TAX STATUS

The IRS has determined and informed Fidelity by a letter dated June 30, 2020 that the prototype plan document is designed in accordance with applicable sections of the Code. Although the Plan has been amended since receiving the opinion letter, the Plan Administrator believes that the Plan is designed and operating in accordance with the applicable requirements of the Code.

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2025 and 2024, there are no uncertain tax positions taken, or expected to be taken, that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 8 - RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500:

	2025	2024
Net assets available for benefits per financial statements	$ 271,161,763	$ 241,763,873
Contributions receivable	(907,281)	(909,594)
Net assets per Form 5500	$ 270,254,482	$ 240,854,279

The following is a reconciliation of net increase in net assets available for benefits per the financial statements to net income per Form 5500:

Net increase in net assets available for benefits before transfer of assets per the financial statements	$ 29,397,890
Change in contributions receivable	2,313
Net income per Form 5500	$ 29,400,203

NOTE 9 - TRANSFER OF ASSETS FROM THE PLAN

In January 2025, the Plan Sponsor divested its Supply Chain Solutions business, including the employees associated with that business. Upon becoming eligible to participate in the purchaser's defined contribution plan, the assets attributable to those participants were transferred from the Plan to the purchaser's plan in accordance with the terms of the Plan.

NOTE 10 - SUBSEQUENT EVENTS

The Plan has evaluated all subsequent events through October 15, 2026, which represents the date the financial statements were available to be issued.

REPORT OF INDEPENDENT CERTIFIED PUBLIC ACCOUNTANTS

To the Plan Committee of
Inmar, Inc. Profit Sharing and 401(k) Plan

Scope and nature of the ERISA Section 103(a)(3)(C) audit
We have performed audits of the financial statements of Inmar, Inc. Profit Sharing and 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion
In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Grant Thornton LLP is a U.S. member firm of Grant Thornton International Ltd (GTIL). GTIL and each of its member firms are separate legal entities and are not a worldwide partnership.

Basis for opinion
We conducted our audits in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of management for the financial statements
Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor’s responsibilities for the audit of the financial statements
Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other matter – supplemental schedules required by ERISA
The supplemental schedule of assets held at end of year as of December 31, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. Such supplementary information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures. These additional procedures included comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with US GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTE 1 - DESCRIPTION OF PLAN

The following description of the Inmar, Inc. (the Plan sponsor) Profit Sharing and 401(k) Plan (the Plan) only provides general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all U.S. employees of the Plan sponsor. An employee was eligible to participate upon date of hire until the Plan was amended on January 1, 2014. There are no restrictions due to years of service or age. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

In March 2020, the Plan stopped providing an employer match to employees as a direct result of the financial impact of the COVID-19 pandemic. As economic conditions improved, the Plan determined that in January 2021 both the employer match will be reutilized for contributions and repayments for existing loans would begin again.

Plan Amendments

The Plan was amended effective January 1, 2021 to reinstate the employer match to employees after stopping these matching contributions in March 2020.

Effective October 1, 2021 the Plan was amended and restated to reflect certain statutory changes, in accordance with Fidelity Management & Research Company's (FRMC) pre-approved plan document dated June 30, 2020, which received an advisory letter from the Internal Revenue Service (IRS) on June 30, 2020, which stated that the pre-approved plan document is designed in accordance with the applicable sections of the Internal Revenue Code (IRC).

Contributions

Each year, participants may contribute up to 60% of pretax annual compensation, as defined in the Plan and subject to Internal Revenue Code (the Code) limitations. In addition, participants may make voluntary nondeductible contributions, as defined in the Plan document. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers various money market and mutual funds and a collective trust fund as investment options for participants. The Plan sponsor adopted the 401(k) Safe Harbor Matching in the 2019 year and contributed 100% of the first 3% of eligible participant compensation and 50% of the next 2% of the eligible compensation contributed to the Plan. The Safe Harbor Matching was reutilized on January 1, 2021, associated with the plan amendment described above. Additional profit sharing amounts may be contributed at the option of the Plan sponsor's Board of Directors. No additional amounts were contributed during the year ended December 31, 2024. There were also no amounts contributed subsequent to the Plan year end that related to Plan sponsor's performance during the 2023 plan year.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of (a) the Plan sponsor's contributions and (b) plan investment results and is charged with an allocation of administrative expenses. Allocations are based on participant's earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are 100% vested in employer contributions with no years of vesting service. Participants vest in nonelective employer contributions 15% for each year of service up to six years at which time participants become 100% vested.

Notes Receivable from Participants

The Plan permits participants to have only one outstanding loan at any given time. The Plan permits participants to borrow a minimum of $1,000 up to a maximum equal to the lessor of 50% of their vested account balances or $50,000. All loans are secured by the borrowing participant's vested account balance. These loans must be repaid through payroll deductions over a period not to exceed five years. However, loans withdrawn for the purchase of a primary residence may be extended beyond the five-year term up to 10 years. The interest rate for monies borrowed is equal to the average Prime rate at the Plan sponsor's banks, plus 1%. As of December 31, 2024, notes receivable from participants had maturities through 2033 at interest rates ranging from 4.25% to10%. As of December 31, 2023, notes receivable from participants had maturities through 2032 at interest rates ranging from 4.25% to10%.

Payment of Benefits

Upon termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's interest in his or her account or installments over a reasonable time period. Benefit claims are recorded as expenses when they have been approved for payment and paid by the Plan.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Risks and Uncertainties

The Plan invests in various securities which, in general, are exposed to a variety of risks, such as interest rate, credit and overall market volatility risks. Furthermore, it is reasonably likely that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Shares of money market funds and mutual funds are valued at the net asset value (NAV) of shares held by the Plan at year end as determined by quoted market prices. The collective trust fund is valued at NAV as the practical expedient, and has a daily redemption frequency and a redemption notice period of no longer than 12 months.

The net gain from investment activity includes realized and unrealized gains and losses from investment activity. Unrealized gains and losses are calculated as the difference between the current value of securities as of the end of the Plan year and either the current value at the end of the preceding year or the actual cost if such investments were purchased during the current year. Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis.

Payment of Benefits

Benefits and withdrawals are recorded when paid.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid balance plus any accrued but unpaid interest. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Administrative Expenses

The Plan sponsor provides payment for the Plan's legal and accounting services without reimbursement by the Plan. Fees incurred by the Plan for the investment management services are included in net gain on investment activity, as they are paid through revenue sharing rather than a direct payment. The Plan made direct payments to Fidelity Institutional Asset Management Company for administrative fees, AXA Advisors LLC for investment planning, and to Strategic Advisors, Inc. for investment planning for the year ended December 31, 2024.

NOTE 3 - FAIR VALUE MEASUREMENTS

ASC 820, *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy, which prioritizes the inputs used in measuring fair values. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC Topic 820 are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from, or corroborated by, observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The fair value measurement level of assets or liabilities within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023:

Mutual funds and money market funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following tables sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024 and 2023:

	2024			
	Level 1	Level 2	Level 3	Total
Investments measured at fair value on a recurring basis:				
Mutual funds	$ 232,078,860	$ -	$ -	$ 232,078,860
Money market fund	2,604,936	-	-	2,604,936
Total investments in the fair value hierarchy	234,683,796	-	-	234,683,796
Investments measured at NAV - collective trust	-	-	-	3,612,561
Total investments, at fair value	$ 234,683,796	$ -	$ -	$ 238,296,357

	2023			
	Level 1	Level 2	Level 3	Total
Investments measured at fair value on a recurring basis:				
Mutual funds	$ 201,137,690	$ -	$ -	$ 201,137,690
Money market fund	3,561,055	-	-	3,561,055
Total investments in the fair value hierarchy	204,698,745	-	-	204,698,745
Investments measured at NAV - collective trust	-	-	-	4,911,439
Total investments, at fair value	$ 204,698,745	$ -	$ -	$ 209,610,184

The Plan is applying the practical expedient to its investment in Fidelity's Managed Income Portfolio (MIP), a stable value collective trust fund. The MIP's investment objective is to seek the preservation of capital and to provide a competitive level of income over time that is consistent with the preservation of capital.

Participants' ownership of the MIP is represented as units. Units are issued and redeemed daily at the MIP's constant NAV of $1 per unit. The MIP allows for daily liquidity with no additional days' notice required for redemption. It is the policy of the MIP to use its best efforts to maintain a stable NAV of $1 per unit, although there is no guarantee that the MIP will be able to maintain this value. Plan management believes the occurrence of events that would cause the MIP to transact at less than NAV is not probable.

NOTE 4 - INFORMATION CERTIFIED BY TRUSTEE

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity Management Trust Company (Fidelity), the Trustee of the Plan, has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments, at fair value, and notes receivable from participants, as shown in the statements of net assets available for benefits as of December 31, 2024 and 2023.
- Total investment income (loss) and interest income on notes receivable from participants, as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2024.
- Schedule H, line 4i - schedule of assets (held at end of year) as of December 31, 2024.

NOTE 5 - PARTY-IN-INTEREST TRANSACTIONS

Certain plan investments are shares of money market, mutual, and a collective trust fund managed by Fidelity Investments. Fidelity Investments is a related entity to Fidelity Management Trust Company, the Trustee, as defined by the Plan. Therefore, these transactions qualify as party-in-interest transactions. In addition, notes receivable from participants are also party-in-interest transactions, which are exempt from the prohibited transaction rules.

NOTE 6 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Plan sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

NOTE 7 - INCOME TAX STATUS

The Internal Revenue Service (IRS) has determined and informed Fidelity by a letter dated June 30, 2020 that the prototype plan document is designed in accordance with applicable sections of the Code. Although the Plan has been amended since receiving the opinion letter, the Plan Administrator believes that the Plan is designed in accordance with the applicable requirements of the Code.

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2024, there are no uncertain tax positions taken, or expected to be taken, that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 8 - RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of the financial statements to Schedule H of Form 5500:

	Net Increase in Net Assets before Transfers in	Net Assets Available for Benefits December 31,	
	2024	2024	2023
Amount per financial statements	$ 28,928,790	$ 241,763,873	$ 212,835,084
Prior year contributions receivable	902,032	-	(902,032)
Current year contributions receivable	(909,594)	(909,594)	-
Amount per 5500	$ 28,921,228	$ 240,854,279	$ 211,933,052

NOTE 9 - SUBSEQUENT EVENTS

The Plan has evaluated all subsequent events through October 15, 2025, which represents the date the financial statements were available to be issued.
