Veritas Capital 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Veritas Capital 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate to the best of their knowledge.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion
We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements
Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements
Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedules Required by ERISA
The supplemental schedules, Schedule H, line 4a—schedule of delinquent participant contributions for the year ended December 31, 2025 and Schedule H, line 4i—schedule of assets (held at end of year) as of December 31, 2025, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedules related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note 1. Description of Plan

The following summary description of Veritas Capital 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan Document ("PD") for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established April 1, 2007, for the benefit of all eligible employees, of Veritas Capital Fund Management, L.L.C. (the "Plan Sponsor"), who meet certain Eligibility Conditions, as defined in the PD. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Plan committee is responsible for oversight of the Plan and determines the appropriateness of the Plan's investment offerings, and monitors investment performance.

Voya served as the Plan's recordkeeper through April 30, 2025, and maintained separate records with respect to participant and employer contributions, including any related earnings credited to participants' accounts. Effective May 1, 2025, the Plan transitioned its recordkeeping services to Fidelity Investments, which thereafter maintained such records for the Plan.

The Plan is funded through one investment arrangements that include traditional insurance investment contract with Voya Retirement Insurance and Annuity Company (Voya) and trust assets held by Fidelity Management Trust Company (Fidelity). Fidelity serves as trustee and holds certain Plan assets in trust, while Voya provides investment contract services for a portion of the Plan's investments.

Eligibility

All employees of the Plan Sponsor are immediately eligible to participate in the Plan as of April 30, 2025. Leased employees are not eligible to participate in the Plan.

Effective May 1, 2025, Employees of the Company are generally eligible to participate in the Plan upon attaining age 21 and completing one month of service. Eligible employees enter the Plan on the first day of the month coinciding with or next following the date they satisfy the Plan's eligibility requirements. Certain employee groups, including interns and leased employees, are excluded from participation.

Enrollment

The Plan has an automatic enrollment provision that will enroll participants with a 6% elective deferral rate unless the Participant chooses otherwise or to not enroll in the Plan.

Effective May 1, 2025, certain eligible employees are automatically enrolled in the Plan, unless they affirmatively elect to opt out of participation.

Contributions

Participants may contribute up to 100% of their annual compensation to the Plan pre-tax basis or as Roth 401(k) contributions, not to exceed the annual dollar limit provided by the Internal Revenue Code ("IRC").

The Plan Sponsor may elect to make a matching contribution equal to a discretionary percentage of participant's elective deferrals, to be determined by the employer. The Plan Sponsor elected to make matching contributions effective January 1, 2025, at the rate of $0.50 for every $1 contributed up to 6% of eligible compensation.

The Plan Sponsor may also make discretionary profit sharing contributions to the Plan to be credited to the participants' accounts based on a percentage of their pay. During the year ended December 31, 2025, the Plan Sponsor did not make any discretionary profit sharing contributions to the Plan.

Payment of Benefits

Distributions are made to participants upon termination of service or, if the participant chooses, upon reaching age 59½. Withdrawals from the Plan may also be made upon circumstances of financial hardship in accordance with provisions specified in the PD.

Participant Accounts

Each participant's account is credited with the participant's and employer's contributions and an allocation of the Plan's earnings or losses. Plan earnings and expenses are allocated based on account balances. Each participant's account is updated daily to reflect any investment gains or losses.

Participant's Investment Options

Participants must direct their salary deferral contributions to selected investments as made available by the Plan Sponsor. Participants may change their investment options at any time throughout the year.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. The vesting in employer discretionary contributions, if any, is based on years of service as follows:

Employer Match and Profit Sharing Contributions

Participant's Years of Service	Vested Percentage
1	20%
2	40%
3	60%
4	80%
5	100%

Forfeitures

Forfeitures relate to nonvested employer discretionary contributions. At December 31, 2025 and 2024, the forfeited nonvested account balances totaled $212,496 and $32,350, respectively. During the year ended December 31, 2025, $64,952 of forfeited nonvested account balances were used to fund employer contributions.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Participants may borrow from their fund accounts up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. There is a limit of two outstanding loans at any given time. Loan terms range from one to five years; however, terms may exceed five years for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the Plan Administrator. Principal and interest are paid ratably through payroll deductions. Delinquent participant loans are recorded as distributions on the basis of the terms of the Plan. As of December 31, 2025, there were $1,485 outstanding notes receivable from participants. As of December 31, 2024, there were $37,477 outstanding notes receivable from participants.

Administrative Expenses

All expenses related to administering the Plan may be paid from the Plan unless paid by the Plan Sponsor. Such expenses may include, but are not limited to, fees for accountants, counsel and other costs of administering the Plan. The Plan Sponsor may reimburse the Plan for any administrative expenses incurred.

Note 2. Summary of Significant Accounting Policies

The following are the significant accounting policies followed by the Plan:

Basis of Accounting

The Plan's financial statements have been prepared on the accrual basis of accounting.

Valuation of Investments and Income Recognition

The Plan Committee determines the Plan's valuation policies utilizing information provided by the trustee. The Plan's investments are reported at fair value (except for fully benefit responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measurement for the portion of the net assets available for benefits attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Purchases and sales of securities are recorded on a trade-date basis. Dividend income is recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Contributions

Contributions from Participants and the matching contributions from the employer are recorded in the year in which the employee contributions are withheld from compensation.

Payment of Benefits

Benefits are recorded when paid.

Use of Estimates

The preparation of financial statements in accordance with generally accepted accounting principles in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Subsequent Events

The Plan Administrator has evaluated subsequent events for potential recognition and or disclosure through October 15, 2026, the date the financial statements were available to be issued.

Note 3. Information Certified by the Voya Retirement Insurance and Annuity Company and Fidelity Management Trust Company

The following is a summary of the Plan's asset information as of December 31, 2025 and 2024, and for the year ended December 31, 2025, included throughout the Plan's financial statements and ERISA-required supplemental schedule of assets held at year end, obtained by management and agreed to or derived from information certified as complete and accurate to the best of their knowledge by Voya and Fidelity, qualified institutions:

Voya Retirement Insurance and Annuity Company

	2025	2024
Investments:		
Pooled separate account, at fair value	$ -	$ 23,984,618
Guaranteed investment contract, at contract value	281,314	392,238
	$ 281,314	$ 24,376,856
Receivables:		
Notes receivable from participants	$ -	$ 37,477

Voya also certified to the completeness and accuracy, to the best of their knowledge, of $283,667 net depreciation in fair value of investments, $4,822 of interest and dividends and $411 of interest income or notes receivable from participants related to the aforementioned plan assets for the year ended December 31, 2025.

Fidelity Management Trust Company

	2025	2024
Investments:		
Registered Investment Companies , at fair value	$ 27,946,157	-
	27,946,157	-
Receivables:		
Notes receivable from participants	$ 1,485	$ -

Fidelity also certified to the completeness and accuracy, to the best of their knowledge, of $3,685,074 of net appreciation in fair value of investments, $701,378 of interest and dividends and $186 of interest income related to the aforementioned plan assets for the year ended December 31, 2025.

Note 4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under Financial Accounting Standards Board (FASB) Accounting Standards Codification 820 are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

a) Quoted prices for similar assets or liabilities in active markets
b) Quoted prices for identical or similar assets or liabilities in inactive markets
c) Inputs other than quoted prices that are observable for the asset or liability
d) Inputs that are derived principally from or corroborated by observable market data by correlation or other means

   If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Registered investment companies: Registered investment companies include mutual funds. Mutual funds are valued at the daily closing price as reported by the fund. Shares of registered investment companies held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The registered investment companies held by the Plan are deemed to be actively traded. Exchanged traded funds are valued based on their daily closing price as reported by the exchange the fund is traded on.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025 and 2024:

	Assets at Fair Value as of December 31, 2025			
	Level 1	Level 2	Level 3	Total
Registered Investment Companies, at fair value	$ 27,946,157	$ -	$ -	$ 27,946,157
Total Investment at fair value	$ 27,946,157	$ -	$ -	$ 27,946,157

Investment	2025 Fair Value	2024 Fair Value	Unfunded Commitment	Redemption Frequency	Redemption Notice Period
Variable Annuity Account D	$ -	$ 23,984,618	$ -	Daily	None

Variable Annuity Account D is a separate account maintained by Voya. Voya owns the assets in Variable Annuity Account D and the separate account is not chargeable with liabilities arising out of any business that Voya may conduct. Variable Annuity Account D is divided into a series of investment funds, which consist of mutual funds and other investments. The investment funds are unitized, tracked and made available through the separate account for participants to self-direct their investment allocations. The participants and the Plan do not own a direct interest in the unitized investment funds. The investment funds net asset values are used to derive the plans NAV in Variable Annuity Account D. The initial unit value for each investment fund shall be arbitrarily set by Voya Retirement and Insurance Company. On a valuation date, which is normally each business day, the investment fund unit value is calculated with adjustments for dividends or capital gain distributions.

The following table sets forth, by investment fund, the assets whose fair value is used to derive the value of the Plan's interest in Variable Annuity Account D as of December 31, 2024.

Note 5. Investment Contract with Insurance Company

The Plan has a traditional insurance investment contract with Voya. With traditional investment contracts, the Plan owns only the contract itself and not the underlying assets. The insurance investment contract meets the fully benefit-responsive investment contract criteria and, therefore, is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. The contract value was $281,314 and $392,238 as of December 31, 2025, and 2024, respectively.

Voya maintains the contributions under the investment contract in the insurance company's general account. The insurance investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. Such interest rates re reviewed periodically for resetting.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (a) amendments to the Plan documents (including complete or partial plan termination or merger with another plan), (b) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (c) bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spinoffs of a subsidiary) that cause a significant withdrawal from the Plan, or (d) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan Administrator does not believe that any events that would limit the Plan's ability to transact at contract value with participants are probable of occurring.

Note 6. Tax Status

The Plan has adopted a preapproved plan document that has received an opinion letter from the Internal Revenue Service (IRS) dated June 30, 2020, stating that the form of the preapproved plan document was in compliance with applicable requirements of the Internal Revenue Code (IRC). The Plan has been amended since adopting the preapproved plan document; however, the Plan Administrator believes the Plan is designed, and is being operated, in compliance with the applicable requirements of the IRC.

FASB guidance requires the evaluation of tax positions taken or expected to be taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2025 and 2024, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements.

Note 7. Plan Termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under then Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event the Plan terminates, participants will become 100% vested in their employer contributions.

Note 8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near-term and that such changes could materially affect participants' account balances and the amounts reported in the 2025 statement of net assets available for benefits.

Note 9. Exempt Party-in-Interest Transactions

The Plan's investments are comprised of a traditional insurance investment contract managed by Voya and trust assets held by Fidelity. During the year ended December 31, 2025, the Plan paid administrative fees of $30,300 to its service providers, which are included in administrative expenses in the statement of changes in net assets available for benefits. Transactions with Voya and trust assets held by Fidelity qualify as exempt party-in-interest, as defined by ERISA.

Note 10. Prohibited Transactions

During 2025, the Plan Sponsor inadvertently failed to deposit $433,312 of participant contributions and loan payments within the required timeframe as stated by the United States Department of Labor regulations. The Plan Sponsor intends to deposit the lost earnings to correct these Prohibited Transactions in 2026. The Plan Sponsor intends to file Form 5330 and pay applicable excise tax to the IRS. The correction and excise tax will be made from the Plan Sponsor's assets and not from assets of the Plan.
