Report of Independent Certified Public Accountants

To the Plan Administrator of
Nypro Puerto Rico, Inc. 401(k) Retirement Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of **Nypro Puerto Rico, Inc. 401 (k) Retirement Plan**, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by bank or similar institution or insurance carrier, in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025 stating that the certified investment information, as described in Note (4) to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion
We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of **Nypro Puerto Rico, Inc. 401 (k) Retirement Plan** and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements
Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about **Nypro Puerto Rico, Inc. 401 (k) Retirement Plan** ability to continue as a going concern within one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor’s Responsibilities for the Audit of the Financial Statements
Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of **Nypro Puerto Rico, Inc. 401 (k) Retirement Plan**'s internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about **Nypro Puerto Rico, Inc. 401 (k) Retirement Plan**'s ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audits.

Other Matters – Supplemental Schedule Required by ERISA
The supplemental Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year) as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

(1) Description of the Plan:

The following description of the Nypro Puerto Rico, Inc. 401(k) Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

(a) General -

The Plan is a defined contribution plan sponsored by Nypro Puerto Rico, Inc. (the Company or Sponsor). In order to be a plan participant, the employee must be 18 years old, a resident of Puerto Rico, and not covered by a collective bargaining agreement. The Plan has no service eligibility requirement, and all eligible employees have immediate entry to the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. The Plan became effective on January 1, 2004.

Effective on July 15, 2022, the Plan was restated in its entirety to incorporate its provisions in an individually designated plan document and, to change the fiscal year of the plan from fiscal year ending on June 30 to a calendar year.

There were 397 and 421 participants with account balances in the Plan as of December 31, 2025 and 2024, respectively.

(b) Plan administrator -

The Plan's Sponsor serves as Plan administrator. The Plan is managed by a Trust established by the Sponsor, who has appointed as trustee, the Sponsor's Director of Operations.

(c) Contributions -

Each calendar year, participants may contribute up to $15,000 of pretax annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make additional employee contributions ("catch up contributions") up to $1,500 per calendar year. Catch up contributions are taken into account in applying any matching contribution under the Plan. Participants may elect to make voluntary contributions of any amount not in excess of 10% of their aggregate compensation during all Plan years. Voluntary contributions and earnings thereon shall be on an after-tax basis.

The Sponsor contributes $1.00 per each dollar of a participant's pre-tax contribution for the first 3% of the participant's eligible compensation. Also, the Sponsor makes an additional matching contribution equal to $0.50 per each dollar of the participant's pre-tax contribution for the next 2% of the participant's eligible compensation. Each Plan year, the Sponsor may contribute discretionary profit-sharing contributions in such amounts as the Sponsor determines.

(d) Participant accounts -

Each participant's account is credited with the participant's contributions and sponsor's matching contributions, as well as allocations of the Sponsor's profit-sharing contribution, if any, and Plan investment earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan, and, if any, Plan investment losses. Allocations are based on account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

(e) Vesting -
Effective January 1, 2014, participants are 100% vested at all times in their pre-tax and voluntary contributions, and in the Sponsor's matching and discretionary contributions, plus actual earnings (losses) thereon.

(f) Notes receivable from participants -
Participants may apply for a loan up to 50% of their vested account balance or $50,000, whichever is less. The minimum amount of each loan is $500. Loan terms range up to five (5) years, with the exception of loans applied toward the purchase of a principal residence for the participant, which range up to fifteen (15) years. Participant loans are secured by the balance in the participant's account and bear interest at rates ranging from 4.25% to 9.50%. Principal and interest are paid ratably through mandatory payroll deductions.

(g) Payment of benefits -
Upon termination of service, death, disability or retirement (after 60 years of age with an option of early retirement after 55 years of age) a participant (or participant's beneficiary in the event of death) may elect to receive a lump-sum distribution, installment payments over a certain period, life annuity payments or annuity contract payments from an insurance company, subject to certain limitations. In addition, hardship and in-service distributions are permitted, if certain criteria are met.

(h) Forfeited accounts -
As of December 31, 2025 and 2024, forfeited non-vested accounts amounted to $42,529 and $155,313, respectively. Forfeitures under the Plan can be used to reduce the amount the Sponsor must contribute to the Plan, reduce related Plan costs and expenses or, if the forfeitures are in excess of the employer contribution for such Plan year, the excess amounts can be used to reduce the employer contribution in the next succeeding Plan years. During the year ended on December 31, 2025, forfeitures amounting to $115,929 were used to cover employer matching contribution. Dividend income, realized and unrealized gains and losses from these forfeitures resulted in a net investment income of $3,145 for the year ended December 31,2025.

(i) Investment options -
Participants direct the investment of their contributions into various investment options offered by the Plan.

(2) Summary of significant accounting policies:

(a) Basis of accounting and use of estimates -
The accompanying financial statements are prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America (GAAP). The preparation of financial statements in conformity with GAAP requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results could differ from those estimates.

(b) Basis of presentation -
The Plan's fiscal year ends on December 31st of each year. All references to years in these notes to the financial statements represent fiscal years then ended unless otherwise noted.

(c) Investment valuation and income recognition -
Investments, other than investments in collective trust funds, are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between

market participants at the measurement date. Please refer to Note (3) for additional information about fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

(d) Notes receivable from participants -
Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis.

As of December 31, 2025, no allowance for credit losses has been recorded. If a participant does not make loan repayments and the plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

(e) Payment of benefits -
Benefits are recorded when paid.

(f) Administrative expenses -
Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included in net appreciation (depreciation) in fair value of investments, presented in the accompanying statement of changes in net assets available for benefits.

During the year ended December 31, 2025, the Plan Sponsor paid $28,579 in administrative expenses.

(g) Risks and uncertainties -
The Plan invests in various types of investments securities. Investments securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances, and the amounts reported in the statements of net assets available for benefits.

(3) Fair value measurements:

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

(a) Quoted prices for similar assets or liabilities in active markets;

(b) Quoted prices for identical or similar assets or liabilities in inactive markets;

(c) Inputs other than quoted prices that are observable for the asset or liability; and

(d) Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Money market funds - Valued at cost, plus accrued interest, which approximates fair value.

Collective trust funds – A collective trust is valued at the net asset value or equivalent based on units of the collective trust. The net asset value (NAV), as provided by the custodian, is used as a practical expedient to estimate fair value. The NAV is generally based on the fair value of the underlying investments held by the collective trust less its liabilities. This practical expedient is not used when it is determined to be probable that the collective trust fund will sell the investment for an amount different than the reported NAV.

Mutual funds – Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025 and 2024.

Assets at fair value as of December 31, 2025

	Level 1	Level 2	Level 3	Total
Money market	$ 786	$ -	$ -	$ 786
Mutual funds	12,564,190	-	-	12,564,190
Total assets in the fair value hierarchy	12,564,976	-	-	12,564,976
Collective trust funds measured at NAV	-	-	-	93,367
Total investments	$ 12,564,976	$ -	$ -	$ 12,658,343

Assets at fair value as of December 31, 2024

	Level 1	Level 2	Level 3	Total
Money market	$ 870	$ -	$ -	$ 870
Mutual funds	11,128,306	-	-	11,128,306
Total assets in the fair value hierarchy	11,129,176	-	-	11,129,176
Collective trust funds measured at NAV	-	-	-	211,286
Total investments	$ 11,129,176	$ -	$ -	$ 11,340,462

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model–based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the period.

The Plan evaluates the significance of transfers between levels based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits. For the year ended December 31, 2025, there were no transfers in or out of levels 1, 2, or 3.

(4) Information certified by the trustee:

The Plan Administrator has determined that it is permissible in the circumstances to have the audits of the Plan performed in accordance with ERISA section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the investment information included in the accompanying financial statements and ERISA-required supplemental schedule of assets (held at end of year) were obtained or derived from information obtained by the Plan Administrator and certified as complete and accurate by Banco Popular de Puerto Rico ("BPPR") (a party in interest), qualified institution, and in accordance with 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. BPPR, the trustee of the Plan, held the Plan's investment assets and executed investment transactions as of December 31, 2025, and 2024 and for the year ended December 31, 2025. Information obtained or derived from information supplied to the Plan Administrator and certified as complete and accurate by BPPR:

Investments (at fair value) from participants, as shown in the statements of net assets available from benefits as of December 31, 2025 and 2024.

Investment activity, as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2025, as follows:

- Interest and dividend income in the amount of $403,138.
- Net appreciation in fair value of investments in the amount of $1,390,273.

The information for all investments listed in the schedule of assets (held at end of year) as of December 31, 2025 as shown in the ERISA-required supplemental schedule.

(5) Related-party and party-in-interest transactions:

Investments are managed by the Custodian and record keeper for the plan, Merrill Lynch, Pierce, Fenner & Smith Incorporated ("Merrill Lynch"). Banco Popular de Puerto Rico ("BPPR") is the trustee, as defined by the Plan Document. Therefore, transactions with these servicers qualify as party-in interest transactions. BPPR and Merrill Lynch receive administrative fees for providing certain administrative or shareholder services.

(6) Plan termination:

Although it has not expressed any intent to do so, the Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their account balances.

(7) Tax status:

The Plan has received its latest determination letter from the Puerto Rico Department of Treasury (the Treasury Department) dated August 22, 2023, stating that the Plan and related trust are qualified under the applicable sections of the Puerto Rico Internal Revenue Code of 2011 (the Code). The Plan administrator and the Plan's tax counsel believe that the Plan is currently designed, and is currently being operated, in compliance with the applicable requirements of the Code and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Treasury Department. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that, as of December 31, 2025 and 2024, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

(8) Reconciliation of financial statements to Schedule H of Form 5500:

The following is a reconciliation of net assets available for benefits per the financial statements to Schedule H of Form 5500 at December 31, 2025 and December 31, 2024:

	2025	2024
Net assets available for benefits per the financial statements	$ 13,200,724	$ 11,985,324
Less: Notes receivable from participants that have been deemed distributed	(1,840)	(1,840)
Net assets available for benefits per Form 5500	$ 13,198,884	$ 11,983,484

(9) Subsequent events:

The Plan has evaluated subsequent events through October 14, 2026, the date the financial statements were available to be issued.
