INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator
Mattson Technology, Inc. 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audits

We have performed audits of the accompanying financial statements of Mattson Technology, Inc. 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Mattson Technology, Inc. 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audits of the Financial Statements section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audits of the Financial Statements section of our report. We are required to be independent of Mattson Technology, Inc. 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audits does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Mattson Technology, Inc. 401(k) Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audits of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audits section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing audits in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audits.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audits in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Mattson Technology, Inc. 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Mattson Technology, Inc. 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control related matters that we identified during the audits.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedules of assets (held at end of year) as of December 31, 2025 and delinquent participant contributions for the year the ended (collectively, "supplemental schedules") are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Mattson Technology, Inc. 401(k) Plan
Notes to Financial Statements
December 31, 2025 and 2024

1. DESCRIPTION OF THE PLAN

The following description of Mattson Technology, Inc. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the plan documents for a more complete description of the Plan's provisions.

General

The Plan, a defined contribution savings plan sponsored by Mattson Technology, Inc. (the "Company" or "Employer"), pursuant to Section 401(a) and related provisions of the Internal Revenue Code ("IRC"), was restated on April 20, 2022, and is designed to provide participants with a means to defer a portion of their compensation for retirement and to provide benefits in the event of disability, death, termination, or financial hardship. The Plan is subject to the provisions of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA") and the IRC.

The expansion of Setting Every Community Up for Retirement Enhancement Act of 2019 ("SECURE 2.0") was signed into law on December 29, 2022, as part of the Consolidated Appropriations Act of 2023. The effective dates of provisions within SECURE 2.0 vary through 2026. The Plan Sponsor has until the end of the first plan year beginning on or after January 1, 2026, to amend the Plan for the changes related to SECURE 2.0. The Plan has been formally amended to adopt these provisions as of the date the financial statements were available to be issued.

Plan administration

The Company has designated the 401(k) Committee (the "Committee") to administer the Plan, and as such, the Committee carries out the duties imposed by ERISA and the IRC. The Committee has delegated certain responsibilities for the operation and administration of the Plan. The Plan's investments are held by Fidelity Management Trust Company (the "Trustee"). Recordkeeping services are provided by Fidelity Workplace Services LLC (the "Recordkeeper"), an affiliate of the Trustee. The Trustee manages the Plan's investments and makes investment transactions while the Recordkeeper manages participant accounts and participant related transactions. Certain administrative expenses of the Plan were paid directly by the Company for the year ended December 31, 2025. The Plan is not required to reimburse the Company for expenses paid on its behalf. Loan set-up and maintenance and distribution fees are paid by the individual participants receiving a loan or distribution. Investment fees, which may vary according to the individual funds selected, are deducted directly from participants' investment returns.

Eligibility

The Plan covers any employees of the Company who have attained the age of 18, except for leased employees and non-resident aliens who do not receive any earned income from the Employer which constitutes United States source income.

1. DESCRIPTION OF THE PLAN (continued)

Participant contributions

Participants may elect to contribute through payroll deductions amounts up to 100% of their annual compensation as defined by the Plan, on a tax-deferred, Roth after-tax, or after-tax basis, up to a maximum amount allowed by the IRC. Maximum allowed deferral amounts were $23,500 for 2025. Employees age 50 or older could also contribute an additional $7,500 catch-up contribution to the Plan for 2025.

Participants may also contribute amounts representing distributions from other qualified employer-sponsored retirement plans (rollovers). Participants direct the investment of all their contributions into various investment options offered by the Plan.

Employer contributions

The Company has the discretion under the plan document to match participant deferrals. Participants become eligible to receive the Company's matching contributions upon meeting plan eligibility requirements. The Company made discretionary matching contributions equal to 20% of a participant's deferral up to an annual maximum of $3,000 for the year ended December 31, 2025.

Participant accounts

Each participant's account is credited with the participant's contributions or rollovers and allocations of the Company's contributions, if any, and Plan earnings, and charged with an allocation of investment losses and administrative expenses not paid directly by the Company. Participants direct the investment of contributions to their respective accounts into the investment options offered by the Plan. Allocations of investment earnings are based strictly on the participant's selection of investments and timing of purchase. Other allocations are based on participant earnings or account balances, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Vesting

Participants are immediately vested in all contributions allocated to their accounts, plus actual earnings thereon.

Forfeited non-vested accounts

Forfeited account balances may be used to pay Plan expenses or reduce the Company's contributions to the Plan. Forfeited non-vested accounts totaled $10,313 and $6,410 as of December 31, 2025 and 2024, respectively. Forfeitures of $2,090 were used to pay Plan expenses during the year ended December 31, 2025. No forfeitures were used to reduce Company contributions during the year ended December 31, 2025.

1. DESCRIPTION OF THE PLAN (continued)

Notes receivable from participants

Notes receivable from participants ("participant loans" or "loans") are issued directly from the participant's account balance. Under the terms of the Plan, participants may borrow from their accounts, a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50 percent of their vested account balance. Loan terms are generally five years or less, but may exceed five years if the purpose of the loan is to purchase a principal residence. The loans are secured by the balance in the participant's account and accrue interest at the prime rate plus 1%, set on the date that the loan was distributed. All outstanding loans accrue interest at rates ranging from 4.25% to 9.50% with maturity dates through September 2035, and become immediately payable in the event of default, death, disability, or termination of employment.

Payment of benefits

Upon termination of service due to death, disability, normal retirement, or termination of service, a participant is entitled to receive an amount equal to the vested interest in his or her account, payable in lump sum form. In general, if a participant's vested balance, as defined by the Plan, is equal to or greater than $5,000 upon termination, the participant can consent to either a distribution paid in the form of a lump-sum cash payment, a direct rollover into another qualified plan, a specified series of installments equal to the value of their vested account balance or postpone payment to a later date and remain in the Plan as described in the plan documents. Participants' account balances that are less than $5,000, but in excess of $1,000 (the involuntary cash out amount) will be rolled over to an individual retirement account designated by the Plan Administrator, if the participant does not request a lump-sum cash payment or direct rollover into another qualified benefit plan. If a participant's account balance is equal to or less than $1,000 upon termination, the Plan will distribute the balance in a lump-sum cash payment unless a direct rollover into another qualified benefit plan is requested.

In service withdrawals of all or a portion of a participant's vested account balance may be withdrawn by a participant after reaching age 59 1/2. In service withdrawals of all or a portion of a participant's rollover account may be withdrawn at any time.

Withdrawals from the Plan may also be made upon circumstances of financial hardship, subject to a $500 minimum amount, in accordance with the provisions specified within the Plan. Hardship withdrawals are strictly regulated by the Internal Revenue Service ("IRS").

Distributions from the Plan will normally be subject to income taxes and in certain circumstances may also be subject to IRS penalties, unless the distribution is transferred to another qualified plan or individual retirement account.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting

The accompanying financial statements have been prepared using the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of estimates

The preparation of financial statements in conformity with U.S. GAAP requires plan management to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein, and disclosure of contingent liabilities. Actual results may differ from those estimates.

Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near-term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and changes therein.

Contributions and contributions receivable

Contributions from participants are recorded based on the date the contributions have been separated from a participant's pay by the Company, which is the pay date.

Employer contributions are recorded in the year they are earned and to coincide with the year in which the Company records contributions. The Plan records receivables for all contributions based upon the contributions recognized, less amounts received by the Plan as of the last day of the Plan year.

Contributions representing participant rollovers from other qualified defined benefit or defined contribution plans are recorded when received by the Trustee.

Investment valuation and income recognition

Investments are reported at fair value, except for fully benefit-responsive investment contracts which are recorded at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (Note 3). The Plan's Investment Committee determines the Plan's valuation policies using information provided by the Plan's advisers.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Investment valuation and income recognition (continued)

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Management fees and expenses charged to the Plan for investments in mutual fund accounts are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment return for such investments.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and expensed when they are incurred.

Payment of benefits

Benefits to participants are recorded by the Plan when actual payment is made.

Administrative expenses

Certain expenses of maintaining the Plan are paid directly by the Plan Sponsor and are excluded from these financial statements. Fees related to the administration of notes receivable from participants and benefit payment transactions are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments. The Plan is not required to reimburse the Plan Sponsor for expenses paid on its behalf.

Subsequent events

The Plan evaluated events occurring between the end of the most recent financial year and through the report date, October 15, 2026, the date the financial statements were available to be issued. See Note 10 for a description of events that have occurred subsequent to year end.

3. INFORMATION PREPARED AND CERTIFIED BY THE TRUSTEE

The Plan administrator having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of ERISA. Accordingly, the Trustee, as defined in Note 1, determined to be a qualified institution by the plan administrator, has certified to the completeness and accuracy of:

3. INFORMATION PREPARED AND CERTIFIED BY THE TRUSTEE (continued)

- Investments and notes receivable from participants as shown in the accompanying statements of net assets available for benefits and schedule of assets as of December 31, 2025 and 2024;
- Investment income and interest income on notes receivable from participants as shown in the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2025;
- Investments and notes receivable from participants reflected on the schedule of assets (held at end of year) as of December 31, 2025 ("supplemental schedule").

Accordingly, as requested by the plan administrator, the Plan's independent auditor performed no procedures on the certified information other than to agree the certified information to the related information included in the financial statements and supplemental schedule.

4. FAIR VALUE MEASUREMENTS

Accounting standards establish a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to the unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of fair value hierarchy are as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access at the measurement date.

Level 2 - Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability; or

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement of the assets or liabilities.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Mutual funds: registered investment companies (mutual fund investments) are valued at the net asset value (NAV) of shares held by the Plan at year-end which are quoted in active markets. Investments are valued using market quotations or prices obtained from independent pricing services. The mutual funds held by the Plan are deemed to have a readily-determinable fair value and are classified within Level 1 of the fair value hierarchy.

4. FAIR VALUE MEASUREMENTS (continued)

Self-directed brokerage accounts: Accounts primarily consisting of mutual funds, common stocks and cash valued daily using readily-determinable market prices. The assets held in self-directed brokerage accounts held by the Plan are deemed to have a readily-determinable fair value and are classified within Level 1 of the fair value hierarchy.

Collective trust fund: NAV of units of a bank collective trust. The NAV, as provided by the Trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV. There are no unfunded commitments as of December 31, 2025 or 2024. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to require 12 months notification in order to ensure that securities liquidations will be carried out in an orderly business manner. Unit values are determined by dividing the fund's net assets at fair value by its units outstanding at the valuation date.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, although the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025:

	Level 1	Level 2	Level 3	Fair Value
Mutual funds	$ 62,981,866	$ -	$ -	$ 62,981,866
Self-directed brokerage accounts	673,972	-	-	673,972
	$ 63,655,838	$ -	$ -	63,655,838
Investments measured using NAV *				5,341,408
				$ 68,997,246

4. FAIR VALUE MEASUREMENTS (continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024:

	Level 1	Level 2	Level 3	Fair Value
Mutual Funds	$ 57,733,258	$ -	$ -	$ 57,733,258
Self-directed brokerage accounts	555,007	-	-	555,007
	$ 58,288,265	$ -	$ -	58,288,265
Investments measured using NAV *				5,606,112
				$ 63,894,377

* Investments measured at fair value using the NAV per share practical expedient have not been classified in the fair value hierarchy in accordance with applicable guidelines. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The following table sets forth a summary of the Plan's investments with a reported NAV as of December 31, 2025:

Investment Type	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Price at Year End
Collective trust	$ 5,341,408	0	Daily	None

The following table sets forth a summary of the Plan's investments with a reported NAV as of December 31, 2024:

Investment Type	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Price at Year End
Collective trust	$ 5,606,112	0	Daily	None

5. TAX STATUS

The Plan adopted the Fidelity Volume Submitter Profit Sharing Plan (the "volume submitter plan"). The Internal Revenue Service has issued an opinion letter dated June 30, 2020, stating that the volume submitter plan is designed in accordance with the applicable sections of the IRC and is appropriate for use by employers for the benefit of their employees. The plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRS and therefore, believes that the Plan is qualified and is tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

5. TAX STATUS (continued)

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

6. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

7. PARTY-IN-INTEREST TRANSACTIONS

ERISA defines party-in-interest similarly to the definition of a related party under U.S. GAAP, except that ERISA's definition is broader and includes all entities and individuals that provide services to the Plan; however, these entities may not necessarily be related parties. Management did not identify any related parties to the Plan that were not also considered to be party-in-interest.

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, and an employee organization whose members are covered by the Plan, a person who owns 50% or more of such an employer or employee association or relatives of such persons.

Certain fund level fees incurred by the funds in which the Plan invests for such services as investment management, shareholder services, and sub-transfer agency fees are paid through fund level revenue sharing arrangements. These fees reduce fund earnings, thereby impacting Plan revenue applied to participants' accounts.

Certain mutual fund investments are managed by the Trustee, therefore, the related investment management charges of these funds qualify as exempt party-in-interest transactions.

8. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Form 5500 at December 31:

	2025	2024
Net assets available for benefits per the financial statements	$ 69,349,325	$ 64,281,101
Add: excess contribution payable	-	1,768
Net assets available for benefits per the Form 5500	$ 69,349,325	$ 64,282,869

8. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500 (continued)

The following is a reconciliation of changes in net assets available for benefits per the financial statements to Form 5500 at December 31, 2025:

Net increase in net assets available for benefits per financial statements	$ 5,068,224
Less: excess contribution payable in prior year	(1,768)
Net increase in net assets available for benefits per Form 5500	$ 5,066,456

9. LATE REMITTANCES

Employee contribution withholdings totaling $3,331, comprising $1,524 from 2024 and $1,807 from 2023 were not timely remitted to the Plan. These amounts were corrected during 2025.

10. SUBSEQUENT EVENTS

Effective September 11, 2026, the Plan was amended to reflect applicable provisions of SECURE 2.0.
