Independent Auditor's Report

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of The Bretz Companies Inc. 401(k) Profit Sharing Plan & Trust (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of The Bretz Companies Inc. 401(k) Profit Sharing Plan & Trust's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2025 and 2024, and for the years then ended December 31, 2025 and 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management has determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of The Bretz Companies Inc. 401(k) Profit Sharing Plan & Trust and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about The Bretz Companies Inc. 401(k) Profit Sharing Plan & Trust's ability to continue as a going concern within one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing our audits in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of The Bretz Companies Inc. 401(k) Profit Sharing Plan & Trust's internal control. Accordingly, no such opinion is expressed.

Auditor's Responsibilities for the Audit of the Financial Statements (Continued)

In performing our audits in accordance with generally accepted auditing standards, we:

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about The Bretz Companies Inc. 401(k) Profit Sharing Plan & Trust's ability to continue as a going concern for a reasonable amount of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter Supplemental Schedules Required by ERISA

The supplemental Schedule of Delinquent Participant Contributions and Schedule of Assets (Held at End of Year) as of December 31, 2025, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplemental information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and is derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, have been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Other Matter - Supplemental Schedules Required by ERISA (Continued)

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules agreed to or derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental Schedule of Assets (Held at End of Year) relates to assets held by Sentry Life Insurance Company for the time period January 1, 2025 through November 25, 2025 and Empower Trust Company, LLC for the time period November 26, 2025 through December 31, 2025, and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

THE BRETZ COMPANIES INC. 401(k) PROFIT SHARING PLAN & TRUST
NOTES TO FINANCIAL STATEMENTS
December 31, 2025 and 2024

NOTE 1 - DESCRIPTION OF PLAN

The following brief description of The Bretz Companies Inc. 401(k) Profit Sharing Plan & Trust (the "Plan") is provided for general information purposes only. Participants should refer to the Plan Document and Summary Plan Description for more complete information.

General

The Bretz Companies Inc. (the "Company" or "Plan Sponsor") established the Plan effective January 1, 1985. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan is a defined contribution plan covering all employees of the Company who are not leased and whose terms and conditions of employment are not determined by a collective bargaining agreement.

Employees not otherwise excluded become eligible after attaining the age of 21 and completing 12 months and 1,000 hours of service. Employees may enter the Plan on the first day of the quarter following eligibility.

Effective November 1, 2024 a new related employer adopted the Plan and became a participating employer.

Effective November 25, 2025, the Plan was restated pursuant to the cycle three restatement period and current SECURE Act legislation.

Plan Administration

The administration of the Plan is the responsibility of the Plan Sponsor. All money that is contributed to the Plan is held for the benefit of the participants.

Contributions

Each participant may contribute a percentage of his or her pretax annual compensation through payroll deduction, as defined in the Plan document. Participants may contribute up to 100% of defined earnings, limited by §402(g) of the Internal Revenue Code. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Effective for Plan years beginning in 2025, participants who are ages 60 through 63 as of the last day of the calendar year may make increased catch-up contributions up to $11,250. Participants may also contribute amounts representing distributions from other tax-qualified retirement plans. Rollover contributions amounted to $120,124 and $24,236 for the years ended December 31, 2025 and 2024, respectively.

The Plan provides that the Company will make a discretionary matching contribution, determined each year, of a percentage of an employee's eligible compensation that is contributed to the Plan as deferral contributions, but in no case in an amount which is in excess of the amount allowable as a tax deduction under the Internal Revenue Code. The company made discretionary matching contributions of $301,980 and $278,167 for the years ended December 31, 2025 and 2024, respectively.

The Company may also make non-elective profit sharing contributions for any Plan year. Participants must complete 1,000 hours of service and be employed on the last day of the Plan year. No profit sharing contributions were made for the years ended December 31, 2025 and 2024.

NOTE 1 - DESCRIPTION OF PLAN (Continued)

Contributions (Continued)

The Company may make qualified non-elective contributions (QNECs) to the Plan in order to pass non discrimination testing or make corrective refunds to the Plan. Corrective refunds of $12,336 and $20,791 were determined in order to pass non discrimination testing for the years ended December 31, 2025 and 2024, respectively.

Notes Receivable from Participants

The Plan was amended May 15, 2019 to remove the existing loan policy and will no longer grant new loans. Existing participant loans will be paid according to the original loan terms identified in the agreement made with the participants. Loan terms range from one to five years or up to thirty years for the purchase of a primary residence. Participants pay Plan expenses related to the issuance of the loan. A participant may not have more than one loan outstanding at a time. Loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the Plan administrator. Principal and interest is paid ratably through payroll deductions. Participant loans at December 31, 2025 and 2024 were $0 and $26,797, respectively.

Investment Options

Upon enrollment in the Plan, a participant may direct employee and employer contributions into a variety of funds made available through the Plan. The Plan Sponsor may change the investment options offered at any time, as deemed appropriate. Investments made available within the Plan are all participant directed. Participants have access to their account information through the Internet and may make allocation changes at any time, subject to the Securities & Exchange Commission restrictions on excess trading.

The fund offerings are intended to provide participants with a variety of investment options over the usual range of asset classes with varying risk categories from conservative to aggressive. The prospectuses of the various funds offer detailed information on the characteristics, operations, management and expenses of the investments offered.

Participant Accounts

Each participant's account is credited with the participant's contributions, employer contributions and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately 100% vested in their elective deferral contributions and QNEC contributions plus actual earnings thereon. Vesting in the Company's matching and non-elective profit sharing contributions and earnings thereon is based on covered years of service. For purposes of determining a participant's vested benefit, years of service are computed on the basis of completed Plan years of service and include all years of service with the employer in which an employee worked 1,000 hours. Company matching and non-elective profit sharing contributions vest 20% after two years of service, increasing by 20% for each additional year of service thereafter. Participants are vested 100% in Company contributions after six years of service.

NOTE 1 - DESCRIPTION OF PLAN (Continued)

Distribution Provisions

Pursuant to Plan provisions, distributions may be made from the Plan upon the participant's normal retirement, disability, death or termination of employment. A mandatory distribution is required if a participant's account balance is less than $1,000. The normal form of payment under the Plan is a lump sum distribution, although ad hoc and installment distributions are permitted. The Plan also allows in-service distributions for participants that are age 65 and hardship distributions from participant and employer contribution sources.

Forfeitures

Forfeitures of non-vested employer contributions are retained in the Plan and are to be used to reduce employer contributions or pay Plan expenses. Non-vested portions for former employee accounts are forfeited when the former employee distributes their account balance or incurs their fifth consecutive one year break in service. Forfeitures used to reduce the Company's matching contributions totaled $73,620 and $28,753 for the years ended December 31, 2025 and 2024, respectively. Forfeitures used to pay Plan expenses totaled $9,387 and $834 for the years ended December 31, 2025 and 2024, respectively. The amount of forfeited non-vested accounts totaled $7,077 and $5,004 as of December 31, 2025 and 2024, respectively.

NOTE 2 - SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value and contract value. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for discussion of fair value measurements.

Contract value is the relevant measurement attribute for the portion of net assets available for benefits of defined contribution plans attributable to a fully benefit-responsive investment contract because contract value is the amount the participant would receive if they were to initiate permitted transactions under the terms of the Plan. The financial statements are prepared on the contract value basis for fully benefit-responsive contracts.

NOTE 2 - SUMMARY OF ACCOUNTING POLICIES (Continued)

Notes Receivable from Participants

Notes receivable from participants are recorded at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the loan is reclassified as a distribution based upon the terms of the Plan document.

Contributions

Contributions from Plan participants and the discretionary matching contributions from the Company are recorded in the year in which the employee contributions are withheld from eligible compensation.

Benefit Payments

Benefits are recorded when paid.

Plan Expenses

Expenses of the Plan, to the extent that the Company does not pay such expenses, may be paid out of the assets of the Plan provided that such payment is consistent with ERISA. Commissions paid to brokers for certain investment activities are netted against net appreciation (depreciation).

NOTE 3 - INFORMATION CERTIFIED BY QUALIFIED INSTITUTIONS

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. All investment information disclosed in the accompanying financial statements and schedule for the years ended December 31, 2025 and 2024, and net appreciation (depreciation) of investments, interest, dividends, gain (loss) on sales of assets, investment expenses and administrative fees were obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by the qualified institutions. Empower Trust Company, LLC was the qualified institution for the year end December 31, 2025. Sentry Life Insurance Company, was the qualified institution for the time period of January 1, 2025 through November 25, 2025 and for the year ended December 31, 2024.

Accordingly, as permitted under such election, the following information was not subjected to any auditing procedures performed by the independent public accountants, except for comparing such information certified by a qualified institution to information included in the Plan's financial statements and supplemental Schedule of Assets (Held at End of Year):

	2025	2024
Value of investment assets	$ 14,518,429	$ 12,990,397
Net appreciation in fair value of investments	$ 933,323	$ 1,293,642
Interest and dividends	$ 796,497	$ 72,541

NOTE 4 - GUARANTEED INVESTMENT CONTRACT

The Plan maintained a guaranteed investment contract with Sentry Life Insurance Company that was terminated during the Plan year. The Guaranteed Account was an investment choice available through a group annuity contract or group funding agreement. The objective of this fund was to maintain a competitive fixed interest rate and a minimum guaranteed rate of return. The Guaranteed Account was invested in the general asset account of Sentry Life Insurance Company (Sentry) and was guaranteed by Sentry's claims paying ability. Sentry's general account is primarily invested in investment grade fixed income securities.

Sentry credited the Guaranteed Account value with interest at a rate declared at least annually. Sentry determines the "Declared Interest Rate" at their discretion. Sentry guarantees the "Declared Interest Rate" applicable to any quarter to the end of the year in which the rate was applied. Sentry will declare any change in the "Declared Interest Rate" before the start of each quarter. The Guaranteed Account interest rate will never be less than the minimum interest rate specified in the contract. Sentry may, from time to time, credit interest rates in excess of the minimum interest rate. The interest rate was 2.80% and 2.90% as of November 25, 2025 and December 31, 2024, respectively.

As described in Note 2, because the Guaranteed Account was fully benefit-responsive, contract value was the relevant measurement attribute.

There were no reserves against contract value for credit risk of the contract issuer or otherwise. The contract value of the Guaranteed Account at December 31, 2025 and 2024 was $0 and $2,362,957, respectively.

Limits to Ability to Transact at Fair Value

In certain circumstances, the amount withdrawn from the Guaranteed Account would be payable at fair value rather than at contract value. These circumstances include termination of the Plan, a material adverse change to the provisions of the Plan, or if the Plan withdraws from the Guaranteed Account in order to switch to a different investment provider. During 2025, the Plan withdrew from the Guaranteed Account.

Issuer-Initiated Contract Termination

Examples of events that would permit the Guaranteed Account issuer to terminate the contract upon short notice include the Plan's loss of its qualified status, material and adverse changes to the provisions of the Plan, or uncured material breaches of responsibilities. If one of these events were to occur, the contract issuer could terminate the contract at the market value of the underlying investments at the hypothetical market value based upon a contractual formula.

NOTE 5 - FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3).

The three levels of the fair value hierarchy are described as follows:

Level 1 - observable inputs that are based upon quoted market prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - observable inputs other than Level 1 that are based upon quoted market prices for similar assets or liabilities, based upon quoted prices within inactive markets, or inputs other than quoted market prices that are observable through market data for substantially the full term of the asset or liability.

Level 3 - inputs that are unobservable for the particular asset or liability due to little or no market activity and are significant to the fair value of the asset or liability. These inputs reflect assumptions that market participants would use when valuing the particular asset or liability.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Registered investment companies: Valued at the net asset value (NAV) of shares held by the Plan at year end.

Pooled separate accounts: The unregistered pooled separate accounts are divided into investments called sub-accounts. Each sub-account invests in shares of an underlying mutual fund. Sub-account values are measured in terms of accumulation units. The accumulation units of a sub-account are assigned a unit value on a daily basis. The unit value is assigned at the close of each day the New York Stock Exchange (NYSE) is open for trading (this is called a "valuation day"). To determine the current accumulation unit value for a sub-account, the prior valuation day's accumulation unit value is multiplied by the net investment factor. The net investment factor is used to measure the investment performance of a sub-account from one valuation day to the next. The net investment factor for each sub-account equals the net asset value (NAV) per share of the underlying fund held in the sub-account at the end of the current valuation day, divided by the NAV per share of the underlying fund held in the sub-account at the end of each prior valuation day, minus any daily mortality and expense risk and administration charges, if applicable.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 5 - FAIR VALUE MEASUREMENTS (Continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025 and 2024:

	Level 1	Level 2	Level 3	Total
December 31, 2025				
Registered Investment Companies	$ 14,518,429	$ -	$ -	$ 14,518,429
December 31, 2024				
Pooled separate accounts	$ -	$ 10,627,440	$ -	$ 10,627,440

NOTE 6 - TAX STATUS

The Plan is operating under a Non-Standardized Pre-Approved Profit Sharing Plan that obtained its latest opinion letter on November 14, 2022, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. Although the Plan has been amended since receiving the opinion letter, the Plan administrator and the Plan Sponsor believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the Internal Revenue Code and therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the Internal Revenue Service or Department of Labor. The Plan administrator has analyzed the tax positions taken or expected to be taken by the Plan, and has concluded that as of December 31, 2025, there are no such tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 7 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions and the assets will be distributed to participants in proportion to their respective account balances.

NOTE 8 - PARTY-IN-INTEREST TRANSACTIONS

From January 1, 2025 through November 25, 2025, Sentry Life Insurance Company managed the Plan's investments and served as the Plan's third party administrator. Effective November 26, 2025, Empower Trust Company, LLC managed the Plan's investments and J.P. Morgan served as the Plan's third party administrator. Accordingly, these entities were parties-in-interest during their respective periods of service.

The Plan paid investment advisory fees to Morningstar Investment Management of $5,231 and $5,531 for the years ended December 31, 2025 and 2024, respectively. Additionally, administrative expenses for 2025 and 2024 included prior year audit fees. All transactions were conducted in the ordinary course of the Plan's operations and were consistent with applicable ERISA regulations.

NOTE 9 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 10 - DELINQUENT PARTICIPANT CONTRIBUTIONS

The Company identified certain participant contributions that were not remitted to the Plan timely under DOL Regulation 2510.3-102. Late contributions identified for the year ended December 31, 2025 totaled $20,371, and delinquent contributions from prior periods required to be reported totaled $1,007,473. The Plan processed corrections for certain late contributions from current and prior periods outside of the Voluntary Fiduciary Correction Program (VFCP). Total delinquent participant contributions reported in the supplemental information were $1,027,844.

NOTE 11 - SUBSEQUENT EVENTS

Management has evaluated subsequent events through October 14, 2026, the date on which the financial statements were available to be issued. Management determined there were no subsequent events that required reporting in the financial statements.
