Allen, Allen, Allen & Allen Retirement Savings Plan
Richmond, Virginia

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Allen, Allen, Allen & Allen Retirement Savings Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from qualified institutions as of December 31, 2025 and 2024, and for the years then ended, stating that the certified investment information, as described in Note 10 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

Auditor's Responsibilities for the Audit of the Financial Statements, Continued:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter

Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL’s Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

ALLEN, ALLEN, ALLEN & ALLEN RETIREMENT SAVINGS PLAN

Notes to Financial Statements

1. Description of Plan:

The following description of the Allen, Allen, Allen & Allen Retirement Savings Plan (the "Plan") provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering substantially all employees of Allen, Allen, Allen & Allen Corporation (the “Company”) who have attained age twenty-one or older. Employees of the Company can enter the Plan on January 1 or July 1 of the Plan year after satisfying the eligibility requirements. The Plan Oversight Committee appointed by the shareholders of the Company controls and manages the operation and administration of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Contributions: Each year, participants may contribute up to 85 percent of their pre-tax annual compensation, as defined in the Plan document, subject to Internal Revenue Code (“IRC”) limitations. Participant salary deferrals may be traditional 401(k) (pre-tax) or Roth 401(k) (after-tax). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans and certain individual retirement accounts.

The Plan includes an auto-enrollment provision whereby all newly eligible employees and current participants without an election are automatically enrolled in the Plan unless they affirmatively elect not to participate. Automatically enrolled participants have their initial deferral rate set at 3 percent of eligible compensation and their contributions are invested in a designated balanced fund until changed by the participant.

The Company makes a safe-harbor contribution of 3 percent of compensation for each eligible participant. The Company may also provide discretionary matching and profit sharing contributions. During the year ended December 31, 2025, the Company provided a discretionary matching contribution of 100 percent of the first 3 percent of compensation that a participant contributed to the Plan and provided a discretionary profit sharing contribution of 6 percent of eligible compensation to managing shareholders and 3 percent of eligible compensation to non-managing shareholders and to the Executive Director. Contributions are subject to certain limitations.

Participant Accounts: Each participant's account is credited with the participant's contribution and allocations of (a) the Company’s safe-harbor contribution, (b) the Company’s profit sharing contribution and (c) plan earnings (losses), and charged with an allocation of administrative expenses and transaction fees (distribution fees and recordkeeping fees), where applicable. Allocations are based on participant’s earnings or account balance, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

1. Description of Plan, Continued:

Vesting: Participants are immediately vested in their contributions and the Company's safe-harbor contributions plus actual earnings thereon. Vesting in the Company's discretionary matching and profit-sharing contribution portion, plus actual earnings thereon, is based on years of service. A participant is 100 percent vested after five years of credited service.

Investment Options: Participants direct the investment of their accounts into various investment options offered by the Plan. The Plan currently offers mutual funds, common/collective trusts and a fully benefit-responsive investment contract as investment options for participants. In addition, participants may utilize an individual self-directed brokerage option, through which participants are able to invest in a variety of securities including stocks, bonds, mutual funds, and government securities, in accordance with the Plan document.

Notes Receivable from Participants: Participants may borrow from their Plan accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50 percent of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at rates commensurate with local prevailing rates as determined by the Plan administrator. Principal and interest are paid ratably through payroll deductions. Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Management has evaluated notes receivable from participants for collectability and has determined that no allowance is considered necessary. Delinquent loans, deemed to be in default by the Plan administrator, are treated as distributions based upon the terms of the plan document.

Payment of Benefits: On termination of service, a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account in either a lump-sum amount or various installment and annuity options as provided by the Plan. Amounts contributed on a pre-tax basis may be withdrawn upon demonstration of financial hardship. In-service distributions of rollover and voluntary after-tax contributions are available at any time, without restriction. In-service distributions of profit sharing and Company matching contributions are subject to certain limitations. All remaining vested contributions are available for in-service distribution once a participant reaches the age of 59½ years.

Forfeitures: At December 31, 2025 and 2024, forfeited non-vested accounts totaled $17,209 and $6,282, respectively. Forfeitures were $46,144 for 2025 and $32,208 for 2024. These accounts may be used to reduce Company contributions or pay Plan expenses. Forfeitures of $35,917 in 2025 and $48,119 in 2024 were used to reduce Company contributions.

Plan Administration: Overall responsibility for administering the Plan rests with the Company. Participant accounts are administered by Great-West Life and Annuity Insurance Company, the custodian and third-party administrator of the Plan.

2. Summary of Significant Accounting Policies:

Basis of Accounting: The financial statements of the Plan are prepared on the accrual method of accounting in conformity with accounting principles generally accepted in the United States of America ("GAAP").

Investment Valuation and Income Recognition: Investments in cash and cash equivalents, money markets, mutual funds, common stocks, and pooled separate accounts are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in the fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Guaranteed Investment Contracts: Investment contracts held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan.

Payment of Benefits: Benefits are recorded when paid.

Use of Estimates: The preparation of financial statements in conformity with GAAP requires the Plan's management to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results could differ from those estimates.

Subsequent Events: Management has evaluated subsequent events through October 14, 2026, the date the financial statements were available to be issued and has determined there are no subsequent events to be reported in the financial statements.

3. Fair Value Measurements:

The Financial Accounting Standards Board ("FASB") has issued guidance for measurement and disclosure of fair value and established a three-tier fair value hierarchy, which prioritizes the inputs used in measuring fair value as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

3. Fair Value Measurements, Continued:

Level 2 Quoted prices for similar instruments in active and inactive markets; and model driven valuations with significant inputs and drivers derived from observable active markets.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Valuation techniques used should maximize the use of observable inputs and minimize the use of unobservable inputs. The following is a description of the valuation methodologies used for investments carried or disclosed at fair value:

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission ("SEC"). These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Self-directed brokerage accounts: Accounts primarily consist of mutual funds and common stocks that are valued on the basis of readily determinable market prices.

Common/collective trust: Valued at the daily NAV of units of a collective trust. The NAV as provided by the custodian is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. The practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measure at the reporting date. There were no assets or liabilities valued at level 2 or 3 as of December 31, 2025 and 2024.

3. Fair Value Measurements, Continued:

The following tables set forth by level, within the fair value hierarchy, the Plan's assets and liabilities measured at fair value:

	Assets at Fair Value as of December 31, 2025	
	Level 1	Total
Assets:		
Mutual funds	$ 50,510,468	$ 50,510,468
Self-directed brokerage account	459,720	459,720
Total assets in the fair value hierarchy	$ 50,970,188	$ 50,970,188
Investments measured at net asset value (a)		5,832,469
Total investments at fair value		$ 56,802,657

	Assets at Fair Value as of December 31, 2024	
	Level 1	Total
Assets:		
Mutual funds	$ 46,944,789	$ 46,944,789
Self-directed brokerage account	482,229	482,229
Total assets in the fair value hierarchy	$ 47,427,018	$ 47,427,018
Investments measured at net asset value (a)		3,775,844
Total investments at fair value		$ 51,202,862

(a) Certain investments that were measured at NAV as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in the tables above are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

3. Fair Value Measurements, Continued:

The following table summarizes investments measured at fair value based on NAV per share and not registered with the SEC as of December 31, 2025 and 2024:

Investment	Fair Value	Unfunded Commitments	Redemption Frequency (if currently eligible)	Redemption Notice Period
December 31, 2025				
Common/collective trusts	$ 5,832,469	N/A	Daily	30 Days
December 31, 2024				
Common/collective trusts	$ 3,775,844	N/A	Daily	30 Days

4. Guaranteed Investment Contract:

The Plan holds a traditional investment contract valued at $7,950,856 at December 31, 2025 and $9,149,666 at December 31, 2024. The contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals, and administrative expenses.

The traditional investment contract held by the Plan is a guaranteed investment contract. The contract issuer is contractually obligated to repay the principal and interest at a specified interest rate that is guaranteed to the Plan. There are no reserves against contract value for credit risk of the contract issuers or otherwise. The crediting interest rate is based on a formula agreed upon with the issuers. The Plan's contract has a multi-index market value formula (3% at December 31, 2025 and 2024). Such interest rates are reviewed on a quarterly basis for resetting.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

4. Guaranteed Investment Contract, Continued:

Certain events that may limit the ability of the Plan to transact at contract value with the issuers include the following:

(1) amendments to the Plan document (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) premature termination of the contracts, (4) bankruptcy of the Plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (5) the failure of the Plan to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan administrator does not believe that the occurrence of any such value event, which would limit the Plan's ability to transact at contract value with participants, is probable.

In addition, certain events allow the issuer to terminate the contracts with the Plan and settle at an amount different from contract value. Those events may be different under each contract. Examples of such events include the following: (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material representation or (4) a material amendment to the agreements without the consent of the issuer.

5. Administrative Expenses:

The Plan paid administration expenses in the amount of $2,254 and $2,631 during 2025 and 2024, respectively. Although not required by the Plan, some of the costs of the Plan administration are absorbed by the Company.

6. Related Party Transactions:

The Plan invests in shares of a mutual fund and a guaranteed investment contract managed by affiliates of the trustee and custodian. These are related party transactions and are identified as parties-in-interest in the accompanying schedule of assets (held at end of year). Fees paid by the Plan for investment management services were included as a reduction of the return earned on each fund. Fees paid to the custodian for administrative services were $2,254 and $2,631 for the years ended December 31, 2025 and 2024.

7. Plan Termination:

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their accounts.

8. Tax Status:

The Plan has not obtained a determination letter from the Internal Revenue Service (the "IRS") stating that the Plan was in compliance with the applicable requirements of the IRC. The Plan is relying on the IRS approval of the prototype plan that it is utilizing. The IRS has determined and informed the document sponsor by a letter dated June 30, 2020 that the prototype plan document was designed in accordance with applicable sections of the IRC. The Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, the Plan administrator believes that the Plan was qualified, and the related trust was tax exempt as of the financial statement date.

Management has evaluated the effect of FASB guidance surrounding uncertain income tax positions and concluded that the Plan has no significant financial statement exposure to uncertain income tax positions at December 31, 2025 and 2024. The Plan is not currently under audit by any tax jurisdiction.

9. Risk and Uncertainties:

The Plan invests in various investment securities, which are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

10. Financial Information Certified by Qualified Institutions:

Empower Retirement, the trustee of the Plan, and Great-West Life & Annuity Insurance Company, the custodian of the Plan, have certified that the following information is complete and accurate as of and for the year ended December 31, 2025 and as of December 31, 2024:

- Investments, at fair value
- Investments, at contract value
- Investment income
- Schedule of assets (held at end of year)
- Notes receivable from participants
- Interest income on notes receivable from participants
