Independent Auditors' Report

The Participants and Plan Administrator
MOBIS NORTH AMERICA LLC
TOLEDO UNION PLAN:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2025 Financial Statements

We have performed an audit of the financial statements of MOBIS NORTH AMERICA LLC TOLEDO UNION PLAN (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statement of net assets available for benefits as of December 31, 2025, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements ("2025 financial statements").

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's 2025 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2025 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the *Auditors' Responsibilities for the Audit of the 2025 Financial Statements* section:

- the amounts and disclosures in the accompanying 2025 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying 2025 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2025 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the *Auditors' Responsibilities for the Audit of the 2025 Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2025 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2025 Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2025 Financial Statements* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2025 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the 2025 financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – 2025 Supplemental Schedules Required by ERISA

The supplemental schedules, Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2025 and Schedule H, Line 4a – Schedule of Delinquent Participant Contributions for the year ended December 31, 2025, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agrees to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditors' Report on the 2024 Financial Statements

Predecessor auditors performed an audit of the 2024 financial statements of the Plan. In accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the prior year audit did not extend to any

statements or information related to assets held for investment of the plan that were certified by a qualified institution. Their report dated September 2, 2026 indicated that (a) the amounts and disclosures in the 2024 financial statements, other than those agreed to or derived from the certified investment information, were presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America, and (b) the information in the 2024 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C). Their report also indicated that the form and content of the 2024 supplemental schedules, other than the information in the 2024 supplemental schedules that agreed to or is derived from the certified investment information, were presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA; and the information in the 2024 supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determines meets the requirements of ERISA Section 103(a)(3)(C).

(1) Description of Plan

The following description of MOBIS NORTH AMERICA LLC TOLEDO UNION PLAN (the "Plan") provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

(a) General

The Plan is a defined contribution plan covering employees of MOBIS NORTH AMERICA, LLC (the "Company" or the "Plan Sponsor"), who are covered by the collective bargaining agreement ("CBA") between the Company's Ohio Plant and the International Union, United Automobile, Aerospace and Agricultural Implement Workers of America and its affiliated Local Union No. 12. These employees are eligible to participate in the Plan once they have completed at least 3 months of service and are at age 18 or older.

The administration of the Plan is the responsibility of the administrator appointed by the board of directors of the Company. The Plan's trustee is Fidelity Management Trust Company, and the record keeper is Fidelity Investments. The Plan began on March 1, 2006, and is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

(b) Contributions

Each year, participants may contribute up to 92% of his or her eligible compensation on a pre-tax and/or Roth basis, as defined in the plan document. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions up to $7,500 in 2025. Participants who have attained age 60, 61, 62, or 63 before the end of the Plan year are eligible to make catch-up contributions up to $11,250 in 2025. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans ("Rollover"). The total participant contributions in any taxable year may not exceed the dollar limit set by the Internal Revenue Service ("IRS"), which is $23,500 for 2025.

The Company provides a matching contribution in an amount equal to 50% of the first 8% of eligible compensation contributed to the Plan. The Company may also make nonelective (discretionary) contributions to the Plan, which will be allocated to all participants eligible in the Plan. Participants' share of nonelective contribution is determined by a participant's compensation divided by total compensation of all participants eligible to share times total nonelective contribution for the Plan year. For the year ended December 31, 2025, the Company provided nonelective contributions of $575,950. In 2026, the Company deposited the nonelective contributions of $183,114 and recorded as employer contributions receivable on the statement of net assets available for benefits as of December 31, 2025.

(c) Participant Accounts

Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers a money market fund, various mutual funds and self-directed brokerage accounts ("SDBA") as investment options for participants.

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution, and (b) Plan earnings, and is charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

(d) Vesting

Participants are always 100% fully vested in their elective deferrals and rollover contributions, plus actual earnings thereon. Each participant whose employment terminates for any reason other than death, disability, or attainment of normal retirement age, is entitled to a non-forfeitable right to his or her employer contribution accounts based on the following schedule:

Years of Service	Vesting Percentage
Less than 1	0%
1	20%
2	40%
3	60%
4	80%
5 or more	100%

Participants become vested in employer matching contributions and nonelective contributions based on years of service as determined under the elapsed time method. Under this method, a participant's service is measured by the period of time that elapses while the participant is employed by the employer, rather than by counting actual hours of service.

Certain events, such as death, disability, or normal retirement result in immediate full vesting if such event occurs while the participant is employed by the Company.

(e) Notes Receivable from Participants

Participants may borrow funds from their accounts a minimum of $1,000 up to the lesser of 50% of their vested account balance or $50,000. The loans bear interest at fixed rate that is commensurate with local prevailing rate, as determined by the Plan administrator. Loans along with interest must be fully repaid ratably through weekly payroll deductions for up to five (up to ten only if loan for principal residence) years. Participants may have up to two outstanding loans and repayment of the loan is secured by participants' account balances.

(f) Distribution of Benefits

On termination of service due to death, all amounts credited to participant's account become fully vested and distribution will be made to the designated beneficiary in a single lump-sum payment.

For termination of service due to disability, all amounts credited to participant's account become fully vested and distribution will be made to the participant or beneficiary. The Plan will distribute account balance in the same manner as for any other non-death related termination.

On termination of service due to other reasons, including attainment of normal retirement age of 62, a participant may receive the value of the vested interest pursuant to the election of the participant or beneficiary. Participants will become 100% vested in all of the accounts under the Plan if employed on or after your normal retirement age. If the vested account balance exceeds $7,000, participant consent is required to distribute account balance before reaching normal retirement age. If the vested account balance does not exceed $7,000, however, a distribution of your account balance will be made to participants, regardless of whether to consent, as soon as administratively feasible following termination of employment.

If a participant is a more than 5% owner, distributions are required to begin by the April 1st following the year in which a participant reaches age 73, even if he or she is still employed at the time. If a participant is not a 5% owner, he or she must begin to receive benefits no later than the April 1st following the later of the year in which a participant reaches age 73 or terminate employment.

Participants may withdraw all or part of their vested account balance once an age of 59 ½ is reached. Participants may also withdraw any or part of their rollover contribution account that may be held in their account in the Plan at any time and at any age.

(g) Forfeitures

If a participant terminates employment before becoming 100% vested in his or her account balance, the non-vested portion of the terminated participant's account balance remains in the Plan and is called a forfeiture. As of December 31, 2025 and 2024, there were forfeited non-vested accounts of $6,896 and $9,529, respectively. Forfeitures of non-vested account balances are used first to pay the Plan expenses, which would otherwise be paid by the Company, and then to reduce future employer contributions to the Plan. The amount of forfeitures applied for the year ended December 31, 2025 was $12,054.

(2) Summary of Significant Accounting Policies

(a) Basis of Accounting

The accompanying statements of net assets available for benefits and changes in net assets available for benefits have been prepared on the accrual basis of accounting.

(b) Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("U.S. GAAP") requires the Plan administrator to make estimates and assumptions that affect the reported amounts of the Plan assets and liabilities at the financial statement date. Accordingly, actual results may differ from those estimates.

(c) Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Shares of a money market fund and mutual funds are valued using quoted prices. SDBA are valued at the fair value of the underlying investments, which are generally based on quoted market prices. Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Net appreciation (depreciation) in fair value of investments consists of realized gains and losses and the change in unrealized gains and losses in the Plan's investments. Realized gains and losses from the sales of investments are computed using the participant's cost basis in the investments aggregated at the Plan level. Net changes in unrealized appreciation (depreciation) in investments represents the difference between the fair values of investments held at year-end and the cost of investments purchased in the current fiscal year or the fair value of investments held at the end of the preceding year.

(d) Notes Receivable from Participants

Participant loans are classified as notes receivable from participants, which are segregated from plan investments and measured at their unpaid principal balance plus unpaid interest. Interest income is

recorded on an accrual basis. No allowance for credit losses has been recorded as of December 31, 2025 and 2024. Delinquent loans are treated as distributions based upon the terms of the Plan document.

(e) Contributions

Contributions from Plan participants and the matching contributions from the Plan Sponsor are recorded in the year in which the participant contributions are withheld from compensation. The Plan did not record any employer or participant contributions receivable related to payroll withholdings in the statements of net assets available for benefits as of December 31, 2025 and 2024. See Notes 1 and 9 regarding the separate nonelective contribution and correction receivables.

(f) Payments of Benefits

Benefit payments to participants and beneficiaries are recorded when paid.

(g) Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Expenses paid by the Plan include investment management fees, recordkeeping fees, and other costs not paid by the Company. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) of fair value of investments.

(h) Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risks associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

The Plan may indirectly invest in securities with contractual cash flows, such as asset backed securities, collateralized mortgage obligations and commercial mortgage backed securities, including securities backed by subprime mortgage loans. The value, liquidity and related income of these securities are sensitive to changes in economic conditions, including real estate value, delinquencies or defaults, or both, and may be adversely affected by shifts in the market's perception of the issuers and changes in interest rates.

Included in investments at December 31, 2025 and 2024 are shares of the Fidelity Freedom Index 2045 Fund - Institutional Premium Class amounting to $4,208,702 and $3,247,867, respectively, representing approximately 21% and 20%, respectively, of the Plan's total investments. Included are shares of the Fidelity Freedom Index 2035 Fund - Institutional Premium Class amounting to $3,184,624 and $2,516,133 as of December 31, 2025 and 2024, respectively, representing approximately 16% of the Plan's total investments. Included are shares of the Fidelity 500 Index Fund amounting to $2,487,648 and $1,730,191 as of December 31, 2025 and 2024, respectively, representing approximately 12% and 11%, respectively, of the Plan's total investments. Included are shares of the Fidelity Freedom Index 2030 Fund - Institutional Premium Class amounting to $2,328,271 and $2,055,353 as of December 31, 2025 and 2024, respectively, representing approximately 11% and 13%, respectively, of the Plan's total investments. Also included are shares of the Fidelity Freedom Index 2040 Fund - Institutional Premium Class amounting to $2,309,675 and $1,949,770 as of December 31,

2025 and 2024, respectively, representing approximately 11% and 12%, respectively, of the Plan's total investments. A significant decline in the market value of any of these funds could materially affect the amounts reported in the statements of net assets available for benefits.

(i) Recently Issued Accounting Standards

All applicable accounting standards have been adopted by the Plan. There are no issued accounting standards that will require adoption in future periods.

(3) Certified Investments

Certain information in the accompanying financial statements and ERISA-required supplemental schedules related to investments and notes receivable from participants held as of December 31, 2025 and 2024, and net appreciation in fair value of investments, interest and dividends, interest income on notes receivable from participants for the year ended December 31, 2025 was obtained by management and agreed to or derived from information certified as complete and accurate by Fidelity Management Trust Company (the trustee of the Plan).

(4) Investments

For the year ended December 31, 2025, the Plan's investments in mutual funds and SDBA (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by $2,648,270.

(5) Fair Value Measurements

Fair value is defined as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date. The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to those valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and to minimize the use of unobservable inputs. U.S. GAAP describes three levels of inputs that may be used to measure fair value.

Level 1 measurements	Inputs are unadjusted quoted prices in active markets for identical assets or liabilities that the Plan has the ability to access
Level 2 measurements	Inputs are inputs other than quoted prices within Level 1 that are observable, either directly or indirectly. These inputs include quoted prices for similar assets and liabilities in active markets, and other inputs such as interest rates and yield curves that are observable at commonly quoted intervals
Level 3 measurements	Inputs are unobservable inputs, including inputs that are available in situations where there is little, if any, market activity for the related assets or liability

Fair value estimates are made at a specific point in time, based on available market information and other observable inputs. In some cases, the fair value estimates cannot be substantiated by comparison to independent markets. In addition, the disclosed fair value may not be realized in the ultimate settlement of

the financial asset as these values do not represent any premium or discount that could result from selling an entire holding of a particular financial asset at one time. Other expenses that would be incurred in an actual sale or settlement are not included in the amounts disclosed.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. There were no changes in methodologies to determine the fair value of investments at December 31, 2025 and 2024.

The following table presents the fair value hierarchy levels of the Plan's investments measured at fair value on a recurring basis as of December 31, 2025 and 2024:

	Assets at Fair Value as of December 31, 2025			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 19,809,965	$ —	$ —	$ 19,809,965
Money market fund	116,253	—	—	116,253
SDBA:				
Exchange-traded funds	210,314	—	—	210,314

	292,971	—	—	292,971
	$ 16,131,136	$ —	$ —	$ 16,131,136

The Plan does not have any liabilities that are measured at fair value on a recurring basis as of December 31, 2025 and 2024.

(6) Notes Receivable from Participants

The notes receivable from participants bear interest at a rate between 5.25% and 10.50% as of December 31, 2025 and 2024, and have original maturities that range from one to five years. For the year ended December 31, 2025, interest income on notes receivable from participants amounted to $159,653.

(7) Related Party Transactions

Certain Plan investments are managed by affiliates of Fidelity Management Trust Company. Fidelity Management Trust Company is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Such transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA.

(8) Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their accounts.

(9) Tax Status

The Plan document is a pre-approved plan document that the Company adopted with specific provisions customized to meet the needs of the Plan Sponsor and the participants. The pre-approved plan document has received a favorable opinion letter from the IRS that the form of the Plan is acceptable under Section 401 of the Internal Revenue Code ("IRC") for use by employers for the benefit of their employees. Although the Plan has been amended since receiving the original opinion letter, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC, and, therefore, believes that the Plan is qualified and the related trust is tax-exempt.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2025 and 2024, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The IRS is one of the primary tax oversight bodies of the Plan and generally has the ability to examine the Plan's income tax returns for the years 2022 through 2025; however, there are currently no audits for any tax periods in progress.

The Plan Sponsor discovered operational errors related to participant contributions, employer contributions, and loan repayments for the year ended December 31, 2025. The Plan Sponsor is in the process of correcting the errors in accordance with the Employee Plans Compliance Resolution System ("EPCRS") established by the IRS and will deposit the total correction amounts, plus earnings, into the participant accounts in 2026. The amount is recorded as employer contribution receivable in the amount of $12,964 in the statement of net assets available for benefits as of December 31, 2025. The operational errors do not have a material impact on the Plan's net assets available for benefits, and the Plan Sponsor does not expect the correction to impair the Plan's tax status.

(10) Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits as presented in these financial statements as of December 31, 2025 and 2024 to Schedule H per Form 5500:

Descriptions	2025	2024
Net assets available for benefits	$ 22,478,317	$ 18,034,518
Employer contributions receivable	—	(119,721)
Net assets – Line 1l, Part I, Form 5500	$ 22,478,317	$ 17,914,797

The following is a reconciliation of changes in net assets available for benefits as presented in these financial statements for the year ended December 31, 2025 to Schedule H per Form 5500:

Descriptions	
Net increase in net assets	$ 4,443,799
Employer contributions	119,721
Net income – Line 2k, Part II, Form 5500	$ 4,563,520

(11) Subsequent Events

Effective May 1, 2026, the Company amended the Plan to provide employer matching contributions in an amount equal to 100% of the first 6% of eligible compensation contributed to the Plan.

The Plan Sponsor has evaluated subsequent events from the balance sheet date through October 12, 2026, the date at which the financial statements were available to be issued and has determined that there are no other items to disclose.
