Independent Auditors' Report

To the Plan Administrator
PHM Brands, LLC 401(k) Retirement Plan
Denver, Colorado

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2025 Financial Statements

We have performed the audit of the accompanying financial statements of PHM Brands, LLC 401(k) Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of PHM Brands, LLC 401(k) Retirement Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion on the 2025 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audits of the 2025 Financial Statements section:

- the amounts and disclosures in the 2025 financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the 2025 financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2025 Financials Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the 2025 Financial Statements section of our report. We are required to be independent of PHM Brands, LLC 401(k) Retirement Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2025 Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about PHM Brands, LLC 401(k) Retirement Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2025 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2025 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of PHM Brands, LLC 401(k) Retirement Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about PHM Brands, LLC 401(k) Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2025 Supplemental Schedules Required by ERISA

The supplemental schedules (Schedule 1 and 2) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditors' Report on the 2024 Financial Statements

The financial statements of PHM Brands, LLC 401(k) Retirement Plan as of December 31, 2024, were audited by predecessor auditors. In accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the prior year audit did not extend to any statements or information related to assets held for investment of the Plan that were certified by a qualified institution. Their report dated October 9, 2025, indicated that in their opinion (a) the amounts and disclosures in the 2024 financial statements, other than those agreed to or derived from the certified investment information, were presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America, and (b) the information in the 2024 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C). Their report also indicated that the form and content of the 2024 supplemental schedules, other than the information in the 2024 supplemental schedules that agrees to or is derived from the certified investment information, were presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, and the information in the 2024 supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

PHM Brands, LLC 401(k) Retirement Plan
Notes to Financial Statements

Note 1 – Description of Plan

The following description of the PHM Brands, LLC 401(k) Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General
The Plan is a defined contribution plan covering eligible employees of PHM Brands, LLC (the Plan Sponsor) who have completed one month of service. Nonresident aliens who receive no US source income from the Plan Sponsor and leased employees are excluded from participation. Eligible employees enter the Plan on the first day of the month coinciding with or immediately following the date they satisfy the eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Contributions
Each year, participants may contribute a portion of their eligible compensation to the Plan through pretax or Roth 401(k) contributions, up to the limits established by the Internal Revenue Service. Participants who attain age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute eligible rollover amounts from other qualified retirement plans and may direct the investment of their accounts among the investment options offered by the Plan. The Plan includes a qualified automatic contribution arrangement whereby eligible participants are automatically enrolled at a deferral rate of 6% of eligible compensation unless they elect not to participate or elect a different deferral percentage.

The Company is required to make qualified automatic contribution arrangement safe harbor matching contributions equal to 100% of the first 1% and 50% of the next 5% of eligible compensation deferred by each participant. The Plan also provides for prevailing-wage contributions based on the applicable contribution requirements for each participant’s employment classification, which may offset other employer contributions under the Plan. The Company may also make discretionary matching contributions based on eligible participant contributions of up to 4% of Plan compensation. No discretionary matching contributions were made for the year ended December 31, 2025.

Participant Accounts
Each participant's account is credited with the participant's contributions and allocations of the Company's contributions, plan earnings, and forfeitures of terminated participants' nonvested accounts and charged with an allocation of administrative expenses. Allocations are based on participants' compensation or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants may direct the investments of their account balances into various investment options offered by the Plan

Vesting
Participants are immediately vested in their deferral contributions, rollover contributions, and the related earnings. Required matching contributions are fully vested after two years of service. Discretionary prevailing-wage contributions are fully vested after three years of credited service. Vesting for discretionary employer matching contributions is as follows:

Years of service	Vested %
Less than one year	0%
At least one year	20%
At least two years	40%
At least three years	60%
At least four years	80%
At least five years	100%

Upon reaching the normal retirement age of 65, participants become 100% vested in all account balances, regardless of the Plan’s vesting schedules.

Participant Notes Receivable
Participants may borrow from their accounts a minimum of $1,000, up to the lesser of $50,000, reduced by the participant's highest outstanding loan balance during the preceding 12-month period, or 50% of the participant's vested account balance. Participants may have a maximum of one loan outstanding at any time. Notes receivable are secured by the participant's account balance, bear interest at rates commensurate with prevailing local rates as determined periodically by the Plan administrator, and mature at various dates through August 2029. Principal and interest are repaid through payroll deductions.

Benefit Payments
Upon death, disability, retirement, or termination of employment, a participant or the participant's beneficiary may elect to receive the participant's vested account balance in the form of a lump-sum distribution, partial lump-sum distributions, or installment payments.

The Plan permits in-service distributions to participants who have attained age 59½ and remain employed by the Company. The Plan also permits hardship withdrawals for qualifying hardship events. Upon termination of employment, vested account balances of $1,000 or less may be automatically distributed, while balances greater than $1,000 but not exceeding $5,000 may be automatically rolled over to an individual retirement account. Required minimum distributions are made in accordance with applicable IRS requirements.

Forfeitures
If a participant is not fully vested upon termination of employment, the nonvested portion of the participant's account is forfeited. Forfeitures may be used to reduce employer and matching contributions or to pay Plan expenses. The Plan used $48,093 of forfeitures during the year ended December 31, 2025 to reduce employer contributions. At December 31, 2025 and 2024, there were no balances in the forfeiture account.

Administrative Expenses
Certain expenses of maintaining the Plan are paid by the Plan Sponsor and are therefore not reflected in the accompanying financial statements. Investment-related expenses are included in net appreciation in fair value of investments. Fees related to the administration of notes receivable from participants are charged directly to participants' accounts and are included in administrative expenses.

Note 2 – Summary of Significant Accounting Policies

Basis of Accounting
The Plan's financial statements are presented on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates
The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results could differ from those estimates.

Investment Valuation and Income Recognition
Investments are reported at fair value. Fair value is based on quoted prices for identical assets in active markets or other observable inputs, as applicable. Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date, and interest income is recorded on the accrual basis. Net appreciation in fair value of investments includes realized gains and losses on investments sold and unrealized appreciation and depreciation on investments held during the year.

Notes Receivable from Participants
Notes receivable from participants are reported at their unpaid principal balances plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. Delinquent notes receivable from participants are recorded as

a distribution based upon the terms of the Plan document. Management of the Plan estimates that these notes are fully collectible and therefore has no reserve for credit losses.

Contributions
Participant contributions and the related employer matching contributions are recorded in the year in which the participant contributions are withheld from compensation. Other employer contributions are recorded in the year in which they are earned in accordance with the provisions of the Plan.

Payment of Benefits
Benefits are recorded when paid by the Plan.

Administrative Expenses
Plan administrative expenses may be charged directly to the Plan or paid by the Sponsor. Fees paid directly by the Sponsor are excluded from these financial statements. Investment-related expenses are included in net appreciation of the fair value of investments.

Concentrations of Credit Risk
Financial instruments, which potentially subject the Plan to concentrations of credit risk, consist primarily of marketable securities. Marketable securities are subject to daily changes in market valuations. The Plan has not experienced any losses in such accounts and believes it is not exposed to any significant credit risk on cash and cash funds.

Subsequent Events
Management of the Plan has evaluated subsequent events through October 14, 2026 which is also the date the financial statements were available to be issued. No subsequent events were noted during this evaluation that require recognition or disclosure in these financial statements.

Note 3 – Fair Value Measurements

The Plan discloses and recognizes the fair value of its assets and liabilities in accordance with Accounting Standards Codification (ASC) 820, Fair Value Measurement and Disclosures (ASC 820), which among other things, defines fair value and provides enhanced disclosures about investments that are measured and reported at fair value. ASC 820 establishes a hierarchical disclosure framework, which prioritizes and ranks the level of market price observability used in measuring investments at fair value. A number of factors, including the type of investment and the characteristics specific to the investment, impact market price observability. Investments with readily available active quoted prices generally will have a higher degree of market price observability and a lesser degree of judgment used in measuring fair value.

Investments measured and reported at fair value are classified and disclosed in one of the following categories:

- Level 1 inputs, which have the highest priority, are quoted prices for identical assets in active markets.
- Level 2 inputs are observable inputs other than quoted prices included in Level 1, such as quoted prices for similar assets in active markets or quoted prices for identical or similar assets in markets that are not active.
- Level 3 inputs, which have the lowest priority, are unobservable inputs that reflect the Plan's own assumptions, consistent with reasonably available assumptions made by other market participants.

Inputs are used in applying the various valuation techniques and broadly refer to the assumptions that market participants use to make valuation decisions, including assumptions about risk. Inputs may include price information, volatility statistics, specific and broad credit data, liquidity statistics, and other factors. An investment's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

The following is a description of the valuation methodologies used for assets measured at fair value, including the general classification of such instruments pursuant to the valuation hierarchy.

Money market fund – The money market fund is valued at the outstanding balance, which is considered the best estimate of fair value. Accordingly, the investment is classified within Level 1 of the fair value hierarchy.

Mutual funds – These investments are valued at the net asset value (NAV) of shares held by the fund based on closing prices reported in an active market and classified within Level 1 of the valuation hierarchy. The investments can be redeemed on a daily basis and there is no restriction on redemption.

The following tables sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

2025	**Fair value**	**Level 1**	**Level 2**	**Level 3**
Money market fund	$ 670,743	$ 670,743	$ -	$ -
Mutual funds	5,202,304	5,202,304	-	-
Investments at fair value	$ 5,873,047	$ 5,873,047	$ -	$ -

2024	**Fair value**	**Level 1**	**Level 2**	**Level 3**
Money market fund	$ 691,876	$ 691,876	$ -	$ -
Mutual funds	4,630,546	4,630,546	-	-
Investments at fair value	$ 5,322,422	$ 5,322,422	$ -	$ -

Note 4 – Certified Information

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA required supplemental schedule, including investments and notes receivable from participants held at December 31, 2025 and 2024, and net appreciation in fair value of investments, interest and dividend income for the year ended December 31, 2025, was obtained by management and agreed to or derived from information certified as complete and accurate by Mid Atlantic Trust Company, the custodian of the Plan.

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-5(c) of the Department of Labor's Rules of Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the plan administrator instructed the Plan's auditors not to perform any auditing procedures with respect to the investment information certified by the trustees, except for comparing the information contained therein to information included in the financial statements and the supplemental schedule.

Note 5 – Plan Termination

Although it has not expressed any intent to do so, the Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

Note 6 – Income Tax Status

The Sponsor has adopted a non-standardized pre-approved plan document that has received an opinion letter from the Internal Revenue Service (IRS) dated June 30, 2020, stating that the pre-approved plan document was designed in accordance with the applicable requirements of the Internal Revenue Code (IRC). Although the Plan has been amended since adopting the pre-approved plan document, the plan administrator believes the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require the plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has evaluated its tax positions and has determined that it has no uncertain tax positions that require recognition or disclosure in the financial statements. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress.

Note 7 – Party-in-Interest Transactions

Notes receivable from participants represent party-in-interest transactions. Certain Plan assets are invested in funds managed by Dubuque Bank and Trust Company or its affiliates. Dubuque Bank and Trust Company is the trustee of the Plan; therefore, transactions involving these investments qualify as party-in-interest transactions. The Plan also recorded administrative expenses of $39,549 paid to July Business Services, LLC, the Plan's third-party administrator and recordkeeper, and $28,256 paid to Dubuque Bank and Trust Company for trustee services during the year ended December 31, 2025. The party-in-interest transactions described above are exempt from the prohibited transaction provisions of ERISA.

Note 8 – Reconciliation of Financial Statements to Schedule H of Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31; Form 5500:
