Independent Auditors' Report

To the Committee of Fiduciaries and Participants of
Employees' Incentive Savings Plan of Emigrant Bank

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Employees' Incentive Savings Plan of Emigrant Bank (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of and for the years ended December 31, 2025 and 2024, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- The information in the financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Baker Tilly Advisory Group, LP and Baker Tilly US, LLP, trading as Baker Tilly, are members of the global network of Baker Tilly International Ltd., the members of which are separate and independent legal entities. Baker Tilly US, LLP is a licensed CPA firm that provides assurance services to its clients. Baker Tilly Advisory Group, LP and its subsidiary entities provide tax and consulting services to their clients and are not licensed CPA firms.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedules, Schedule H, Line 4(a) – Schedule of Delinquent Participant Contributions and Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year), as of or for the year December 31, 2025 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. Description of Plan

The following brief description of the Employees' Incentive Savings Plan of Emigrant Bank, as amended, (the Plan) is provided for general information purposes only. Participants should refer to the plan document for more complete information.

General

The Plan is a multiple employer defined contribution plan sponsored by Emigrant Bank, formerly known as Emigrant Savings Bank and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan offers an opportunity for employees to establish a personal savings and investment plan with tax advantages. All salaried employees (or long-term part-time employees under the Setting Every Community Up for Retirement Enhancement Act of 2022 (SECURE 2.0)) of the wholly owned banks of Emigrant Bancorp, Inc. (collectively the participating employers in the Plan are referred to as the Bank) are eligible to participate in the Plan. Employee contributions and Bank matching contributions are invested in mutual funds and U.S. treasury cash reserves for the benefit of the participants. The primary intention of the Plan is to provide additional income to employees at retirement or termination of employment with the Bank.

The Plan's Committee of Fiduciaries is responsible for the oversight of the Plan. The Investment Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Board of Directors.

Participating Employers

The Plan provides for participation by companies outside the controlled group of Emigrant Bank. Each participating employer is required to use the same trustee as provided by the Plan. The assets of the Plan are available to pay benefits to all participants under the Plan without regard to the employer or participating employer who contributed such assets. The transfer of any participant among any participating employers does not affect the rights of the participant under the Plan. All contributions made by participating employers are determined separately by each participating employer and are allocated only among the eligible participants of the participating employer making the contribution.

Employee Eligibility and Contributions

Each salaried and commissioned employee (or long-term part-time employees under the SECURE Act) of the Bank may elect to participate in the Plan beginning the first of the month following 30 days of employment. If an employee is compensated on a basis other than salary and/or commissions (e.g., on a daily, fee, hourly or retainer basis), the employee will meet the service requirement for all types of contributions after a one-year period of service (i.e., generally, as of the first anniversary of the date of hire).

The Plan is a 401(k) Safe Harbor Plan. The plan includes the following features: (a) participants may contribute up to 100% of their pre-tax compensation not to exceed limits set by the Internal Revenue Code (IRC), (b) the Bank will match (safe harbor matching) 100% of the first 4% of the participant's basic compensation, (c) matching contributions vest immediately.

Participants may also rollover amounts representing distributions from other qualified defined benefit or defined contribution plans.

The Bank is required to make safe harbor matching contributions using the formula designated in the plan document. These safe harbor matching contributions are required to be made to employees who have deferred into the Plan and have met the eligibility requirements to receive the contribution. Safe harbor matching contributions are funded to the Plan each pay period, however, the safe harbor matching contributions are determined based on the entire plan year as designated in the plan document. After year end, the Plan's recordkeeper prepares a match verification report, which compares the calculated annual safe harbor matching contributions for each participant to the actual safe harbor match contributions reported. The intent of this report is to identify any participants who are owed a true-up contribution or received excess safe harbor matching contributions.

Employee Vesting

Contributions made by participants, the Bank and amounts credited to participants' safe harbor matching contributions account, if any, are 100% vested.

Withdrawals

Upon termination of employment, participants may withdraw the vested portion of the value of their account. Participants are permitted to rollover account balances above $1,000 into an Individual Retirement Account. If a terminated participant's vested balance is less than or equal to $7,000, the amount may be automatically distributed in the form of lump sum cash payment.

Employees may make withdrawals of after-tax contributions once every calendar quarter. Such withdrawals may be subject to penalties. No withdrawals are permitted to employees on their before-tax contributions before age 59½, except certain legally defined hardship withdrawals.

Notes Receivable From Participants

Participants may borrow against up to 50% of the value of their vested account balance, not less than $1,000 and not to exceed $50,000. Loans are secured by the participant's vested interest in the Plan and bear interest at rates set forth by the Bank that range from 2.38% to 9.50% at December 31, 2025. Participants are permitted to have up to two loans outstanding under the Plan at any time. The loan is generally to be repaid for any period up to five years. However, if the loan is used for the purpose of acquiring a dwelling to be used as a primary residence, the loan is then to be repaid for any period up to twenty years.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Bank's contribution and (b) the Plan's earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings, account balances or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

2. Summary of Significant Accounting Policies

Basis of Presentation

The financial statements have been prepared on the accrual basis of accounting.

Use of Estimates

The preparation of the financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Management

Newport Trust Company, LLC (Newport) (a subsidiary of Ascensus) and Ascensus, LLC (Ascensus) are the trustees of the Plan and Charles Schwab Bank is the sub-custodian of the plan. Both Newport and Ascensus manage the Plan assets on behalf of the Plan. The Plan investments and changes therein have been reported to the Committee of Fiduciaries by Newport and Ascensus.

Investment Valuation and Related Investment Income

The investments in which the Plan participates are reported at fair value based on their reported net asset value (NAV) as determined by the trustee. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Committee of Fiduciaries determines that Plan's valuation policies utilizing information provided by the trustees. See Note 7 for a discussion of fair value measurements.

Interest income is recorded on the accrual basis, and dividend income is recorded on the ex-dividend date. Purchases and sales of investments are recorded on a trade date basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits to participants or their beneficiaries are recorded when paid.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Related fees are recorded as administrative expenses and are expensed when they are incurred. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded as of December 31, 2025 and 2024.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Bank. Expenses that are paid by the Bank are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of mutual funds.

Contributions

Contributions from participants are recorded in the year in which participant compensation is earned.

Recent Regulatory Update

SECURE 2.0 was signed into law on December 29, 2022. This legislation includes a vast array of provisional changes to retirement plans, becoming effective in 2023 and beyond. Plan management adopted mandatory provisions effective for the year ended December 31, 2025, and continues to evaluate the impact of the adoption and implementation of this legislation on the Plan. The application of SECURE 2.0 did not have a material effect on the Plan's financial statements.

3. Plan Termination

Although the Bank has not expressed any intent to do so, the Bank has the right under the Plan to terminate the Plan subject to the provisions of ERISA.

4. Information Certified by the Trustees

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA for 2025 and 2024. Accordingly, Newport and Ascensus as an authorized representative of Ascensus Trust Company and Newport, the trustees of the Plan, have certified to the completeness and accuracy of all investments and notes receivable from participants reported in the accompanying Statements of Net Assets Available for Benefits as of December 31, 2025 and 2024, and the supplemental Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year) as of December 31, 2025, and the related investment activity and interest income on notes receivable from participants reported in the Statements of Changes in Net Assets Available for Benefits for the years ended December 31, 2025 and 2024. Such information was obtained by management and agreed to or derived from information certified as complete and accurate by qualified institutions.

5. Tax Status

The Bank received a determination letter dated May 4, 2004 from the Internal Revenue Service (IRS) that stated the Plan and related trust, as then designed, were in compliance with applicable requirements of the IRC. On October 26, 2012 and September 30, 2013, the Plan received determination letters from the IRS, which approved several additional amendments. Although the Plan has been amended since receiving these letters, in the opinion of the Committee of Fiduciaries, the Plan is designed and is currently being operated in compliance with the applicable provisions of the IRC, and therefore, is exempt from taxes.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

6. Related-Party and Party in Interest Transactions

The Plan invests in shares of mutual funds and U.S. Treasury Cash Reserves managed by an affiliate of Newport and Ascensus. Newport and Ascensus act as trustees for only those investments as defined by the Plan. Additionally, the Plan issues loans to participants, which are secured by the participants' account balances. These transactions qualify as party in interest transactions, which are exempt from prohibited transaction rules. Certain administrative functions of the Plan are performed by officers or employees of the Bank. No such officer or employee receives compensation from the Plan.

7. Fair Value Measurements

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction (not a forced or distress transaction) between market participants at the measurement date. Fair value is a market based measurement incorporating assumptions that independent, knowledgeable market participants would use, including assumptions about risk; and considers attributes specific to the asset or liability. The measurement of fair value assumes the transaction occurs in the principal (or most advantageous) market for the asset or liability.

The degree of judgment utilized in measuring the fair value of financial instruments is generally inversely related to the level of pricing observability. Financial instruments with readily available quotes in active markets or for which fair value can be measured based on other observable market inputs generally have more pricing observability and less judgment is required in measuring fair value. Conversely, financial instruments that are not quoted or infrequently traded have less observability and are measured at fair value using valuation processes that are based on unobservable inputs and thus require more judgment. When measuring the fair value of financial instruments, management seeks to maximize the use of observable market inputs and minimize the use of unobservable inputs. Illiquid credit markets have resulted in inactive (or less active) markets for certain financial instruments; as a result the level of observable inputs for certain instruments may have decreased, necessitating an increased use of unobservable inputs.

Investment securities recorded at fair value in the Plan's Statements of Net Assets Available for Benefits as of December 31, 2025 and 2024 are categorized based upon the level of judgment associated with the inputs used to measure fair value. A description of the disclosure hierarchy established and the types of financial instruments recorded at fair value that the Committee of Fiduciaries believes would generally qualify for each category is as follows:

Level 1 - Inputs to the valuation methodology are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Plan has the ability to access at the measurement date. Financial instruments in this level would generally include mutual funds and U.S. Treasury funds that are readily redeemable at their published NAV.

Level 2 - Inputs to the valuation methodology, other than quoted prices or published NAVs included in Level 1, are either directly or indirectly observable for the asset or liability for substantially the full term of the instrument. Such inputs may include quoted prices for similar instruments in an active market; quoted prices for the identical or similar instrument in an inactive (or less active) market; other observable inputs such as yield curves, prepayment speeds or credit spreads; or other inputs that are derived from or corroborated by observable market data.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The following table summarizes those financial instruments measured at fair value in the Plan's Statements of Net Assets Available for Benefits as of December 31, 2025 and 2024, categorized by the relevant level of the fair value hierarchy:

	Assets at Fair Value as of December 31, 2025			
	Level 1	**Level 2**	**Level 3**	**Total**
Mutual funds	$ 166,418,522	$ -	$ -	$ 166,418,522
U.S. Treasury Cash Reserves	14,319,775	-	-	14,319,775
Total investments at fair value	$ 180,738,297	$ -	$ -	$ 180,738,297

	Assets at Fair Value as of December 31, 2024			
	Level 1	**Level 2**	**Level 3**	**Total**
Mutual funds	$ 147,525,329	$ -	$ -	$ 147,525,329
U.S. Treasury Cash Reserves	13,250,803	-	-	13,250,803
Total investments at fair value	$ 160,776,132	$ -	$ -	$ 160,776,132

A description of the methods, factors and significant assumptions utilized in estimating the fair values for significant categories of financial instruments follows. There have been no changes in the methodology used at December 31, 2025 and 2024.

Mutual funds are valued at the published NAV of units held by the Plan on the measurement date. In the unlikely event a NAV was not published on the measurement date, reference would be made to an indicative bid or the published NAV most proximate to the measurement date. Participants can redeem their funds based on the policies set forth in the funds' prospectus.

U.S. Treasury Cash Reserves are carried at cost which approximates fair value.

8. Risk and Uncertainties

The Plan invests in a variety of funds. The funds include mutual funds and U.S. Treasury Cash Reserves. Investment securities, in general, are exposed to various risks, such as interest rate, credit, liquidity and overall market volatility risk. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

The Plan's exposure to risk is limited by the diversification of investments across the numerous participant directed funds. Additionally, the investments within each participant directed fund are further diversified into varied financial instruments.

As of December 31, 2025 and 2024, the Plan had investments of $55,401,323 and $48,123,508, respectively, that were concentrated in two funds.

9. Administration of Plan Assets

The Plan's assets are administered under a contract with Newport and Ascensus, trustees of the Plan. The trustees invest funds received from contributions, investment sales, interest and dividend income and make distribution payments to participants.

10. Delinquent Participant Contributions

For the year ended December 31, 2025, the Company did not remit certain participant contributions to the Plan on a timely basis as defined by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Untimely remittances identified on the Schedule of Delinquent Participant Contributions, which totaled $211,771 in 2025 were corrected in 2025 and participant accounts were compensated for lost earnings.

10. Subsequent Events

The Plan has evaluated whether any subsequent events that require recognition or disclosure in the accompanying financial statements and notes thereto have taken place through October 14, 2026, the date these financial statements were available to be issued.
