Marquis 401(k) Savings Plan
4560 SE International Way, Suite 100
Milwaukie, Oregon 97222

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Marquis 401(k) Savings Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Marquis 401(k) Savings Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section-

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Marquis 401(k) Savings Plan and to meet our

other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Marquis 401(k) Savings Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Marquis 401(k) Savings Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Marquis 401(k) Savings Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2025 and the supplemental Schedule H, Line 4a – Schedule of Delinquent Participant Contributions as of December 31, 2025 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion-

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Restrictions on Use

This report is intended solely for the information and use of the Plan trustees and management, the Department of Labor, and Plan participants and is not intended to be and should not be used by anyone other than these specified parties.

Note 1 - Description of the Plan

The following description of the Marquis 401(k) Savings Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan documents for complete information.

General

The Plan is a defined contribution plan. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan's administrator controls and manages the operation and administration of the Plan. The Plan's trustee, appointed by the Plan administrator, is responsible for holding and investing Plan assets.

Empower Trust Company, LLC is the current trustee and Empower Annuity Insurance Company of America, under the brand name Empower Retirement ("Empower"), is the current recordkeeper of the Plan. The Plan covers all regular employees of Marquis Companies, Inc. and all affiliates with common majority ownership (collectively, the "Company"). Employees are eligible to make elective deferrals 60 days after the date of hire and may enter the Plan on the first day of each month after the 60 days requirement has been met.

Contributions

The Plan agreement provides for voluntary employee salary deferral contributions. Participants may elect to defer up to the Internal Revenue Service's annual limit of $23,500 ($31,000 for participants age 50 and over and $34,750 for participants who turn age 60 to 63 in 2025).

Additionally, the Company contributes amounts as a match of participants' elective contributions for each plan year in which a participant completes one year (at least 1,000 hours) of service. Participants are eligible for matching contributions the first day of each fiscal quarter after completing the eligibility requirements (one year of service and at least 1,000 hours during the year). The amount of the employer match is 100% of the participants' contributions, limited to 1.33% of participant eligible compensation. Effective January 1, 2024, the Plan was amended to change the definition of eligible compensation for employer matching contributions from compensation earned during the entire Plan year to participating compensation.

Participant accounts

Each participant's account is credited with the participant's contribution and an allocation of the Company's matching contribution and plan earnings. Forfeitures may be used to offset the Company's matching contribution and are allocated to participants' accounts in the same proportions as employer contributions. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Note 1 - Description of the Plan (continued)

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's matching contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. A participant is 100% vested after six years of credited service.

Participants also become fully vested in the Company's matching contributions upon reaching normal retirement age or in the event of the participant's death or total and permanent disability.

Notes receivable from participants

Participants may borrow from their fund accounts amounts which may not exceed the lesser of $50,000 or 50 percent of their vested account balance. Each note receivable is secured by the balance in the participant's account and bears interest at the prime rate plus 1% (prime plus 2% for notes originated before January 25, 2018). Principal and interest are repaid through payroll deductions.

Payment of benefits

On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or annual installments over a twenty year period. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. In the case of financial hardship, contributions may be withdrawn prior to normal retirement.

Plan termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their accounts.

Forfeited accounts

At December 31, 2025, forfeited nonvested accounts totaled $152,685 ($130,921 for 2024). These accounts will be used to reduce future employer contributions or pay Plan expenses, as directed by the Plan administrator. In 2025, $49,356 was used to reduce employer contributions.

Note 2 - Summary of significant accounting policies

Basis of accounting

The Plan's financial statements are prepared on the accrual basis of accounting.

Note 2 - Summary of significant accounting policies (continued)

Investment valuation and income recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation/depreciation in fair value of investments includes the Plan's gains and losses on investments purchased and sold as well as held during the year.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded. A defaulted loan is recorded as a benefit payment when a distributable event occurs.

Payment of benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants and distribution requests are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation/depreciation in fair value of investments.

Use of estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes in those assets and liabilities, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Risks and uncertainties

The Plan invests in various investment securities that have different investment strategies. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 3 - Certified financial data (unaudited)

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Empower Trust Company, LLC, the trustee of the Plan, has certified to the completeness and accuracy of all investments and outstanding notes receivable from participants reflected on the accompanying statements of net assets available for benefits as of December 31, 2025 and 2024, and the schedule of assets (held at end of year) as of December 31, 2025, and the related investment activity and interest from notes receivable from participants reflected in the statement of changes in net assets available for benefits for the year ended December 31, 2025.

Note 4 - Fair value measurement

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Note 4 - Fair value measurement (continued)

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Pooled separate accounts: All underlying investment options are valued daily by the annuity provider. Accounts are valued by calculating a unit value for each separate account investment based on the underlying mutual fund assets and adjusted to apply the expense factor disclosed in the annuity contract. This daily price is considered the selling price for transfers and withdrawals and is calculated each day the principal market is open. The investment options are available for trading each day the principal market is open and are available to any participant in the Plan, unless restricted by the plan administrator.

Stable value fund: Valued at the net asset value practical expedient (NAV) of units held by the Plan at year-end based on the underlying investment. The stable value fund is included in the collective trust balance on the Statement of Net Assets Available for Benefits.

Collective trust funds: Valued at the net asset value practical expedient (NAV) of units held by the Plan at year-end based on the underlying investment.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025 and 2024:

	Assets at Fair Value as of December 31, 2025			
	Total	Level 1	Level 2	Level 3
Total assets in the fair value hierarchy				
Mutual funds	$ 43,549,522	$ 43,549,522	$ -	$ -
Pooled separate accounts	20,991,683	-	20,991,683	-
Investments measured at net asset value (a)	16,850,757	-	-	-
Investments at fair value	$ 81,391,962	$ 43,549,522	$ 20,991,683	$ -

	Assets at Fair Value as of December 31, 2024			
	Total	Level 1	Level 2	Level 3
Total assets in the fair value hierarchy				
Mutual funds	$ 42,540,995	$ 42,540,995	$ -	$ -
Pooled separate accounts	15,797,555	-	15,797,555	-
Investments measured at net asset value (a)	16,210,391	-	-	-
Investments at fair value	$ 74,548,941	$ 42,540,995	$ 15,797,555	$ -

(a) In accordance with Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented on the statements of net assets available for benefits.

Note 4 - Fair value measurement (continued)

Gains and losses (realized and unrealized) included in the changes in net assets for the period above are reported in net appreciation in fair value of investments in the statement of changes in net assets available for benefits.

Fair Value of Investments that Calculate Net Asset Value

The following table summarizes investments measured at fair value based on net asset value (NAV) per share as of December 31, 2025.

Investment	Fair value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Naviquant Global Logiq Class 2	$ 16,850,757	N/A	Daily	12 Months

The following table summarizes investments measured at fair value based on net asset value (NAV) per share as of December 31, 2024.

Investment	Fair value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Putnam Stable Value Fund	$ 925,758	N/A	Daily	12 Months
Naviquant Global Logiq Class 2	$ 15,284,633	N/A	Daily	12 Months

Note 5 - Derivative and hedging activities

Certain Plan funds may invest in stock futures and option contracts which are traditional types of derivatives. These contracts are used to hedge against changes in the values of securities the fund owns or expects to purchase. Certain funds may also write options on securities it owns or in which it may invest to increase its current returns. The potential risk to these funds is that the change in value of futures and options contracts may not correspond to the change in value of the hedge instruments. Additionally, losses may arise from changes in the value of the underlying instruments.

Certain Plan funds also invest in foreign securities. International investing poses risks including foreign currency fluctuations and economic and political risks not found in securities that are solely domestic. Hedging activities intended to reduce this risk may not perform as expected.

Note 6 - Party-in-interest transactions

The Plan maintains a services agreement with Empower Annuity Insurance Company of America ("EAICA") to provide administrative, recordkeeping and other services to the Plan. Included in this agreement are the services of Advised Assets Group, LLC ("AAG"), a wholly-owned subsidiary of EAICA,

Note 6 - Party-in-interest transactions (continued)

to provide investment guidance, advisory, and discretionary managed account services to plan participants. Effective October 11, 2023, the Plan entered into an investment agreement with Prudential Retirement Insurance and Annuity Company ("PRIAC"), a wholly-owned subsidiary of EAICA. The agreement is a group annuity contract that allows the Plan to invest in certain separate accounts offered by PRIAC. Empower Trust Company, LLC ("ETC") is an affiliate of AAG and a wholly-owned subsidiary of EAICA. ETC serves as the trustee of the Plan. The Plan contracts with Financial Advocates Investment Management for investment advising services at both the Plan and participant level. The Plan also contracts with Naviquant Capital Management for investment advising. The Plan has an investment option for participants that is offered by Naviquant. Certain Plan investments are managed by Putnam Fiduciary Trust Company, LLC, a Plan trustee. Transactions within the scope of these service agreements qualify as party-in-interest. EAICA may use one or more of its affiliates to collect 12b-1 fees, commissions and other fees payable by the investment providers to the Plan.

Note 7 - Tax status

The Plan adopted a prototype plan designed to be qualified and exempt from income taxes under applicable Sections of the Internal Revenue Code. The Plan was amended and restated effective August 23, 2021 to include CARES Act provisions, and other law changes. The prototype plan obtained its latest opinion letter on November 14, 2022, in which the Internal Revenue Service stated that the Plan and related trust are designed in accordance with applicable sections of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2025, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 8 - Net assets available for benefits

Net assets available for benefits consists of the following:

	2025	2024
Amounts allocated to active participants	$ 83,570,144	$ 76,679,365
Amounts allocated to accounts of persons who have withdrawn from participation	-	-
	$ 83,570,144	$ 76,679,365

Note 9 - Reconciliation of financial statements to Schedule H of Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2025 to Schedule H of Form 5500:

Net assets available for benefits per the financial statements	$ 83,570,144
Less: Participant loans reported on Form 5500 as deemed distributions	112,131
Net assets available for benefits per the Form 5500	$ 83,458,013

The following is a reconciliation of changes in net assets available for benefits per the financial statements at December 31, 2025 to Schedule H of Form 5500:

	Amount per Financial Statements	Difference	Amount per Form 5500
Participant contributions	$ 6,616,992	$ -	$ 6,616,992
Employer contributions	910,209	-	910,209
Rollover contributions	471,668	-	471,668
Participant loan interest income	99,261	(2,276)	96,985
Interest and dividend income	2,888,969	(19,285)	2,869,684
Net appreciation in fair value of investments	4,896,223	19,285	4,915,508
Benefit payments and distributions	(8,758,882)	37,621	(8,721,261)
Plan expenses	(233,661)	(23,342)	(257,003)
Net increase	$ 6,890,779	$ 12,003	$ 6,902,782

The variance in the current year net increase is due to the timing difference for when certain deemed distributions of participant loans are recorded on the Schedule H of Form 5500 versus the financial statements. In addition, accrued interest on notes receivable from participants is reflected in the financial statements but not on the Schedule H of Form 5500.

Note 10 - Delinquent Participant Contributions

For the year ended December 31, 2025, there are $1,063 of late participant contributions that are pending correction. These amounts have been reported on the Supplemental Schedule of Delinquent Participant Contributions accordingly.

Note 11 - Subsequent events

Management evaluates events occurring subsequent to the date of the financial statements in determining the accounting for and disclosure of transactions and events that affect the financial statements. Subsequent events have been evaluated through October 14, 2026, which is the date the financial statements were available to be issued.
