Independent Auditor's Report

To the Plan Administrator
SFH, Inc. 401(k) Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of SFH, Inc. 401(k) Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024 and the related statement of changes in net assets available for benefits for the year ended December 31, 2025 and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the SFH, Inc. 401(k) Retirement Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024 and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of SFH, Inc. 401(k) Retirement Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about SFH, Inc. 401(k) Retirement Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances but not for the purpose of expressing an opinion on the effectiveness of SFH, Inc. 401(k) Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about SFH, Inc. 401(k) Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedules of Schedule H, Line 4i - Schedule of Assets (Held at Year End) and Schedule H, Line 4a - Schedule of Delinquent Participant Contributions as of and for the year ended December 31, 2025 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. Description of Plan

The following brief description of the SFH, Inc. 401(k) Retirement Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan document for more complete information regarding the Plan's definitions, benefits, and eligibility requirements and other matters.

General

The Plan was created by an agreement between SFH, Inc. (the "Company") and the trustees dated May 5, 1997 to provide retirement benefits for eligible employees of the Company. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA), and the Internal Revenue Code (IRC). Effective January 1, 2021, the Plan was amended in its entirety and adopted the Pentegra Services, Inc. Non-Standardized Defined Contribution Pre-Approved Plan.

The Plan also covers employees of Fargo Jet Center LLC, Weather Modification LLC, and Exclusive Aerospace LLC, related companies through common ownership.

Plan Operation

The Company is the Plan sponsor and administrator of the Plan. Empower is the Plan recordkeeper, trustee and custodian (the "Custodian" or "Trustee").

Eligibility

Substantially all employees, who are not covered by a collective bargaining agreement, are eligible for participation in the Plan. Employees who have completed one month of service become eligible to make salary deferrals to the Plan. An employee can become a participant in the Plan on the first day of the payroll period coinciding with or next following the date of becoming eligible for participation.

Employees must complete 1,000 hours of service and reach the age of 21 to become eligible for the safe harbor matching. Employees must complete one year of service to become eligible for employer matching. Employees must complete one year of service and reach the age of 18 to become eligible for employer profit contributions. Beginning after August 2024, the age requirement for the safe harbor match and employer profit contributions was removed. An employee can become a participant in the employer contributions on the first day of the payroll period coinciding with or next following the date of meeting eligibility requirements.

Contributions

Participants may elect to contribute a percentage of their eligible compensation up to 100 percent on a pre-tax basis to the 401(k) portion of the Plan. Participants are automatically enrolled on their eligibility date to contribute two percent of compensation, unless the participant elects a different percentage (including zero). After participants become subject to the initial two percent automatic deferral amount, the automatic deferral amount will increase by one percent annually (unless the participant elects a different percentage) but will not exceed five percent of compensation.

Participants may elect to make Roth contributions to the Plan.

The Company makes safe harbor matching contributions on behalf of all eligible participants who elect to make salary deferral contributions. The safe harbor matching contribution is 100% of each participant's salary deferrals that do not exceed 3% of total compensation, plus 50% of salary deferrals that exceed 3% but do not exceed 5% of total compensation. Safe harbor contributions were approximately $579,000 for 2025.

The Company may also make a discretionary additional matching contribution. The total amount of this discretionary additional match contribution will not exceed 4% of compensation. There was no discretionary additional match contribution for 2025.

The Company may annually make a profit sharing contribution to the Plan. This contribution is allocated to participants' accounts according to a formula based upon compensation. There was no profit sharing contribution made by the Company for 2025.

1. Description of Plan (Continued)

Contributions (Continued)

Contributions are subject to a compensation ceiling and annual limitations prescribed by the IRC.

The Plan allows for rollover and catch-up contributions.

Vesting

Participants are immediately vested in their voluntary contributions, safe harbor match contributions, and rollover contributions plus actual earnings thereon.

The participant's vesting in employer discretionary additional match contributions and profit sharing contributions is twenty percent per year for each of the first through fifth year of service until fully vested. A participant's account also becomes fully vested upon reaching normal retirement age of 65, or upon death, disability, or termination of the Plan.

Forfeited Accounts

If a participant terminates employment before becoming fully vested in their account balance, the forfeited portion of the account balance is used to reduce future employer contributions to the Plan. At December 31, 2025 and 2024, forfeited amounts were approximately $40,000 and $7,000, respectively. The Plan did not utilize any forfeited amounts during the year ended December 31, 2025.

Investment Allocation

Assets of the Plan are held in various funds as determined by the Company. All accounts are participant directed. Participants may change their investment allocation daily.

Net investment gains and losses are allocated based on participant balances in each fund.

Payment of Benefits

A participant's vested benefit is distributed upon death, disability, retirement, or termination of employment as soon as administratively feasible following the date on which a distribution is requested or otherwise payable; in either a lump-sum amount or partial withdrawals or installments for participants who must receive required minimum distributions. The distribution will be involuntarily distributed if the vested account balance does not exceed $5,000. If the amount of the distribution exceeds $1,000 and the participant does not elect to either receive or roll over the distribution, the distribution will be rolled over to an individual retirement account established for the benefit of the participant.

In-service distributions are allowed under the Plan upon attainment of age 59 1/2.

The Plan allows for hardship distributions.

Notes Receivable From Participants

Participants are permitted to borrow up to 50 percent of their vested account balance with a minimum of $1,000 up to a maximum loan amount of $50,000. Only one note may be outstanding at any given time. The notes are secured by up to 50 percent of the participant's vested account balance. Notes receivable from participants have a term of five years or less, except for the purchase of a principal residence as permitted by IRS regulations and in accordance with Plan provisions. Notes receivable from participants are also subject to the deduction of certain origination and processing charges. The interest rate on notes shall be determined by the Plan Administrator based on terms as described in the Plan document. Upon termination of employment, the outstanding balance of a note becomes immediately payable. At December 31, 2025, the notes bear interest at 4.25% to 9.50% and mature at various dates through 2030.

1. Description of Plan (Continued)

Plan Termination

Although it has not expressed any intention to do so, the Company has the right to discontinue its contributions at any time and terminate the Plan subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). In the event of Plan termination, participants will become fully vested in their account balances.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Accounting Estimates

The preparation of the Plan's financial statements in conformity with U.S. GAAP requires the Plan Administrator to make estimates and assumptions that affect the reported amounts of net assets available for benefits at the date of the financial statements and the changes in assets available for benefits during the reporting period, and the changes therein, and when applicable, disclosures of contingent assets and liabilities at the date of the financial statements. The most significant estimate relates to the valuation of investments. Actual results could differ from those estimates; the effect of any changes could be material.

Investment Valuation and Income Recognition

The Plan’s investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction (that is, not a forced liquidation or distressed sale) between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Realized gains and losses on investments bought and sold during the year, as well as unrealized gains and losses on investments held during the year, are presented in the net appreciation/depreciation in fair value of investments.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the Plan document.

2. Summary of Significant Accounting Policies (Continued)

Fair Value of Financial Instruments

The Plan's accounting for fair value measurements of assets and liabilities that are recognized or disclosed at fair value in the financial statements on a recurring or nonrecurring basis adheres to the Financial Accounting Standards Board (FASB) fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to measurements involving significant unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are as follows:

- Level 1 Inputs: Unadjusted quoted prices in active markets for identical assets or liabilities accessible to the Company at the measurement date.
- Level 2 Inputs: Other than quoted prices included in Level 1 inputs that are observable for the asset or liability, either directly or indirectly, for substantially the full term of the asset or liability.
- Level 3 Inputs: Unobservable inputs for the asset or liability used to measure fair value to the extent that observable inputs are not available, thereby allowing for situations in which there is little, if any, market activity for the asset or liability at measurement date.

The level in the fair value hierarchy within which a fair measurement in its entirety falls is based on the lowest level input that is significant to the fair value measurement in its entirety.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in methodologies used at December 31, 2025 and 2024.

Registered investment companies - mutual funds are valued at the net asset value (quoted prices) of shares held by the Plan at year end.

The Plan invests in investment contracts through a collective trust. The collective trust is valued at fair value using the net asset value ("NAV") as a practical expedient. The collective trust's fair value is calculated using the NAV per share and not included within the fair value hierarchy. The collective trust has no unfunded commitments and has a daily redemption frequency.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Contributions

Participant contributions are recorded when the Company makes the payroll deduction. Safe harbor matching and discretionary additional matching contributions, if any, are recorded in the same period as the participant contribution. Company profit sharing contributions, if any, are recorded in the period the Company authorizes the nonelective contribution.

Payment of Benefits

Benefit payments are recorded when paid.

Administrative Expenses

The Plan is responsible for paying substantially all administrative and investment transaction expenses.

Subsequent Events

In preparing these financial statements, Plan management has evaluated subsequent events and transactions for potential recognition or disclosure through October 15, 2026, the date which the financial statements were available to be issued.

3. Certified Investments

At December 31, 2025, the Plan's investments were held by Empower Trust Company LLC, the Custodian. The Plan Administrator has elected the method of compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Custodian has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate.

- Investments and notes receivable from participants, as shown in the statements of net assets available for benefits as of December 31, 2025 and 2024.
- Investment income and interest income on notes receivable from participants, as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2025.
- Schedule H, Line 4i - Schedule of Assets (Held at Year End) as of December 31, 2025.

The Plan Administrator instructed its independent auditors not to perform, and they did not perform, any auditing procedures with respect to the information certified by the Custodian, except for comparing the information with the related information included in the financial statements and supplemental schedule.

4. Fair Value Measurements

The following tables provide information on those assets that are measured at fair value on a recurring basis:

December 31, 2025	Fair Value Carrying Amount in the Statement of Net Assets Available for Benefits	Level 1	Level 2	Level 3
Registered investment companies - mutual funds	$23,850,747	$23,850,747	$ -	$ -
Common/collective trust	343,489	-	-	-
Totals	$24,194,236	$23,850,747	$ -	$ -

December 31, 2024	Fair Value Carrying Amount in the Statement of Net Assets Available for Benefits	Level 1	Level 2	Level 3
Registered investment companies - mutual funds	$20,095,482	$20,095,482	$ -	$ -
Common/collective trust	219,593	-	-	-
Totals	$20,315,075	$20,095,482	$ -	$ -

5. Risks and Uncertainties

The Plan offers a number of investment options to participants that are exposed to various risks, such as interest rate, credit, and overall market volatility risk. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the Statements of Net Assets Available for Benefits and participant accounts.

6. Party-In-Interest Transactions

Notes receivable from participants qualify as party-in-interest transactions. The recordkeeper receives revenue sharing from certain investment funds for administrative services it provides. However, ERISA regulations provide an exemption for such transactions.

7. Tax Status

The Pentegra Services, Inc. Non-Standardized Defined Contribution Pre-Approved Plan has obtained an Internal Revenue Service opinion letter dated June 30, 2020 in which the Internal Revenue Service stated the plan document satisfies the applicable provisions of the Internal Revenue Code.

Due to the tax exempt status of the Plan, the Plan does not have any significant tax uncertainties that would require recognition or disclosure. The Plan is currently not subject to an examination of its tax returns by any taxing authority. The Plan is no longer subject to income tax examinations for the years before 2022.

8. Delinquent Participant Contributions

During the year ended December 31, 2025, certain participant contributions were identified that were not remitted to the Plan within the time frames prescribed by the Department of Labor. As a result, these transactions constituted nonexempt prohibited transactions between the Plan and the Plan sponsor. The total amount of delinquent participant contributions was $286. The delinquent contributions were remitted to the Plan during 2025. The Plan intends to remit the applicable lost earnings to the Plan subsequent to year-end.
