Independent Auditors' Report

To the Plan Administrator of
Exchange Bank Health and Welfare Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Exchange Bank Health and Welfare Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Exchange Bank Health and Welfare Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Baker Tilly Advisory Group, LP and Baker Tilly US, LLP, trading as Baker Tilly, are members of the global network of Baker Tilly International Ltd., the members of which are separate and independent legal entities. Baker Tilly US, LLP is a licensed CPA firm that provides assurance services to its clients. Baker Tilly Advisory Group, LP and its subsidiary entities provide tax and consulting services to their clients and are not licensed CPA firms.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Exchange Bank Health and Welfare Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Exchange Bank Health and Welfare Plan's ability to continue as a going concern for at least one year following the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Exchange Bank Health and Welfare Plan's internal control. Accordingly, no such opinion is expressed.

- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Exchange Bank Health and Welfare Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedules of Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year) and Schedule H, Line 4(j) - Schedule of Reportable Transactions as of or for the year ended December 31, 2025, are presented for purposes of additional analysis, and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Exchange Bank Health and Welfare Plan

Notes to Financial Statements

December 31, 2025 and 2024

1. Description of Plan

The following description of the Exchange Bank Health and Welfare Plan (the Plan) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan is a health and welfare plan adopted by Exchange Bank (the Company). The Plan is an HRA plan, in which participants are designated a specific share of plan funds in which they can claim reimbursements for medical, dental, vision, and prescription drug premiums. The Plan is designed to comply and operate in accordance with the applicable requirements of the Internal Revenue Code (the Code) and the Employee Retirement Income Security Act of 1974 (ERISA).

Participation

Retirees (as defined below), their spouses, and their domestic partners are eligible to participate in the Plan. Only the person who is a retiree’s spouse or domestic partner as of the retiree’s retirement date is eligible to participate in the Plan. Further, if a retiree dies while a participant of the Plan, their spouse or domestic partner may continue to participate in the Plan, provided that the HRA account has a positive balance at the time of the retiree’s death.

Retirees are defined in the Plan Document as former employees who meet the following requirements:

1. The former employee is a “grandfathered employee.” A “grandfathered employee” means, as of December 31, 2007, the former employee was either (i) an active employee of the Company with 15 years of continuous service, or (ii) an active employee of the company whose age plus years of continuous service equaled at least 60; and
2. The former employee was an active employee of the Company on June 30, 2003; and
3. The former employee was covered as an active employee participant under the Exchange Bank Group Health and Welfare Plan on the day before his or her retirement date; and
4. The former employee attained the age of 55 with at least 15 years of continuous service on or before his or her retirement date; and
5. The former employee was not terminated for misconduct.

Spouses, dependent children, and domestic partners losing eligibility under the Plan due to a COBRA qualifying event will be entitled to continue Plan coverage under COBRA or a COBRA-like continuation of coverage.

Contributions

Participants do not contribute to the Plan. In addition, no future employer contributions are planned to be made.

2. Summary of Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, benefit obligations and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Expenses

The Plan Sponsor manages the operation and administration of the Plan. Third-party administrators process claims for the Plan. The Company pays substantially all administrative expenses of the Plan.

Health Reimbursement Arrangement

The Plan solely consists of a health reimbursement arrangement (HRA). Each retiree who was eligible to participate in the Plan was credited with a one-time fixed dollar amount into their HRA account. The amount credited to each retiree's account was the actuarial present value of future benefits under the terms of the Plan multiplied by a fraction. The fractions numerator was equal to $6 million and the denominator was equal to the sum of all retirees' individually determined actuarial present values of future benefits. No more than the original $6 million in funding is planned to be provided to the Plan.

Investment Valuation and Investment Income

The Plan's investments are valued at fair value. The Plan's custodian, The Exchange Bank, certifies the fair market value of all investments. If available, quoted market prices are used to value investments. Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded when earned.

Subsequent Events

Subsequent events were evaluated through the date of this letter, the date the financial statements were available to be issued.

3. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under authoritative guidance are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2025 and 2024.

Interest-bearing cash: Valued at the daily closing price as reported by the fund. The fund is required to publish its daily net asset value and to transact at that price. The fund held by the Plan is deemed to be actively traded.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025 and 2024:

Assets at Fair Value as of December 31, 2025	**Level 1**	**Level 2**	**Level 3**	**Total**
Interest-bearing cash	$ 4,959,651	$	$	$ 4,959,651
Total investments at fair value	$ 4,959,651	$	$	$ 4,959,651

Assets at Fair Value as of December 31, 2024	**Level 1**	**Level 2**	**Level 3**	**Total**
Interest-bearing cash	$ 5,298,278	$	$	$ 5,298,278
Total investments at fair value	$ 5,298,278	$	$	$ 5,298,278

4. Benefit Obligations

Effective November 1, 2021, the postretirement benefit obligation represents the present value of the sum of the HRA balances, plus the actuarially determined value of benefits for certain executives that will be paid from Bank assets outside the VEBA.

The Plan’s benefit obligations are as follows as of December 31:

Postretirement benefit obligations	**2025**	**2024**
Current retirees and beneficiaries	$ 3,290,999	$ 3,606,215
Fully eligible active participants	677,825	831,896
Total benefit obligations	$ 3,968,824	$ 4,438,111

Changes in post-retirement benefit obligations are as follows for the year ended December 31, 2025:

Description		2025
Post-retirement benefit obligation at December 31, 2024	$	4,438,111
Service cost		20,000
Interest cost		3,297
Plan experience		(560,779)
Actuarial loss		68,195
Post-retirement benefit obligation at December 31, 2025	$	3,968,824

A discount rate of 5.60% and 5.70% was used as of December 31, 2025 and 2024, respectively. Future years' costs were assumed not to increase in the following years. If the assumed health care cost trend rate increased by 1%, the Plan's December 31, 2025 and 2024, postretirement benefit obligation would not increase or decrease as the Plan obligation has an overall cap that is unaffected by plan experience or assumptions.

5. Information Certified by Trustee

The plan administrator has elected to have an audit performed pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA for 2025 and 2024. Accordingly, certain information in the Plan's financial statements and supplemental schedules was agreed to or derived from information certified as complete and accurate by Exchange Bank, the trustee of the Plan. The certified information includes the Plan's investments reported in the accompanying Statements of Net Assets Available for Benefits as of December 31, 2025 and 2024, and the accompanying supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2025, and the related investment activity (including net appreciation/depreciation, interest, and dividends) reported in the accompanying Statement of Changes in Net Assets Available for Benefits and the information reported in the accompanying supplemental Schedule H, Line 4j - Schedule of Reportable Transactions for the year ended December 31, 2025.

6. Related-Party and Party in Interest Transactions

The Company is the Plan sponsor, trustee, and administrator of the Plan. Transactions with this entity qualify as exempt party-in-interest transactions.

7. Plan Termination

The Plan Sponsor reserves the right to terminate or modify the Plan at any time and subject to the provisions of ERISA. Any remaining undistributed funds are to be disposed of for the benefit of covered individuals. In the event that benefits due and payable exceed available funds, the Plan Sponsor will contribute to the Plan such amounts as may be necessary to ensure continuance of such benefit payments. No assets of the Plan may revert to the Plan Sponsor or be used for purposes other than for the exclusive benefit of the Plan's participants.

8. Tax Status

The Plan received a ruling dated August 28, 1992, from Internal Revenue Service stating that the trust established under the Plan to hold the Plan's net assets is qualified pursuant to Section 501(c)(9) of the Code. Accordingly, the trust is exempt from most state and federal income taxes. The Plan has since been amended. The plan administrator believes that the Plan, as amended, is designed and continues to be operated in accordance with the applicable requirements of the Code.

Although the Plan for retirees and the related trust are designed in accordance with applicable sections of the Code, and the trust is exempt from most federal income taxes, investment income of the trust holding the assets is considered to constitute unrelated business income. This income subjects the trust to federal unrelated business income tax.

The tax expense for the trust for the year ended December 31, 2025, consists of the following components:

		2025
Federal current tax expense	$	64,679
State current tax expense		15,937
Income tax expense	$	80,616

As of December 31, 2025 and 2024, there were no deferred tax liabilities or assets.

Plan management evaluates tax positions taken and recognizes a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. No uncertain positions have been identified that would require recognition of a liability (or asset) or disclosure in the financial statements as of December 31, 2025 or 2024. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

9. Risks and Uncertainties

Financial instruments that potentially subject the Plan to concentration of credit risk consist of interest-bearing cash in a Federal Deposit Insurance Corporation (FDIC) insured sweep account. This sweep account may include balances in excess of FDIC limits of $250,000. The Plan Sponsor closely monitors these balances and has not experienced any credit losses.
