Independent Auditors' Report

To the Participants and the Komatsu Pension and Investment Committee
Komatsu America Corp. Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Komatsu America Corp. Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Baker Tilly Advisory Group, LP and Baker Tilly US, LLP, trading as Baker Tilly, are members of the global network of Baker Tilly International Ltd., the members of which are separate and independent legal entities. Baker Tilly US, LLP is a licensed CPA firm that provides assurance services to its clients. Baker Tilly Advisory Group, LP and its subsidiary entities provide tax and consulting services to their clients and are not licensed CPA firms.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for at least one year following the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year), as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. Description of the Plan

The following description of the Komatsu America Corp. Savings Plan (the Plan) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan and is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). All employees of Komatsu America Corp. (the Company) and its affiliates are eligible to participate in the Plan, except for employees of the Company's subsidiary, Komatsu Mining Corp. (KMC), unless an KMC employee is defined as a Grandfathered Participant under the Komatsu America Corp. Target Benefit/Defined Contribution Plan (the Target Plan), union employees covered by a collective bargaining agreement, and employees who are not domiciled in the U.S. and are not U.S. citizens.

Administration

The Company, along with KMC (collectively, the Companies), established the Komatsu Plan Sponsor Committee to act on behalf of the Companies as plan sponsor to the employee benefit plans maintained by the Companies, including the Plan. In addition, the Companies established the Komatsu Pension and Investment Committee (the Committee) to serve as the plan administrator for their employee benefit plans. Fidelity Management Trust Company (the Trustee) serves as the trustee of the Plan and Fidelity Investments, an affiliate of the Trustee, serves as the recordkeeper of the Plan.

Contributions

Participants may contribute to the Plan up to 50% of their annual compensation in 1% increments, as defined in the plan document, subject to certain limitations under the Internal Revenue Code (IRC). Contributions may be designated as pre-tax or as Roth deferral. A participant may change his or her contribution as of the beginning of each payroll period. Participants over the age of 50 by the end of the calendar year are permitted to make catch-up contributions by deferring an additional amount in excess to the otherwise applicable limit on pre-tax contributions. Participants aged 60-63 by the end of the calendar year are eligible to make additional catch-up contributions. New hires are automatically enrolled in the Plan on their hire date and contribute 6% of their annual compensation to the Plan. The Plan has an automatic escalation of 1% annually (up to a maximum of 10%) for newly hired employees however certain company subsidiaries may be excluded. Participants may opt out of the automatic enrollment or change their contribution percentage at any time.

In certain situations, participants may make rollover contributions to the Plan. The Company acquired Core Machinery on June 9, 2025. After the acquisition, participants of the defined contribution plan sponsored by Core Machinery were permitted to transfer their balances in the Core Machinery plan into the Plan as rollover contributions.

The Company may make discretionary matching contributions and discretionary nonelective contributions. Eligible participants are designated into groups to determine the level of the Company discretionary matching contributions and discretionary nonelective contributions.

For eligible participants who are defined as grandfathered participants under the Komatsu America Corp. Target Benefit/Defined Contribution Plan (the Target Plan), who are employed by Hensley Industries, Inc. or an employer under the Plan that has not adopted the Target Plan or was acquired on or after April 1, 2019, the Company makes a matching contribution equal to 100% of the participant's pre-tax and Roth contributions up to 4% of compensation. The Company may also make a nonelective contribution equal to 1% of compensation for each of such participants, except for employees of Hensley Industries, Inc.

For all other eligible participants, the Company matches 50% of the participant's pre-tax and Roth

contributions up to 6% of compensation and may also make a nonelective contribution equal to 5% of the eligible participant's compensation.

Participants direct the investment of their contributions and Company contributions into the various investment options offered by the Plan.

Participant Accounts

Separate benefit accounts are maintained for each participant. Each participant's account is credited with the participant's contributions, rollovers, Company contributions and an allocation of investment earnings or losses based on the investment funds selected and charged with an allocation of administrative expenses and any specific participant transactions such as loans, distributions and the related transaction expenses. Allocations are made to participants' accounts based on the proportion that each participant's balance bears to the total of all participant account balances within each investment fund. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately and fully vested in their contributions and Company contributions and the earnings thereon.

Payment of Benefits

All participants in the Plan are entitled to receive their vested benefits under the Plan upon retirement, death, or termination of service. Benefits are paid in one lump sum. Participants may be permitted to make withdrawals from the Plan in the event of financial hardship, as defined in the plan document. Automatic distribution commences when the participant turns age 73 or when the participant terminates employment.

Termination of Plan

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will immediately become fully vested in their account balances.

Notes Receivable from Participants

Participants may borrow an amount equal to the lesser of $50,000 or 50% of their vested account balance with a minimum loan amount of $1,000. The loans are secured by the balance in the participant's account and are repaid through payroll deductions over periods ranging up to 60 months, or up to 120 months if the loan is for the purchase of a primary residence. The loans bear interest at rates ranging from 4.25% to 9.50%, which are commensurate with local prevailing rates as determined by the plan administrator and are fixed over the life of the note. Loans are granted in accordance with the terms set forth in the plan document.

Recent Regulatory Pronouncements

The SECURE 2.0 Act of 2022 (SECURE 2.0) was signed into law on December 29, 2022. This legislation includes a vast array of provisional changes to retirement plans, becoming effective in 2023 and beyond. Plan management adopted mandatory provisions effective for the years ended December 31, 2025 and 2024. Plan management is evaluating the optional SECURE 2.0 provisions. The application of SECURE 2.0 did not have a material effect on the Plan's financial statements. The Plan will be amended to reflect any changes made in response to SECURE 2.0 prior to the deadline set by law or applicable regulations.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Use of Estimates

The preparation of financial statements in accordance with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Committee determines the Plan's valuation policies utilizing information provided by the Trustee. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis and dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the gains and losses on investments bought and sold as well as held during the year, net of investment management expenses.

Contributions

Contributions from participants and the corresponding matching and nonelective contributions from the Company are recorded in the year in which the related participant contributions are withheld from compensation.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Related fees are recorded as administrative expenses and are expensed when they are incurred. Interest income is recorded on the accrual basis. Delinquent loans are reclassified as benefit payments based on the terms of the plan document. No allowance for credit losses has been recorded as of December 31, 2025 and 2024.

Administrative Expenses

The Company pays substantially all administrative fees associated with the Plan. Certain participant transaction charges are paid by the Plan. Expenses that are paid by the Company are excluded from these financial statements.

Payment of Benefits

Benefits are recorded when paid.

3. Information Certified by the Plan's Trustee

The Plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA for 2025 and 2024. Accordingly, the Trustee has certified to the completeness and accuracy of all investments reported in the accompanying Statements of Net Assets Available for Benefits as of December 31, 2025 and 2024, the supplementary schedule Form 5500, Schedule H, Line 4i - Schedule of Assets (Held at End

of Year) as of December 31, 2025, and the related investment activity reported in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2025. Such information was obtained by management and agreed to or derived from the information certified as complete and accurate by the Trustee, a qualified institution.

4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted market prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observables and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Money market fund - Valued at the published market price, which is a constant net asset value (NAV) of $1 per unit.

Registered investment companies - Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective trust funds - Valued at the NAV of units of the collective trust. The NAV, as provided by the Trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the Plan will sell the investment for an amount different than the reported NAV. Participant transactions (issuances and redemptions) may occur daily. Were the Plan to initiate a full redemption of a collective trust, the investment advisor reserves the right to temporarily delay withdrawal from that trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

Self-directed brokerage accounts – Include common stock, certificate of deposits, options, exchange-traded funds, and mutual funds that are valued at the quoted market price of the respective security held within the accounts. All securities within the accounts are traded on an active market.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair value. Furthermore, while the Plan administrator believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The tables below present the balances of investments measured at fair value on a recurring basis by level within the hierarchy as of December 31, 2025 and 2024:

	December 31, 2025			
	Level 1	**Level 2**	**Level 3**	**Total**
Money market fund	$ 15,953	$ -	$ -	$ 15,953

Investments measured at NAV (a)				
Collective trust funds				461,993,324
Total investments at fair value				$ 504,606,218

(a) In accordance with U.S. GAAP, investments that are measured at NAV per share (or its equivalent) as a practical expedient are not classified in the fair value hierarchy. The fair value of these investments is presented to permit reconciliation of the fair value hierarchy to the total investments at fair value in the Statements of Net Assets Available for Benefits.

The following tables summarize investments for which fair value is measured using NAV per share as a practical expedient as of December 31, 2025 and 2024. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

	December 31, 2025			
	Fair Value	Unfunded Commitments	Redemption Frequency (if currently eligible)	Redemption Notice Period
Collective trust funds	$ 522,221,886	N/A	Daily	0-5 days

5. Parties in Interest

The Plan issues loans to participants, which are secured by the participant's account balances. These transactions qualify as party in interest transactions. Certain administrative functions of the Plan are performed by officers or employees of the Company. No such officer or employee receives compensation for the Plan.

The Trustee receives revenue from investment fund service providers for services the Trustee provides to the funds. This revenue is used to offset certain amounts owed to the Trustee for its administrative services to the Plan. If the revenue received by the Trustee from such investment fund service providers exceeds the amount owed for its services, the Trustee remits the excess to the Plan's trust on a quarterly basis. The Plan or Plan Sponsor may make a payment to the Trustee for administrative expenses not covered by revenue sharing.

6. Tax Status of the Plan

The Plan has adopted a Fidelity Pre-Approved Defined Contribution Plan (Fidelity Plan). The Fidelity Plan obtained its latest determination letter dated June 30, 2020, in which the Internal Revenue Service (IRS) stated that the Fidelity Plan, as then designed, was in compliance with the applicable requirements of the IRC; therefore, the Plan is in compliance.

The Fidelity Plan has been amended since receiving its latest opinion letter. However, the plan administrator believes that the Plan is currently designed and being operated in compliance with the requirements of the IRC and that the Plan is qualified and the related trust is tax-exempt as of the financial statement dates.

U.S. GAAP requires management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. Risks and Uncertainties

The Plan invests in various investment securities that, in general, are exposed to various risks such as interest rate, market volatility and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

As of December 31, 2025 and 2024, the Plan held one investment with significant concentration as a percentage of net assets available for benefits totaling $110,851,859 and $95,818,570, respectively.

8. Subsequent Events

Effective August 5, 2026, the Plan merged with and into the Komatsu Mining Corp. Retirement Savings Plan (the KMC Plan) and the KMC Plan was renamed the Komatsu U.S. Retirement Savings Plan. The Plan's vesting schedule and all participant records and elections shall continue to apply in the KMC Plan after the merger.

The Plan has evaluated subsequent events for recognition or disclosure through October 14, 2026, the date the financial statements were available to be issued.
