INDEPENDENT AUDITOR'S REPORT

To the Compensation Committee of
the Southeastern Banking Corporation Group Profit-Sharing Plan and Trust

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of Southeastern Banking Corporation Group Profit-Sharing Plan and Trust, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statement of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025 and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Southeastern Banking Corporation Group Profit-Sharing Plan and Trust's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2025, stating that the certified investment information, as described in Note I to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial

Statements section of our report. We are required to be independent of the Southeastern Banking Corporation Group Profit-Sharing Plan and Trust and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Southeastern Banking Corporation Group Profit-Sharing Plan and Trust's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Southeastern Banking Corporation Group Profit-Sharing Plan and Trust's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Southeastern Banking Corporation Group Profit-Sharing Plan and Trust's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at year-end) as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTE A – DESCRIPTION OF PLAN

The following description of the Southeastern Banking Corporation Group Profit-Sharing Plan and Trust ("Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all eligible employees of the Company and its participating subsidiary, Southeastern Bank (collectively, the "Company"). An employee, age twenty-one or older, will become a participant on the first entry date of the Plan year following the employee's date of hire. Entry dates are January 1 and July 1 of each year. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Compensation Committee of the Board of Directors is responsible for oversight of the Plan, including investment offerings and performance.

Contributions

Each year, participants may contribute up to 80 percent of annual pretax or after-tax compensation, as defined in the Plan. Participants who have attained the age of 50 before the end of the Plan year are also eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from IRAs or other qualified defined benefit or defined contribution plans ("rollovers"). Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. The Company matches 100 percent of the first 4 percent of compensation that a participant contributes to the Plan. The Company may also contribute, at the option of the Company's Board of Directors, an additional match amount to all eligible employees. During the years ended December 31, 2025 and 2024, the Company made total discretionary matching contributions of $101,399 and $100,026, respectively. Profit-sharing amounts may also be contributed at the discretion of the Company's Board of Directors. During the years ended December 31, 2025 and 2024, the Company made profit-sharing contributions of $139,000 and $140,000 to the Plan. Contributions are subject to certain IRS limitations.

Participant Accounts

Each participant's account is credited with the participant's elective contributions and Company matching contributions, as well as additional allocations of the Company's profit-sharing contributions and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant compensation, years of service and/or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their elective deferrals and matching contributions plus associated investment income. Vesting of profit-sharing contributions is based on years of service. A participant is 20 percent vested after two years of service and their vested interest increases by 20 percent each year of service thereafter until six years of service, at which time the participant becomes 100 percent vested.

NOTE A – DESCRIPTION OF PLAN (CONTINUED)

Payment of Benefits

A participant becomes fully vested at the normal retirement age of 65 regardless of years of service. If the account balance is less than $1,000, the account balance will be distributed in a lump-sum payment. If the account balance is more than $1,000, the account balance will be distributed in a lump-sum payment upon consent by the participant. Employees who have reached retirement age are eligible for in-service withdrawals. In the event of total and permanent disability, a participant shall become fully vested, eligible to receive the entire amount standing to his credit in his individual account. If a participant dies while in service to the Company, his beneficiary shall receive the entire amount in the participant's account. In the event of death of an inactive participant, any remaining benefits, which were payable to the inactive participant, shall be paid to his beneficiary. A participant shall only receive his vested portion of the employer contribution account if his employment is terminated for any reason other than normal retirement, disability or death.

Forfeited Accounts

At December 31, 2025 and 2024, forfeited nonvested accounts totaled $17,011 and $4,794 respectively. These accounts are used to reduce future employer contributions.

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for that portion of the net assets available for benefits attributable to fully benefit-responsive investment contracts as contract value is the amount participants would normally receive if they were to initiate permitted transactions under the terms of the Plan.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value (except for the fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The common and collective trust fund investment is valued based on the unit values reported by the respective fund's audited financial statements as of the Plan's year-end. See note C for discussion of fair value measurements.

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, CONTINUED

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses or fees of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses or fees that are paid by the Company are excluded from these financial statements. Investment-related expenses or fees are included in net appreciation (depreciation) of fair value of investments.

The Plan has entered into a Plan Expense Agreement (the Agreement) with Empower Trust Company, LLC (Empower), the Trustee of the Plan. Amounts received by the Plan under the Agreement are used to pay reasonable and necessary expenses of the Plan that the Plan is authorized to pay in accordance with terms of the Plan and applicable law including ERISA. Any excess amounts not used to pay reasonable and necessary expenses of the Plan are allocated among the Plan's participants pro rata based on their account balances. The Plan received $72,911 and $68,196 under the agreement during the years ended December 31, 2025 and 2024, respectively.

Subsequent Events

The Plan has evaluated subsequent events through October 13, 2026, the date the financial statements were available to be issued.

NOTE C – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820, *Fair Value Measurement*, are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

NOTE C – FAIR VALUE MEASUREMENTS, CONTINUED

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Interest-bearing cash – Valued at cost, which approximates fair value.

Mutual funds – Valued at the net asset value of shares held by the Plan at year-end.

The following tables set forth by level, within the fair value hierarchy, the Plan's investment assets at fair value as of December 31, 2025 and 2024:

	Investment Assets at Fair Value as of December 31, 2025

NOTE D – FEDERATED HERMES CAPITAL PRESERVATION FUND ISP

The Federated Hermes Capital Preservation Fund ISP (the "Preservation Fund") is a stable value fund with an intended purpose of providing stability of principal and high current income. Investments in this fund include guaranteed investment contracts, separate account guaranteed investment contracts, synthetic guaranteed investment contracts, money market mutual funds and other stable value products that can be carried at contract

NOTE D – FEDERATED HERMES CAPITAL PRESERVATION FUND ISP, CONTINUED

value. A participant's ownership in the Preservation Fund is represented in units. Participants may purchase units of the Preservation Fund daily based on an established unit value of $10.00. The Plan is permitted to redeem units of the Preservation Fund for the purpose of funding a bona fide benefit payment or for honoring an employee-directed transfer of the participant's interest in the Plan to another investment election that is a noncompeting investment. Withdrawals from the Preservation Fund may be made for all other purposes upon twelve months' advance written notice to the Preservation Fund's trustee. Certain events may limit the ability of the Preservation Fund to transact at the established unit value of $10.00, such as mergers, mass layoffs, plan terminations, implementation of early retirement incentive programs or other events not within the control of the Preservation Fund. Plan management believes that occurrence of these events and circumstances that would cause the Preservation Fund to transact at less than contract value is not probable. The Preservation Fund's weighted average gross credit interest rate was 3.36 percent and 3.38 percent as of December 31, 2025 and 2024, respectively.

NOTE E – PARTY-IN-INTEREST TRANSACTIONS

During the years ended December 31, 2025 and 2024, the Company paid $400 and $720, respectively, in administrative fees to Empower.

During the years ended December 31, 2025 and 2024, the Plan incurred audit fees totaling $11,750 and $11,200, respectively. The audit fees were paid by the Company.

NOTE F – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their employer contributions.

NOTE G – TAX STATUS

The Internal Revenue Service ("IRS") has determined and informed Empower by letter dated November 14, 2022, that the prototype plan from which the Plan was adapted is designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). Although the Plan has been amended since receiving the determination letter, the Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits in progress for any tax periods.

NOTE H – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE I – INFORMATION PREPARED AND CERTIFIED BY TRUSTEE

Certain information related to participant-directed investments disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including participant-directed investments at December 31, 2025 and 2024, and net appreciation in fair value of investments and interest and dividends from investments for the year ended December 31, 2025 was obtained by management and agreed to or derived from information certified as complete and accurate by Empower.
