INDEPENDENT AUDITORS' REPORT

To the Plan Administrator, Participants and Beneficiaries
of Friedman Vartolo LLP 401(k) Profit Sharing Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of Friedman Vartolo LLP 401(k) Profit Sharing Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2025, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2025, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note C to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

"EisnerAmper" is the brand name under which EisnerAmper LLP and Eisner Advisory Group LLC and its subsidiary entities provide professional services. EisnerAmper LLP and Eisner Advisory Group LLC are independently owned firms that practice in an alternative practice structure in accordance with the AICPA Code of Professional Conduct and applicable law, regulations and professional standards. EisnerAmper LLP is a licensed CPA firm that provides attest services, and Eisner Advisory Group LLC and its subsidiary entities provide tax and business consulting services. Eisner Advisory Group LLC and its subsidiary entities are not licensed CPA firms.

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter

Supplemental Schedules Required by ERISA

The supplemental schedules of assets (held at end of year) as of December 31, 2025 and delinquent participant contributions for the year ended December 31, 2025 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including its form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Report on Compiled 2024 Financial Statement

Management is responsible for the accompanying financial statements of Friedman Vartolo LLP 401(k) Profit Sharing Plan, which comprise the statement of net assets available for benefits as of December 31, 2024, and the related notes to the financial statements in accordance with accounting principles generally accepted in the United States of America. We have performed a compilation engagement in accordance with Statements on Standards for Accounting and Review Services promulgated by the Accounting and Review Services Committee of the AICPA. We did not audit or review the financial statement nor were we required to perform any procedures to verify the accuracy, or the completeness of the information provided by management. We do not express an opinion, a conclusion, nor provide any form of assurance on the financial statement as of December 31, 2024.

NOTE A - DESCRIPTION OF PLAN

Effective January 1, 2017, Friedman Vartolo LLP (the "Company") established the Friedman Vartolo LLP 401(k) Profit Sharing Plan (the "Plan") as a defined contribution plan for eligible employees of the Company.

The following description of the Plan provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

[1] General:

The Plan is a defined contribution plan covering eligible employees of the Company. Employees covered by a collective bargaining agreement, leased employees, and nonresident aliens with no U.S.-source earned income are excluded from participation. Eligible employees may participate in elective deferrals and become eligible for safe harbor matching contributions upon attaining age 21 and completing six months of service, with entry on the first day of the calendar month following satisfaction of the eligibility requirements. Eligibility for discretionary matching and non-elective employer contributions requires attainment of age 21 and completion of one year of eligibility service, defined as 1,000 hours of service, with entry on the first day of the first or seventh month of the Plan year coincident with or next following satisfaction of the eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). Voya Retirement Insurance and Annuity Company ("Voya") serves as the Plan's insurance company and recordkeeper.

The SECURE 2.0 Act was enacted on December 29, 2022. Certain mandatory provisions applicable to the Plan became effective at various dates beginning in 2023. Although the Plan has not been formally amended to incorporate the SECURE 2.0 provisions as of December 31, 2025, the Plan was administered in accordance with the applicable mandatory provisions through administrative procedures pending adoption of a formal amendment.

[2] Contributions:

Participants may contribute up to 100% of pre-tax annual compensation, as defined by the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants can also designate a portion of their contributions as Roth 401(k) contributions. In no event may participant pre-tax and Roth contributions exceed any statutory limitations. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans.

The Company matches 100% of participant elective deferrals, including pre-tax, catch-up, and Roth elective deferrals, up to 3% of Plan compensation, plus 50% of participant elective deferrals between 3% and 5% of Plan compensation, as defined by the Plan. The Company may also make discretionary matching and non-elective contributions. To be eligible for an allocation of discretionary matching or non-elective contributions, a participant must satisfy the applicable 1,000-hour service requirement under the Plan. The Company did not make any discretionary matching or non-elective contributions for the year ended December 31, 2025. Participants direct the investment of participant and employer contributions into various investment options offered by the Plan.

[3] Participant accounts:

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contributions, and (b) Plan earnings (losses), and may be charged with an allocation of administrative expenses paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTE A - DESCRIPTION OF PLAN (CONTINUED)

[4] Vesting:

Participants are immediately vested in their elective deferrals, rollover contributions, and safe harbor matching contributions, plus actual earnings thereon. Vesting in discretionary matching and non-elective contributions, plus actual earnings thereon, is based on years of credited service according to a two-to-six-year graded vesting schedule: 0% for less than two years of service, 20% after two years, 40% after three years, 60% after four years, 80% after five years, and 100% after six years. Participants also become fully vested upon death, disability, or attainment of normal retirement age while employed by the Company, if earlier.

[5] Notes receivable from participants:

Notes receivable from participants are measured at their unpaid principal balance, plus any accrued but unpaid interest. Participants may borrow from their fund accounts a minimum of $1,000, up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Loan terms range from one to five years. The loans are secured by the balance in the participant's account and bear interest at a rate similar to other commercial lenders, as defined. Interest rates on outstanding loan balances range from 6.33% to 7.50% at December 31, 2025 and 6.28% to 7.20% at December 31, 2024 (unaudited). Principal and interest are paid ratably through payroll deductions. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the Plan document. Related fees are recorded as administrative expenses and are expensed when they are incurred.

[6] Payment of benefits:

Participants may elect to receive distributions upon termination of employment, death, attainment of normal retirement age while employed, attainment of age 59½ while employed, or an immediate and heavy financial hardship, as permitted by the Plan. Normal retirement age is the later of age 65 or the fifth anniversary of Plan participation. Distributions are generally made in a lump sum in cash or in kind. Installment distributions are permitted only as necessary to satisfy required minimum distribution requirements. Upon termination of employment, participants may elect a direct rollover to an individual retirement account or another eligible retirement plan, or receive a taxable distribution. If, at the time of termination, a participant’s vested account balance does not exceed $5,000, excluding rollover contributions for purposes of determining the threshold, the Plan may distribute the vested account balance in accordance with the Plan’s automatic distribution provisions.

[7] Forfeitures:

Forfeited accounts may be used to restore previously forfeited amounts, reduce or be reallocated as employer contributions, or pay reasonable Plan expenses. During the year ended December 31, 2025, no forfeitures were utilized. Forfeited accounts available at December 31, 2025 and 2024 were $511 and $491 (unaudited), respectively.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

[1] Basis of accounting:

The financial statements are prepared on the accrual method of accounting.

Investments held by a defined-contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts, because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

[2] Subsequent events:

The Plan has evaluated subsequent events through October 15, 2026, the date the financial statements were available to be issued.

[3] Investment valuation and income recognition:

Investments held are reported at fair value, except for fully benefit-responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note D for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in the value of investments includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

[4] Payment of benefits:

Benefits are recorded when paid.

[5] Plan expenses:

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants and benefit payments are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in the net appreciation in value of investments.

[6] Use of estimates:

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and when applicable, disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

NOTE C - INVESTMENT CERTIFICATION

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the U.S. Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, Voya has certified to the completeness and accuracy of all investments and investment activity in the accompanying statement of net assets available for benefits as of December 31, 2025, the statement of changes in net assets available for benefits for the year ended December 31, 2025, and the accompanying supplemental schedule of assets (held at end of year) as of December 31, 2025.

NOTE D - FAIR VALUE MEASUREMENTS

The Financial Accounting Standards Board's Accounting Standards Codification ("ASC"), 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements), and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include: (1) quoted prices for similar assets or liabilities in active markets; (2) quoted prices for identical or similar assets or liabilities in inactive markets; (3) inputs other than quoted prices that are observable for the asset or liability; or (4) inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used as of December 31, 2025 and 2024:

Pooled separate accounts - Valued on a per unit basis using the net asset value ("NAV") per unit, or its equivalent, as a practical expedient. The NAV per unit is calculated based on the NAV of the underlying mutual funds and adjusted for applicable contract charges, as defined. The NAV is not a publicly quoted price in an active market. The pooled separate accounts invest in a wide variety of underlying mutual funds, as described below. There are no unfunded commitments. The pooled separate accounts are redeemable daily at NAV, with no advance notice required.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE D - FAIR VALUE MEASUREMENTS (CONTINUED)

The following tables set forth, by level, within the fair value hierarchy, the Plan's investment assets at fair value as of December 31, 2025 and 2024:

	Investments at Fair Value				
	Level 1	Level 2	Level 3	Investments at NAV (A)	Total
December 31, 2025					
Pooled separate accounts	**$ -**	**$ -**	**$ -**	**$ 6,124,596**	**$ 6,124,596**
Total investments at fair value	**$ -**	**$ -**	**$ -**	**$ 6,124,596**	**$ 6,124,596**
December 31, 2024 (unaudited)					
Pooled separate accounts	$ -	$ -	$ -	$ 4,430,481	$ 4,430,481
Total investments at fair value	$ -	$ -	$ -	$ 4,430,481	$ 4,430,481

(A) Certain investments that are measured at fair value using the NAV per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

Changes in Fair Value Levels

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another.

Fair Value of Investments in Entities that Use Net Asset Value

The following describes the investment strategies for pooled separate accounts, reported as investments measured at NAV, held by the Plan for the years ended December 31, 2025 and 2024:

Asset Allocation Funds - These funds seek to provide total returns consistent with an asset allocation targeted for an investor retiring in or near a specific designation year. The underlying asset allocation automatically shifts over time, dynamically reducing equity exposure and increasing fixed-income concentrations as the target date approaches to preserve capital. This asset class includes the Voya Index Solution Portfolios (2025 through 2065, and Income Portfolio).

Balanced Funds - These funds blend equity investments and fixed-income securities within a single portfolio to achieve a balance of capital growth, current income, and conservation of principal. This asset class includes the American Funds American Balanced Fund (R6) and the Vanguard Balanced Index Fund (Admiral).

Bonds / Fixed Income - These funds seek income generation and capital preservation by investing in a diversified mix of U.S. dollar-denominated fixed-income instruments. Holdings span across intermediate core-plus corporate obligations, global macroeconomic debt instruments, high-yield securities, and inflation-protected securities. This asset class includes the MFS Total Return Bond Fund (R6), PIMCO Income Fund (Institutional), PGIM High Yield Fund (R6), BrandywineGLOBAL Global Opportunities Bond Fund (IS), and the DFA Inflation-Protected Securities Portfolio (Institutional).

NOTE D - FAIR VALUE MEASUREMENTS (CONTINUED)

Global / International Funds - These funds seek long-term capital growth by diversifying investments into international and global equity markets, covering developed and emerging economies outside the United States. This asset class includes the American Funds New Perspective Fund (R6) and the Vanguard Total International Stock Index Fund (Admiral).

Large Cap Growth Funds - These funds seek long-term capital appreciation by investing in large-cap domestic companies that exhibit above-average growth potential, often characterized by strong earnings momentum and market leadership. This asset class includes the JPMorgan Large Cap Growth Fund (R6) and the American Century Ultra Fund (R6).

Large Cap Value / Blend Funds - These funds seek long-term capital growth and income by investing primarily in core equity indexes tracking the broader domestic market or in undervalued, large-cap companies with strong fundamentals. This asset class includes the Vanguard 500 Index Fund (Admiral), Vanguard Total Stock Market Index Fund (Admiral), and the MFS Value Fund (R6).

Money Market Funds - These funds seek to provide high current income consistent with the preservation of capital and the maintenance of liquidity by investing in high-quality, short-term money market instruments issued by the U.S. Government or its agencies. This asset class includes the Voya Government Money Market Fund (Class A).

Small/Mid/Specialty Funds - These funds seek capital appreciation by investing in small- and mid-sized domestic companies, alongside specialized sectors like commodity strategies and real estate investment trusts (REITs). These assets involve higher volatility but provide portfolio diversification. This asset class includes the Vanguard Mid-Cap Index Fund (Admiral), Neuberger Mid Cap Growth Fund (R6), MFS Mid Cap Value Fund (R6), DFA U.S. Small Cap Portfolio (Institutional), DFA U.S. Targeted Value Portfolio (Institutional), ClearBridge Small Cap Growth Fund (IS), Cohen & Steers Real Estate Securities Fund (Z), and the DFA Commodity Strategy Portfolio (Institutional).

NOTE E - GUARANTEED INVESTMENT CONTRACT

In 2019, the Plan entered into a benefit-responsive investment contract with Voya. Voya maintains the contributions in a general account. The contract is reported at contract value. The account is credited with interest at rates established by Voya and charged for participant withdrawals and administrative expenses. Voya is contractually obligated to provide the account value and guaranteed interest in accordance with the contract.

Because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. Contract value, as reported to the Plan by Voya, represents contributions and transfers to the Fixed Account, plus interest credited at rates established by Voya, less participant withdrawals, transfers, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

	2025	2024 (unaudited)
Voya Fixed Account	**$ 30,990**	$ 35,964

The traditional investment contract held by the Plan is a guaranteed investment contract. The contract issuer is contractually obligated to repay the principal and interest at a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than 1%. The crediting rate is reviewed on an annual basis for resetting. The contract does not have a scheduled maturity date. After five completed contract years, Voya may terminate the contract upon 90 calendar days' written notice and pay the current value without application of a market value adjustment or surrender charge, subject to the terms of the contract.

NOTE E - GUARANTEED INVESTMENT CONTRACT (CONTINUED)

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. These events may be different under each contract. Examples of such events include the following:

1. The Plan's failure to qualify under Section 401(a) of the Internal Revenue Code ("IRC") or the failure of the trust to be tax-exempt under Section 501(a) of the IRC;
2. Premature termination of the contract;
3. Plan termination or merger;
4. Changes to the Plan's prohibition on competing investment options; or
5. Bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spinoffs of a subsidiary) that significantly affect the Plan's normal operations.

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contracts with the Plan and settle at an amount different from contract value. Those events may be different under each contract. Examples of such events include the following:

1. An uncured violation of the Plan's investment guidelines;
2. A breach of material obligation under the contract;
3. A material misrepresentation; or
4. A material amendment to the agreements without the consent of the issuer.

NOTE F - TAX STATUS

The Plan has adopted a non-standardized pre-approved profit sharing plan with a cash or deferred arrangement sponsored by CCH Incorporated, doing business as ftwilliam.com. On June 30, 2020, the Internal Revenue Service (“IRS”) stated in an opinion letter that the prototype adopted by the Plan, as then designed, was in compliance with applicable requirements of the Internal Revenue Code (“IRC”) and, therefore, the related trust is exempt from taxation. The Plan has been amended since receiving the letter. However, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, the Plan administrator believes that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by a government authority. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2025, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine examinations by taxing jurisdictions; however, there are currently no examinations for any tax periods in progress.

NOTE G - RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain investments are managed by Voya. Voya is the Plan insurance company and recordkeeper and, therefore, transactions related to these investments qualify as party-in-interest transactions. In addition, the Plan's third-party administrator provides certain contract administration services to participants. As a service provider to the Plan, these transactions qualify as party-in-interest transactions. Fees paid by the Plan to these parties-in-interest totaled $3,850 for the year ended December 31, 2025.

NOTE H - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks, as well as risks related to the financial strength of the insurance company. Due to the level of risks associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term, and that such changes could materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits.

Volatility in the financial markets may significantly impact the subsequent valuation of the Plan's investments. Accordingly, the valuation of investments at December 31, 2025 may not necessarily be indicative of amounts that could be realized in a current market exchange.

NOTE I - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their Company contributions.
