Independent Auditors' Report

To the Plan Administrator and Participants of
The Winterberry Group Retirement Plan
Southington, Connecticut

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2025 Financial Statements

We have performed an audit of the accompanying financial statements of The Winterberry Group Retirement Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statement of net assets available for benefits as of December 31, 2025, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2025 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the *Auditors' Responsibilities for the Audit of the 2025 Financial Statements* section –

- the amounts and disclosures in the 2025 financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the 2025 financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2025 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the *Auditors' Responsibilities for the Audit of the 2025 Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2025 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2025 Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2025 Financial Statements* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with auditing standards generally accepted in the United States of America will always

detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgement made by a reasonable user based on the financial statements.

In performing an audit in accordance with auditing standards generally accepted in the United States of America, we:

- Exercise professional judgement and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgement, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2025 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings and certain internal control-related matters that we identified during the audit.

Other Matters

2025 Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditors' Report on the 2024 Financial Statements

The financial statements of the Plan as of December 31, 2024 were audited by predecessor auditors. In accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the prior year audit did not extend to any statements or information related to assets held for investment of the plan that were certified by a qualified institution. Their report dated October 7, 2025 indicated that in their opinion (a) the amounts and disclosures in the 2024 financial statements, other than those agreed to or derived from the certified investment information, were presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America, and

(b) the information in the 2024 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C). Their report also indicated that the form and content of the 2024 supplemental schedule, other than the information in the 2024 supplemental schedule that agrees to or is derived from the certified investment information, were presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, and the information in the 2024 supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

The Winterberry Group Retirement Plan

Notes to Financial Statements

1. Description of the Plan

The following description of The Winterberry Group Retirement Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General – The Plan is a safe harbor defined contribution plan with a 401(k) feature covering substantially all employees of Environmental Designs, LLC (the "Plan Administrator"). An employee must be 21 years of age and complete three months of service in order to become a participant in the Plan and begin making elective deferrals.

The Plan was established effective January 1, 1993 and was most recently amended to comply with statutory regulations regarding in service distributions effective February 1, 2024. The Plan's Trustees are responsible for oversight of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions – Participants may elect to make salary-reducing contributions to the Plan of a specific percentage or dollar amount up to 100% of their annual compensation as a pretax or Roth after-tax contribution, limited by the amount imposed by law. Participants may also contribute amounts representing distributions from other qualified retirement plans.

The Plan Administrator provides a safe harbor match of 100% of the first 3% of compensation contributed as elective deferrals, and 50% of salary deferrals between 3% and 5% of compensation, for a maximum match of 4% of eligible compensation. Additionally, the Plan Administrator makes additional prevailing wage contributions based on the hourly contribution rate required under the applicable prevailing wage law.

The Plan Administrator may make a discretionary matching contribution; participants must be employees of the Plan Administrator and be making elective deferral contributions as of the last day of the year in order to receive a discretionary matching contribution. The Plan Administrator may also make a discretionary profit-sharing contribution to the Plan with all Plan participants being eligible. There were no discretionary contributions during the years ended December 31, 2025 and 2024.

Participant Accounts – An account is maintained for each participant in the Plan. Each participant's account is credited with the participant's contributions, Plan Administrator contributions and earnings on the participant-directed investments. Each participant's account is reduced by the payment of benefits, losses on participant-directed investments and an allocation of administrative expenses. Allocations are based on participant earnings, account balances or specific participant transactions, as defined.

1. Description of the Plan (continued)

Vesting – Participants are fully vested in their salary deferral contributions, rollover contributions, safe harbor contributions and actual earnings thereon. Vesting in discretionary profit-sharing, discretionary matching contributions and actual earnings thereon is based on years of service. Participants are 20% vested after two years of service and vest ratably at 20% per year thereafter. Accordingly, participants are fully vested in discretionary contributions after six years of service. For both types of discretionary contributions, a year of service for vesting purposes is defined as any Plan year which an eligible employee is credited with at least 1,000 hours of service.

Notes Receivable from Participants – Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance, reduced by any outstanding loan balance. A participant may have no more than one loan outstanding at one time. The loans are secured by the vested balance in the participant's account and bear interest at a rate of 1% above the prime rate. Principal and interest is collected weekly through payroll deductions.

Payment of Benefits – Upon termination of service due to retirement, death, disability, upon reaching age 65, or upon reaching age 59 ½ while employed with the Plan Administrator, a participant may elect to receive an annuity or a lump-sum distribution in an amount equal to the vested value of their account. Hardship withdrawals, as defined by the Internal Revenue Code (the "Code"), are available to participants from all or part of the vested portion of their individual account, subject to the provisions specified in the Plan agreement.

Forfeitures – Forfeitures arising under the Plan may be used to pay administrative expenses of the Plan or used to reduce the Plan Administrator's contribution.

2. Summary of Significant Accounting Policies

Basis of Accounting – The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Notes Receivable from Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed as incurred.

2. Summary of Significant Accounting Policies (continued)

Valuation of Investments – Except for the guaranteed investment contract (see Note 5), investments are stated at fair value, as determined by The Standard Insurance Company (the "Custodian"). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income and dividends are recorded on an accrual basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

The Plan previously maintained holdings with Charles Schwab (cash and stocks), Robinhood Markets, Inc. (cryptocurrency), Wells Fargo (stocks), and an investment within Vonfinch partnership investment. The Plan's investment in, and contributions to, these holdings that are maintained outside of the Custodian were directed by a sole participant of the Plan, who is also a Trustee of the Plan. All of these investments were liquidated during the year ended December 31, 2025 and distributed to the sole participant.

Benefit Payments – Benefits are recorded when paid.

Administrative Expenses – Certain expenses of maintaining the Plan are paid directly by the Plan Administrator and are excluded from these financial statements. Fees related to the administration of notes receivable from participants and requests for distributions are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included in the net appreciation in fair value of the investments.

Party-In-Interest Transactions – Section 3(14) of ERISA defines party-in-interest transactions to include, among others, fiduciaries or employees of the Plan, any person who provides services to the Plan or an employer whose employees are covered by the Plan. Accordingly, loans to participants, interest income from participant loans, administrative expenses paid by the Company, investment assets, investment real estate, crypto currency and transactions with investment funds managed and held by the trustees are considered party-in-interest transactions. Administrative expenses were $3,606 and $3,763 for the years ended December 31, 2025 and 2024, respectively.

Risks and Uncertainties – The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

2. Summary of Significant Accounting Policies (continued)

Use of Estimates – The preparation of financial statements in accordance with U.S. GAAP requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts of net assets available for benefits and changes therein. Accordingly, actual results could differ from those estimates.

Change in Estimate of Employer Contributions Receivable – During the year ended December 31, 2025, the Plan revised its estimate of employer contributions receivable. At December 31, 2024, the Plan had recorded estimated employer contributions receivable of $130,274. Based on information available at December 31, 2025, the estimated receivable was revised to $0.

The change in estimate resulted in a $130,274 reduction in current year employer contributions reported in the statement of changes in net assets available for benefits for the year ended December 31, 2025. The corresponding reduction in employer contributions receivable was reflected in the Plan's financial statements as of December 31, 2025.

Reclassifications – Reclassifications have been made to certain accounts in the prior-year financial statements for comparative purposes in order to conform with the presentation of current year financial statements. See Note 4 for investment reclassifications.

Subsequent Events – The Plan Administrator has evaluated subsequent events, for recognition or disclosure, through October 15, 2026, the date the accompanying financial statements were available to be issued.

3. Information Certified by the Custodian (Unaudited)

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan has elected to utilize the certification of certain financial information by The Standard Insurance Company.

The Plan has obtained certifications from The Standard Insurance Company that the following information is complete and accurate as of and for the years ended December 31, 2025 and 2024:

- Pooled separate accounts, investments at contract value and notes receivable from participants reflected in the accompanying statements of net assets available for benefits as of December 31, 2025 and 2024;
- Net appreciation in fair value of pooled separate accounts, interest income on investments reported at contract value and interest income on notes receivable from participants reflected in the accompanying statements of changes in net assets available for benefits for the years ended December 31, 2025 and 2024;

3. Information Certified by the Custodian (Unaudited) (continued)

- Pooled separate accounts, investments at contract value and notes receivable from participants reflected on the supplemental schedule of assets (held at end of year).

The cash, partnership investment, and securities reflected in the statement of net assets available for benefits as of December 31, 2024, and any related investment income on these holdings for the years ended December 31, 2025 and 2024, are not based on an ERISA Section 103(a)(3)(C) certification as these investments are not held by the Custodian. Accordingly, these holdings and their related transactions have been subject to non-ERISA Section 103(a)(3)(C) audit procedures.

4. Fair Value Measurements

ASC 820, *Fair Value Measurement*, establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described as follows:

- **Level 1** – Unadjusted quoted prices in active markets for identical, unrestricted assets or liabilities that are accessible at the measurement date.

- **Level 2** – Quoted prices for similar assets or liabilities in active markets or quoted prices for identical or similar assets or liabilities in markets that are not active. This level also includes inputs other than quoted prices that are observable, either directly or indirectly, for substantially the full term through corroboration with observable, independent market data. This includes investments valued at quoted prices adjusted for legal or contractual restrictions specific to the security.

- **Level 3** – Pricing inputs are unobservable for the asset or liability. That is, inputs that reflect the reporting entity's own assumptions about the assumptions that market participants would use in pricing the asset or liability.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value.

4. Fair Value Measurements (continued)

Securities:

- *Stocks:* Valued at the daily closing price as reported by Charles Schwab. Stocks held by the Plan are investment funds that are registered with the Securities and Exchange Commission. The stocks are only traded by the Plan at the discretion of the sole participant holding these securities. All stock securities held by the Plan were liquidated and distributed to the sole participant during 2025.
- *Cryptocurrency:* Valued at the daily closing price as reported by Robinhood. The cryptocurrency investments are only traded by the Plan at the discretion of the sole participant holding these securities. All cryptocurrency assets were transferred out of the Robinhood Markets, Inc. account in November 2024 and moved into the existing Charles Schwab account in January 2025. All crypto currency was distributed by the Plan during 2025.

Partnership Investment: Fair value based on a derivative cost amount, purchased by the Plan investment plus investment gains or losses. All partnership investments were distributed by the Plan during 2025.

Pooled Separate Accounts (PSAs): PSAs are insurance company separate accounts that invest in underlying assets such as mutual funds, common stocks, bonds, or other investment vehicles. The fair value of PSAs is determined based on the net asset value ("NAV") of the underlying assets held by the account, as reported by The Standard Insurance Company. The NAV is calculated using observable market inputs when available, including quoted market prices for securities held by the account. Participant transactions (purchases and redemptions) may generally occur on a daily basis at NAV, with no significant restrictions.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025 and 2024:

	2025	2024
Level 1:		
Securities	$ 0	$ 57,769
Level 2:		
Pooled separate accounts	4,232,816	3,711,844
Level 3:		
Partnership investment	0	79,272
Total assets in the fair value hierarchy	4,232,816	3,848,885
Total investments valued at fair value	$ 4,232,816	$ 3,848,885

4. Fair Value Measurements (continued)

Certain prior-year amounts have been reclassified to conform to current year presentation. These reclassifications had no effect on net assets available for benefits or changes in net assets available for benefits.

The pooled separate accounts were previously presented as mutual funds and valued as Level 3 investments within the fair value hierarchy. In addition, the Standard Stable Asset D which is now presented at contract value (Note 5) was previously presented as a mutual fund and valued as a Level 3 investment. Prior year amounts have been reclassified to conform to current year presentation.

The following table sets forth a summary of changes in the fair value of the Plan's Level 3 assets for the years ended December 31, 2025 and 2024:

	2025	2024
Balance, beginning of year	$ 79,272	79,272
Issuances and settlements	(79,272)	0
Purchases	0	0
Interest income	0	0
Total gains	0	0
Balance, end of year	$ 0	79,272

5. Guaranteed Investment Contract with Insurance Company

The Plan has entered into a traditional fully benefit-responsive investment contract (the "Contract") with the Custodian. The Custodian maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the guaranteed investment contract meets the criteria to be considered fully benefit-responsive, contract value is the relevant measurement attribute for the portion of net assets available for benefits attributable to the guaranteed investment contract. The guaranteed investment contract is presented in the statements of net assets available for benefits at contract value. Contract value, as reported to the Plan by the Custodian, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

5. Guaranteed Investment Contract with Insurance Company (continued)

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The Contract value of the investment contract at December 31, 2025 and 2024 was $438,246 and $466,426, respectively. The crediting interest rate is based on a formula agreed upon with the issuer. Such interest rates are reviewed on a bi-annual basis.

Certain events limit the Plan's ability to transact at contract value with the Custodian. Such events include (1) amendments to the Plan documents (including complete and partial plan termination or merger with another plan): (2) changes to the Plan's prohibition on completing investment options or deletion of equity wash provisions; (3) bankruptcy of the Plan Administrator or other Plan Administrator events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan; or (4) the failure of the trust to qualify for exemption under ERISA. The Plan Administrator believes that any event that limit the Plan's ability to transact at contract value with participants are not probable to occur.

6. Tax Status

The Plan Administrator obtained a letter dated May 26, 2021, in which the Internal Revenue Service ("IRS") stated that the pre-approved plan document, sponsored by Pension Consultants Inc., satisfies the applicable provisions of the Code. Although the Plan has been amended since the pre-approved plan received the determination letter, the Plan Administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable provisions of the Code and therefore, believe that the Plan is qualified and the related trust is tax-exempt. Accordingly, no tax provision for income taxes has been included in the accompany financial statements.

7. Plan Termination

Although it has not expressed any intent to do so, the Plan Administrator has the right under the Plan agreement to terminate the Plan at any time, subject to the provisions of ERISA. In the event that the Plan's Trustees determine that the Plan should be discontinued or terminated, participants would become 100% vested in any Plan Administrator contributions.
