INDEPENDENT AUDITOR'S REPORT

Management Committee
Kansas Spine & Specialty Hospital, LLC
Savings Incentive Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit
We have performed audits of the accompanying financial statements of the Kansas Spine & Specialty Hospital, LLC Savings Incentive Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion
In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion
We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's

Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements
Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements
Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA
The supplemental schedules, Schedule H, Line 4a - Schedule of Delinquent Participant Contributions for the year ended December 31, 2025 and Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2025, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. DESCRIPTION OF PLAN

The following description of the Kansas Spine & Specialty Hospital, LLC Savings Incentive Plan (Plan) provides only general information. Participants should refer to the Plan Agreement or Summary Plan Description for a more complete description of the Plan's provisions. The Board of Managers is responsible for oversight of the Plan and determines the appropriateness of the Plan's investment offerings and monitors investment performance.

General - The Plan is a defined contribution plan covering substantially all employees of Kansas Spine & Specialty Hospital, LLC (Company) excluding collective bargained employees, leased employees, PRN employees and non-resident aliens who are 21 years of age. Employees are treated as participants for elective deferrals on the first day of each quarter immediately following satisfaction of eligibility requirements. Employees are also eligible to participate in safe harbor and employer matching contributions upon completing one year of service, defined as a minimum of 1,000 hours of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act (ERISA).

Contributions - Each year, participants may contribute up to 80% of eligible annual compensation up to the maximum allowed by the Internal Revenue Code ($23,500 in 2025). Participants may also contribute after tax Roth elective contributions as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions ($7,500 for 2025). Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. The Company contributes a Safe Harbor match that is 4% of base compensation for eligible participants. The Plan also allows for a discretionary employer contribution as determined by the Company's Board of Directors. At December 31, 2025, the discretionary match contribution was 100% of a participant's contribution up to 3% for participants with less than five years of service and 4% for participants with five years or more of service. Participants direct the investment of their contributions, as well as their portion of the Company's contributions, into various investment options offered by the Plan.

Participant Accounts - Each participant's account is credited with the participant's contribution, allocations of the Company's contributions, plan earnings and administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting - Participants are vested immediately in their contributions and safe harbor match plus earnings thereon. Vesting in the Company's discretionary contribution portion of their accounts is based on years of continuous service. A participant is 100% vested after five years of credited service.

Payment of Benefits - On termination of service due to death, disability, retirement or other reasons, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or partial distributions if the balance is greater than $5,000. In-service withdrawals are allowed for participants over 59 years of age and for financial hardships, as defined by the Plan.

1. DESCRIPTION OF PLAN (CONTINUED)

Notes Receivable from Participants - Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at prime rate plus 1% as of the date of the note. Principal and interest are paid ratably through regular payroll deductions. Notes receivable may not exceed five years unless the note is for the purpose of purchasing a personal residence, in which case the term may be up to ten years.

Forfeitures - At December 31, 2025 and 2024, forfeited non-vested accounts totaled $8,810 and $33,791, respectively. Forfeitures may be used to reduce the Company's matching contribution or pay plan administrative fees. In 2025, $74,121 from forfeited non-vested accounts was used to pay plan administrative expenses and Company match.

Normal Retirement - Normal retirement age is 65 years of age.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting and Use of Estimates - The accompanying financial statements are prepared on the accrual basis of accounting. The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect: (1) the reported amounts of assets and liabilities, (2) disclosures such as contingencies, and (3) the reported amounts of revenues and expenses included in such financial statements. Actual results could differ from those estimates.

Valuation of Investments and Income Recognition - Investments are reported at fair value (except for the fully benefit-responsive investment contract, which is at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Savings and Retirement Committee determines the Plan's valuation policies utilizing information provided by the Plan's investment advisors. The purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net change includes the Plan's gains and losses on investments purchased and sold as well as held during the year.

Contributions Receivable - Contributions receivable are recorded for amounts due from employers and participants in accordance with the terms of the Plan. These receivables are reported net of an allowance, for credit losses, which is based on historical experience, current conditions, and other relevant factors. Management has elected an accounting policy to consider subsequent collection activity when estimating expected credit losses. Accordingly, the allowance for credit losses is zero for outstanding balances that were collected prior to the date the financial statements were available to be issued.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Notes Receivable from Participants - Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2025 or 2024. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Benefits Paid - Benefits are recorded when paid.

Administrative Expenses - Certain expenses of the Plan may be paid directly by the Company and are therefore excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative fees. Some investment related expenses may be included in the net change in value of investments.

Subsequent Events - The Plan Administrator has evaluated subsequent events through October 14, 2026, the date these financial statements were available to be issued.

Effective February 2, 2026, the Plan changed service providers from Nationwide Trust Company, FSB to Fidelity Management Trust Company and effective February 2, 2026, the Plan merged into the Surgery Partners 401(k) Plan pursuant to a plan merger and adoption agreement. Under the terms of the agreement, all participants' account balances and related plan assets and obligations were transferred to the Surgery Partners 401(k) Plan. The merger and transfer of assets occurred subsequent to the December 31, 2025 financial statement date and, accordingly, are not reflected in the accompanying statement of net assets available for benefits as of that date or the statement of changes in net assets available for benefits for the year then ended.

3. INFORMATION CERTIFIED BY NATIONWIDE TRUST COMPANY, FSB (UNAUDITED)

The following is a summary of the information as of December 31, 2025 and 2024, and for the year-ended December 31, 2025, included throughout the Plan's financial statements and supplemental schedule, that was prepared by or derived from information provided by Nationwide Trust Company, FSB (Nationwide), a qualified institution, and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from Nationwide that information provided to the Plan Administrator by Nationwide related to the following assets is complete and accurate.

Accordingly, as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information below, the fair values in Note 4, and the values in the supplemental schedule related to the following assets:

3. INFORMATION CERTIFIED BY NATIONWIDE TRUST COMPANY, FSB (UNAUDITED) (CONTINUED)

	2025	2024
Investments at fair value	$ 23,347,426	$ 19,914,205
Investments at contract value	541,370	973,618
	$ 23,888,796	$ 20,887,823

Nationwide also certified to the completeness and accuracy of $3,557,423 of net change in fair value of investments and $32,689 of dividends and interest income related to the aforementioned Plan assets for the year ended December 31, 2025.

4. INVESTMENTS AND FAIR VALUE MEASUREMENTS

Fair value is defined as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction value hierarchy which requires an entity to maximize the use of observable inputs when measuring fair value.

The following describes three levels of inputs that may be used to measure fair value:

Level 1 - Inputs to the valuation methodology are quoted prices available in active markets for identical investments as of the reporting date;

Level 2 - Inputs to the valuation methodology are other than quoted prices in active markets, which are either directly or indirectly observable as of the reporting date, and fair value can be determined through the use of models or other valuation methodologies; and

Level 3 - Inputs to the valuation methodology are unobservable inputs in situations where there is little or no market activity for the asset or liability and the reporting entity makes estimates and assumptions related to the pricing of the asset or liability including assumptions regarding risk.

A financial instrument’s level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. The following is a description of the valuation methodologies used for instruments measured at fair value, including the general classification of such instruments pursuant to the valuation hierarchy.

Mutual Funds (including Money Market Funds) - These investments are valued using a quoted price in an active market.

4. INVESTMENTS AND FAIR VALUE MEASUREMENTS (CONTINUED)

Below are the Plan's financial instruments carried at fair value on a recurring basis by the fair value hierarchy levels described above. The Plan held no Level 2 or Level 3 financial instruments at December 31, 2025 and 2024.

	Fair Value as of December 31, 2025	
	Level 1	Fair Value (Unaudited)
Investments in fair value hierarchy:		
Mutual funds	$ 23,347,426	$ 23,347,426

	Fair Value as of December 31, 2024	
	Level 1	Fair Value (Unaudited)
Investments in fair value hierarchy:		
Mutual funds	$ 19,914,205	$ 19,914,205

5. INVESTMENT CONTRACT

The Plan has entered into a traditional fully benefit-responsive guaranteed investment contract with Nationwide totaling $541,370 and $973,618 at December 31, 2025 and 2024, respectively. Nationwide maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer; this rate was 1.65% as of December 31, 2025. The crediting rate is reviewed on a quarterly basis for resetting. The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Nationwide, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

5. INVESTMENT CONTRACT (CONTINUED)

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan Sponsor or other Plan Sponsor events that cause a significant withdrawal from the Plan, (4) the failure of the trust to qualify for exemption under ERISA, or (5) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, or (4) a material amendment to the agreement without the consent of the issuer.

6. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company reserves the right to terminate the Plan at any time subject to the provisions of ERISA. In the event of termination of the Plan, the interests of the participants in the Plan shall be fully vested at the time of termination, and Nationwide shall liquidate all assets of the trust and continue to administer the trust in accordance with its provisions until all obligations have been satisfied. As described in Note 2, the Plan subsequently merged into the Surgery Partners 401(k) Plan effective February 2, 2026, and the related plan assets and obligations were transferred to the new plan.

7. TAX STATUS

The Plan adopted a Non-Standardized Pre-Approved Profit Sharing Plan designed to qualify under Section 401 of the Internal Revenue Code. The Plan has obtained a copy of a favorable determination letter for the pre-approved profit sharing plan dated March 22, 2021, that the Plan is designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan Administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified and is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. Management evaluated the Plan's tax positions and concluded that the Plan had maintained its tax-exempt status and had taken no uncertain tax positions that require recognition or disclosure in the financial statements. Therefore, no provision or liability for income taxes has been included in the financial statements.

8. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict.

Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

9. PARTY-IN-INTEREST TRANSACTIONS

Certain Plan assets are managed by Nationwide (party-in-interest) and therefore, these transactions qualify as party-in-interest transactions. The various funds' operating expense ratios ranged from 0.46% to 1.27%, as of December 31, 2025. The Plan paid $7,900 for administrative expenses for the year ended December 31, 2025.

10. PROHIBITED TRANSACTIONS

For the periods ended December 31, 2025 and 2024, contributions and loan payments of $161,697 and $27,476, respectively, were not deposited within the required timeframe, as stated and interpreted by the United States Department of Labor (DOL). The DOL considers late deposits to be prohibited transactions. The employer intends to self-correct the contributions and pay the applicable lost earnings on the 2025 late contributions in 2026. The lost earnings on the 2024 late contributions were paid in 2025. See also the supplemental Schedule of Delinquent Participant Contributions for more details.
