Tempo Retirement Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of Tempo Retirement Savings Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2025, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (Financial Statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the “Auditor's Responsibilities for the Audit of the Financial Statements” section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the "Auditor's Responsibilities for the Audit of the Financial Statements" section of our report. We are required to be independent of Tempo Retirement Savings Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Tempo Retirement Savings Plan's ability to continue as a going concern for a period of one year after the date of this report.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the "Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements" section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Tempo Retirement Savings Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Tempo Retirement Savings Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

Supplemental Schedules Required by ERISA

The supplemental schedules of assets held at end of year and delinquent participant contributions as of December 31, 2025 are presented for purposes of additional analysis and are not required parts of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. DESCRIPTION OF PLAN

General

The Tempo Retirement Savings Plan (the Plan) is a defined contribution plan and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan was established by Tempo, Inc. and Subsidiaries (the Company).

The Plan is a defined contribution plan established on July 1, 1998 covering all employees of the Company except union employees and non-residential aliens. Employees are eligible to participate in the Plan after three months of service. The following descriptions provide only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

Contributions

Eligible employees may make tax-deferred contributions up to 100% of their annual eligible compensation, as defined by the Plan, limited to the maximum amount permitted under the applicable Internal Revenue Code (IRC) regulations. Participants over 50 years of age are allowed to make catch-up contributions up to the statutory limit.

The Plan also allows the Company, at management's discretion, to make discretionary matching contributions and discretionary profit sharing contributions. The Company did not make discretionary profit sharing contributions or discretionary matching contributions for the year ended December 31, 2025.

Participants may direct their contributions and Company matching contributions to various investment options offered by the Plan.

Effective January 2025, the Plan implemented an automatic enrollment application. Participants who are newly hired on or after January 1, 2025 and those who are rehired on or after January 1, 2025 are subjected to an automatic enrollment at a deferral percentage of 3%. There is an automatic enrollment deferral percentage increase of 1% annually, limited to 10% that applies to all participants. Both provisions are optional, but participants must opt-out.

Participant accounts

Separate accounts are established for each participant. Each participant's account is credited with the participant's contribution, the Company's contribution and investment earnings, and charged with an allocation of administrative expenses, if any. Allocations of plan earnings are based on participant account balances, as defined in the plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Certain administrative expenses may be charged directly to the participants' accounts incurring those expenses.

1. DESCRIPTION OF PLAN - continued

Vesting

Participants are vested immediately in their rollover balances, their elective contributions, qualified non-elective contributions and earnings thereon. A participant is 100% vested upon retirement, permanent disability, death or reaching age 65 while employed by the Company. Vesting in the Company's discretionary matching and profit sharing contribution portion of a participant's account and the earnings thereon is based on years of service. The vesting schedule was amended effective January 2025. Participants vest in Company and non-elective contributions as follows:

Years of Credited Service	Vesting Percentage
1 year	0%
2 years	25%
3 years	100%

Notes receivable from participants

Notes receivable from participants represent loans that are recorded at their unpaid principal balance plus any accrued but unpaid interest. Plan participants may borrow from their accounts an amount generally not to exceed the lesser of $50,000 or 50% of their vested account balance. The loan must be repaid at a reasonable rate of interest within five years, unless the proceeds are used to purchase the participant's primary residence. Loans are secured by the balance in the participant's account and repayments are made through payroll deductions. No allowance for credit losses has been recorded as of December 31, 2025 and 2024. If a participant ceases to make loan repayments and the plan administrator deems the loan to be a distribution, notes receivable from participants is reduced and a benefit payment is recorded.

Distributions to participants

Distribution of a participant's vested account balance is available upon the participant's retirement, death, disability, termination of employment, attainment of age 59 1/2 or for a financial hardship meeting the requirements of the IRC. In the event of death, disability, retirement or termination of employment, the Company requires those participants with account balances of less than $1,000 to take cash distributions. If a participant’s balance exceeds $1,000, but does not exceed $7,000, the balance will be transferred to an IRA established in the participant’s name, unless the distribution occurs after the required beginning date. If a participant's account balance exceeds $7,000, they may elect to rollover their vested account balance, to receive a lump-sum distribution, or to receive installments over a specified period of time.

1. DESCRIPTION OF PLAN - continued

Forfeited accounts

Unvested and forfeited amounts may be used to reduce future employer contributions At December 31, 2025 and 2024, the balance of the forfeiture accounts were $8,026 and $2,602, respectively. In 2025, no forfeitures were used to reduce employer contributions.

Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of presentation

The financial statements have been prepared under the accrual method of accounting in accordance with U.S. generally accepted accounting principles (GAAP).

Investment valuation and income recognition

Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan’s management determines the Plan’s valuation policies utilizing information provided by the Plan's investment advisers, custodians, and insurance company.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan’s gains and losses on investments purchased and sold as well as held during the year.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2025 and 2024.

Payment of benefits

Benefits paid to participants are recorded when paid.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - continued

Estimates and assumptions

Management uses estimates and assumptions in preparing financial statements in accordance with GAAP. Those estimates and assumptions affect the reported amounts of assets and liabilities, the disclosures of contingent assets and liabilities and the reported amounts of revenues and expenses. Actual results could vary from the estimates used in preparing the accompanying financial statements.

Subsequent events and date of management's review

Management has evaluated subsequent events through October 14, 2026, which is the date the financial statements were available to be issued.

Subsequent to December 31, 2025, the Company started to pursue a proposed sale of a business unit of the Company. The proposed sale, if completed, is expected to result in the termination of employment of certain Plan participants and would likely result in a partial termination of the Plan. In the event of a partial plan termination, affected participants would be entitled to full vesting of their accrued benefits in accordance with applicable law and the terms of the Plan. As of the date the financial statements were available to be issued, the proposed sale remained pending, and no definitive agreement had been executed. Accordingly, the timing and final terms of the proposed transaction, as well as its potential impact on the Plan, remain uncertain. The Plan Administrator will evaluate the implications of the transaction, including whether a partial plan termination has occurred, if and when the proposed sale is completed.

3. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy under Topic 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:
- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

3. FAIR VALUE MEASUREMENTS – continued

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Registered investment companies: These investments are public investment vehicles valued using the net asset value (NAV) provided by the administrator of the fund. The NAV is based on the value of the underlying asset owned by the fund, less its liabilities, and then divided by the number of shares outstanding. The NAV is a quoted price in an active market.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025 and 2024:

Assets at Fair Value as of December, 31 2025

	Level 1	Level 2	Level 3	Total
Registered investment companies	$ 2,860,966	$ -	$ -	$ 2,860,966

Assets at Fair Value as of December, 31 2024

	Level 1	Level 2	Level 3	Total
Registered investment companies	$ 2,435,189	$ -	$ -	$ 2,435,189

In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

4. CERTIFIED ASSETS

Certain information related to assets disclosed in the accompanying financial statements and supplemental schedule, including the carrying values for investments and participant loans totaling $3,363,763 and $2,873,045 as of December 31, 2025 and 2024, respectively, and net investment and loan income of $446,142 for 2025, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by the trustees of the Plan.

5. INCOME TAX STATUS

The Plan uses a prototype plan document administered by BOK Financial. The prototype plan administrator has obtained an opinion letter from the Internal Revenue Service (IRS), which states that the prototype plan document satisfies the applicable provisions of the IRC. The Plan itself has not received a determination letter from the IRS. However, the Plan's management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRS. Therefore, no provision for income tax has been included in the Plan's financial statements.

6. PLAN TERMINATION

While the Company has not expressed any intent to do so, it may terminate the Plan at any time. In the event the Plan is terminated, participants would become fully vested in their account balances, and net assets of the Plan would be distributed to participants in accordance with the provisions of the Plan.

7. RISKS AND UNCERTAINTIES

The Plan provides for investment options in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant account balances and the amounts reported in the statements of net assets available for benefits.

8. RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

The Plan has notes receivable from participants, which represent party-in-interest transactions.

9. FORM 5500 RECONILIATION

Net assets available for benefits reported on form 5500 differ from the amounts reported in the financial statements as follows:

	2025	2024
Net assets available for benefits per form 5500	$ 3,363,762	$ 2,873,872
Registered Investments	1,707	1,157
Cash and Cash Equivalents	(1,708)	(2,714)
Excessive contributions	(10,261)	728
Rounding difference	2	2
Net assets available for benefits per financial statements	$ 3,353,502	$ 2,873,045

Changes in net assets available for benefits for 2025 reported on form 5500 differ from the amount reported in the financial statements as follows:

Increase (decrease) in net assets available for benefits per form 5500	$ 489,890
Dividend income	95,537
Net appreciation in fair value of investments	(99,963)
Excessive Contributions	(10,261)
Rounding	(1)
Distributions	5,319
Unclassified changes	(64)
Increase (decrease) in net assets available for benefits per financial statements	$ 480,457

10. PLAN AMENDMENTS

Effective January 1, 2025, the Plan was amended to implement several changes. The amendment included updated limits, the addition of distribution options for terminally ill participants and victims of domestic abuse, a reduction in the long-term part-time eligibility requirement from three to two consecutive 12-month periods, and the implementation of automatic contributions equal to 3% of Plan compensation with an automatic increase of 1% annually. In addition, the updated vesting schedule is 25% vested after two years and 100% vested after three years of employment.
