INDEPENDENT AUDITOR'S REPORT

To the Administrative Committee of
Section 403(b) Retirement Plan for
South Shore Hospital Corp.

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Section 403(b) Retirement Plan for South Shore Hospital Corp., an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the year ended December 31, 2025 and 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Section 403(b) Retirement Plan for South Shore Hospital Corp's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025 and 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Section 403(b) Retirement Plan for South Shore Hospital Corp. and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Section 403(b) Retirement Plan for South Shore Hospital Corp's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Section 403(b) Retirement Plan for South Shore Hospital Corp's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Section 403(b) Retirement Plan for South Shore Hospital Corp's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedules of Assets (Held at Year End) and schedule of Delinquent Participant Contributions for the year ended December 31, 2025 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note 1 - Description of the Plan

The Section 403(b) Retirement Plan for South Shore Hospital Corp. (the "Plan") was established on January 1, 1993 to enable eligible employees of South Shore Hospital Corporation (the "Company") and their beneficiaries to save money for retirement. The following description of the Plan provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a 403(b) plan, formally called a tax deferred annuity plan, available to tax-exempt organizations, such as educational institutions, hospitals, and churches. The plan is similar to a 401(k) plan in that it allows participants to make salary reduction contributions to the plan. The participant is not taxed on the amount of the contributions until distributed from the plan. 403(b) plans may also include a Roth contribution feature similar to the Roth 401(k) accounts. The Plan is a defined contribution plan covering all full-time employees of the Company who have worked at least 1,000 hours a year and two years of continuous service. Newly eligible participants may enter the Plan on the first day of each month following two years of continuous service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Company absorbs a portion of the administrative costs of the plan.

Contributions

Each year, participants may contribute in either dollars or whole percentages of pre-tax compensation as defined by the plan or after-tax Roth contributions. A minimum contribution of 3% of eligible wages is required by each participant contributing to the Plan. Participants who have attained the age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. The Company makes a base matching contribution to the account of each eligible participant in an amount up to 5% percent of the participant's contribution.

Participant Accounts

Each participant's account is credited with the participant's contribution, Company contributions and allocations of Plan earnings. Plan earnings are allocated to participants based upon a share or unit owned method applied on a daily basis. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions and in the Company's contribution portion of their accounts plus actual earnings thereon.

Investment Options

Upon enrollment in the Plan, a participant may direct their contributions between a fixed interest account or various separate pooled accounts. A participant may maintain their entire account in one of the funds or may elect to split their account among the funds in accordance with the Plan. Participants may change their investment options daily.

Participant Loans

The Plan allows for participants to borrow in accordance with the Plan's established loan procedure as follows. Participants are allowed one loan outstanding at any time. Loans are available to all participants. A loan shall be made for no less than one thousand dollars ($1,000) and the maximum amount is the lesser of $50,000 or 50% of the contributions of the participant in the Plan. Loans shall bear interest at a reasonable rate at the time of application, set at prime plus 1%. Loans are to be repaid in equal installment payments on the basis of substantially level amortization over the term of the loan. All loans are required to be repaid within five years of the date of the loan except if the proceeds are used to acquire the principal residence of the participant. Repayment is generally made through payroll withholdings. Therefore, no allowance for credit losses has been recorded as of December 31, 2025 and 2024.

Note 2 - Summary of Significant Accounting Policies

Payment of Benefits
Distributions may commence at the election of a participant or beneficiary at the beginning of the month after termination of employment or the early retirement date of age 59 1/2. Installment and partial distributions are permitted and withdrawals in restricted amounts may be made for certain hardship reasons upon the written request of a participant.

Basis of Accounting
The financial statements of the Plan are prepared under the accrual method of accounting.

Date of Management's Review
Subsequent events have been evaluated through October 14, 2026, which is the date the financial statements were available to be issued.

Estimates
The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition
Investments are reported at fair value (mutual funds and separate accounts) and contract value (SF guaranteed interest account). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Operating Expenses
The Company pays a portion of the administrative expenses on behalf of the Plan. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Forfeitures
The Plan provides for immediate 100% vesting of all participant and employer contributions upon deposit into the Plan. As a result, forfeitures of nonvested accounts do not occur under the provisions of the Plan. Accordingly, no forfeiture account balance existed as of December 31, 2025 and 2024.

Rollovers
The Plan permits participants to contribute amounts representing distributions from other qualified retirement plans and eligible individual retirement accounts (IRAs). Such amounts are recorded as rollover contributions upon transfer to the Plan and are maintained in the individual accounts of participants. Participants are immediately vested in their rollover contributions and the related investment earnings.

Note 3 – Certified Investment Information

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Plan investments are held by Empower, the custodian of the Plan, which initiates and executes all related transactions. Empower is a qualified institution under 29 CFR 2520.103-5. Its certification covers the information below and the information on the supplemental Schedule H, Line 4i – Schedule of Assets (Held at End of Year).

Certain information related to investments and notes receivable from participants in the financial statements and the ERISA-required supplemental schedule was obtained by management. That information was agreed to, or derived from, information certified as complete and accurate by Empower. The certified information is:

- all investments and notes receivable from participants held as of December 31, 2025 and 2024; and
- net appreciation (depreciation) in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the years ended December 31, 2025 and 2024.

The following presents the certified investment information:

December 31,	2025	2024
Investments		
Fixed Interest		
SF Guaranteed interest	$ 4,079,406	$ 4,182,691
Pooled Separate Accounts		
Mutual funds	5,460,883	5,203,925
Total investments	$ 9,540,289	$ 9,386,616
Receivables		
Notes receivable from participants	$ 109,250	$ 73,423

Investment Income for the year and period ended December 31,	2025	2024
Net appreciation in fair value of investments	$ (87,141)	$ 36,021
Interest on guaranteed interest fund	899,717	783,223
Total investment income	$ 812,576	$ 819,244

Note 4 - Termination Priorities

Although it has not expressed any intent to do so, the Company has the right to terminate the Plan at any time, subject to the provisions of ERISA.

Note 5 - Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 2 – Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Note 5 - Fair Value Measurements (continued)

The asset's fair value measurement level within the hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2025 and 2024.

Pooled separate accounts: Valued at the unit value reported by Empower, which is based on the net asset values of the underlying registered mutual funds, which are observable and published daily. Participant transactions (purchases and redemptions) occur daily at the reported unit value, and there are no redemption restrictions or unfunded commitments.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025 and 2024. The fully benefit-responsive investment contract is reported at contract value and is excluded from these tables (see Note 6).

		Fair Value Measurements at Reporting Date Using:		
		Quoted Prices in Active Markets for Identical Assets	Significant Other Observable Inputs	Significant Unobservable Inputs
December 31, 2025	Fair Value	(Level 1)	(Level 2)	(Level 3)
Separate Account	$ 5,460,793	$ -	$ 5,460,793	$ -
Total investments	$ 5,460,793	$ -	$ 5,460,793	$ -

		Fair Value Measurements at Reporting Date Using:		
		Quoted Prices in Active Markets for Identical Assets	Significant Other Observable Inputs	Significant Unobservable Inputs
December 31, 2024	Fair Value	(Level 1)	(Level 2)	(Level 3)
Separate Account	$ 5,203,925	$ -	$ 5,203,925	$ -
Total investments	$ 5,203,925	$ -	$ 5,203,925	$ -

Note 6 – Fully-Benefit Responsive Investment Contracts

The Plan holds a traditional guaranteed investment contract (the SF Guaranteed Interest Account) issued by Empower. Empower maintains the contributions in its general account. The account is credited with interest at a rate declared by Empower and charged for participant withdrawals and administrative expenses. Empower is contractually obligated to repay the principal and interest at a specified rate that is guaranteed to the Plan. The crediting rate is [describe basis], is reset at least annually and no more frequently than quarterly and may not be less than 1%. The crediting rate was 2.78% for 2025 and 2.54% for 2024. The contract value of the contract at December 31, 2025 and 2024 was $4,079,464 and $4,182,691, respectively.

Because the contract is fully benefit-responsive, contract value is the relevant measurement attribute for the portion of net assets available for benefits attributable to it. Contract value, as reported to the Plan by Empower, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may direct the withdrawal or transfer of all or a portion of their investment at contract value. There are no reserves against contract value for credit risk of the issuer or otherwise. The Plan's ability to receive amounts due depends on Empower's ability to meet its financial obligations.

Certain events might limit the ability of the Plan to transact at contract value with Empower. These include (1) amendments to the Plan document, including complete or partial Plan termination or merger with another plan; (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions; (3) bankruptcy of the Plan sponsor or other sponsor events, such as layoffs, plant closings, divestitures, or early retirement incentives, that cause significant withdrawals from the Plan; (4) the failure of the Plan to qualify under Section 403(b) of the Internal Revenue Code or for any required prohibited transaction exemption under ERISA; and (5) premature termination of the contract by the Plan. The Plan administrator does not believe that the occurrence of any of these events, which would limit the Plan's ability to transact at contract value with participants, is probable.

The contract does not permit Empower to terminate the agreement before the scheduled maturity date.

Note 7 - Tax Status

The Company has adopted a pre-approved plan document that has received an opinion letter from the Internal Revenue Service (IRS) dated January 1, 2019, stating that the form of the pre-approved plan document was in compliance with the applicable requirements of Section 403(b) of the Internal Revenue Code (IRC). Although the Plan has been amended since adopting the pre-approved plan document, the Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified. As described in Note 10, the Plan sponsor is correcting certain operational matters and does not expect the corrections to affect the Plan's tax status.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that, as of December 31, 2025 and 2024, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 8 - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 9 – Related Party Transactions

Certain Plan investments are units of pooled separate accounts and a guaranteed investment contract issued and managed by Empower Annuity Insurance Company of America. Empower is the custodian and recordkeeper of the Plan and is therefore a party in interest. Fees paid by the Plan to Empower for recordkeeping and participant loan administration services totaled $5,007 for the year ended December 31, 2025 and are included in administrative expenses. Investment management fees on the pooled separate accounts are charged against the unit values and are included in net appreciation (depreciation) in fair value of investments. The interest credited on the guaranteed investment contract is reported net of the issuer's charges.

Notes receivable from participants are also party-in-interest transactions.

South Shore Hospital Corporation, the Plan sponsor, is a party in interest. The Company pays certain administrative expenses of the Plan, and these are excluded from the financial statements.

The transactions described above are exempt from the prohibited transaction rules of ERISA. As described in Note 10, certain participant contributions were not remitted to the Plan within the time frame required by Department of Labor regulations. Those amounts are reported on the supplemental Schedule H, Line 4a – Schedule of Delinquent Participant Contributions.

Note 10 – Self Correction Program

Participant contributions totaling $36,204 related to payroll periods ended June 27, 2025 and August 22, 2025 were not remitted to the Plan's trust within the time period prescribed by Department of Labor regulations. Such amounts constitute prohibited transactions under ERISA. The contributions were subsequently remitted to the Plan on July 30, 2025 and September 9, 2025, respectively.

The Plan Sponsor has identified the delinquent remittances and intends to make any required corrective contributions, including lost earnings, in accordance with applicable Department of Labor correction procedures. Management believes the effect of this matter is not material to the accompanying financial statements nor will it affect the Plan’s tax status.
