INDEPENDENT AUDITORS' REPORT

To the Plan Administrator
SWBG, LLC 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit
We have performed audits of the accompanying financial statements of the SWBG, LLC 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024 and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the Financial Statements
In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the Financial Statements
We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements
Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan’s ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements
Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan’s internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule that appears on Page 13 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. DESCRIPTION OF THE PLAN

The following description of the SWBG, LLC 401(k) Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan, established on March 1, 2010, covering eligible employees of SWBG, LLC (the "Company"), who are at least 18 years of age and are not covered by another plan. Employees performing services in Puerto Rico and international students working under temporary J-1 visas are excluded from participation.

The Board of Directors of the Company has appointed the 401(k) Investment Committee to control and manage the operation and administration of the Plan.

The Plan has appointed Empower Annuity Insurance Company of America ("Empower") to serve as recordkeeper and Empower Trust Company, LLC ("ETC") as trustee. ETC also serves as the custodian of the group annuity insurance contract ("Guaranteed Income Fund" or "GIF").

Contributions

Contributions to the Plan include (i) salary reduction contributions authorized by participants, (ii) discretionary matching contributions made by the Company, and (iii) participant rollovers from another plan. Participants direct the investment of their contributions into various investment options offered by the Plan.

Each year, participants may contribute a percentage of their pretax annual eligible compensation up to the maximum deferral limit set by the Internal Revenue Service (IRS), as defined in the Plan. Such contributions are excluded from the participant's taxable income for federal income tax purposes until received as a withdrawal or distribution from the Plan. The Plan also permits Roth contributions by its participants. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions.

During the year ended December 31, 2025, the Company matched 50% of an employee's deferral up to 4% of compensation. The contribution will be made on an annual basis prior to March 31 of the following plan year for eligible employees who worked at least 1,000 hours in the year and are active as of December 31st. These requirements are waived for participants whose employment terminates during the year due to death, disability, or attainment of normal retirement age.

Participant Accounts

Individual accounts are maintained for each plan participant. Each participant's account is credited with the participant's contributions, the Company's matching contributions, and allocations of plan earnings, and charged with participant forfeitures, withdrawals, and allocations of plan losses and administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting
Participants are vested immediately in their contributions, plus actual earnings thereon. Participants are vested in the Company's contribution portion of their accounts based on years of service - 20% after one year, 40% after two years, 60% after three years, 80% after four years, and 100% after five years of service. Participants become fully vested upon attainment of normal retirement age while employed, death while employed, or disability while employed.

Notes Receivable from Participants
Participants may borrow from their accounts a minimum of $1,000 up to a maximum of $50,000, or 50% of their vested account balances, whichever is less. Loans are secured by an assignment of the participant's vested interest in the Plan and bear interest at rates commensurate with the publicly available prime rate at the time funds are borrowed plus 1%. Principal and interest are paid ratably through payroll deductions. Loan terms shall not exceed five years, however, terms may extend to 10 years for the purchase of a primary residence. Participants may not have more than one loan outstanding at any time.

Payment of Benefits
Upon termination of service with the Company (including termination of service due to death, disability, or retirement), a participant may generally elect to receive or rollover to another qualified plan the lump-sum amount equal to the value of the participant's vested interest in his or her account. Participants are also eligible to make hardship withdrawals from their deferred contributions in the event of certain financial hardships.

Forfeitures
When certain terminations of participation in the Plan occur, the nonvested portion of the participant's account represents a forfeiture, as defined by the Plan. The Plan document permits the use of forfeitures to either reduce future employer contributions or plan administrative expenses for the plan year. However, if a participant is reemployed and fulfills certain requirements, as defined in the plan document, the account will be reinstated. At December 31, 2025 and 2024, the available forfeiture balance totaled approximately $1,154,000 and $1,026,000, respectively. Subsequent to year-end, the employer contributions for 2025 were funded and reduced by approximately $1,477,000 from forfeited nonvested accounts.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting
The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America (US GAAP).

Use of Estimates
The preparation of financial statements in conformity with US GAAP requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition
The Plan's investments, other than the guaranteed income fund (GIF) and common/collective trust funds, are stated at fair value. Fair value of a financial instrument is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The GIF is stated at contract value and is not required to be adjusted to fair value. Contract value is the amount plan participants would receive if they were to initiate permitted transactions under the terms of the Plan (see Note 5). The common/collective trust funds are presented at the net asset value (NAV) of shares held by the Plan at the end of a given year (see Note 4).

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Notes Receivable from Participants
Notes receivable from participants are measured at their unpaid principal balance, plus any accrued but unpaid interest. No allowance for credit losses has been recorded as of December 31, 2025 or 2024. If a participant fails to make required loan payments and the default is not cured within the applicable grace period, the loan is treated as a deemed distribution for tax-reporting purposes. The outstanding loan obligation, including accrued interest, remains until the loan is repaid or offset against the participant's vested account balance. A benefit payment is recognized when the loan is offset.

Contributions
Participant contributions are recorded when withheld from compensation. Company matching contributions are recorded in the period in which they become obligations of the Company.

Administrative Expenses
Administrative expenses of the Plan are paid by the Plan as provided in the plan document. Fees related to the administration of notes receivable from participants or benefit payments to participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

Payment of Benefits
Benefit payments to participants are recorded when paid.

3. INFORMATION CERTIFIED BY TRUSTEE

All investment information regarding the Plan as of December 31, 2025 and 2024, and for the year ended December 31, 2025, included in the Plan's financial statements and supplemental schedule was prepared by or derived from information provided by the trustee of the Plan and furnished to the plan administrator. The plan administrator has obtained certifications from the trustee that such information is complete and accurate.

4. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under the Financial Accounting Standards Board Accounting Standards Codification Topic 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value at December 31, 2025 and 2024:

Mutual Funds - Valued at the daily closing price as reported by the mutual fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These mutual funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded, and therefore are classified as level 1.

Common/Collective Trust Funds - Valued at NAV based upon the underlying investments held by the funds. Exchange traded funds traded on a recognized security exchange are valued at the last reported sales price that day or the official closing price, if applicable.

The following table sets forth by level, within the fair value hierarchy, the Plan's investment assets at fair value as of December 31, 2025 and 2024:

As of December 31, 2025	Level 1	Level 2	Level 3	Total
Mutual funds	$ 275,095,861	$ -	$ -	$ 275,095,861
Investments measured at NAV:				
Common/collective trust [(a)]	-	-	-	3,592,030
Total investments at fair value	$ 275,095,861	$ -	$ -	$ 278,687,891
As of December 31, 2024				
Mutual funds	$ 252,416,141	$ -	$ -	$ 252,416,141
Investments measured at NAV:				
Common/collective trust [(a)]	-	-	-	2,119,516
Total investments at fair value	$ 252,416,141	$ -	$ -	$ 254,535,657

[(a)] In accordance with Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits. Also, in accordance with the adoption of ASU 2015-12, if an investment is measured using the NAV per share (or its equivalent) as the practical expedient in ASC Topic 820 and that investment is in a fund that files a Form 5500, Annual Return/Report of Employee Benefit Plan, as a direct filing entity, disclosure of that investment's strategy will no longer be required. There are no unfunded commitments for these investments, they are valued daily, and there are no redemption restrictions.

5. GUARANTEED INCOME FUND

The Plan entered into a traditional group annuity insurance contract with Empower (the GIF) with a balance of $8,907,077 and $9,079,006 at December 31, 2025 and 2024, respectively. Empower maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The GIF is contractually obligated to repay the principal at a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the GIF but may not be less than 1.5%. The crediting rate is reviewed on a semi-annual basis for resetting.

The GIF meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may generally direct withdrawals or transfers of all or a portion of their investment at contract value, subject to the terms of the Plan and the contract.

The Plan's ability to receive amounts due under the contract is dependent upon the GIF's ability to meet its contractual obligations, which may be affected by future economic and regulatory developments.

The contract contains certain restrictions on the Plan's ability to withdraw amounts at contract value. The Plan may not withdraw more than 10% of the beginning-of-year contract balance without incurring a penalty. Plan management does not believe that any events are probable of occurring that would limit the Plan's ability to transact at contract value with the issuer or participants. There are no events under the terms of the contract that would permit the issuer to terminate the contract and require the Plan to settle at an amount different from contract value, either within 90 days or over time.

6. RELATED PARTY TRANSACTIONS AND EXEMPT PARTY-IN-INTEREST TRANSACTIONS

The Plan offers a guaranteed income fund managed by Empower. Empower was the recordkeeper and sponsor of the GIF as defined by the Plan and, therefore, these transactions qualified as exempt party-in-interest transactions. Fees paid by the Plan for investment management services were included as a reduction of the return earned on the GIF. The Plan also issues loans to participants, which are secured by the vested balances in the participants' accounts.

Administrative fees paid by the Plan to the trustee and recordkeeper were approximately $396,000 for the year ended December 31, 2025.

7. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event that the Plan is terminated, participants would become 100% vested in their accounts.

8. TAX STATUS

The Plan uses a prototype plan document, which received an opinion letter from the IRS dated September 16, 2022 that states that the prototype document satisfies the applicable provisions of the Internal Revenue Code (IRC).

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions, however, there are currently no audits for any tax periods in progress.

9. PLAN LITIGATION

The Plan, the plan administrator, and the Company were named as defendants in a class action suit filed in the United States District Court for the Southern District of California alleging breaches of fiduciary duties, including failure to prudently monitor Plan investments and expenses and failure to follow the terms of the plan document. The litigation was resolved through a settlement agreement, which received final court approval in September 2025. The settlement and related legal costs were covered by insurance and did not result in amounts being paid by the Plan.

10. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

11. PLAN OPERATIONAL MATTERS

Management identified certain errors in the compensation and demographic data used to calculate the Plan’s 2025 employer matching contributions, which resulted in incorrect employer matching contributions for certain participants. Management is also evaluating whether similar matters may have affected employer matching contributions in prior years.

Management engaged third-party service providers to assist in determining the affected participant population, recalculating employer matching contributions, and determining the appropriate corrective actions. Based on the analysis completed to date, the amounts identified to correct the 2025 employer matching contributions are not material to the Plan’s financial statements. However, the evaluation remains ongoing, and the amount of any additional corrections that may be required has not yet been determined. Management intends to correct the identified matters and make the Plan and affected participants whole, as applicable.

12. SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through October 15, 2026, the date on which the financial statements were available to be issued.
