Independent Auditors' Report

To the Trustees
Osborn & Barr Communications Employee
Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit
We have performed an audits of the financial statements of Osborn & Barr Communications Employee Savings Plan (Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the years then ended, stating that the certified investment information, as described in Note D to the financial statements, is complete and accurate.

Opinion
In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution and regulated insurance company agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion
We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements
Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements
Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters — Supplemental Schedule Required by ERISA
The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTE A | DESCRIPTION OF PLAN

The following description of Osborn & Barr Communications Employee Savings Plan provides only general information. Participants should refer to the *Plan Document* for a more complete description of the Plan's provisions, which is available from the plan administrator.

General

The Plan is a defined contribution plan covering all eligible and participating employees of Osborn & Barr Communications, Inc. (the Company) who have attained the age of 21.

Leased, seasonal, part-time and temporary employees and independent contractors are ineligible to participate in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each eligible employee is automatically enrolled in the Plan at a reduction of 3% of their eligible compensation unless a different deferral percentage is chosen or they elect not to enroll in the Plan. Participants may elect to contribute a percentage of their compensation on a pre-tax or after tax basis not to exceed applicable calendar limits under Section 402(g)(1) of the Internal Revenue Code which was $23,500 for 2025 and $23,000 2024. Participants age 50 and older may elect an additional catch-up deferral of $7,500 for 2025 and 2024.

Total matching contributions were $109,152 and $203,535, for the years ended 2025 and 2024, respectively. The Plan also allows for a discretionary profit-sharing contribution. Active participants who are employed on the last day of the Plan year and have 1,000 or more hours of service in the Plan year are eligible to share in discretionary employer profit-sharing contributions. Employees are eligible to share in the profit-sharing contributions regardless of service if active during the Plan year but terminated due to death, disability, or reaching normal retirement. No profit-sharing contributions were made for years ended December 31, 2025, or 2024.

The participant may also choose to roll funds into the Plan from another qualified plan. Participants direct contributions on their behalf to various investment options the Plan offers. These options include mutual funds, pooled separate accounts, guaranteed investment contracts and common collective trust funds.

Participant Accounts

Each participant’s account is credited with the participant’s elective and, if applicable, rollover contributions and allocations of (a) the Company’s contributions and (b) Plan earnings and charged with (c) an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined in the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Vesting

Participants are immediately vested in their voluntary contributions and, if applicable, rollover contributions plus actual earnings thereon. Vesting for the Company’s matching contributions and discretionary profit-sharing contribution occurs on a cliff basis after three years of service in which the participant has worked a minimum of 1,000 hours.

Payment of Benefits

Retirement benefits are normally payable upon reaching age 65. Upon termination of service due to death, disability, retirement or other termination of employment, a participant or, in the case of death, the participant's beneficiary, is eligible to receive a distribution equal to the value of his or her vested account in excess of $5,000 in the form of a lump-sum payment, substantially equal installments, or partial withdrawal. If the balance payable does not exceed $5,000 then the benefit may only be paid as a lump-sum. The portion of the account that is not 100% vested will be forfeited. The Plan also allows for in-service distributions at age 59 ½ from all participants accounts.

Participant Hardship Withdrawals

Participants who are active employees may withdraw a portion of their vested account balance in the event of undue financial hardship in accordance with requirements as outlined in the Plan document.

Notes Receivable from Participants

Participants may borrow from their fund accounts. A participant cannot have more than one loan outstanding at a time and cannot have more than three loans approved in any 12-month period. The minimum loan amount is $1,000 and borrowings cannot exceed the lesser of $50,000 or 50 percent of their vested account balance. Each loan shall bear a reasonable fixed rate of interest to be determined by the Loan Administrator. Principal and interest are paid ratably through payroll deductions.

Forfeited Accounts

Forfeitures are used to pay plan expenses and reduce the discretionary Company contributions. At December 31, 2025 and 2024, forfeited nonvested accounts totaled $0 and $5,561 respectively. During the year ended December 31, 2025 and 2024, forfeitures of $18,732 and $34,669 were used to reduce Company matching contributions and $17,578 and $14,214 were used to pay plan expenses, respectively.

Plan Termination

Although it has not expressed any intent to do so, the Company reserves the right to terminate the Plan at any time, subject to plan provisions and ERISA. In the event of Plan termination, participants would become 100 percent vested in their Company contributions, and the interest of each participant would be distributed at the time as prescribed by the Plan terms and the Internal Revenue Code (IRC).

NOTE B | SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan have been prepared using the accrual method of accounting.

Valuation of Investments and Income Recognition

The guaranteed investment contract is recorded at contract value which approximates fair value. All other investments are reported at fair value as provided by the trustee and custodian. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date and in the principal and most advantageous market for the asset or liability. See Note E for discussion of fair value measurements.

Purchases and sales of investments are recorded on the trade date. Interest income is recorded on the accrual basis. Dividends are recorded at the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Administrative expenses

Certain administrative functions applicable to the Plan are performed by employees of the Company. No such employees receive compensation from the Plan. Administrative expenses may be paid by the Company or the Plan at the Company's discretion.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities at the date of the financial statements. Accordingly, actual results could differ from those estimates.

Payment of Benefits

Benefits are recorded at the time of payment to participants.

Income Tax Status

The plan sponsor adopted a volume submitter 401(k) plan document which obtained a favorable opinion letter dated June 30, 2020, in which the Internal Revenue Service (IRS) stated the form of the Plan was acceptable under the applicable requirements of the Internal Revenue Code (IRC) for use by employers for the benefit of their employees. The Plan has not received a determination specific of the Plan itself. However, the plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

Generally accepted accounting principles (GAAP) requires Plan management to evaluate tax positions taken and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by applicable authorities. The plan is subject to routine audits by the taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2022.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. The Plan deems all participant notes receivable to be fully collectible; therefore, no allowance for uncollectible accounts is required. Participant notes receivable are treated as distributions when they are determined to be uncollectible.

Subsequent Events

In preparing these financial statements, the Plan has evaluated events and transactions for potential recognition or disclosure through October 2, 2026, the date in which the financial statements were available to be issued.

NOTE C | RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

NOTE D | INFORMATION PREPARED AND CERTIFIED BY THE TRUSTEE AND CUSTODIAN

Principal Trust Company (Trustee) and Principal Life Insurance Company (custodian) have certified the completeness and accuracy of certain information used by management to prepare the financial statements, supplemental schedule and accompanying notes. Accordingly, this information was not audited. The following is a summary of the information which was furnished by the trustee and custodian.

	2025	2024
Statements of Net Assets Available for Benefits:		
Investments at fair value	$ 10,112,807	$ 11,928,141
Guaranteed investment contract at contract value	-	690,395
Notes receivable from participants	4,063	30,094
Statements of Changes in Net Assets Available for Benefits:		
Investment income	1,564,968	1,430,217
Interest income on notes receivable from participants	1,137	3,114

All investment related information in the accompanying supplemental Schedule of Assets (Held at End of Year) as of December 31, 2025.

NOTE E | FAIR VALUE MEASUREMENT

Financial Accounting Standards Board (FASB) *Accounting Standards Codification* (ASC) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Mutual funds classified in Level 1 are valued at net asset value (NAV) of shares held by the Plan at year end. NAV represents the sum of the underlying investments and represent the price at which the funds are traded on active markets.

Pooled separate accounts classified in Level 1 consist mainly of investments reported at quoted prices for similar assets in active or non-active markets. The net asset value (NAV) of a separate account is not publicly quoted but is available to current investors via the Employer website or when plan participants access their account values. The NAV is the basis for current transactions and the pooled separate accounts can be redeemed at NAV as of the measurement date. Therefore, the pooled separate accounts are considered to have a "readily determinable fair value."

Common collective trust funds (CCTF) are classified in Level 1 and consist of a variety of underlying investments that do not have publicly quoted pricing inputs. The fair value of the underlying investments are used in determining the NAV of the CCTFs, which is not publicly quoted but is available to current investors via the Employer website or when plan participants access their account values. The NAV is the basis for current transactions and the CCTFs can be redeemed at NAV as of the measurement date. Therefore, the CCTFs are considered to have a "readily determinable fair value."

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methodologies are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets measured at estimated fair value on a recurring basis as of December 31, 2025:

	Level 1	Level 2	Level 3	Total
Mutual funds	$ 892,639	$ -	$ -	$ 892,639
Pooled separate accounts	1,487,578	-	-	1,487,578
Common collective trust funds	7,732,590	-	-	7,732,590
Total investments by fair value level	$ 10,112,807	$ -	$ -	$ 10,112,807

The following table sets forth by level, within the fair value hierarchy, the Plan's assets measured at estimated fair value on a recurring basis as of December 31, 2024:

	Level 1	Level 2	Level 3	Total
Mutual funds	$ 2,125,268	$ -	$ -	$ 2,125,268
Pooled separate accounts	1,304,687	-	-	1,304,687
Common collective trust funds	8,498,186	-	-	8,498,186
Total investments by fair value level	$ 11,928,141	$ -	$ -	$ 11,928,141

NOTE F | GUARANTEED INVESTMENT CONTRACT

The Plan maintains a fully benefit-responsive guaranteed investment contract with Principal Life Insurance Company (Principal) totaling $- and $690,395 at December 31, 2025 and 2024, respectively. Principal maintains the contributions in its general account. The account is credited with earnings on the underlying investments and charged for participant withdraws and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. Contract value, as reported to the Plan by Principal, represents contributions made under the contract, plus earnings, less participant withdraws and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic or regulatory developments.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer, but it may not be less than 1%. Such interest rates are reviewed on a quarterly basis for resetting. The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the plan documents (including complete or partial plan termination or merger with another plan); (2) changes to the plan's prohibition on competing investment options; (3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that significantly affect the Plan's normal operations; (4) the failure of the Plan to qualify under 401(a) of the IRC or the failure of the trust to be tax exempt under section 501(a) of the IRC; or (5) premature termination of the contract. The plan administrator believes that no events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuer, and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issue to terminate the contract with the Plan and settle at an amount different from contract value. Examples of such events include (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation or (4) a material amendment to the agreements without the consent of the issuer.

NOTE G | RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

The Plan incurs expenses related to general administration. Participant accounts may be charged for some or all of these expenses. All fees not charged to Participants will be paid by the Company and are not included in these financial statements. Administrative costs of the Plan totaling $6,000 and $10,000 for the years ended December 31, 2025 and 2024, respectively, and were paid directly by Osborn & Barr Communications, Inc. These transactions qualify as exempt party-in-interest transactions as defined by ERISA.

The Plan allows for transactions with certain parties who may perform services or have fiduciary responsibilities to the Plan. Principal Trust Company, the Plan's trustee, is an affiliate of Principal Financial Group, which manages certain plan investment options. These transactions qualify as party-in-interest transactions and are denoted as such on the Supplemental Schedule of Assets (Held at End of Year).
