REPORT OF INDEPENDENT AUDITORS

To the Plan Administrator of
American Military Academy Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audit of the accompanying financial statements of American Military Academy Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of American Military Academy Retirement Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025 stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of American Military Academy Retirement Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about American Military Academy Retirement Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of American Military Academy Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about American Military Academy Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedules of Schedule H Line 4(i) - Schedule of Assets Held (At End of Year) and Schedule H Line 4(a) - Schedule of Delinquent Participant Contributions for the year ended on December 31, 2025 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. Description of Plan

The following description of the American Military Academy Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan was established in 1996 as a profit-sharing plan with a cash-or-deferred arrangement covering all full-time employees of Corporación Educativa Ramón Barquín doing business as American Military Academy (the Plan Sponsor/the Company/Employer), who have completed one year of service (for those contracted before May 1, 2023) or three months of service (for those contracted after May 1, 2023) and are 21 years or older, excluding all union employees, nonresident aliens, highly compensated employees, leased employees, and part-time/temporary/seasonal employees. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

On March 27, 2023, the Plan was amended to modify the eligibility from one year to three months of service, the entry dates from quarterly to the first day of the month following date requirements met, vesting percentages, and to eliminate loans.

Plan Administration

On October 2023, the Plan Sponsor change the plan recordkeeper and custodian of assets from Pension Administrator Group, Inc. (PAG)/Fidelity Investments, to Empower Annuity Insurance Company. Also, the Plan Sponsor contracted Pension Plus, Inc. as Third-Party Administrator.

Contributions

A participant may contribute not less than 1% of pre-tax annual compensation, as defined in the Plan, not exceeding the maximum deferral amount allowed under Puerto Rico Internal Revenue Code section 1081.01(d) ($15,000). Participants who have attained age 50 before the end of the Plan year are eligible to make catch up contributions. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan Sponsor contributes 5% of participant salary deferral contribution up to 4% of the participants' compensation. Discretionary amounts may be contributed at the option of the Plan Sponsor's Board of Directors. To be eligible for allocation of the Plan's Sponsor's contributions, a participant must have worked at least 1,000 hours during the applicable computation period.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Plan Sponsor's contribution and (b) Plan earnings (losses). Allocations to each participant's account of the Plan Sponsor's discretionary contribution are based on a pro rata basis. Allocation of Plan earnings is based on the participant's account balance, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Rollover Contributions

Participants may rollover their funds previously held for their account in another employee benefit plan on a tax-free basis.

Investment Options

Upon enrollment in the Plan, participants may direct their contributions into various investment options offered by the Plan. Participants may change their investment elections daily. If a participant does not have an investment election on file, contributions will be made to one of the American Target Date Funds, based on the participant's date of birth.

1. Description of Plan (continued)

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Plan Sponsor's matching and nonelective profit sharing contribution portion of their accounts plus actual earnings thereon is based on years of continuous service whichever greater as follows:

Years of Service	Vested Percentage
0-1	0%
2	25%
3	50%
4	75%
5	100%

Payments of Benefits

Upon termination of service due to death, disability or retirement, a participant or the participant beneficiaries may elect to receive an amount equal to the value of the participant's vested interest in his/her account in either a lump-sum amount, or substantially equal installments, and may be disbursed as soon as administratively feasible. For termination distributions, participant consent is only required if the distribution is over $5,000.

In conditions of "financial hardship", a participant may apply to the Plan administrator for approval to withdraw that portion of his retirement account balance necessary to meet the financial hardship and for any reason after 59 ½ years old, subject to the limitations of the Plan and the Internal Revenue Code.

Forfeited Accounts

Employer contributions on behalf of the participants not then vested are forfeited and used to reduce any employer contributions or ADP test safe harbor contribution or plan's administrative expenses. As of December 31, 2025, and 2024, forfeited non-vested accounts totaled approximately $7,264 and $7,069, respectively. In 2024 $1,408 were credited to participants accounts as earnings. No forfeitures were utilized in 2025.

Plan Expenses and Administration

The Company pays certain administrative expenses of the Plan, or they may be paid from the forfeiture account of the Plan. Any expenses not paid by the Company are the responsibility of the Plan. The Company also provides certain administrative services at no cost to the Plan. Check fees are charged to the accounts of the participants who have elected to receive distributions from their accounts.

Plan Termination

Although the Company has not expressed any current intent to terminate the Plan, the Plan Company has the right under the Plan to terminate or modify the Plan and suspend contributions to the Plan subject to ERISA provisions. In the event of Plan termination, all participants would become 100% vested in their accounts.

2. Summary of Significant Accounting Policies

Basis of Presentation

The accompanying financial statements of American Military Academy Retirement Plan have been prepared on the accrual basis and have been prepared in conformity with accounting principles generally accepted in the United States of America ("GAAP").

Investments Valuation and Income Recognition

Investments are reported at fair value (except for the fully benefit-responsive investment contract, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

The Plan's fully benefit-responsive investment contracts are reported at contract value. Contract value represents contributions made under the contract, plus interest at the contract rate, less withdrawals and funds used to pay administrative expenses. Interest income is recorded on an accrual basis.

The Plan presents in the Statements of Changes in Net Assets Available for Benefits, the net appreciation (depreciation) in the fair value of its investments which consist of the realized gains or losses and the unrealized appreciation (depreciation) on those investments.

Use of Estimates

The preparation of financial statements in conformity with United States generally accepted accounting principles requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Contributions

Participant contributions and employer matching contributions are recorded on an accrual basis in the period during which the Company make payroll deductions from the Plan participants' earnings.

Benefit Payments

Benefit payments are recorded when paid.

Administrative Expenses

The Company provides certain administrative and accounting services to the Plan at no cost. Administrative expenses including audit fees and legal fees are paid directly by the Company. Other administrative expenses directly incurred by the Plan include investment management fees, and distributions fees are charged directly to the participants' accounts.

Risk and Uncertainties

The Plan provides for various investment options that are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances, and the amounts reported in the Statements of Net Assets Available for Benefits and the Statements of Changes in Net Assets Available for Benefits.

3. Fair Value Measurements

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits.

Financial Accounting Standard Board (FASB) established the Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures*, which provides a framework for defining and measuring fair value under generally accepted accounting principles. This codification establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets, and Level 3 inputs have the lowest priority.

The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. In some cases where market prices are not available, observable market-based inputs are used to calculate fair value, in which case the measurements are classified within Level 2. If quoted or observable market prices are not available, fair value is based upon internally developed models that use, where possible, current market-based parameters such as interest rates, yield curves and currency rates. These measurements are classified within Level 3.

The fair value of mutual funds is based upon on quoted net asset values of the shares held by the Plan at year end. The mutual funds held by the Plan are deemed to be actively traded.

A summary of the Plan's financial assets carried at fair value on a recurring basis on December 31, 2025, and 2024 is as follows:

	Fair Value Measurements as of December 31, 2025			
	(Level 1)	(Level 2)	(Level 3)	Total
Mutual funds	$ 1,531,999	$ -	$ -	$ 1,531,999

	Fair Value Measurements as of December 31, 2024			
	(Level 1)	(Level 2)	(Level 3)	Total
Mutual funds	$ 1,355,827	$ -	$ -	$ 1,355,827

4. Investments at Contract Value

The Plan has a general account fixed annuity contract with Empower Annuity Insurance Company of America that invests contributions in a guaranteed contract with fixed annuity options (the Contract). The Contract is a stable value investment with a guaranteed rate of return and a guaranteed principal that is backed by Empower Annuity Insurance Company of America general investment account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses.

Contract value is the relevant measurement attributed to that portion of the net assets available for benefits attributable to the contract which was determined to be fully benefit responsive. The contract is presented on the face of the statement of net assets available for benefits at contract value. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. The Contract value as of December 31, 2025 and 2024, is of $420,239 and $468,711, respectively.

The crediting interest rate is based on a formula agreed upon with the issuer, but it may not be less than 1 percent. Such interest rates are reviewed on a semi-annual basis for resetting.

The Plan has a general account fixed annuity contract with Empower Annuity Insurance Company of America that invests contributions in a guaranteed contract with fixed annuity options (the Contract).

4. Investments at Contract Value (continued)

The Contract is a stable value investment with a guaranteed rate of return and a guaranteed principal that is backed by Empower Annuity Insurance Company of America general investment account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses.

Contract value is the relevant measurement attributed to that portion of the net assets available for benefits attributable to the contract which was determined to be fully benefit responsive. The contract is presented on the face of the statement of net assets available for benefits at contract value. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. The Contract value as of December 31, 2025 and 2024, is of $420,239 and $468,711, respectively.

The crediting interest rate is based on a formula agreed upon with the issuer, but it may not be less than 1 percent. Such interest rates are reviewed on a semi-annual basis for resetting.

Participants may ordinarily direct the withdrawal and/or transfer of all or a portion of their account balance at contract value. The Contract issuer is contractually obligated to repay the principal, and a specified interest rate guaranteed to the Plan.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following:

a) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan),

b) removal from the plan one or more groups or classifications of participants,

c) partial or complete plan termination,

d) bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan or

e) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA.

The Plan Administrator does not believe the occurrence of any such value event, which would limit the Plan's ability to transact at contract value with participants, are probable of occurring.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include:

1. Puerto Rico Department of Treasury determines that the Plan no longer meets the requirements of Code section 1081.01(a) or any other applicable Code provision,
2. a breach of material obligation under the contract,
3. a termination or partial termination of the Plan,
4. a material amendment to the agreement without the consent of the issuer.

5. Information Prepared and Certified by Empower Retirement

The following information included in the accompanying financial statements and supplemental schedule, including investments held on December 31, 2025, net appreciation in fair value of investments and interest and dividends for the year then ended, were obtained or derived from information supplied by the plan administrator and certified as complete and accurate by the Custodian:

5. Information Prepared and Certified by Empower Retirement (continued)

	December 31	
	2025	2024
Mutual funds	$ 1,531,999	$ 1,355,827
EI Fixed Account – Series Class I	$ 420,239	$ 468,711
Net appreciation in fair value of investments	$ 110,780	$ 79,922
Net interest and dividend income	$ 106,200	$ 64,499

6. Tax Status

The Plan constitutes a qualified plan, exempt from income tax under the provisions of Section 1081.01 of the Puerto Rico Revenue Code for New Puerto Rico (the 2011 Code), as amended. The Plan is not a qualified plan under the Internal Revenue Code of the United States.

An adoption agreement to the salary deferral retirement plan was signed during 2023 with an effective date of March 27, 2023, to change certain options of the plan including the eligibility requirement from one year to three months of service, the entry dates from quarterly to the first day of the month following date requirements met, vesting percentages, and to eliminate loan option. On August 21, 2023, a determination letter was received from the Puerto Rico Treasury Department with no objections to the amendments of the plan.

Accounting principles generally accepted in the United States of America require the plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained examination by the Puerto Rico Treasury Department.

Management has evaluated the Plan's tax positions and concluded that the Plan has maintained its tax-exempt status and has taken no uncertain tax positions that require adjustment to the financial statements. Therefore, no provision or liability for income taxes has been included in the accompanying financial statements. The Plan is subject to routine audits by tax authorities; however, there are not currently audits for any tax periods in progress.

7. Related-Party Transactions and Party in Interest Transactions

The Plan has a general account fixed annuity contract with Empower Annuity Insurance Company of America. Empower and its subsidiaries provide administration, custodial and recordkeeping services. These specific investments are issued and managed by Empower Annuity Insurance Company of America and qualified as party-in-interest transactions.

Several employees of the Company provide administrative services to the Plan. These services include Plan oversight and day-to-day Plan administration. The Plan is not charged by the Company for these services of the employees to the Plan.

8. Subsequent events

Subsequent events were evaluated through October 14, 2026, which is the date of the financial statements were available to be issued. No events have occurred subsequent to the statement of net assets available for benefits date, and the date the financial statements were available to be issued that would require additional adjustment to or disclosure in the financial statements.

9. Non-exempt Transactions

As required by ERISA Section 29 CFR 2510.3-102, the Company is required to segregate employee contributions to the Plan from their general assets as soon as practicable, but in no event later than 15 business days following the end of the month in which such amounts are withheld from employees' wages. During the years ended December 31, 2025, 2024, 2023, and 2022, the Company did not remit certain employee contributions to the Plan on a timely basis. Based on the remittance patterns observed, the Company is generally able to remit employee contributions within 4 days following payroll payment; however, actual remittances were made over 9 days after payroll payment.

Accordingly, certain participant contributions were not remitted to the Plan as soon as administratively feasible and are considered prohibited transactions under ERISA and the Internal Revenue Code. The amount of delinquent participant contributions was approximately $6,676 for 2025, $6,005 for 2024 and $4,715 for 2023. As of the date of this report, the Company had not completed corrective action with respect to these delinquent remittances.
