Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Concrete Systems, Inc. Retirement Trust (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits (modified cash basis) as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits (modified cash basis) for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 9 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with the modified cash basis of accounting.

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the modified cash basis of accounting, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

Management is also responsible for determining that the modified cash basis of accounting is an acceptable financial reporting framework in the circumstances.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of the modified cash basis of accounting.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with the modified cash basis of accounting.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Basis of Accounting

We draw attention to Note 2 of the financial statements, which describes the basis of accounting. The financial statements are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) (modified cash basis) as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than information that is agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that is agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that is agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Yours truly,

1. DESCRIPTION OF PLAN

The following description of the Concrete Systems, Inc. ("Company") Retirement Trust ("Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

A. General

The Plan is a defined contribution plan covering eligible employees of Concrete Systems, Inc., Cleco Manufacturing, Inc., CSI Tunnel Systems, LLC, and CSI Transport, LLC (the Plan Sponsors) who have attained age 21 and completed 90 days of service under the elapsed-time method, subject to the Plan's employee exclusions. Eligible employees may enter the Plan on the first day of the calendar month coinciding with or next following satisfaction of both requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended. Participation in the Plan is entirely voluntary.

B. Contributions

Each year, participants may contribute up to the maximum allowed by law. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Each participant individually directs contributions into investment account options as offered by John Hancock Life Insurance Company (U.S.A.) ("John Hancock") which are deposited in either a pooled separate account with John Hancock in the case of variable return options, or for contributions allocated to Guaranteed Interest Accounts, amounts are deposited in the John Hancock general account. Participants may change their investment percentage options daily and reallocate their investment portfolio a maximum of twice per month.

The Plan Sponsors elected to make safe harbor matching contributions in 2025 in accordance with statutory requirements. Safe harbor matching contributions equal 100% of a participant's elective deferrals up to 3% of eligible compensation, plus 50% of elective deferrals exceeding 3% but not exceeding 5% of eligible compensation. During the year ended December 31, 2025, the Plan Sponsors made employer matching contributions of $285,657.

The Plan Sponsors may also, at their discretion, contribute additional amounts. All Plan Sponsors' contributions are directed by the participants. No discretionary contributions were made during the year ended December 31, 2025.

1. DESCRIPTION OF PLAN (CONT.)

C. Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Sponsor's contributions, (b) Plan earnings (losses), and (c) forfeitures of terminated participants' nonvested accounts and may be charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

D. Vesting

Participants are vested immediately in their employee contributions and the Plan Sponsors' safe harbor matching contributions plus actual earnings thereon. Vesting in the Plan Sponsors' discretionary contributions and actual earnings thereon is based on years of credited service. A participant is 100% vested after six years of credited service.

E. Notes Receivable from Participants

Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the Plan administrator at the time the loan application is submitted. At December 31, 2025 and 2024, the interest rates on outstanding notes receivable ranged from 5.25% to 10.5%. Principal and interest are paid ratably through weekly payroll deductions.

F. Terminated Accounts

At December 31, 2025 and 2024, vested account balances of terminated participants remaining in the Plan totaled $577,070 and $536,388, respectively.

G. Payment of Benefits

Upon termination of employment, a participant may receive the vested account balance in a single lump-sum distribution or partial lump-sum distributions, subject to the Plan's provisions. Upon a participant's death, benefits are payable to the participant's beneficiary in accordance with the Plan. Participants may also receive in-service distributions of all or a portion of their vested account balance upon attaining age 59½. The Plan Administrator may permit installment distributions solely to the extent necessary to satisfy required minimum distribution rules.

1. DESCRIPTION OF PLAN (CONT.)

H. Hardship Withdrawals

Hardship withdrawals may be allowed in the case of immediate and heavy financial need that cannot be satisfied by other sources. Such withdrawals may be granted upon receipt of documented evidence. During the year ended December 31, 2025, there were no hardship withdrawals.

I. Forfeited Accounts

Forfeitures of sponsors' contributions can be used to pay Plan expenses or are applied to reduce subsequent sponsors' matching contributions. In 2025 there were no forfeited nonvested accounts. There was no balance in the forfeiture account as of December 31, 2025 and 2024.

J. Administration Expenses

The Plan Sponsors provided certain administrative and accounting services to the Plan at no cost. Any expenses not paid by the Sponsors shall be paid by the trustees out of the principal or income of the Plan. During the year ended December 31, 2025, expenses paid by the trustees out of the principal or income of the Plan were $47,204.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Basis of Accounting

The accompanying financial statements have been prepared on the modified cash basis, which is a comprehensive basis of accounting other than generally accepted accounting principles. Contributions are recognized when received and benefit payments and administrative expenses when paid. Modifications to the cash basis include recognizing investments, changes in investment values, and participant loans, and recording investment transactions and income as described in Notes 2.C. and 2.D. Accordingly, the financial statements are not intended to present the net assets available for benefits and changes in net assets available for benefits of the Plan in accordance with generally accepted accounting principles.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT.)

B. Estimates

The preparation of financial statements in conformity with the modified cash basis of accounting requires the Plan administrator to make estimates and assumptions that affect the reported amounts of Plan assets and changes therein at the date of the financial statements. The most significant estimate affecting the financial statements is the fair value measurement of investments. Actual results could differ from those estimates.

C. Investment Valuation and Income Recognition

Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value.) Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded when received by the Plan. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

D. Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance. As of December 31, 2025 and 2024, no allowance for credit losses has been recorded. Participants pay principal and interest through payroll deductions each pay period. Interest income is recognized by the Plan when it is received.

If required repayments are not made within the applicable cure period, the outstanding balance is treated as a deemed distribution for income tax purposes. A plan loan offset occurs when the participant's account balance is reduced to repay the loan.

Loan origination and administrative fees are charged directly to participants' accounts and are included in the Plan's administrative expenses. The Plan does not capitalize or defer any fees or costs associated with participant loans. Accordingly, there is no amortization of deferred loan fees or costs in the Plan's financial statements.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT.)

E. Payment of Benefits

Benefits are recorded when paid.

3. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of fair value hierarchy under this framework are described as follows:

Level 1 Inputs to the valuation methodology are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Plan can access at the measurement date.

Level 2 Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs that are unobservable inputs for the asset or liability.

3. FAIR VALUE MEASUREMENTS (CONT.)

Following is a description of the valuation methodologies used for assets measured at fair value:

Pooled-separate accounts – Valued at net asset value (NAV), based on quoted market prices in active markets, of shares of the underlying assets held by the Plan at year-end and used as a practical expedient to estimate fair value. The underlying investments of the pooled separate accounts consist solely of mutual funds, each of which follows a separate investment strategy.

The following table sets forth the Plan's assets at fair value as of December 31, 2025 and 2024:

	2025	2024
Investments Measured at Net Asset Value:		
Pooled-separate accounts	$12,026,911	$11,494,667

4. GROUP ANNUITY CONTRACT WITH INSURANCE COMPANY

The Plan has entered into a group annuity contract with John Hancock. John Hancock maintains contributions in its general account for contributions directed into the Guaranteed Interest Account (GIA), and maintains contributions in a pooled separate account for all other participant directed investment options. The accounts are credited with earnings on the underlying investments (principally mutual funds) and charged for participant withdrawals and administrative expenses. The group annuity contract issuer of the GIA is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan, provided all contributions remain in the account until the end of the guarantee period.

The GIA is a fully benefit-responsive investment and is reported at contract value. Contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the group annuity contract. Contract value, as reported to the Plan by John Hancock, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of the investment at contract value. The balance of investments held at contract value for the years ended December 31, 2025 and 2024, was $176,664 and $160,337, respectively.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rates of the GIA are established by John Hancock on the first day of each calendar month.

4. GROUP ANNUITY CONTRACT WITH INSURANCE COMPANY (CONT.)

Certain events limit the Plan's ability to transact at contract value with John Hancock. Such events include the following: (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) bankruptcy of the Plan Sponsors or other Plan Sponsors events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (3) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under the Employee Retirement Income Security Act of 1974, as amended. The Plan administrator does not believe that any events that would limit the Plan's ability to transact at contract value with Plan participants are probable of occurring.

5. RISKS AND UNCERTAINTIES

The Plan invests in a group annuity contract, which invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

6. PARTY-IN-INTEREST TRANSACTIONS

The group annuity contract is managed by John Hancock. John Hancock is the custodian of the Plan assets, and therefore, these are transactions that qualify as party-in-interest transactions. Commonwealth Financial Network provides investment advisory services to the Plan, which qualify as party-in-interest transactions. Participant loans also constitute party-in-interest transactions.

7. PLAN TERMINATION

Although it has not expressed any intent to do so, the Sponsors have the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their accounts.

8. TAX STATUS

The Plan uses a pre-approved plan document for which the IRS issued a favorable opinion letter dated June 30, 2020. The Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believes that the Plan is qualified and the related trust is tax-exempt.

The provisions of Accounting for Uncertainty in Income Taxes require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2025, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2021.

9. INVESTMENT INFORMATION PREPARED AND CERTIFIED BY THE CUSTODIAN
