In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Copan Diagnostics 401(k) Profit Sharing Plan & Trust's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

(Cont.)

Auditor's Responsibilities for the Audit of the Financial Statements (Continued)

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Copan Diagnostics 401(k) Profit Sharing Plan & Trust's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Copan Diagnostics 401(k) Profit Sharing Plan & Trust's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

(Cont.)

Auditor's Responsibilities for the Audit of the Financial Statements (Continued)

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedule of Assets (Held at End of Year) for Investment Purposes as of and for the year ended December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

(Cont.)

Other Matter - Supplemental Schedules Required by ERISA (Continued)

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

COPAN DIAGNOSTICS 401(K) PROFIT SHARING PLAN AND TRUST

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2025 AND 2024

A. DESCRIPTION OF THE PLAN

The following description of the Copan Diagnostics ("the Company") 401(k) Profit Sharing Plan & Trust ("the Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

1. General

The Plan is a defined contribution plan established to provide retirement benefits to all eligible employees, as defined, of the Company. An eligible employee of the Company must be 21 or older and have completed 3 months of service in order to participate in the Plan. An employee is credited for each month of service during which an employee completes one hour of service, whether or not consecutive months. An hour of service is any hour for which an employee is paid or is entitled to payment. The effective entry date for employees who become eligible to participate is the first day of the month coinciding with or following the date of meeting eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The benefits under this plan are not insured by the Pension Benefit Guaranty Corporation.

The Plan investments are administered and held in trust by the Plan's trustee, Reliance Trust Company. ADP, Inc. is the recordkeeper of the Plan.

2. Contributions

a. Each participant may contribute through payroll deferral up to a maximum of 86% and minimum of 1% of pre-tax annual earnings, subject to the Internal Revenue Code ("IRC") Rules and Regulations.

b. The Company has elected to make a safe harbor traditional enhanced matching contribution to the accounts of each eligible participant in each payroll period. The Company makes a safe harbor enhanced matching contribution equal to 100% of a participant's elective deferrals that do not exceed 6% of the participant's compensation. The match is determined and funded each payroll period and is not recalculated on a Plan Year basis at year end.

c. The Company may also make a discretionary nonelective profit sharing contribution to the Plan that will be allocated based on compensation to all eligible employees on an annual basis.

d. A participant or an employee, who has not satisfied the age or service eligibility requirements, may transfer funds in from other qualified plans. The transferred amount shall be invested and administered as a part of the trust fund and this transfer is 100% vested as defined in the Plan document. The Plan may accept such "rollovers" provided the "rollover" will not jeopardize the tax-exempt status of the Plan or create adverse tax consequences for the Company.

A. DESCRIPTION OF THE PLAN (CONT.)

2. Contributions (cont.)

e. A participant who is projected to reach age fifty (50) before the close of a taxable year will be permitted to make a catch-up contribution at any time during that Plan year. Catch-up contributions are contributions that exceed either the statutory limit as defined by the IRC Rules and Regulations, or the limit as defined by the Plan or any restrictions on contributions for certain highly paid employees. The limit on catch-up contributions for the year 2025 was $7,500 per individual aged 50 years and older. The limit on super catch-up contributions for the year 2025 was $11,250 per individual aged between 60 and 63 years.

3. Participant accounts

Each participant's account is credited with his/her contributions, the allocation of the Company's safe harbor contribution and non-elective contribution, and the Plan earnings (losses). Each participant will have full responsibility for the investment results of his/her investment choices as offered by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. All significant costs of plan administration are being absorbed by the employer.

Investment options include mutual funds.

4. Vesting

A participant is immediately 100% vested in his or her own deferral and rollover contributions as well as the Company's safe harbor match and discretionary non-elective contributions. Also, a participant will always be automatically 100% vested in his or her Company contribution account upon the earlier of reaching retirement age (65), at death or disability, or upon termination of the Plan. All contributions are 100% vested when made, so no vesting schedule applies.

5. Payment of benefits

A participant may elect to receive the full amount of his or her vested amount balance in the event of normal retirement at age 65, termination of service, death or disability. Early withdrawals are permitted at the request of a participant after the age of 59-1/2. All distributions of benefits under this plan shall be made by the company holding the investments in accordance with the terms and conditions set forth in the group contract. Hardship withdrawals are also permitted, as defined in the Plan document.

A. DESCRIPTION OF THE PLAN (CONT.)

5. Payment of benefits (Continued)

Benefits will be distributed by a single lump sum payment, substantially equal installment payments, or partial withdrawals of a $500 minimum amount. Distributions shall be made as soon as reasonably practicable following a distribution request. Participant consent is required only for distributions over $7,000, the cash-out limit.

6. Loans and withdrawals

A participant may elect to receive a loan in an amount that may not exceed the lesser of $50,000 or one-half of the participant's vested account. No loan will be granted in an amount less than $500. Only three loans may be currently outstanding for a participant. The loan interest is set at 2% above the prime rate, as defined by the published Wall Street Journal (14th of each month). Loan repayments and interest must occur at least quarterly under a loan amortization schedule. The repayment period for each loan must be no greater than five years, unless the loan qualifies as a home loan for a principal residence. The repayment term for a home loan may not be greater than 30 years. Any participant who is not an active employee may make repayments only through such means as are administratively feasible and adequately ensure repayment.

If a loan is unpaid beyond the last day of the calendar quarter following the calendar quarter in which the payment was missed, it will go into default. If the participant does not resume the current status of the loan by remitting missed payments and interest, the loan may be offset against the participant's vested balance. The loan will then be treated as repaid to the extent of the offset. The participant remains obligated for any unpaid principal and accrued interest pending final disposition of the note.

A participant may elect to withdraw from his or her account by demonstrating an immediate and heavy financial hardship. Immediate and heavy financial hardship includes, but is not limited to: non-elective medical expenses; costs related to the purchase of a principal residence (excluding mortgage payments); funeral or burial expenses; post-secondary tuition payments for the education of the participant and immediate family members; payments to prevent the eviction of the participant from a principal residence or foreclosure on the mortgage on that residence; or repair expense to a principal residence that would qualify as a casualty loss deduction. The minimum amount of a hardship distribution is $500.

A. DESCRIPTION OF THE PLAN (CONT.)

7. Forfeiture accounts

The portion of a participant's account balance that is not vested upon termination of employment will be forfeited. Any forfeitures occurring during a Plan year may be used first to pay administrative expenses or applied to reduce any Employer contribution on a per payroll period basis.

At December 31, 2025 and 2024, forfeited non-vested accounts totaled $11 and $33, respectively. Forfeited credits of $11 and $33 at December 31, 2025 and 2024, respectively, were included in the statement of net assets available for benefits. If the forfeited credits were excluded from the investments, the total net assets available for benefits would be $8,112,764 and $5,709,065 at December 31, 2025 and 2024, respectively.

B. SUMMARY OF ACCOUNTING POLICIES

Basis of accounting

The financial statements of the Plan are prepared using the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Investment valuation and income recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note C for a discussion of fair value measurement.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Estimates

The preparation of financial statements in conformity with GAAP requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

B. SUMMARY OF ACCOUNTING POLICIES (CONT.)

Notes receivable from participants

Loans to participants are reported at their unpaid principal balances plus accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. As of December 31, 2025 and 2024, no allowance for credit losses has been recorded. If a participant does not make loan repayments and the plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

Administrative expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Investment related expenses are included in net appreciation or depreciation in fair value of investments.

Payment of benefits

Benefits are recorded when paid. However, as of December 31, 2025, $969,465 of allocated balances for terminated participants were not paid because the participants did not request the withdrawal of their balances.

Date of management's review

Subsequent events were evaluated through October 13, 2026, which is the date the financial statements were available to be issued.

C. FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying statements of net assets available for benefits. The method used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

C. FAIR VALUE MEASUREMENTS (CONT.)

The fair value measurement hierarchy established under Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820 prioritizes the inputs to valuation techniques. This hierarchy consists of three broad levels:

- Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority,

- Level 2 inputs are inputs other than quoted prices included within Level 1 that are observable for the assets or liabilities, either directly or indirectly, including quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in markets that are not active; inputs other than quoted prices that are observable for the assets and liabilities; and inputs that are derived principally from or corroborated by observable market data by correlation or other means, and

- Level 3 inputs are unobservable and have the lowest priority.

The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 and 2 inputs because they generally provide the most reliable evidence of fair value. Level 3 inputs were only used when Level 1 or Level 2 inputs were not available.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Level 1 Fair Value Measurements

Mutual Funds - Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (“NAV”) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

C. FAIR VALUE MEASUREMENTS (CONT.)

The following table sets forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2025 and 2024:

	Fair value	Fair value measurements using: Quoted prices in active markets for identical assets (Level 1)
December 31, 2025		
Mutual funds	$ 7,825,672	$ 7,825,672
Total	$ 7,825,672	$ 7,825,672
December 31, 2024		
Mutual funds	$ 5,608,510	$ 5,608,510
Total	$ 5,608,510	$ 5,608,510

D. INFORMATION PREPARED AND CERTIFIED BY TRUSTEE

The following information included in the accompanying financial statements and supplemental schedules was obtained from data that has been prepared and certified to as complete and accurate by the trustee Reliance Trust Company as of and for the years ended December 31, 2025 and 2024:

	2025	2024
Investments at fair value:		
Mutual funds	$ 7,825,672	$ 5,608,510
Notes receivable from participants	287,103	100,588
Total investments at fair value	$ 8,112,775	$ 5,709,098
Investment income for the year		
Interest and dividend income	$ 463,863	$ 424,222
Net appreciation in fair value of investments	627,695	216,339
Interest on participant notes	16,952	11,045
Total investment income	$ 1,108,510	$ 651,606

E. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its nonelective contributions, if any, at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their employer contributions.

F. TAX STATUS

The Internal Revenue Service has informed the Company by a letter dated October 6, 2020 that the Plan and related trust are designed in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the opinion letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believe that the Plan is qualified and related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require the plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress. The Plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2022.

G. PARTY-IN-INTEREST TRANSACTIONS

Certain persons and entities that provide services to the Plan, and the Company and its employees, are parties in interest as defined by ERISA §3(14). A transaction between the Plan and a party in interest is prohibited by ERISA §406 unless a statutory or administrative exemption applies. The Plan's transactions with parties in interest during 2025, described below, were exempt from those rules.

The Plan issues loans to participants that are secured by participants' account balances. These transactions qualify as party-in-interest transactions, however, they are exempt from the prohibited transaction rules under ERISA.

Reliance Trust Company Company is the trustee and custodian of the Plan's assets and is a party in interest under ERISA §3(14)(A) and (B). The Trustee received no compensation directly from the Plan during the year ended December 31, 2025. The Plan holds no investment that is managed or sponsored by the Trustee; all of the Plan's investments are shares of open-end registered investment companies sponsored by unaffiliated fund families. Transactions with the Trustee are exempt under ERISA §408(b)(2).

G. PARTY-IN-INTEREST TRANSACTIONS (CONT.)

The Plan engages ADP, Inc. as the recordkeeper of the Plan.

Merrill Lynch, Pierce, Fenner & Smith Incorporated provides investment advisory services to the Plan and is a party in interest under ERISA §3(14)(B). That firm received no compensation directly from the Plan during the year ended December 31, 2025 and received indirect compensation from the Plan's investment options. Transactions with the investment adviser are exempt under ERISA §408(b)(2).

The Company pays for most of the expenses incurred in the administration of the Plan. Certain fees, to the extent not paid by the Company, are paid by the Plan. These transactions are not deemed prohibited party-in-interest transactions because they are covered by statutory and administrative exemptions from the IRC and ERISA rules on prohibited transactions.

H. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
