INDEPENDENT AUDITORS' REPORT

To the Retirement Plan Committee of
Hanson Bridgett LLP Profit Sharing Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audits

We have performed audits of the financial statements of Hanson Bridgett LLP Profit Sharing Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audits"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL's") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier ("qualified institution") in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, for the year ended December 31, 2025, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audits of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("U.S. GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audits of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAS, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audits does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audits of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audits section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with U.S. GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with U.S. GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audits.

Other Matter – *Supplemental Schedule Required by ERISA*

The supplemental schedule of Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with U.S. GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. Description of the Plan

The following description of Hanson Bridgett LLP Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Summary Plan Description and/or Plan agreement for a more complete description of the Plan's provisions.

General

The Plan was adopted by Hanson Bridgett LLP (the "Company") on February 1, 1974, and was most recently restated effective January 1, 2022. The Plan is a defined contribution plan subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA") and certain provisions of the Internal Revenue Code ("IRC"). All employees of the Company are eligible to participate in the Plan upon employment, except for union employees, leased employees, independent contractors, individuals who have entered into a contract or agreement excluding them from Company benefit plans, any employee employed as an attorney but not an equity partner or key employee as defined by the Plan, summer interns, and reclassified employees for the period during which they were misclassified. The Plan's administrator is responsible for oversight of the Plan. The Retirement Plan Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Plan's administrator.

Plan Administration

The Company is the administrator of the Plan. As administrator, the Company has exclusive authority and responsibility for all matters in connection with the operation and administration of the Plan. Charles Schwab Trust Bank was the appointed trustee for the Plan for the years ended December 31, 2025 and 2024, and acted at the direction of the Plan's administrator.

SECURE 2.0 Act

On December 29, 2022, the SECURE 2.0 Act of 2022 ("SECURE 2.0") was enacted as part of the Consolidated Appropriations Act of 2023. The provisions include additional increases to the required minimum distribution age, changes to long-term and part-time eligibility, new annual funding notice requirements, increased catch-up limits for some participants, a mandatory Roth catch-up requirement for high-income participants, and other provisions. The United States Department of the Treasury and the Internal Revenue Service ("IRS") continue to issue guidance and regulations implementing provisions of SECURE 2.0. The deadline for amending Plan documents was extended to December 31, 2026; accordingly, the Plan's sponsor is currently evaluating the provisions of SECURE 2.0 and related guidance to determine the full impact to the Plan and participants (see Note 10).

Contributions

The Plan includes automatic enrollment for all employees upon meeting eligibility unless they affirmatively elect not to participate in the Plan. Deferral contributions for employees entered under the automatic enrollment will start at 3% and will increase on July 1 of each year by 1% to a maximum deferral contribution of 10%. The Plan also includes an automatic savings increase of 1% on July 1, up to 10%, applicable to all employees deferring less than 10% who have not opted out of the automatic savings increase. Employees who elect to participate in the Plan may contribute a portion of their salary up to 50% of their compensation for that period, or up to the limits imposed by Section 402(g) of the IRC. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Effective January 1, 2025, participants who attain ages 60 through 63 during the year are eligible to make an enhanced catch-up contribution consistent with SECURE 2.0 and applicable IRS limits. Participants may elect to make Roth 401(k) contributions to the Plan, additional voluntary employee contributions, and contribute amounts representing distributions from other qualified defined benefit or contribution plans.

1. Description of the Plan, continued

Contributions, continued

The Company may make a discretionary non-elective contribution. Participants are eligible for the discretionary non-elective contributions on the quarterly entry date following the completion of 1,000 hours of service within a 12-month period and being employed on the last day of Plan year. For the year ended December 31, 2025, allocation is based on group classifications, such groups were: (i) equity-partners who are the age of 46 or older on the last day of Plan year, (ii) equity-partners under the age of 46 on the last day of Plan year, and (iii) non-attorney staff. For the year ended December 31, 2025, the Company made a discretionary non-elective contribution of the following for each respective group: (i) the maximum allowed under the requirements of the code up to 13.286% of compensation, (ii) the maximum allowed under the requirements of the code up to 7.5% of compensation, and (iii) 6.0% compensation. Additionally, the Plan allows qualified matching and qualified non-elective contributions. For the year ended December 31, 2025, the Company made a qualified non-elective contribution to non-highly compensated employees as a result of the Plan being top heavy. Participants direct the investment of their contributions into various investment options offered by the Plan.

Participant Accounts

Each participant's account is credited with the participant's contributions, Company contributions, Plan earnings or losses, and rollovers from other qualified plans. Plan earnings or losses are allocated based upon each participant's account balance. Participants are charged with an allocation of administrative expenses paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. Certain fees are charged to the fund investments and are offset against Plan investment income and loss as presented on the statement of changes in net assets available for benefits. Participants should refer to the prospectuses of these funds for details on the various types and amounts of investment fees charged to the Plan and their individual accounts. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participant contributions, rollovers, and net earnings on these contributions are fully vested when made or earned.

Company contributions and net earnings on these contributions are fully vested when made or earned for participants hired prior to August 1, 2019. For participants hired after August 1, 2019, Company contributions vest according to the following schedule:

Years of Service	Vesting Percentage
Less than 1	0%
1	25%
2	50%
3	75%
4 or more	100%

Participants are fully vested upon retirement, death, disability, or Plan termination.

1. Description of the Plan, continued

Notes Receivable from Participants

Participants are allowed two notes receivable at any time and may borrow from their fund accounts a minimum of $1,000 up to 50% of the value of their account balance, or $50,000, whichever is less. Note receivable terms range from one to five years, except for notes receivable used to purchase a primary residence, which may have a maximum term of 15 years. The notes receivable are secured by no more than 50% of the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates at the time the note receivable originates. As of December 31, 2025, the interest rates on notes receivable from participants ranged from 3.25% to 9.50% per annum. Principal and interest are paid in equal installments through payroll deductions, personal checks from employees on leave, or cashier's checks for the full payoff of the notes receivable.

Payments of Benefits

When participants leave the Company, upon retirement or for any other reason, those participants (or their beneficiaries) may receive the vested value of their account in a single lump-sum payment or equal installments. The Plan also allows for in-service withdrawals upon a participant attaining the age of 59½ or having a hardship. In-service withdrawals may be taken from all vested accounts, with the exception of hardships that may only be taken from tax deferrals, Roth, and non-elective contributions. In addition, the Plan allows for withdrawals of any rollover and voluntary employee contributions at any time.

Distributions under the Plan shall generally be made as soon as possible after the date of retirement, death, or termination of employment. Mandatory distributions of account balances under $7,000, per SECURE 2.0, will be made as soon as possible. In the event of a mandatory distribution greater than $1,000, if the participant does not elect to have such distribution paid directly to an eligible retirement plan specified by the participant in a direct rollover or to receive the distribution directly, the Plan's administrator will pay the distribution in a direct rollover to an individual retirement account designated by the Plan's administrator.

Investment Options

Upon enrollment in the Plan, a participant may direct their contributions in percentage increments into a series of mutual funds, a money market fund, and self-directed brokerage account offered by the Plan. Participants may change their investment options at any time.

Forfeitures

Forfeitures that occur during a Plan year may be used to pay expenses related to the administration of the Plan and to reduce future Company contributions. As of December 31, 2025 and 2024, forfeited non-vested accounts totaled $3,799 and $26,185, respectively. For the year ended December 31, 2025, forfeited funds in the amount of $34,088 were used to reduce Company contributions.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

2. Summary of Significant Accounting Policies, continued

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, disclosure of contingent assets and liabilities and changes in net assets available for benefits. Actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Retirement Plan Committee determines the Plan's valuation policies utilizing information provided by the investment advisor and trustees. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are reflected on a trade-date basis. Interest is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2025 and 2024.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants, self-directed brokerage accounts, and benefits paid to participants are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included in net appreciation in fair value of investments.

Information Certified by the Trustee

Charles Schwab Trust Bank has prepared and certified as complete and accurate the Plan's schedule of investment assets, notes receivable from participants, transactions, and net realized and unrealized gains and losses on investments, and interest and dividend income, which were used to prepare the accompanying financial statements and supplemental schedule.

3. Fair Value Measurements

Accounting standards for fair value measurements establish a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under these accounting standards are described below:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2025 and 2024.

Money market fund: Valued based on redemption values on the last business day of the Plan year.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common stocks, preferred stock, and exchange-traded funds: Valued at the closing price reported on the active market on which the individual securities are traded (private equity at the latest equity transaction price per share). Private equity common stock is valued at Level 3.

3. Fair Value Measurements, continued

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2025 and 2024:

	Investments at Fair Value as of December 31, 2025			
	Level 1	Level 2	Level 3	Total
Money market fund	$ 10,182,408	$ -	$ -	$ 10,182,408
Mutual funds	172,400,280	-	-	172,400,280
Common stocks	13,673,480	-	124,800	13,798,280
Preferred stock	10,965	-	-	10,965
Exchange-traded funds	5,477,173	-	-	5,477,173
Total assets in the fair value hierarchy	$ 201,744,306	$ -	$ 124,800	$ 201,869,106

	Investments at Fair Value as of December 31, 2024			
	Level 1	Level 2	Level 3	Total
Money market fund	$ 9,708,545	$ -	$ -	$ 9,708,545
Mutual funds	148,283,939	-	-	148,283,939
Common stocks	10,942,853	-	124,800	11,067,653
Exchange-traded funds	3,833,118	-	-	3,833,118
Total assets in the fair value hierarchy	$ 172,768,455	$ -	$ 124,800	$ 172,893,255

Changes in Level 3 Assets

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another.

There were no transfers in or out of Level 3, or any purchases or sales in 2025.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

3. Fair Value Measurements, continued

Quantitative Information about Significant Unobservable Inputs Used in Level 3 Fair Value Measurements

The following table represents the Plan's level 3 financial instruments, the valuation techniques used to measure the fair value of those financial instruments, as of December 31, 2025 and 2024, and the significant unobservable inputs and the ranges of values for those inputs.

Instrument	Fair Value December 31, 2025	Fair Value December 31, 2024	Principal Valuation Technique	Significant Unobservable Inputs
Common stock	$ 124,800	$ 124,800	Most recent private transaction	Share price based on most recent private transaction

4. Certified Information

The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified as complete and accurate by Charles Schwab Trust Bank as of December 31, 2025 and 2024, and for the year ended December 31, 2025:

	2025	2024
Investments, at fair value	$ 201,744,306	$ 172,768,455
Notes receivable from participants	$ 736,670	$ 810,993
Net appreciation in fair value of investments	$ 24,870,421	N/A
Interest and dividend income	$ 2,752,811	N/A
Interest on notes receivable from participants	$ 55,251	N/A

The private equity common stock investment in the amount of $124,800 as of December 31, 2025 and 2024 is not certified.

5. Related-Party Transactions and Party-in-Interest Transactions

Certain Plan investments are managed by Charles Schwab Trust Bank, the trustee of the Plan, and Mariner Wealth Advisors, investment and fiduciary advisors to the Plan. Any purchases and sales of these investments are performed in the open market at fair value. Such transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan, and are specifically exempt from the prohibition of party-in-interest transactions under ERISA. Fees incurred by the Plan for the investment management services are included in net appreciation in fair value of investments, as they are paid through revenue sharing, rather than a direct payment.

6. Tax Status

The Plan uses a non-standardized pre-approved plan document sponsored by Schwab Retirement Plan Services that received an opinion letter from the IRS dated September 21, 2020, which states that the non-standardized pre-approved plan document satisfies the applicable provisions of the IRC. The Plan itself has not received a determination letter from the IRS. The Plan has been amended since receiving the opinion letter. However, the Plan's management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC; therefore, no provision for income tax has been included in the Plan's financial statements.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Company does not believe the Plan has any uncertain tax positions. The Plan may be subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. Plan Termination

The Company has established the Plan with the intention and expectation that the Plan will continue indefinitely. However, the Company reserves the right at any time to terminate the Plan subject to the provisions of ERISA. In the event of termination of the Plan, distributions will be made to participants as described in the Plan agreement, and participants would become 100% vested in their Company contributions.

8. Risks and Uncertainties

The Plan provides for various investment options in any combination of a money market fund, mutual funds, and participant self-directed brokerage accounts offered by the Plan. Investment securities are exposed to various risks, such as interest rate, market fluctuations, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported on the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

As of December 31, 2025 and 2024, approximately 54% and 57%, respectively, of net assets are held in three funds.

9. Transfer of Assets (to) from Another Qualified Plan

The Company has two plans, Hanson Bridgett LLP Profit Sharing Plan and Hanson Bridgett LLP Associate 401(k) Plan, with various eligibility requirements. As employees change their positions in the Company and qualify for different plans, their account balances are transferred. For the year ended December 31, 2025, the Plan received a transfer from the Hanson Bridgett LLP Associate 401(k) Plan in the amount of $863,307.

10. Subsequent Events

In accordance with accounting standards affecting disclosures of subsequent events, the Plan evaluated subsequent events for recognition and disclosure through October 14, 2026, the date these financial statements were available to be issued.

Effective January 1, 2026, under SECURE 2.0, 401(k) catch-up contributions must be made on a Roth (post-tax) basis for participants age 50 and older whose prior year Federal Insurance Contributions Act wages exceed an applicable threshold.

Management has concluded that, other than noted above, no other material subsequent events have occurred since December 31, 2025 that require recognition or disclosure in these financial statements.
