Independent Auditor's Report

To the Retirement Plan Committee
Garff Companies 401(k) Retirement Savings Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of **Garff Companies 401(k) Retirement Savings Plan** (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2025 and 2024 and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

Supplemental Schedules Required by ERISA

The supplemental Schedule H, Line 4(a) – Schedule of Delinquent Participant Contributions and Schedule H, Line 4(i) – Schedule of Assets (Held at End of Year) are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

401(k) RETIREMENT SAVINGS PLAN
Notes to Financial Statements
For the Year Ended December 31, 2025

1. Description of the Plan

The following description of the Garff Companies 401(k) Retirement Savings Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

A. **General** – The Plan, which commenced on October 1, 1984, is a defined contribution plan covering all eligible employees of related Garff companies (the "Companies" or "Plan Sponsor"), as defined in the Plan document. Participants may participate in the Plan on the first day of the month after completing 30 days of service. The Plan is designed to qualify under Sections 401(a) and 401(k) of the Internal Revenue Code (the "Code") as amended and is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

The Administrative Committee is responsible for oversight of the Plan and has arranged for certain officers of the Companies to serve as trustees. The Administrative Committee determines the appropriateness of the Plan's investment offerings and monitors investment performance. For the year ended December 31, 2025, Delaware Charter Guarantee and Trust Company, d/b/a Principal Trust Company served as trustee and custodian. Principal Financial Group, a division of Principal Life Insurance Company, provided recordkeeping services for the Plan.

B. **Contributions** – Participants may elect to contribute up to 100% of their annual eligible earnings on a pre-tax basis, subject to the maximum amount allowable by the Internal Revenue Service ($23,500 for participants to age 50, $31,000 for participants between 50 to 59 years of age, $34,750 for participants from 60 to 63, and $31,000 for participants over 63 years of age). Participants may also contribute amounts representing distributions from other tax qualified retirement plans. The Plan includes a provision for a discretionary employer contribution calculated on a pay period basis. For the period from January 1, 2025 through December 31, 2025, the Company made an employer matching contribution equal to 50% of deferred elections up to 4% of eligible gross wages, subject to a cap of $2,000.

C. **Participant accounts** – Each participant's account is credited with the participant's contributions, an allocation of the Companies' contributions, as applicable, and the Plan's earnings and losses, which include administrative expenses. Allocations are based on participants' earnings or account balances, as defined in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

D. **Vesting** – Participants are immediately vested in their voluntary contributions, earnings thereon, and rollover contributions. Participants vest in discretionary employer matching contributions as follows:

Years of Service	Vested Percentage
1	20%
2	40%
3	60%
4	80%
5	100%

Participants also become 100% vested when the participant reaches normal retirement age (65), incurs a disability as defined by the Plan, or upon death.

1. Description of the Plan (continued)

E. **Investment options –** Upon enrollment in the Plan, a participant may direct participant contributions in any of the investment options listed in the accompanying supplemental schedule of assets. Unless limited by restrictions imposed by individual investment options and subject to redemption fees, participants may change their investment options on a daily basis.

F. **Notes receivable from participants –** Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance with terms from 1 year up to 5 years. The loans are secured by the balance in the participant's account and bear interest at the current prevailing market rate. Interest rates currently range from 4.25% to 10.50%. Principal and interest are paid ratably through semi-monthly payroll deductions. Notes receivable from participants become past due 60 days after termination of the participant and are deemed distributions after 90 days of delinquency.

G. **Payment of benefits –** Participants may receive the vested interest of their Plan account through a distribution of benefits upon retirement, death, termination of employment, or a qualifying withdrawal. Participants may elect to receive their benefits either in a lump sum or an annual installment amount equal to the vested benefit in their account. Participants who terminate with a vested balance of less than $5,000 may receive an automatic lump sum distribution of their balance. If their account balance is between $1,000 and $5,000 a rollover to a Principal IRA may occur.

H. **Forfeited accounts** – As of December 31, 2025 and 2024, forfeited non-vested accounts totaled $352,599 and $211,049, respectively, of which no amounts were used to offset any previously non-vested amounts reinstated to eligible participants who terminate and rehire before five consecutive breaks in service. Remaining amounts will be used to pay administrative expenses and then to offset future employer contributions. During the plan year ended December 31, 2025, $535 of forfeitures were used to offset administrative expenses and $249,900 of forfeitures were used to offset the discretionary employer matching contributions.

I. **Termination** – Although it has not expressed any intent to do so, the Companies have the right to terminate the Plan subject to the provisions set forth in ERISA. In the event of Plan termination, participants would become 100% vested in their accounts.

2. Summary of significant accounting policies

Basis of accounting – The financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of estimates – The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions to and deductions from net assets during the reporting period. Actual results could differ from those estimates.

Administrative expenses – Expenses related to investment advisory services and management fees are paid by the Plan. Expenses related to the maintenance of participant accounts and Plan administration are paid by the Companies.

2. Summary of significant accounting policies (continued)

Investment valuation and income recognition – Investments are reported at fair value. Quoted market prices are used to determine the fair value of shares of registered investment companies, which represent the net asset value of shares held by the Plan at year end. Investments in units of pooled separate accounts are stated at unit value, which is based on the aggregate fair value of the account in relation to the total number of units outstanding. The common/collective trust account is stated at unit value, which is based on the current fair values of the underlying assets of the fund; the common/collective trust account is also fully benefit-responsive. Therefore, an adjustment from net assets at fair value to contract value is reflected in the statements of net assets available for benefits. The investment contracts are reflected at contract value, since it represents the amount at which participants can execute transactions in the Plan.

There have been no changes made in the valuation methodologies used as of December 31, 2025 and 2024. Purchases and sales of investments are recorded on a trade date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date.

Notes receivable from participants – Notes receivable from participants are measured at their unpaid principal balance plus accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2025 or 2024. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Unit values – Individual participant accounts for the pooled separate accounts and common/collective trust are maintained on a unit value basis. Participants do not have beneficial ownership in the specific underlying securities or other assets in the funds, but do have an interest therein represented by units valued daily. The funds earn dividends and interest which are automatically reinvested in additional units. Generally, contributions to and withdrawals from each fund are converted to units by dividing the amounts of such transactions by the unit values as last determined, and the participants' accounts are charged or credited with the number of units properly attributable to each participant.

Payment of benefits – Benefits are recorded when paid.

3. Information prepared and certified by the Custodian

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Principal has certified that the following data included in the accompanying financial statements and supplemental schedules are complete and accurate with respect to investments:

- Investments at fair value
- Notes receivable from participants
- Interest income from notes receivable from participants
- Interest and dividend income
- Net appreciation/(depreciation) in fair value of investments
- Schedule of assets (held at end of year)

The Plan's independent public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule of assets (held at end of year).

4. Fair value measurements

FASB ASC 820 *Fair Value Measurements and Disclosures* provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets; quoted prices for identical or similar assets and liabilities in inactive markets; inputs other than quoted market prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2025 and 2024.

Pooled separate accounts: Valued at the Net Asset Value ("NAV") of units of the separate account. The NAV, as provided by the Custodian, is used as a practical expedient to estimating fair value. The NAV is based on the fair value of the underlying investments held by the account less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the separate account, the investment advisor reserves the right to temporarily delay withdrawal from the account in order to ensure that securities liquidations will be carried out in an orderly business manner.

Registered investment companies: Valued at the daily closing price as reported by the registered investment companies. These funds held by the Plan are open-ended funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. These funds held by the plan are deemed to be actively traded.

Common/collective trust: Valued at the NAV of units of a bank collective trust. The NAV, as provided by the Custodian, is used as a practical expedient to estimating fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The preceding methods described may produce a fair value calculation that may not be indicative of the net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

4. Fair value measurements (continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2025 and 2024:

	Investments at Fair Value as of December 31, 2025			
	Level 1	Level 2	Level 3	Total
Registered investment companies, measured at fair value	$ 90,508,323	$ -	$ -	$ 90,508,323
Total investments in the fair value hierarchy	$ 90,508,323	$ -	$ -	90,508,323
Pooled separate accounts and common/collective trust, measured at net asset value*				156,340,979
Total investments				$ 246,849,302

	Investments at Fair Value as of December 31, 2024			
	Level 1	Level 2	Level 3	Total
Registered investment companies, measured at fair value	$ 56,041,750	$ -	$ -	$ 56,041,750
Total investments in the fair value hierarchy	$ 56,041,750	$ -	$ -	56,041,750
Pooled separate accounts and common/collective trust, measured at net asset value*				152,677,820
Total investments				$ 208,719,570

* The fair value of the investments in the pooled separate accounts and common/collective trust have been measured using the net asset value per share practical expedient and are not categorized in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the Statements of Net Assets Available for Benefits. The pooled separate accounts and common/collective trust listed in the above charts are redeemed on a daily basis and do not have any redemption restrictions or unfunded commitments.

5. Party-in-interest transactions

Certain investments of the Plan, specifically pooled separate accounts, and common/collective trusts, are managed by the Plan's Custodian, and therefore, these transactions are considered exempt party-in-interest transactions. Administrative expenses paid to the Custodian qualify as party-in-interest transactions and totaled $616,209 for the year ended December 31, 2025.

6. Plan termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

7. Tax status

The Plan is designed to constitute a qualified plan under Section 401(a) and Section 401(k) of the Code and is, therefore, considered to be exempt from federal income taxes. The Plan received its latest opinion letter on June 30, 2020 in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Code. The Plan has been amended and restated since receiving the opinion letter. However, the Plan administrator and Plan Custodian believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Code. Accordingly, no provision for income taxes has been made in the accompanying financial statements.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2025, there are no uncertain positions taken, or expected to be taken, that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. Generally, the Plan's Form 5500 remains open to examination for three years from the date filed.

8. Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

9. Nonexempt transactions

During the year ended December 31, 2025, there were unintentional delays by the Companies in submitting participant contributions to the Plan custodian in the amount of $68,019. Any lost interest earned for these contributions is paid by the Companies and credited to the participants' accounts upon correction.

10. Excess contributions

The Plan failed to meet non-discrimination tests in accordance with IRS regulations during the Plan years ended December 31, 2025 and 2024, and it was determined certain participants would be refunded a portion of their contributions. The amount accrued as of December 31, 2025 and refunded in 2026 was $424,087, of which $424,087 were employee contributions and $0 were employer contributions. The amount accrued as of December 31, 2024 and refunded in 2025 was $603,917, of which $603,917 were employee contributions and $0 were employer contributions.

11. Subsequent events

The Plan has reviewed and evaluated material subsequent events through October 14, 2026, which is the date the financial statements were available to be issued.
