Swope Health Services Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audit of the financial statements of Swope Health Services Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statement of net assets available for benefits as of December 31, 2025, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained a certification from a qualified institution as of December 31, 2025, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP); and
- The certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

BDO USA, P.C., a Virginia professional corporation, is the U.S. member of BDO International Limited, a UK company limited by guarantee, and forms part of the international BDO network of independent member firms.

BDO is the brand name for the BDO network and for each of the BDO Member Firms.

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter — Supplemental Schedules Required by ERISA

The ERISA-required schedules of Supplemental Schedule H, Line 4(a) – Schedule of Delinquent Participant Contributions and Schedule H, line 4(i) - Schedule of Assets (Held at End of Year) as of December 31, 2025, are presented for purposes of additional analysis and are not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The certified investment information in the supplemental schedules agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Other Matter - Report on the 2024 Financial Statements

Predecessor auditors performed an audit of the 2024 financial statements of the Plan. In accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the prior year audit did not extend to any statements or information related to assets held for investment of the Plan that were certified by a qualified institution. Their report dated October 9, 2025 indicated that (a) the amounts and disclosures in the 2024 financial statements, other than those agreed to or derived from the certified investment information, were presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America, and (b) the information in the 2024 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C). Their report also indicated that the form and content of the 2024 supplemental schedules, other than the information in the 2024 supplemental schedules that agreed to or is derived from the certified investment information, were presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA; and the information in the 2024 supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determines meets the requirements of ERISA Section 103(a)(3)(C).

1. Plan Description

The following description of Swope Health Services Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan was established effective October 1, 1978. The Plan is a defined contribution plan that covers all employees meeting the eligibility requirements of Swope Health Services (the Company or the Plan Sponsor). The Plan has been amended throughout the years to comply with tax legislation and was most recently amended effective January 1, 2022. The Retirement Planning Committee is responsible for oversight of the Plan and determines the appropriateness of the Plan's investment offerings and monitors investment performance. The Plan and the trust of which it is a part are intended to satisfy all of the requirements for a qualified retirement plan under the appropriate provisions of the Internal Revenue Code (IRC) and similar state tax laws. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility

Employees are eligible to participate after they have completed two months of service. Eligibility for employer discretionary matching and discretionary non-elective contributions and employer safe harbor matching contributions requires participation in the Plan during the plan year. Plan entry dates are January 1, April 1, July 1, and October 1 of each year. Union employees, leased employees, non-resident aliens, reclassified employees and PRN employees are not eligible to participate in the Plan.

Contributions

Participants may contribute any percentage of their pretax annual compensation, as defined in the Plan, not to exceed limits set by the law. Participants may contribute any percentage (subject to the maximum allowed by the Internal Revenue Service (IRS)) of their after-tax annual compensation, as defined in the Plan, as Roth elective contributions. Participants who are age 50 by the end of the plan year may also make catch-up contributions to the Plan. Participants may also contribute amounts representing distributions from other qualified plans. Employees meeting the eligibility requirements are automatically enrolled in the Plan with a 3% deferral rate in the initial period unless they affirmatively elect not to participate in the Plan. The deferral rate increases to 4% in the first year after the initial period, 5% in the second year after the initial period and 6% in the third year after the initial period. Contributions are subject to certain limitations.

The Company made a safe harbor matching contribution for the year ended December 31, 2025, of: (a) 100% of the first 1% of eligible pay plus (b) 50% of the remaining participant contributions, up to a maximum of 6% of a participant's eligible wages.

The employer may also make annual discretionary matching contributions or discretionary non-elective contributions, which are determined each year by management of the Company. There were no discretionary matching contribution or discretionary non-elective contributions for the year ended December 31, 2025.

Investment Options

Participants direct their contributions, employer discretionary contributions and employer safe harbor matching contributions to any of the investment options offered and managed by Empower Trust Company, LLC and Empower Annuity Insurance Company of America (collectively, Empower). Participants may change their investment options daily over the phone or the internet.

Participant Accounts

Each participant's account is credited with the participant's salary deferral contribution and an allocation of: (a) the employer discretionary contributions, (b) the employer safe harbor matching contribution, and (c) plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their salary deferral contributions plus actual earnings thereon. For the employer safe harbor matching contributions and the employer discretionary matching contributions, a participant is 0% vested until they have one year of credited service, 50% vested after one year of credited service, and 100% vested after two years of credited service. For the employer discretionary non-elective contributions, a participant is 0% vested until they have three years of credited service, at which time he or she becomes 100% vested. To receive credit for a year of service for vesting purposes, a participant must complete at least 1,000 hours of service in a vesting service period. Upon normal retirement age (59½ years), death or disability, the participant will automatically become 100% vested.

Forfeitures

Forfeitures of terminated participants' nonvested balances are used to restore forfeitures, reduce employer contributions or pay plan expenses. During the year ended December 31, 2025, $15,614 of forfeitures were applied to reduce employer contributions. Forfeited nonvested accounts were $41,741 and $11,143 at December 31, 2025 and 2024, respectively.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of $1,000 and up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. A participant may have two loans outstanding at a time. These transactions are treated as transfers between the investment fund and the participant notes receivable fund. The terms of the notes receivable may vary based on the reason for the loan. The notes receivable are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates, 4.25% to 9.50% at December 31, 2025. Principal and interest are paid ratably through biweekly payroll deductions.

Payment of Benefits

On termination of service due to death, disability or retirement, a participant or his or her beneficiary may elect to receive an amount equal to the value of the participant's vested interest in his or her account in a lump-sum amount. For termination of service due to other reasons, a

participant will generally be entitled to receive a lump-sum distribution or to roll over the benefit into another tax-deferred plan. In addition, upon obtaining normal retirement age (59½ years), a participant may elect to withdraw all or a portion of their account balance. If the balance of the terminated participant's account does not exceed $1,000, the participant will receive a lump-sum payment in the absence of other instructions. If the participant's account balance exceeds $1,000 but does not exceed $5,000, then the Plan will distribute the funds to an individual retirement account if the participant did not make an affirmative election to either receive or roll over the distribution.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP), except for benefit payments, which are recorded when paid.

Contributions

Contributions from Plan participants, safe harbor matching, and the discretionary contributions from the employer are recorded in the year in which the employee contributions are withheld from compensation.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements. As of December 31, 2025 the Plan had one investment of 10% or more of total investments concentrated in the funds. As of December 31, 2024 there were no investments in the Plan that had 10% or more of total investments concentrated in the funds.

Investment Valuation and Income Recognition

Investments are reported at fair value, except for the fully benefit-responsive investment contract, which is reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Retirement Planning Committee determines the Plan's valuation policies utilizing information provided by the trustee and the investment custodian. See Note 4 for a discussion of fair value measurements.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contacts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would normally receive if they were to initiate permitted transactions under the terms of the Plan.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

Investment securities are exposed to various risks, such as interest rate, market and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and such changes could materially affect participant account balances and the amounts reported in the 2025 statement of net assets available for benefits.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. If a participant ceases to make the scheduled repayments and the Plan Administrator deems the participant to be in default, the participant's note receivable is reduced and a benefit payment is recorded based on the terms of the Plan.

Payments of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid directly by the Plan Sponsor and are excluded from these financial statements. Administrative expenses include fees related to the administration of notes receivable that are charged directly to the participant's account and certain recordkeeping fees paid by the Plan. Investment-related expenses are included in net appreciation of fair value of investments.

3. Information Certified by Empower Trust Company, LLC and Empower Annuity Insurance Company of America (Trustee and Custodian)

Certain information disclosed in the accompanying financial statements and ERISA-required supplemental schedules, related to investments and notes receivable from participants held as of December 31, 2025 and 2024 and net appreciation in fair value of investments and dividends, and interest income on notes receivable from participants for the year ended December 31, 2025, was obtained by management and agreed to or derived from information certified as complete and accurate by Empower, a qualified institution.

4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Mutual Funds - Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Pooled Separate Accounts - Pooled separate accounts are valued based on the daily calculation performed by the annuity provider according to the methods described in the annuity contract.

Common Collective Trusts - The common collective trusts are valued based on the NAV of units of the common collective trust. The NAV, as provided by the trustee and custodian, is used as a practical expedient to estimating fair value. The NAV is based upon the fair value of underlying investments comprising the trust less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value:

December 31, 2025

	Level 1	Level 2	Level 3	Total
Mutual funds	$ 22,308,478	$ -	$ -	$ 22,308,478
Pooled separate accounts	-	539,680	-	539,680
Investments, in the fair value hierarchy	$ 22,308,478	$ 539,680	$ -	22,848,158
Total Investments, measured at NAV [(a)]				7,934,945
Total Investments, at fair value				$ 30,783,103

December 31, 2024

	Level 1	Level 2	Level 3	Total
Mutual funds	$ 22,247,450	$ -	$ -	$ 22,247,450
Pooled separate accounts	-	514,995	-	514,995
Investments, in the fair value hierarchy	$ 22,247,450	$ 514,995	$ -	22,762,445
Total Investments, measured at NAV [(a)]				7,371,992
Total Investments, at fair value				$ 30,134,437

[(a)] In accordance with the *Fair Value Measurements* topic, investments in common collective trust funds are measured at NAV per share (or its equivalent) as a practical expedient and have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line item presented in the statements of net assets available for benefits.

The following table summarizes investments for which fair value is measured using the NAV per share practical expedient as of December 31, 2025 and 2024. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

December 31,

	Fair Value		Unfunded	Redemption	Redemption
Investment	**2025**	2024	Commitments	Frequency	Notice period
Common collective trusts	**$ 7,934,945**	$ 7,371,992	None	Daily	None

5. Unallocated Deposit Administration Contract

The Plan has a fully benefit-responsive unallocated deposit administration contract with Empower Annuity Insurance Company of America. Empower Annuity Insurance Company of America maintains the contributions in the Key Guaranteed Portfolio Fund. The Key Guaranteed Portfolio Fund meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan.

Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. Empower is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

The Plan held $527,102 and $330,302 of traditional investment contracts at contact value at December 31, 2025 and 2024, respectively.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

The crediting rate is based on a formula established by the contract issuer but may not be less than 0%. The crediting rate is reviewed on a quarterly basis for resetting.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan Administrator does not believe that the occurrence of any events that would limit the Plan's ability to transact at contract value with participants is probable of occurring.

The unallocated deposit administration contract does not permit the insurance company to terminate the agreement prior to 30 days' written notice.

6. Tax Status

The Plan has adopted a preapproved plan document that has received an opinion letter from the IRS dated June 30, 2020, stating that the form of the preapproved plan document was in compliance with applicable requirements of the IRC. The Plan has been amended since adopting the preapproved plan document; however, the Plan Administrator believes the Plan is designed, and is being operated, in compliance with the applicable requirements of the IRC.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. Plan Termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

8. Related-Party and Party-in-Interest Transactions

The Plan invests in mutual funds, pooled separate accounts, common collective trusts and an unallocated deposit administration contract managed through Empower, the trustee and the custodian, respectively, of the Plan. These transactions qualify as party-in-interest transactions. Fees paid by the Plan for recordkeeping amounted to $160,770 for the year ended December 31, 2025. In addition, fees paid by the Plan for investment management services are netted against investment income.

9. Prohibited Transactions

During 2024, the Plan Sponsor inadvertently failed to deposit approximately $4,991 of participant contributions and loan repayments related to four separate payroll periods within the required timeframe as stated by the United States Department of Labor regulations. The Plan Sponsor deposited lost earnings to correct this failure in 2026. The Plan Sponsor filed Form 5330 and paid applicable excise tax to the IRS in 2026. The correction and any excise taxes was made from the Plan Sponsor's assets and not from assets of the Plan.

During 2023, the Plan Sponsor inadvertently failed to deposit approximately $263,626 of participant contributions and loan repayments related to 13 separate payroll periods within the required timeframe as stated by the United States Department of Labor regulations. The Employer corrected these transactions during Plan year ended December 31, 2025.

10. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to net assets per Form 5500:

December 31,	**2025**	2024
Net Assets Available for Benefits, per the financial statements	**$ 32,579,799**	$ 31,722,045
Difference in deemed distributions	**(279,505)**	(253,015)
Net Assets, per Form 5500	**$ 32,300,294**	$ 31,469,030

The following is a reconciliation of net increase in net assets available for benefits per the financial statements to net income per Form 5500:

Year ended December 31, 2025		
Net Increase in Net Assets Available for Benefits, per the financial statements	$	857,754
Difference in deemed distributions		(26,490)
Net Income, per Form 5500	$	831,264

11. Subsequent Events

The Plan Sponsor has evaluated subsequent events through October 15, 2026, the date the financial statements were available to be issued.
