Independent Auditors' Report

To the 401(k) Committee of the
OrePac Savings and Investment Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2025 Financial Statements

We have performed an audit of the accompanying financial statements of OrePac Savings and Investment Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the Statements of Net Assets Available for Benefits as of December 31, 2025, and the related Statement of Changes in Net Assets Available for Benefits for the year then ended, and the related notes to the financial statements.

Management, having determined that it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL's) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2025 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section—

- The amounts and disclosures in the accompanying financial statements, referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- The information in the accompanying financial statements referred to above, related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that Management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2025 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of Matter—Plan Termination and Liquidation Basis of Accounting

As discussed in Note 1 to the financial statements, the Board of Directors of the Plan sponsor approved the termination of the Plan effective November 3, 2025, and management determined liquidation was imminent. As a result, the Plan has changed its basis of accounting from the going concern basis used in presenting the 2024 financial statements to the liquidation basis used in presenting the 2025 financial statements. Our opinion is not modified with respect to that matter.

Responsibilities of Management for the 2025 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect Management's responsibility for the financial statements.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2025 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by Management, as well as evaluate the overall presentation of the financial statements.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – 2025 Supplemental Schedule Required by ERISA

The supplemental schedule, as listed in the accompanying table of contents, as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of Management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

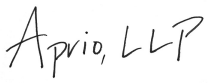

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that Management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditors' Report on the 2024 Financial Statements

The financial statements of OrePac Savings and Investment Plan as of December 31, 2024, were audited by Delap, LLP, who merged with Aprio, LLP as of January 1, 2026. In accordance with ERISA Section 103(a)(3)(c) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the prior year audit did not extend to any statements or information related to assets held for investment of the plan that were certified by a qualified institution. Their report dated October 15, 2025 indicated that in their opinion (a) the amounts and disclosures in the 2024 financial statements, other than those agreed to or derived from the certified investment information, were presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America, and (b) the information in the 2024 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103 (a)(3)(c). Their report also indicated that the form and content of the 2024 supplemental schedule, other than the information in the 2024 supplemental schedule that agrees to or is derived from the certified investment information, were presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, and the information in the 2024 supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(c).

OrePac Savings and Investment Plan

Notes to Financial Statements

Years Ended December 31, 2025 and 2024

1. Description of the Plan

The following description of the OrePac Savings and Investment Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established for the benefit of eligible employees of OrePac Holding Company (the Employer). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). Empower Trust Company, LLC ("Empower" or "Trustee") is appointed as the trustee of the Plan's assets. The Plan is administered by the OrePac Savings and Investment Plan Committee, whose members are employees of the Employer. Participants may direct their contributions and account balances into various investment options offered by the Plan.

Plan Termination

Effective November 3, 2025, the Board of Directors of the Employer elected to terminate the Plan. Accordingly, all participants became 100% vested, no new participants were permitted to enter the Plan, and no additional employee or employer contributions were made to the Plan related to compensation earned after the effective date of termination. Management is working to complete the distribution of remaining Plan assets to participants or beneficiaries as soon as administratively feasible, subject to completion of the applicable administrative and compliance procedures.

Eligibility

Employees – other than those who are non-resident aliens, leased employees, independent contractors, or covered by a collective bargaining agreement – were eligible to participate in the Plan once they had completed three months of service. Qualifying employees could have participated in the Plan on the first day of the month following the date that they meet the eligibility requirements. Additionally, participants must have been employed on the last day of the year and have 1,000 hours of service in the Plan year to receive non-elective contributions.

Contributions

The Plan included a salary deferral provision which provides for both pre-tax contributions and after-tax Roth 401(k) contribution. Participants could have elected to defer between 1% and 75% of their eligible compensation, subject to current Internal Revenue Code (IRC) limitations. Participants who had attained age 50 before the end of the Plan year are eligible to make catch-up contributions. The Plan included an auto-enrollment provision, whereby all newly eligible employees were automatically enrolled in the Plan unless they affirmatively elected not to participate or elected a different deferral rate. Automatically enrolled participants had their deferral rate initially set at 3% of their eligible compensation with annual increases by 1% each year up to a maximum of 10% unless the employee affirmatively elected otherwise. Such contributions were invested in a target date retirement fund based on the participant's age until changed by the participant. Eligible participants could also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (i.e., rollover contributions). A participant could not make non-deductible voluntary contributions to the Plan. In addition, participants had the option to make in-plan Roth rollover contributions.

The Employer was required to make safe harbor contributions equal to 100% of each participant's contributions up to 1% of the participant's eligible compensation, and 50% of each participant's contributions between 2% and 6% of each participant's eligible compensation, as determined on a pay period basis. The Employer could have also elected to make additional discretionary matching contributions and non-elective contributions to the Plan. Discretionary matching contributions could not exceed 6% of each participant's eligible compensation. Non-elective contributions were allocated to each participant's account as a uniform dollar amount. As of December 31, 2025 and 2024, there were no employer discretionary matching or non-elective contributions.

Participant accounts

Each participant's account was credited (charged) with the participant's contributions and allocations of (a) the Employer's contributions, (b) Plan earnings (losses), and (c) administrative expenses. Earnings (losses) for each investment fund were allocated to participants' accounts based on the individual participant's account balance as compared to the total balance of the related investment fund. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants were immediately 100% vested in all contributions to the Plan and the actual earnings (losses) thereon.

Forfeitures

As of December 31, 2025 and 2024, forfeited nonvested accounts were approximately $42,000 and $46,000, respectively. At the Employer's discretion, forfeited accounts could be used to reduce future Employer contributions and/or to pay Plan expenses. During the years ended December 31, 2025 and 2024, forfeitures used were not significant.

Notes receivable from participants

Prior to November 3, 2025, participants could elect to borrow a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their account balance, reduced by the highest outstanding participant note receivable balance in the preceding one-year period. Notes receivable from participants were secured by the balances in the respective participants' accounts and bear interest at rates commensurate to loans for similar terms with similar security by commercial lending institutions as determined by the Trustee. Notes receivable from participants used for the purchase of a home must be repaid within fifteen years. All other notes receivable from participants must be repaid within five years. Interest rates on notes receivable from participants outstanding as of December 31, 2025 ranged from 3.25% to 8.50%. Effective November 3, 2025, the Plan was amended such that no new notes receivable are allowed under the Plan.

Benefits

Involuntary distributions of vested balances less than or equal to $1,000 were automatically made in a lump-sum. If the terminated participant's vested balance exceeded $1,000 but was less than $5,000, and the participant did not elect to receive a distribution, the Plan permitted the plan administrator to make a distribution directly to an individual retirement account set up on the participant's behalf. For vested balances greater than or equal to $5,000, the Plan permitted a participant to elect a distribution by lump-sum. If the participant had attained age 70½, the participant could have elected to receive the minimum distribution amount required under the IRC in either a lump sum or in monthly installments. Upon reaching age 59½, participants could have made in-service withdrawals of part or all of their accounts, including the related earnings (losses).

Hardship withdrawals

Participants who were still employed by the Employer are permitted to take withdrawals from their accounts under certain financial hardship conditions, as described in the Plan document.

Administrative expenses

At the Employer's discretion, administrative expenses of the Plan could be paid directly by the Employer; certain other administrative expenses may be paid by the Plan. Expenses that were paid by the Employer are excluded from the accompanying financial statements. Fees related to the administration of notes receivable from participants were charged directly to the related participants' accounts and were included in administrative expenses in the accompanying statements of changes in net assets available for benefits. In addition, certain investment related expenses were offset against net appreciation in fair value of investments in the accompanying statements of changes in net assets available for benefits.

2. Summary of Significant Accounting Policies

Basis of accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

As a result of the Plan's termination (see Note 1) the Plan's financial statements as of December 31, 2025 have been prepared on the liquidation basis of accounting. The financial statement as of December 31, 2024 was prepared on the going concern basis of accounting.

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management of the Plan (Management) to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation

The Plan's investments were reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's 401(k) committee determines the Plan's valuation policies utilizing information provided by the Trustee. See Note 4 for discussion of fair value measurements.

Investment income recognition

Purchases and sales of investments were recorded on a trade-date basis. Interest income was recorded on the accrual basis. Dividends were recorded on the ex-dividend date. Net appreciation in fair value of investments included the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants

Notes receivable from participants were measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income was recorded on the accrual basis. Related fees were recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2025 or 2024. If a participant ceased to make loan repayments and the plan administrator deems the note receivable to be in default, the note receivable balance is reduced and a benefit payment is recorded.

Payment of benefits

Benefits were recorded when paid.

Subsequent events

Management has evaluated, for potential recognition or disclosure in the financial statements, subsequent events that have occurred through October 13, 2026, which is the date that the financial statements were available to be issued.

3. Certified Investments

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held as of December 31, 2025 and 2024, and net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the years then ended, was obtained by Management and agreed to or derived from information certified as complete and accurate by Empower Trust Company, LLC, a qualified institution.

4. Fair Value Measurements

The Plan reports its assets at fair value based on a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in inactive markets, inputs other than quoted prices that are observable for the asset or liability, and inputs that are derived from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

An asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for the Plan's assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2025 and 2024.

The fair value of the shares of mutual funds owned by the Plan is based on quoted net asset values on the last business day of the Plan year.

The fair value of the common collective trust funds is based on the net asset value ("NAV") on the last business day of the Plan year provided by the entity holding the trust funds. The NAV of the common collective trust is used as a practical expedient to estimate fair value and is determined by the fund trustee based on the fair value of underlying assets in the trust, less its liabilities.

The following tables set forth, by level within the fair value hierarchy, the Plan's assets measured at fair value as of December 31, 2025 and 2024:

	Level 1	Level 2	Level 3	Total
2025				
Mutual funds	$ 38,044,064	$ -	$ -	$ 38,044,064
Total investments in the fair value hierarchy	$ 38,044,064	$ -	$ -	38,044,064
Investment measured at NAV - common collective trusts (a)				26,069,055
Total investments at fair value				$ 64,113,119

	Level 1	Level 2	Level 3	Total
2024				
Mutual funds	$ 41,120,481	$ -	$ -	$ 41,120,481
Total investments in the fair value hierarchy	$ 41,120,481	$ -	$ -	41,120,481
Investment measured at NAV - common collective trusts (a)				24,266,216
Total investments at fair value				$ 65,386,697

(a) In accordance with ASC 820, certain investments that were measured at net asset value per share (or its equivalent) as of December 31, 2025 and 2024 have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the Statements of Net Assets Available for Benefits.

Investments in all collective trust funds can be redeemed immediately at the current net asset value based on the fair value of the underlying assets. There are no withdrawal limits, redemption frequency limits or redemption notice periods. There were no unfunded commitments for these investments as of December 31, 2025 and 2024.

5. Related Party Transactions

The Employer is the sponsor of the Plan and paid certain administrative expenses of the Plan during the years ended December 31, 2025 and 2024. In addition, the Plan administrator and members of the Plan's 401(k) committee are participants in the Plan.

6. Tax Status

The Plan adopted a defined contribution pre-approved plan (the Pre-approved Plan) developed by Empower. The IRS has determined and informed Empower by a letter dated November 14, 2022, that the Pre-approved Plan is designed in accordance with the applicable sections of the IRC. Although the Plan has been amended since receiving the determination letter, the plan administrator and the Plan's legal counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC, and, therefore, they believe that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America requires Management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. Management has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2025, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the accompanying financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. Risks and Uncertainties

The Plan invests in various investment instruments which are exposed to certain risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of the Plan's investments will occur in the near-term and that such changes could materially affect participants' account balances and the amounts reported in the accompanying financial statements and supplemental schedule.

8. Reconciliation of Financial Statements to the Form 5500

The following are reconciliations of net assets available for benefits according to the financial statements to the Form 5500 for the year ended December 31, 2025 and 2024:

	2025	2024
Net assets available for benefits according to the financial statements	$ 65,075,093	$ 66,904,921
Contributions receivable – end of year	-	(51,018)
Net assets available for benefits according to the Form 5500	$ 65,075,093	$ 66,853,903

Contributions were recorded on the Form 5500 under the cash basis of accounting.
