INDEPENDENT AUDITOR'S REPORT

October 14, 2026

To the Plan Administrator of the
Solvay Bank Employees Savings and Protection Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit
We have performed audits of the accompanying financial statements of Solvay Bank Employees Savings and Protection Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2025 and 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion
In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion
We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Solvay Bank Employees Savings and Protection Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements
Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements
Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit Section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

Auditor's Responsibilities for the Audit of the Financial Statements (Continued)

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

Other Matter - Supplemental Schedule Required by ERISA (Continued)
In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedule related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

1. DESCRIPTION OF PLAN

General

The following description of Solvay Bank Employees Savings and Protection Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

The Plan is a defined contribution plan sponsored by Solvay Bank (the "Bank", "Sponsor", or "Company") that provides a convenient, tax favored method of retirement savings for eligible employees. The Plan became effective on November 1, 1987 and is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). Empower Trust Company is the Custodian and Trustee of the Plan's assets.

Eligibility

Substantially all active employees of the Sponsor who have completed three consecutive months of service and attained age 21 are eligible to participate in elective deferrals and matching contributions.

Contributions and Contributions Receivable

Active participants may contribute a portion of their compensation as defined by the Plan, subject to the Internal Revenue Code ("IRC"), as administered by the Internal Revenue Service ("IRS"), limitations for each plan year. Active participants may also contribute any applicable rollovers from other qualified plans. Eligible participants, who attain the age of 50 before the end of the Plan year, are eligible to make catch-up contributions, subject to certain limitations of the IRC. The Plan also includes an Automated Contribution Arrangement ("ACA") provision to automatically withhold 3% of employee compensation for all employees unless the employee made an affirmative election in writing to decline, with no escalation.

The Plan provides for employer matching contributions. For the years ended December 31, 2025 and 2024, the Bank matching contributions were equal to 50% of participant contributions up to 6% of elective deferrals for all participants.

The Plan provides for safe harbor non-elective contributions as determined by the Company's Board of Directors. The Company made safe harbor non-elective contributions of $345,286 and $333,242 for the years ended December 31, 2025 and 2024, respectively. The funding for these qualified non-elective contributions was not made until after year-end. As such, there was a receivable recorded on the accompanying statements of net assets available for benefits as of December 31, 2025 and 2024.

1. DESCRIPTION OF PLAN (Continued)

Participant Accounts

An account is maintained for each participant. The fair value of each participant's account is determined as of each valuation date. The change in the fair value of each participant's account includes the effect of employer and participant contributions, income collected or accrued, realized and unrealized appreciation or depreciation of assets, distributions, withdrawals, administrative expenses, and all other transactions affecting the assets.

Net investment income by fund is allocated to each participant's account based on the portion in which the value of each participant's account bears to the total value of all participants' accounts. Participants may elect to transfer amounts between funds and change their allocations of contributions to the funds periodically. All investments are participant directed.

Vesting

Participants are fully vested in their contributions and their safe harbor non-elective contributions and earnings/losses thereon. Participants vest in the employer matching contributions at a rate of 20% per year of service and are 100% vested after five years of service.

Forfeitures

Forfeited non-vested account balances may be used to reduce future Company matching contributions and administrative expenses. At December 31, 2025 and 2024, the balance of the forfeiture account was $24,762 and $17,694, respectively. During the years ended December 31, 2025 and 2024, forfeitures totaling $6,562 and $6,029, respectively, were applied towards Plan expenses.

Benefits Paid to Participants

Upon retirement or termination of employment, participants may elect to receive a lump sum distribution of their vested account balance or elect a rollover to another qualified retirement plan or an Individual Retirement Account (“IRA”). Benefit payments from the Plan will be made in a lump sum (or IRA if over $1,000) distribution if the balance is less than $5,000 and the participant does not direct the Plan otherwise. Participants may elect to defer distributions from the Plan until age 72. Active participants may withdraw all or part of their share of each fund upon reaching age 59½ or earlier, if they suffer a financial hardship as described in the Plan Document.

Hardship Withdrawals

Hardship withdrawals from the Plan are permitted from a participant’s pre-tax contribution account, rollover contribution account, and the vested portion of the Company’s matching contribution account. All hardship withdrawals must comply with the rules relating to hardships, which are uniformly applicable to all participants.

Notes Receivables from Participants

A participant may apply for a loan to be made from his or her vested account balance in the Plan not to exceed the lesser of (i) $50,000 or (ii) 50% of the participant's vested account balance in the Plan. Repayments are made by bi-weekly deductions of fixed amounts from the participant's pay. All loans except those to purchase a primary residence must be repaid within five years. Loans bear interest at rates based upon current market rates at the time the loan is granted.

1. DESCRIPTION OF PLAN (Continued)

Administrative Expenses
The Plan pays for a substantial portion of expenses associated with the administration of the Plan, including investment management fees, which are netted against investment income. Certain administrative expenses are paid for by the Company.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting
The accompanying financial statements of the Plan are prepared in accordance with accounting principles generally accepted in the United States of America.

Investments
The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest is recorded on the accrual basis and dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Fair Value Measurements
Accounting Standards Codification ("ASC") 820, *Fair Value Measurements*, provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

- Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

- Level 2: Inputs to the valuation methodology include:

    - Quoted prices for similar assets or liabilities in active markets;
    - Quoted prices for identical or similar assets or liabilities in inactive markets;
    - Inputs other than quoted prices that are observable for the asset or liability;
    - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

- Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

A description of where the Plan's investments fall within the fair value hierarchy is provided at Note 4.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Notes Receivable from Participants
Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. No allowance for credit losses has been recorded as of December 31, 2025 or 2024. Delinquent notes are reclassified as distributions based on the terms of the Plan Document.

Benefits Paid to Participants
Benefits are recorded when paid.

Risks and Uncertainties
The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the accompanying financial statements.

Use of Estimates
The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires Plan management to make estimates and assumptions that affect the amounts reported in these financial statements and accompanying notes. Actual results could differ from those estimates.

3. INFORMATION CERTIFIED BY THE TRUSTEE OF THE PLAN

The following information was certified as complete and accurate by the Trustee in accordance with 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, and is included in the accompanying financial statements and supplemental schedule:

	2025	2024
Investments, at fair value	$ 20.508,519	$ 17,048,055
Notes receivable from participants	$ 281,738	$ 237,129
Investment income, net	$ 2,932,129	$ 2,081,539
Interest income on notes receivable from participants	$ 20,738	$ 18,227
Schedule of Assets (Held at End of Year)	Schedule I	

4. FAIR VALUE MEASUREMENTS

The following table summarizes financial assets measured at fair value on a recurring basis as of December 31, 2025, segregated by the level of the valuation inputs within the fair value hierarchy utilized to measure fair value:

	Level 1	Level 2	Level 3	Total Fair Value
Mutual funds	$ 19,531,777	$ -	$ -	$ 19,531,777
Common stock	654,120	-	-	654,120
	$ 20,185,897	$ -	$ -	20,185,897
Common collective trust funds, at net asset value				322,622
Total investments, at fair value				$ 20,508,519

The following table summarizes financial assets measured at fair value on a recurring basis as of December 31, 2024, segregated by the level of the valuation inputs within the fair value hierarchy utilized to measure fair value:

	Level 1	Level 2	Level 3	Total Fair Value
Mutual funds	$ 16,259,233	$ -	$ -	$ 16,259,233
Common stock	494,790	-	-	494,790
	$ 16,754,023	$ -	$ -	16,754,023
Common collective trust funds, at net asset value				294,032
Total investments, at fair value				$ 17,048,055

The Plan did not have investments that were valued using Level 3 inputs as of and for either of the years ended December 31, 2025 or 2024. There have been no changes in the methodology used as of December 31, 2025 or 2024.

The following is a description of the valuation methods used for assets measured at fair value. The methods described below may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Mutual Funds
Mutual funds are measured at fair value using quoted market prices in active markets and are determined to be level 1.

Common Stock
Common stock is measured at fair value using quoted market prices in active markets and are determined to be level 1.

4. FAIR VALUE MEASUREMENTS (Continued)

Common Collective Trust Fund
Common collective trust funds are measured at fair value using net asset value ("NAV") per share as a practical expedient based on the net value of participation units held by the Plan at year-end. The value of these units is determined by the Trustee based on the current market values of the underlying assets of the common collective trust fund based on information reported by the investment advisor using the audited financial statements of the common collective trust fund at year-end. The Plan held common collective trust funds as of December 31, 2025 and 2024 as described below:

MetLife Stable Value Fund
The objective of the MetLife Stable Value Fund – Series 25053 Class 0, common/collective trust fund is to provide safety and preservation of principal and accumulated interest for participant-initiated transactions. The interest credited to balances in this fund will reflect both current market conditions and performance of the underlying investments in this fund. This fund invests entirely in the MetLife Group Annuity Contract 25053 which consists of separately managed investment portfolios directed by Reliance Trust Company. This fund is a bank collective trust fund for which Reliance Trust Company serves as the trustee and investment manager. This fund is not FDIC-insured or registered with the Securities and Exchange Commission. There are no unfunded commitments and no withdrawal restrictions.

5. TAX STATUS

The IRS has determined and informed the Bank by a letter dated June 30, 2020, that the Plan and underlying trust, as then designed, were in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the determination letter; however, management believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the Internal Revenue Code and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

6. PARTY-IN-INTEREST TRANSACTIONS

Investments
The Plan investments include shares of stock of Solvay Bank Corp., which is the parent of Solvay Bank, the Plan sponsor and a Plan trustee. These investments and all related transactions qualify as party-in-interest transactions.

Notes Receivable from Participants
Notes receivable from participants qualify as party-in-interest transactions.

Transactions with Plan Sponsor and Trustee
Additionally, all transactions between the Company, Empower Trust Company, and the Plan qualify as party-in-interest transactions.

7. PLAN TERMINATION

Although it has not expressed any intent to do so, the Bank has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their employer contributions.

8. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

While total net assets available for benefits and the total change in net assets available agree between these financial statements and Form 5500 for 2025 and 2024, certain classifications may differ between these financial statements and Form 5500.

9. SUBSEQUENT EVENTS

Subsequent events have been evaluated through October 14, 2026, which is the date these financial statements were available to be issued.
