INDEPENDENT AUDITOR'S REPORT

Plan Administrator
Yes& Holdings LLC 401(k) Plan
Alexandria, Virginia

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of **Yes& Holdings LLC 401(k) Plan**, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of **Yes& Holdings LLC 401(k) Plan's** financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2025 and 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of **Yes& Holdings LLC 401(k) Plan** and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about **Yes& Holdings LLC 401(k) Plan's** ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of **Yes& Holdings LLC 401(k) Plan's** internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about **Yes& Holdings LLC 401(k) Plan's** ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedules Required by ERISA

The supplemental schedule of Schedule H, Line 4i – Schedule of Assets (Held at End of Year) for the year ended December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTE 1 – DESCRIPTION OF THE PLAN

The following description of **Yes& Holdings LLC 401(k) Plan** (the Plan) provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of **Yes& Holdings LLC** (the Company or Employer) who have been hired by the company and are not leased employees. The Plan was effective July 1, 1999, amended and restated most recently effective January 1, 2022. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year, participants may contribute a percentage of their pretax annual compensation not to exceed the maximum annual dollar amount imposed by the Internal Revenue Service regulations. Participants may also contribute amounts representing distributions from other qualified benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Company has a flexible discretionary match for employer contributions. The Company matched 100 percent of the first 3 percent of base compensation that a participant contributed to the Plan. All contributions are in cash.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of the Company's contributions and the Plan's earnings thereon. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting of employer contributions and earnings thereon are based on length of credited service plus actual earnings thereon. Employer contributions vest on the schedules below, based on elapsed-time periods of service:

Years of service	Employer matching contributions	Nonelective contributions
1	34%	20%
2	67%	40%
3	100%	60%
4	100%	80%
5	100%	100%

Payment of Benefits

On termination of service, death, disability or retirement a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in their account or annual installments over a fixed period of time, not to exceed the life expectancy of the participant. Benefits are recorded when paid.

Notes Receivable from Participants

Participants can borrow against their account balance. The minimum loan amount a participant may borrow is $750. Total loans to a participant cannot exceed 2 loans outstanding at any time. Loans shall bear interest of 1 percentage point over the prime interest rate. The loans are repaid by payroll deduction. All outstanding loan balances will become due and payable in their entirety upon severance of employment unless directly rolled over to another employer's plan.

Forfeited accounts

At December 31, 2025, forfeited nonvested accounts totaled $21,400. These accounts will be used to reduce future employer contributions. Also, in 2025, employer contributions were reduced by $1,910 from forfeited nonvested accounts.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

The accompanying financial statement have been prepared on the accrual basis of accounting, except for benefit payments, which are recorded when paid.

Use of Estimates

The presentation of financial statements in conformity with accounting principles generally accepted in the United States (GAAP) required the Company to make estimates that affect the amounts reported in the financial statements, accompanying notes, and supplemental schedule. Actual results could differ from estimates.

Notes Receivable from Participants

Notes receivable from participants represent participant loans that are recorded at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. Related fees are recorded as administrative expenses and are expensed as incurred. No allowance for credit losses have been recorded as of December 31, 2025. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be a distribution, the participant loan balance is reduced and a benefit payment is recorded.

Investments and Income Recognition

The investments of the Plan are stated at fair value as of the end of the year. Fair value measurements are determined in accordance with GAAP, which defines fair value, establishes a framework for measuring fair value, and expands disclosures about assets and liabilities measured at fair value. Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

For detailed information on each fund's investments and concentrations of credit risk, the Prospectus and the Annual Report are available from Principal Securities Inc.

Subsequent Events

The Plan has evaluated subsequent events through October 14, 2026, the date the financial statements were available to be issued.

NOTE 3 – INVESTMENTS

All investment information disclosed in the accompanying financial statements and supplemental schedule, including investments held at December 31, 2025, and net appreciation in fair value of mutual funds and interest and dividends for the year then ended, was obtained or derived from information provided to the plan administrator and certified as complete and accurate by Principal Life Insurance Company, Principal Global Investors Trust Company, and Principal Trust Company, the trustees.

NOTE 3 – INVESTMENTS (continued)

The following presents investments that represent five percent or more of the Plan's net assets at December 31, 2025.

Investment Name	Description	Fair Value at December 31, 2025	Percentage of Net Assets Available for Benefits

The Plan's ability to receive amounts due in accordance with its investment in common/collective trusts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. These events may be different under each contract. Examples of such events include the following:

1. The Plan's failure to qualify under Section 401(a) of the Internal Revenue Code or the failure of the trust to be tax-exempt under Section 501(a) of the Internal Revenue Code
2. Premature termination of the contracts
3. Plan termination of the contracts
4. Plan termination or merger
5. Changes to the Plan's prohibition on competing investment options
6. Bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spinoffs of a subsidiary) that significantly affect the Plan's normal operations.

The plan administrator believes that no events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

NOTE 4 – TAX STATUS

The Company adopted a prototype standardized profit sharing plan with a cash or deferral arrangement which received a favorable opinion letter from the Internal Revenue Service, which stated that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code. Although the Plan has been amended since receiving the determination letter, the plan administrator and the plan's tax counsel believe that the Plan is currently designed and is being operated in compliance with applicable requirements of the Internal Revenue Code and the Plan is qualified and the related trust is tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

The Plan is subject to routine audits by taxing jurisdictions; however there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2022.

NOTE 5 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to provisions of ERISA. In the event of plan termination, participants would become 100 percent vested in their employer contributions.

NOTE 6 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 7 – FAIR VALUE MEASUREMENTS

FASB ASC 820, *Fair Value Measurements,* establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 — Quoted prices in active markets for identical assets or liabilities that the Plan can access at the measurement date.

Level 2 — Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly.

Level 3 — Unobservable inputs for the asset or liability.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value.

Mutual and Money Market Funds and Pooled Separate Trusts: Valued at the closing price reported in the active market in which the fund is traded. These funds are required to publish their net asset value (NAV) and to transact at that price.

The Common/Collective Trust is part of the Managed Income Portfolio, which is a commingled pool, dedicated exclusively to the active management of assets of employee benefit plans. The primary objective is to seek the preservation of capital, as well as to provide a competitive level of income over time consistent with the preservation of capital. An event that limited the ability of the plan to transact at contract value with the issuer and that also limits the ability of the plan to transact at contract value with the participants in the plan, such as any of the following, must be probable of not occurring:

- Withdrawals resulting from the sale of a division of the sponsor of a Participating Plan (the "Plan Sponsor");
- A corporate layoff or early retirement program;
- Change(s) in the investment options of a Participating Plan; and
- Termination or partial termination of a Participating Plan, may be paid at the contract's market value, which may be less than contract value, or may be subject to a contract charge or penalty.

NOTE 7 – FAIR VALUE MEASUREMENTS (continued)

Investment contract: For purposes of benefit responsive withdrawals, investments in the are valued at contract value, which could be more or less than fair value. An investment contract is generally permitted to be valued at contract value, rather than fair value, to the extent it is fully benefit responsive and held by a trust offered only to qualified employer-sponsored defined-contribution plans. An investment contract is considered fully benefit responsive if: 1) it is effected directly between the Portfolio and the issuer and may not be transferred without the consent of the issuer, 2) the contract requires all permitted unitholder-initiated transactions with the Portfolio to occur at contract value without limitation, 3) it is improbable that an event will occur that would limit the ability of the Portfolio to transact at contract value with both the issuer and unitholders and 4) the Portfolio allows unitholders reasonable access to their funds. Investment contracts that do not meet the criteria for valuation at contract value will be valued at fair value as determined by the Trustee. These investment contracts provide for benefit responsive withdrawals at contract value.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025.

	Assets at Fair Value as of December 31, 2025			
	Level 1	Level 2	Level 3	Total
Common/Collective Trusts	$ 11,399,604	$ -	$ -	$ 11,399,604
Mutual Funds	2,596,034	-	-	2,596,034
Separate Pooled Accounts	1,340,516	-	-	1,340,516
Investments recorded at fair value	15,336,154	-	-	15,336,154
Investments measured at contract value[(a)]				246,231
Total Investments	$ 15,336,154			$ 15,582,385

(a) In accordance with Subtopic 820-10, certain investments that are measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

NOTE 8 – RELATED-PARTY TRANSACTIONS AND PARTY IN INTEREST TRANSACTIONS

Certain Plan investments are shares of mutual funds and common/collective trusts managed by Principal Securities. Affiliated entities of Principal Securities are the trustee and recordkeepers, as defined by the Plan and, therefore, these investments qualify as related-party and party-in-interest transactions. Fees paid by the Plan for investment management services amounted to $84,054 for the year ended December 31, 2025. These party-in-interest transactions are exempt from prohibited transaction rules of ERISA.
