INDEPENDENT AUDITORS' REPORT

To the Administrative Committee of
Spray Products Corporation 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Spray Products Corporation 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Spray Products Corporation 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Spray Products Corporation 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Spray Products Corporation 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Spray Products Corporation 401(k) Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Spray Products Corporation 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

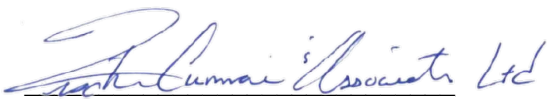

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. Description of Plan

The following description of the Spray Products Corporation 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan documents for a more complete description of the Plan's provisions.

General – The Plan is a defined contribution plan established October 1, 1997, and generally covers all employees except those covered by a collective bargaining unit. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Plan Administration – Spray Products Corporation (the "Company") is the Plan Administrator and is responsible for the general administration of the Plan.

Eligibility – An employee becomes eligible to participate in the Plan after completing two consecutive months of service with the Company. An eligible employee who has satisfied the eligibility requirements noted above will become a participant in the Plan for all contribution types as of the first day of the month coinciding with or next following the date the eligibility requirements are satisfied.

Contributions – The Plan consists of a 401(k) salary reduction feature that allows participants to contribute a percentage of eligible compensation, as defined by the Plan, up to the maximum annual deferral allowed by the Internal Revenue Service ("IRS") in the form of pre-tax and Roth contributions. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions (rollovers) from other qualified defined benefit or contribution plans.

The Company shall make a Safe Harbor matching contribution of up to 100% of the participant's elective deferral contributions that do not exceed 6% of the participant's annual eligible compensation, which shall be deemed the Employer's Matching Contribution.

The Company, in its discretion and as determined by the Company, may also make profit sharing contributions to the Plan. There were no profit sharing contributions for the year ended December 31, 2025, in accordance with the Plan documents.

Participants direct the investment of their contributions into the various investment options offered by the Plan.

Participant Accounts – Each participant's account is credited with the participant's contributions, allocations of the Company's contributions, and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan and Plan losses. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting – Participants are immediately 100% vested in their deferral and rollover contributions plus actual earnings thereon. Subject to Safe Harbor requirements, participants are immediately 100% vested in the Company's Safe Harbor matching contribution plus earning thereon. Participants vest in discretionary non-elective employer and certain employer matching contributions as follows:

Years of Service	Vested Percentage
0	0%
1	25%
2	50%
3	75%
4 or more	100%

Participants will become fully vested upon death, disability or early retirement**.**

Forfeited Accounts – Any Company contributions forfeited may be used to reduce future Company contributions or to offset Plan expenses. As of December 31, 2025 and 2024, forfeited nonvested accounts totaled $-0-, and $24, respectively. For the year ended December 31, 2025, $-0- in forfeitures were used to reduce employer matching contributions and $-0-in forfeitures were used to off-set Plan administrative expenses.

Notes Receivable from Participants – Participants may borrow from their fund accounts a minimum of $1,000 up to the maximum equal to the lessor of $50,000 or 50 percent of their vested account balance. The loans are secured by the vested balance in the participants account and bear a commercially reasonable rate of interest, which is commensurate with the local prevailing rates, as determined by the Plan Administrator. Loans are payable over a maximum period of five years unless the loan qualifies as a loan to purchase a residence, in which case a maximum thirty-year repayment plan is permitted. Principal and interest are paid ratably through bi-weekly payroll deductions.

Payment of Benefits – Upon termination of service due to, death, disability, retirement or early retirement, a participant may elect to receive a distribution of their vested account balance in the form of a lump-sum distribution, partial withdrawal, or as a substantially equal installment payment stream. In addition, participants may elect in-service withdrawals after reaching age 59-1/2 and participants are also permitted to make hardship withdrawals in certain cases of immediate and heavy financial need subject to limitations found in the Plan documents. Minimum required distributions for certain participants also apply per IRS regulations.

Terminated or deceased participants with a vested account balance equal to or less than $1,000 shall be paid in a single sum as soon as administratively possible. Terminated participants with a vested balance greater than $1,000 and less than or equal to $7,000 shall be paid their vested interest in a direct rollover to an IRA designated by the Plan Administrator as soon as administratively feasible following severance of employment.

2. Summary of Significant Accounting Policies

Basis of Accounting – The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates – The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition – The Plan's investments are reported at fair value, see Note 4. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Administrator determines the Plan's valuation policies utilizing information provided by the investment advisors and trustees.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Capital gain distributions are included in dividend income. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants – Notes receivable from participants are measured at their unpaid balance plus any accrued but unpaid interest. Related fees are recorded as administrative expenses and are expensed when they are incurred. Delinquent notes receivable from participants are reclassified as distributions based upon the terms on the Plan document.

Payment of Benefits – Benefits are recorded when paid.

Expenses – Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments. Expenses paid by the Plan are reduced by forfeitures and amounts received for revenue sharing, see Note 1.

3. Information Certified by the Trustee

Certain information in the accompanying financial statements and ERISA-required supplemental schedule, related to investments and notes receivable from participants held as of December 31, 2025 and 2024, and net appreciation (depreciation) in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2025 was obtained by management and agreed to or derived from information certified as complete and accurate by Ascensus, LLC, as an authorized representative of Ascensus Trust Company and Newport Trust Company LLC, a qualified institution.

4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under the framework are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value:

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common Collective Trust Funds: Units of common collective trust funds ("CCT"), including the stable value fund, are valued at their NAV, as a practical expedient to measure fair value, as determined by the issuers based on the fair value of the underlying assets within the fund.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables present information about the Plan's investments measured at fair value on a recurring basis as of December 31, 2025 and 2024, and indicates the fair value hierarchy of the valuation techniques utilized by the Plan to determine such value:

	2025			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 1,742,077	$ -	$ -	$ 1,742,077
Total investments in the fair value hierarchy	$ 1,742,077	$ -	$ -	$ 1,742,077
Investments measured at NAV [(a)]				13,805,825
Total investments measured at fair value				$ 15,547,902

	2024			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 1,459,941	$ -	$ -	$ 1,459,941
Total investments in the fair value hierarchy	$ 1,459,941	$ -	$ -	$ 1,459,941
Investments measured at NAV [(a)]				11,425,293
Total investments measured at fair value				$ 12,885,234

(a) In accordance with Accounting Standards Codification ("ASC") Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

5. Plan Termination

Although it has not expressed any intention to do so, the Plan sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their employer contributions.

6. Federal Income Tax Status

The Company has adopted a pre-approved plan document that has received an opinion letter from the IRS dated June 30, 2020, stating that the form of the pre-approved plan document was in compliance with the applicable requirements of the Internal Revenue Code (“IRC”). Although the Plan has been amended since receiving the determination letter, however, the plan administrator and the plan’s tax counsel believe that the Plan was designed and was being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan’s financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants’ account balances and the amounts reported in the statements of net assets available for benefits.

Plan investments include a variety of investments that may directly or indirectly invest in securities with contractual cash flows. The value, liquidity, and related income of these securities are sensitive to changes in economic conditions and may be adversely affected by shifts in the market's perception of the issuers and changes in interest rates.

8. Related-Party and Party in Interest Transactions

Certain plan investments are managed by the custodian and services are performed by affiliates of Ascensus, the recordkeeper of the Plan for which fees are charged; therefore, these transactions qualify as party in interest transactions. The Plan also holds notes receivable from participants, which qualify as related-party and party in interest transactions. Additionally, fees are paid to other services providers for investment advisory services. These transactions qualify as party-in-interest transactions and are exempt from the prohibited transaction rules of ERISA (exempt transactions).

9. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2025 and 2024 to the Form 5500:

	2025	2024
Net assets available for benefits per the financial statements	$15,889,997	$13,292,733
Less: Employer contributions receivable	-	(28,995)
Plus: Accrued interest on participant loans	923	1,766
Less: Certain deemed distributions of participant loans	(10,257)	(9,111)
Net assets per the Form 5500	$15,880,663	$13,256,393

The following is a reconciliation of the net increase in net assets available for benefits per the financial statements for the year ended December 31, 2025 to net income per Form 5500:

	2025
Net Increase per financial statements	$ 2,597,264
Change in employer receivable	28,995
Change certain in deemed participant loans	(1,146)
Change in accrued interest	(843)
Total income per the Form 5500	$ 2,624,270

10. Subsequent Events

Subsequent events have been evaluated through October 15, 2026, the date the financial statements were available to be issued.
