INDEPENDENT AUDITOR'S REPORT

To the HWI Retirement Administration Committee
HarbisonWalker International 401(k) Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of the HarbisonWalker International 401(k) Savings Plan (Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements (financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that are regulated, supervised and subject to periodic examination by a state or federal agency, provided that the statements or information are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP); and

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (U.S. GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is responsible for maintaining a current Plan instrument, including all Plan amendments. It is also responsible for administering the Plan and for determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with U.S. GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with U.S. GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2025 is presented for the purpose of additional analysis and is not a required part of the financial statements, but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with U.S. GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

HARBISONWALKER INTERNATIONAL 401(K) SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2025 AND 2024

NOTE 1 - DESCRIPTION OF PLAN

The following description of the HarbisonWalker International 401(k) Savings Plan (Plan) is provided for general information purposes only. Participants should refer to the Plan document or the summary Plan description for more complete information.

General - The Plan is a defined contribution plan sponsored by HarbisonWalker International, Inc. (HWI or Company) to provide retirement benefits to employees of the Company covered by a collective bargaining agreement. The Plan is structured to incorporate the provisions available under Section 401(k) of the Internal Revenue Code (IRC), which allows participant contributions to be excluded from federal and state income taxation within certain prescribed limits. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Effective January 2, 2026, the Plan was amended and restated to permit Roth 401(k) contributions and designated Roth rollover contributions. The restatement also amended certain provisions related to corrective distributions, hardship and in-service withdrawals, and the Plan's automatic contribution and automatic escalation arrangements. The amendment had no effect on the Plan's net assets available for benefits as of December 31, 2025 or its changes in net assets for the year then ended.

Participation and Eligibility - Employees of the Company covered by a collective bargaining agreement become participants upon attaining membership in their respective collective bargaining unit and upon completion of a probationary period under the terms of the applicable collective bargaining agreement. Leased employees, nonresident aliens who do not have United States source income and employees who are residents of Puerto Rico are excluded.

The Plan includes a provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate. Automatically enrolled participants have their deferral rate set at 3% of eligible compensation and their contributions are invested in the Vanguard Balanced Index Inst Fund until changed by the participant. The deferral percentage automatically increases by 1% each year up to a maximum of 6% of eligible compensation.

Contributions - Subject to certain limitations, participants may contribute up to 50% of their pretax annual compensation, as defined in the Plan and subject to IRC limitations. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions subject to IRC limitations. The Plan allows rollover contributions from other qualified plans for eligible employees. The Company provides a matching contribution; different provisions apply to different locations. For certain locations, the Company matches 25% of the first 6% of eligible earnings that a participant contributes to the Plan. Certain other locations match 100% of the first 3% and 50% of the next 3% of compensation. The Company can make discretionary nonelective contributions. No discretionary nonelective contributions were made during the year ended December 31, 2025.

Participants direct their contributions, actual earnings thereon and any contributions made on their behalf into various investment options offered by the Plan.

NOTE 1 - DESCRIPTION OF PLAN (Continued)

Participant Accounts - Each participant's account is credited with the participant's contributions and the Company's matching and discretionary contributions and allocations of Plan earnings and is charged with an allocation of administrative expenses. Plan earnings are allocated based on the participant's share of net earnings or losses of his/her respective elected investment options. Allocations of administrative expenses are based on the participant's account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting - Participants are immediately 100% vested in their contributions plus actual earnings thereon. Participants are either immediately 100% vested in the Company's matching portion plus actual earnings thereon or 100% vested after a one-year period, depending on the participant's location.

Notes Receivable From Participants - Participants may borrow against their vested account balances, provided that the new loan amount, when combined with all other outstanding loans, does not exceed the lesser of (a) $50,000 reduced by the excess of the participant's highest outstanding loan balance during the one-year period preceding the date on which the loan is made over the outstanding loan balance on the date the new loan is made, or (b) 50% of the participant's vested account balance. Loans are secured by the balance in the participant's account and bear interest at one percentage point higher than the prime lending rate. Principal and interest are paid through payroll deductions over a maximum five-year period unless the loan is utilized for a principal residence, in which case the loan must be repaid within 10 years. In accordance with Plan provisions, defaulted loans are treated as distributions.

Payment of Benefits - Distribution of account balances may be made upon retirement, disability, death, termination or, under certain circumstances, in the event of financial hardship. Service withdrawals are permitted once the participant reaches the age of 59½. In the case of retirement, death or termination, the participant or beneficiary may elect to transfer the qualifying portion of his or her account balance to an individual retirement account or, if applicable, another eligible employer plan. Distributions under the Plan are payable in lump-sum or installment amounts. Terminated participants whose vested balance is less than $5,000 are subject to a mandatory single-sum payment or direct rollover.

Disability Benefits - Employees who become totally and permanently disabled are eligible to receive the entire value of their account at the time of disability.

Administration - The Plan is administered by the HWI Retirement Administration Committee (Committee) and the HWI Retirement Investment Committee (Investment Committee) of the Company. The Committee oversees the administration of the Plan, including determining administrative actions and interpreting and applying the Plan's provisions. It has the right to settle claims on debts and to defend any claims arising from the operation of the Plan. The Investment Committee reviews the investments of the Plan quarterly with the investment consultant.

During the year ended December 31, 2025, the Plan transferred participant account balances related to two employees who transferred from the Plan to an affiliated non-union plan. In connection with this transaction, net assets of approximately $406,000 were transferred out of the Plan. The transfer included participant account balances and related investments and was recorded as a transfer of net assets in the accompanying Statement of Changes in Net Assets Available for Benefits.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A summary of significant accounting policies consistently applied by the Plan administrator in the preparation of the accompanying financial statements follows:

Basis of Accounting - The accompanying financial statements have been prepared on the accrual basis of accounting.

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Investment Valuation and Income Recognition - Investments are reported at fair value (except for a collective investment trust), which is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurement.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable From Participants - Notes receivable from participants represent participant loans that are recorded at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2025 or 2024. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be a distribution, the participant loan balance is reduced and a benefit payment is recorded.

Administrative Expenses - Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. The fees were not material for the year ended December 31, 2025. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and included in administrative expenses. Investment-related expenses are included in net appreciation of fair value of investments.

Payment of Benefits - Benefits are recorded when paid.

Subsequent Events - Management evaluated subsequent events for the Plan through October 15, 2026, the date the financial statements were available to be issued.

NOTE 3 - FAIR VALUE MEASUREMENT

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

NOTE 3 - FAIR VALUE MEASUREMENT (Continued)

The three levels of the fair value hierarchy under the Financial Accounting Standards Board Accounting Standards Codification Topic 820 are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets; quoted prices for identical or similar assets and liabilities in inactive markets; inputs other than quoted market prices that are observable for the asset or liability; or inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology that are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for investments measured at fair value. There have been no changes in the methodologies used as of December 31, 2025 and 2024.

Mutual funds are public investment vehicles valued using the net asset value (NAV) provided by the administrator of the fund on the last day of the Plan's year-end using a quoted price in an active market and are classified within Level 1 of the fair value hierarchy.

The Plan has a collective investment trust (CIT), an investment vehicle valued using the NAV provided by the trustee on the last day of the Plan's year-end. NAV is based on the value of underlying investments, primarily high-quality fixed-income investments, minus liabilities, then divided by the number of shares outstanding. The objective of the CIT is to preserve principal while generating earnings at competitive rates over time with short-term high-quality fixed-income investments while maintaining sufficient liquidity to provide participant-directed withdrawals at their proportionate share of contract value. Participant-directed redemptions have no restrictions, however the Plan is required to provide at least a 12-month written notice to redeem some or all of its shares in the fund. There were no unfunded commitments in regard to the CITs as of December 31, 2025 and 2024.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Further, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 3 - FAIR VALUE MEASUREMENT (Continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31:

	2025			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 35,874,903	-	-	$ 35,874,903
Investments, at fair value	$ 35,874,903	-	-	35,874,903
Investments measured at NAV (a) collective investment trust fund				5,781,840
Total Investments at Fair Value				$ 41,656,743

	2024			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 30,779,794	-	-	$ 30,779,794
Investments, at fair value	$ 30,779,794	-	-	30,779,794
Investments measured at NAV (a) collective investment trust fund				6,720,190
Total Investments at Fair Value				$ 37,499,984

(a) In accordance with Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

NOTE 4 - CERTIFICATION OF FINANCIAL INFORMATION (UNAUDITED)

The Plan administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, T. Rowe Price Trust Company (trustee), a qualified institution, has certified that the following investment information included in the accompanying financial statements and ERISA-required supplemental schedule is complete and accurate:

- Investments and notes receivable from participants as shown in the statements of net assets available for benefits as of December 31, 2025 and 2024.

- Interest and dividend income, net appreciation in fair value of investments and interest income on notes receivable from participants as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2025.

- Investment information included in the schedule of assets (held at end of year) as of December 31, 2025, as shown on the ERISA-required supplemental schedule.

At the request of the Plan administrator, the Plan's independent auditor did not perform auditing procedures with respect to this certified investment information, except for comparing such certified investment information to the related investment information included in the financial statements and ERISA-required supplemental schedule.

NOTE 5 - QUALIFIED NONELECTIVE CONTRIBUTION

During 2025, a system error at the Plan's third-party recordkeeper prevented the automatic enrollment of certain union employees who became eligible to participate in the Plan. As a result, employee elective deferrals under the Plan's automatic enrollment provisions were not withheld and remitted as intended. The issue was identified by Plan management during 2026.

In accordance with applicable Internal Revenue Service correction programs, the Plan Sponsor completed a corrective contribution process that included Qualified Nonelective Contributions ("QNECs") for missed employee deferrals, related employer matching contributions, and associated earnings. Corrective contributions were calculated based on the Plan's automatic enrollment default deferral rate of 3%, as management determined that none of the affected participants had elected a different deferral percentage. Earnings attributable to the corrective contributions were determined using a weighted rate of return methodology, where appropriate.

The corrective contributions and related earnings were deposited to participant accounts during July and August 2026, totaling approximately $42,000. Accordingly, any amounts attributable to the 2025 plan year that had not yet been remitted as of December 31, 2025, are reflected as a contribution receivable in the accompanying financial statements.

NOTE 6 - TAX STATUS

The underlying volume submitter plan has received an advisory letter from the Internal Revenue Service dated August 19, 2020, stating that the form of the Plan is qualified under Section 401 of the IRC and, therefore, the related trust is tax-exempt. Although the Plan has been amended since receiving the advisory letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by a taxing authority. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes that the Plan is no longer subject to income tax examinations for the years prior to 2022.

NOTE 7 - RELATED PARTIES AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments in mutual funds and the collective investment trust are managed by the trustee of the Plan. Fees paid by the Plan to the trustee for recordkeeping services were not significant for the year ended December 31, 2025. These transactions qualify as party-in-interest transactions. These transactions are not, however, considered prohibited transactions under Section 408(b) of the ERISA regulations. Certain administrative functions are performed by officers or employees of the Company at no cost to the Plan.

NOTE 8 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

NOTE 9 - RISKS AND UNCERTAINTIES

The Plan invests in securities that are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the risks value will occur in the near term, and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.
