INDEPENDENT AUDITORS' REPORT

To the Trustees and Participants of the
Natoli Engineering, Inc. Employees 401(k) Profit Sharing Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit
We have performed audits of the financial statements of **Natoli Engineering, Inc. Employees 401(k) Profit Sharing Plan** (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 8 to the financial statements, is complete and accurate.

Opinion
In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

INDEPENDENT AUDITORS' REPORT (CONTINUED)

Basis for Opinion
We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements
Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements
Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

INDEPENDENT AUDITORS' REPORT (CONTINUED)

Auditors' Responsibilities for the Audit of the Financial Statements (continued)
In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter — Supplemental Schedules Required by ERISA
The supplemental schedule of assets held for investment purposes and schedule of delinquent participant contributions at end of year as of December 31, 2025 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

INDEPENDENT AUDITORS' REPORT (CONTINUED)

Other Matter — Supplemental Schedules Required by ERISA (continued)
In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2025 AND 2024

NOTE 1 DESCRIPTION OF PLAN

The **Natoli Engineering Employees 401(k) Profit Sharing Plan** (the Plan) was adopted effective January 1, 1985, and has been amended and restated throughout the years to comply with tax legislation. The Plan was last restated effective January 1, 2009, with subsequent amendments on March 1, 2023, and June 15, 2026 (post year-end). The following description of the Plan provides only general information. For a complete statement of the Plan's provisions, participants should refer to the Plan agreement.

General

The Plan is a defined contribution plan covering employees of **Natoli Engineering Company, Inc.** (the Company) who meet certain eligibility requirements. An employee is eligible to participate in the Plan upon reaching age 18 and the completion of two months of service, as defined in the Plan document. Employees may participate in the Plan on the first day of the following month upon meeting the eligibility requirements. The Plan excludes non-resident aliens, leased employees, independent contractors, and employees covered under a collective bargaining agreement. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Trustees are responsible for the oversight of the Plan.

Contributions

The Plan includes a salary deferral arrangement allowed under Section 401(k) of the Internal Revenue Code (IRC). Eligible participants are permitted to elect to have a percentage, limited by Plan provisions, of their compensation contributed as pre-tax 401(k) contributions to the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions.

The Company may, at its discretion, elect annually to make matching and/or profit-sharing contributions to the Plan. Participants are eligible for matching contributions once they have completed two months of service. The Company's matching contribution is 50% of employee deferrals up to 7.00% of eligible compensation for the year ended December 31, 2025 and 2024.

Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of contributions into various investment options offered by the Plan. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and (b) Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balance or participant transactions as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment Options

The Plan offers a guaranteed investment contract or pooled separate accounts as investment options.

Vesting

Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the Company's matching and discretionary contributions portion of their accounts, plus actual earnings thereon, is based on years of credited service. A participant is 100% vested after six years of credited service. Notwithstanding the above, a participant is fully vested upon reaching normal retirement age, death, or permanent disability.

NOTE 1 DESCRIPTION OF PLAN (CONTINUED)

Payment of Benefits
Upon termination of service, death, disability, retirement, or any other event as specified in the Plan document, a participant may elect to receive their vested account balance, or any other permitted distribution, as a lump sum. Hardship distributions are allowed subject to Plan provisions. If a participant terminates employment and the participant's account balance does not exceed $1,000, the Plan administrator will authorize the benefit payment without the participant's consent. If the balance of the terminated participant's account is between $1,000 and $5,000, the Plan Sponsor may authorize the benefit payment to be rolled into an individual retirement account in the participant's name.

Participant Hardship Withdrawals
According to the Plan, each participant who has not attained age 59-1/2 may make a hardship withdrawal if he or she demonstrates that the withdrawal is necessitated by the participant's immediate and heavy financial need and the participant lacks the available resources.

Loans to Participants
Participants may borrow up to ½ (not to exceed $50,000) of the vested portion of their account, if approved by the Plan administrator. Loans bear a reasonable interest rate that is commensurate with the interest rates charged by local commercial banks for similar loans.

Forfeited Accounts
Participants who terminate their employment and are less than 100% vested in their employer's contributions forfeit their non-vested portion. The forfeitures may be used to reduce administrative expenses or used to reduce future Employer contributions. For the years ended December 31, 2025 and 2024, forfeitures added from distribution of non-vested accounts totaled $25,265 and $14,220, respectively. Forfeitures used to pay Plan expenses totaled $8,212 and $10,160 for the years ended December 31, 2025 and 2024, respectively. At December 31, 2025 and 2024, the Plan had cumulative forfeitures of $39,632 and $22,579, respectively.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting
The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan.

Use of Estimates
The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the financial statements and accompanying notes. Actual results could differ from those estimates.

Investments Valuation and Income Recognition
The Plan's investments are stated at fair value, except for the fixed interest account which is reported at contract value and the pooled separate accounts which are reported at net asset value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Investments Valuation and Income Recognition (continued)
Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Payment of Benefits
Benefits are recorded when paid.

Administration
The officers of the Company serve as Plan Trustees. Certain Plan expenses are absorbed by the Company at the Company's discretion and excluded from these financial statements.

Subsequent Events
Management of the Plan has evaluated subsequent events through October 15, 2026, which is the date the financial statements were available to be issued, for possible additional recognition or disclosure.

NOTE 3 INVESTMENTS

Investments
During 2025, the Plan's investments appreciated in value by $1,260,360.

The following table represents significant concentrations held within the investment assets:

	December 31,	
	2025	2024
Registered Investment Companies		
Fidelity Freedom 2040 K6	**$ 1,742,510**	$ 1,380,428
Fidelity Freedom 2030 K6	**1,885,960**	1,852,152
Fidelity Freedom 2035 K6	**1,750,321**	1,236,594
Fidelity Freedom 2025 K6	**1,253,020**	1,065,169

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of the investment securities will occur in the near term and that such changes could materially affect participants' account balances, and the amounts reported in the statements of net assets available for benefits.

NOTE 4 FAIR VALUE MEASUREMENTS

Financial accounting standards establish a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements).

NOTE 4 FAIR VALUE MEASUREMENTS (CONTINUED)

The three levels of the fair value hierarchy under the standards are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are significant unobservable inputs.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a summary of the inputs used, as of December 31, 2025 and 2024, respectively, involving the fund's assets carried at fair value.

- Registered Investment Companies– valued at the net asset value (NAV) of shares held by the Plan at year end. The NAV, as provided by the insurer and record-keeper, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the funds less its' liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, the Plan believes its valuation methods are appropriate and consistent with other market participants. The use of different methodologies or assumptions could result in a different fair value measurement at the reporting date. The Plan's investments are reported at net asset value and are not leveled on the fair value hierarchy for the years ended December 31, 2025 and 2024.

NOTE 4 FAIR VALUE MEASUREMENTS (CONTINUED)

Fair Value of Investments in Entities that Use Net Asset Value

The following table summarizes investments measured at fair value based on net asset value (NAV) per share (or its' equivalent) as of December 31:

(1) Investment Strategy

The multi-strategy pooled separate account and registered investment companies consist of sub-accounts investing in mutual funds. The mutual funds in the sub-accounts range from blended, bond, growth, money market, retirement, target date, value, and world stock options.

Each mutual fund sub-account has its' own investment strategy. Therefore, there is not one overall strategy for the pooled separate account and registered investment companies other than the Plan's investment objective of providing Plan participants with a sufficient variety of investments options to enable participants to achieve their individual investment goals for retirement. Participants can direct their money into the sub-accounts of their choice.

Participants can transact with the pooled separate account and registered investment company's sub-accounts on a daily basis by changing investment elections and transferring money between sub-accounts. At a Plan level, partial surrenders must be paid proportionately from all investment options and is limited to once per 90 calendar days.

NOTE 5 PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, all amounts credited to the participants' accounts will become 100% vested. Any unallocated assets of the plan shall be allocated to participant accounts and distributed in such a manner as the Company may determine.

NOTE 6 TAX STATUS

Financial accounting standards for uncertain tax positions prohibit financial statement recognition of the impact of a tax position if the position is not "more likely than not" to be sustained on audit, based on the technical merits of the position. The Plan's Annual Return/Report of Employee Benefit Plan remains subject to examination by taxing authorities for three years after they have been filed. As of October 15, 2026, no returns have been selected for examination.

The Plan adopted a prototype plan. The prototype plan was approved by the Internal Revenue Service in its latest opinion letter dated June 30, 2020. The Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (the IRC).

NOTE 7 PARTY-IN-INTEREST

Certain investments of the Plan were in entities affiliated with Fidelity Workplace Services LLC, the record-keepers of the Plan and, therefore, related transactions qualify as party-in-interest transactions.

NOTE 8 SUMMARY OF FINANCIAL DATA CERTIFIED BY CUSTODIAN

As permitted by Section 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator has elected to have Fidelity Management Trust Co., the custodians of the Plan, certify as to the accuracy and completeness of the information. Fidelity Management Trust Co. certified to the accuracy and completeness of the information at December 31, 2025 and 2024 included in the accompanying statements and instructed the Plan's independent accountants not to perform any auditing procedures with respect to such information.

Accordingly, the following information certified by Fidelity was not subjected to any auditing procedures except for comparing such information with related information contained in the accompanying statements.

A. Investments held by subservice organizations on behalf of Fidelity at fair value as of December 31, 2025 and 2024 included in the accompanying statements of net assets available for benefits.

B. Investment income included in the statement of changes in net assets available for benefits for the year ended December 31, 2025 and 2024.

C. Investments held by subservice organizations on behalf of Fidelity as of December 31, 2025 and 2024, included in the accompanying schedule of assets held for investment at end of year.
