To the Administrative Committee
Fisher Island Club, Inc. 401(k) Plan
Fisher Island, Florida

We have audited the financial statements of the Fisher Island Club, Inc. 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) for the year ended December 31, 2025 and we have issued our report thereon dated October 15, 2026. As permitted by ERISA Section 103(a)(3)(C), our audit did not extend to any statements or information related to assets held for investment of the Plan ("investment information") by Voya Retirement Insurance and Annuity Company and Fidelity Management Trust Company, (the "qualified institutions"), which is a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, that prepared and certified the statements or information regarding assets so held in accordance with 29 CFR 2520.103-5. Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements and ERISA-required supplemental schedule, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America ("U.S. GAAP"). Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP. Professional standards require that we provide you with information about our responsibilities under generally accepted auditing standards, as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our letter to you dated February 6, 2026. Professional standards also require that we communicate to you the following information related to our audit.

SIGNIFICANT AUDIT MATTERS

Qualitative Aspects of Accounting Practices

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by the Plan are described in Note 2 to the financial statements. No new accounting policies were adopted and the application of existing policies was not changed during 2025. We noted no transactions entered into by the Plan during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected. The most sensitive estimate affecting the financial statements was:

> Management's assessment of the valuation inputs for each Plan investment under Financial Accounting Standards Board Accounting Standards Codification ("ASC") 820, *Fair Value Measurements and Disclosures*, requires the Plan to assess and disclose in the financial statements the valuation input for each Plan investment. We evaluated the key factors and assumptions used to make the assessments for each Plan investment in determining it is reasonable in relation to the financial statements taken as a whole.

Certain financial statement disclosures are particularly sensitive because of their significance to financial statement users. The most sensitive disclosures affecting the financial statements were:

Disclosure in Note 3 regarding information certified by the qualified institutions which the Plan's independent accountants did not perform auditing procedures, except for comparing such information to the related information included in the financial statements and supplemental schedule of assets (held at end of year).

The disclosure of fair value measurements in Note 4 to the financial statements, which describes the valuation techniques used to measure each classification of the investments.

The disclosure of related party and party-in-interest transactions in Note 6 which describes the relationship between the Plan and its third-party service providers.

The financial statement disclosures are neutral, consistent, and clear.

Form 5500 Procedures

We are required to obtain and read a substantially complete draft of Form 5500 prior to dating our auditor's report. The purpose of this procedure is to identify any material inconsistencies between the draft Form 5500 and the Plan's financial statements. We identified no material inconsistencies in performing and completing our audit.

Difficulties Encountered in Performing the Audit

We encountered no significant difficulties in dealing with management in performing and completing our audit.

Reportable Findings and Internal Control Communications

For purposes of this letter, a reportable finding is a matter that includes one or more of the following: (1) noncompliance or suspected noncompliance with laws and regulations, (2) a finding that in our professional judgment is significant and relevant to you regarding your responsibility to oversee the financial reporting process, and (3) an indication of internal control deficiencies identified during the audit that have not been previously communicated to management by other parties and that we determined are sufficiently important to merit management's attention.

In planning and performing our ERISA Section 103(a)(3)(C) audit we considered the Plan's system of internal control over financial reporting ("internal control") as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of issuing our report on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we do not express an opinion on the effectiveness of the Plan's internal control, nor did we include a consideration of internal control relating to the investment information.

Our consideration of internal control was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and, therefore, material weaknesses or significant deficiencies may exist that were not identified. However, as discussed below, we identified a reportable finding that we consider to be deficiency in internal controls.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance. A material weakness is a deficiency, or a combination of deficiencies in internal control, such that there is a reasonable possibility that a material misstatement of the Plan's financial statements will not be prevented, or detected and corrected, on a timely basis.

We consider the following reportable finding to be a material weakness in the Plan's internal control:

Loan Processing
During audit procedures performed relating to participant loans, we identified instances whereby participant loan repayments had not commenced timely or had not commenced at all.

Recommendation – We recommend the Plan Sponsor review its processes surrounding participant loans to ensure that loans repayments are properly entered into the payroll system in accordance with the loan agreement. We also recommend the Plan Sponsor request a listing of issued loans from the third-party administrator on a monthly basis and agree this information to the payroll system to ensure that loan repayments are being processed in accordance with the loan agreement. We further recommend the Plan Sponsor contact its third-party administrator or ERISA specialist to determine if corrective action is required.

Participant Deferral Elections
During audit procedures performed relating to participant contributions, we identified instances in which either supporting documentation could not be provided for participant deferral elections or the supporting documentation provided did not agree with the actual deferrals being made. Additionally, during audit testing performed relating to participant contributions, we noted that one participant's deferral election made directly with the Plan's third-party administrator was not properly updated in the Company payroll system resulting in a mis-funding of contributions.

Recommendation – We recommend the Plan Sponsor review its processes surrounding participant deferral elections and related changes to ensure participant deferrals are supported by election forms or other documented means of communication. We also recommend an internal review be conducted for all participants making contributions to verify that the contributions being made are consistent with what the participant has elected. If any participants are making contributions that are inconsistent with their elections, we recommend the Plan Sponsor consult with its third-party administrator or ERISA specialist to determine if corrective action is required. Additionally, we recommend the Plan Sponsor review its processes surrounding participant deferral elections to ensure that all deferral elections and changes thereof are properly executed in accordance with the Plan document. We also recommend that Plan management perform periodic tests of these processes to ensure controls are in place and operating effectively. Further, we recommend the Plan Sponsor consult with its third-party administrator or ERISA specialist to determine if corrective action is required.

Employer Matching Contributions
During audit testing performed relating to employer matching contributions, we identified instances whereby the contribution was computed incorrectly. These contributions are computed manually by an employee of the Company with no additional review or approval by Plan management.

Recommendation – We recommend the Plan Sponsor review its procedures surrounding the computation of employer matching contributions and establish a process whereby these computations are reviewed and approved by a member of Plan management who is independent of the initial computation process prior to remittance to the Plan. We also recommend the Plan Sponsor contact its third-party administrator or ERISA specialist to determine if corrective action is required.

Late Remittances
The Plan reflects participant contributions which were not remitted to the Plan in a timely manner during prior multiple years which are in process of being corrected.

The Department of Labor ("DOL") requires that participant contributions be remitted to the Plan on the earliest date on which they can be reasonably segregated from the Plan's general assets, but in no event later than the 15th business day following the end of the month, in which amounts are contributed by employees or withheld from their wages. Failure to remit participant contributions to the Plan, in a timely manner, results in a prohibited transaction that must be separately reported to DOL and may result in penalties.

Recommendation – We recommend the Plan review the procedures involved in remittance of participant contributions to the Plan and institute the necessary controls to ensure participant contributions are remitted timely. We further recommend the Plan promptly correct all untimely remittances and consult with the appropriate ERISA counsel for guidance. Further, Form 5330 should be filed with the Internal Revenue Service to remit excise taxes due on the contributions that were not remitted timely, and lost earnings must be remitted to the Plan and then allocated to participants accordingly.

Corrected and Uncorrected Misstatements
Professional standards require us to accumulate all misstatements identified during the audit, other than those that are clearly trivial, and communicate them to the appropriate level of management. There were no misstatements detected as a result of audit procedures or corrected by management were material, either individually or in the aggregate, to the financial statements taken as a whole. There were no uncorrected misstatements.

Disagreements with Management
For purposes of this letter, a disagreement with management is a disagreement on a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditor's report. We are pleased to report that no such disagreements arose during the course of our audit.

Management Representations
We have requested certain representations from management that are included in the management representation letter dated October 15, 2026.

Management Consultations with Other Independent Accountants
In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to the Plan's financial statements or a determination of the type of auditor's opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

Other Audit Findings or Issues
We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the Plan's auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

OTHER MATTERS

Our responsibility for the ERISA-required supplemental schedule accompanying the financial statements is to perform adequate procedures to evaluate whether the form and content of the ERISA-required supplemental schedule, other than that agreed to or derived from the certified investment information, is presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, and whether the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

This information is intended solely for the use of the Plan administrator and management of the Plan and is not intended to be, and should not be, used by anyone other than these specified parties.

Report of Independent Auditor

To the Participants and Administrative Committee
Fisher Island Club, Inc. 401(k) Plan
Fisher Island, Florida

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Fisher Island Club, Inc. 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from qualified institutions as of December 31, 2025 and 2024 and for the year ended December 31, 2025, stating the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- The information in the financial statements referred to above related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the Financial Statements

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audits.

Supplemental Schedules Required by ERISA

The supplemental schedules, Schedule of Delinquent Participant Contributions – Form 5500, Schedule H, Part IV, Line 4a for the year ended December 31, 2025 and Schedule of Assets (Held at End of Year) – Form 5500, Schedule H, Part IV, Line 4i as of December 31, 2025, are presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, have been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedules related to assets held by and certified to by a qualified institutions agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note 1—Description of Plan

The following description of the Fisher Island Club, Inc. 401(k) Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan documents for a more complete description of the Plan's provisions.

General – The Plan, a defined contribution safe harbor plan, was established on January 1, 2006 for eligible employees of Fisher Island Club, Inc., the Plan's sponsor, and the Plan administrator (the "Company" or the "Employer"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended. An employee must be 21 years old to be eligible to participate in the plan and have a minimum service requirement of 6 months.

Plan Administration – The Plan is administered by the Company. The Plan's assets are maintained by Fidelity Management Trust Company as of December 31, 2025, and for the period from June 1, 2025, through December 31, 2025. Previously, the Plan's assets were maintained by Voya Retirement Insurance and Annuity Company as of December 31, 2024, and for the period from January 1, 2025, through May 31, 2025 (collectively the "qualified institutions"). The Plan's recordkeeping services and maintenance of participant account records are maintained by Definiti, LLC.

Contributions – Subject to certain limitations, under Internal Revenue Code ("IRC") Section 401(k), participants may contribute up to 100% of pre-tax annual compensation, subject to 2025 annual limits of $23,500, and an additional $7,500 for catch-up contribution for participants who are age 50 or older. Additionally, if a participant is eligible to make deferrals and is age 60-63 before the end of the calendar year, the participant may defer an additional $11,250 into the Plan as a pre-tax contribution, subject to certain IRC limitations and limits as defined by the Plan. Participants may also contribute amounts representing rollovers from other qualified defined benefit or defined contribution plans along with after-tax contributions. Participants may change their contribution elections quarterly.

The Employer matches 100% of the participant's elective deferral contribution up to 3% of the participant's compensation, plus 50% of the participant's elective deferral contribution over 3% up to 5% of the participant's compensation. In addition to a safe harbor matching contribution, the Plan allows for discretionary Employer matching and profit sharing contributions. The Employer made no discretionary Employer matching or profit sharing contributions during the 2025 Plan year.

Participant Accounts – Each participant's account is credited with the participant's contribution including any rollover amounts from qualified plans and allocations of: (a) the sponsor's discretionary-matching contribution, (b) the sponsor's discretionary profit sharing contribution, (c) Plan earnings (losses), and (d) forfeitures, and charged with the participant's distributions and allocations of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment Options – Participants may direct contributions to selected investments as made available and determined by the Plan administrator. Participants may change their investment options at any time throughout the year via direct phone and internet access to the third party administrator.

Vesting – Participants are fully vested in their elective contributions, as well as any rollover contributions, and Employer safe harbor matching contributions, plus or minus any earnings or losses thereon. Discretionary Employer matching and profit sharing contributions made, and earnings or losses thereon, are 25% vested after the completion of the first year of employment and are 25% vested each year until 100% vested after four years of credited service.

Note 1—Description of Plan (continued)

Forfeitures – Forfeitures occur when a participant terminates employment and is not vested in a portion of the Employer discretionary-matching and profit sharing contribution amounts. Forfeitures are used to reduce future Employer contributions and to offset administrative expenses. At December 31, 2025 and 2024, there were approximately $1,700 and $1,600 respectively, of forfeitures outstanding.

Notes Receivable from Participants – Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The interest rate is equal to the current prime rate plus one percentage point at the date the note is made. The effective interest rates on notes receivable from participants ranged from 4.25% to 10.50% as of December 31, 2025. The maximum note repayment period is five years unless the note is for the purchase of a primary residence, in which case the repayment schedule may be for a term in excess of five years. The notes are collateralized by the participant's vested interest in their account balance. Principal and interest payments with respect to the notes are credited solely to the account of the borrowing participant from which the note was made.

Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. Delinquent participant notes are reclassified as distributions based upon the terms of the Plan documents.

Hardship Distribution – Hardship distributions are permitted only if a participant is 100% vested and if the distribution is due to expenses incurred or necessary for medical care described in the IRC Section 213(d), purchase of a principal residence, payment of tuition, to prevent eviction from or foreclosure of the principal residence, or any other condition which the Internal Revenue Service ("IRS") deems an immediate and financial need of the participant.

Payment of Benefits – Upon termination of employment by reason of death, disability, or retirement, a participant is entitled to the entire participant account balance, which includes all of the vested Employer contributions allocated to the participant's account and all gains or losses attributable thereto. Terminating participants may elect to receive a distribution of their vested benefits in a lump-sum distribution or annuity contract. Participants should refer to the Plan documents for a full description of the distribution methods offered by the Plan.

Plan Termination – Although it has not expressed any intent to do so, the Company reserves the right at any time to amend, modify, or terminate the Plan without the consent of any participant or beneficiary, subject to the provisions of ERISA. In the event of such termination, the Plan provides that the participants shall become 100% vested in their accounts.

Note 2—Summary of significant accounting policies

Basis of Accounting – The accompanying financial statements are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of Estimates – The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition – Investments are reported at fair value, except for fully benefit-responsive investment contracts, which are valued at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Investment contracts held by a defined contribution plan are required to be reported at contract value. Contract value is the relevant measure attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. See Note 4 for discussion of fair value measurements.

Note 2—Summary of significant accounting policies (continued)

U.S. GAAP defines fair value as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction value hierarchy which requires an entity to maximize the use of observable inputs when measuring fair value.

Three levels of inputs may be used to measure fair value:

Level 1 – Inputs to the valuation methodology are quoted prices available in active markets for identical investments as of the reporting date;

Level 2 – Inputs to the valuation methodology are other than quoted prices in active markets, which are either directly or indirectly observable as of the reporting date, and fair value can be determined through the use of models or other valuation methodologies; and

Level 3 – Inputs to the valuation methodology are unobservable inputs in situations where there is little or no market activity for the asset or liability and the reporting entity makes estimates and assumptions related to the pricing of the asset or liability including assumptions regarding risk.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. The following is a description of the valuation methodology used for instruments measured at fair value, including the general classification of such instruments pursuant to the valuation hierarchy:

Mutual Funds – Valued at the daily closing price as reported by the fund. The mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded and are therefore classified within Level 1 of the valuation hierarchy.

Money Market Funds – Valued at the net asset value ("NAV") of shares held by the Plan at year-end. The NAV is based on the fair value of the underlying assets owned by the fund, less liabilities, divided by the number of shares outstanding. Money market funds seek to maintain a stable NAV of $1 per share and are classified within Level 1 of the fair value hierarchy.

Pooled Separate Accounts – These investments are public investment vehicles valued at the NAV of units of a trust. NAV, as provided by the administrator of the fund, is used as a practical expedient to estimate fair value and is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Transactions (purchases and sales) may occur daily. Investments measured at fair value based on NAV practical expedient are excluded from the fair value hierarchy.

The Plan believes its valuation method is appropriate and consistent with those of other market participants; however, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's losses and gains on investments bought and sold as well as held during the year.

Benefits Paid to Participants – Benefits are recorded when they have been processed and paid by the Plan.

Note 2—Summary of significant accounting policies (continued)

Administrative Expenses – Fees and expenses of the Plan for legal, accounting, and other administrative services may be paid directly by the Company or, at the Company's discretion, may be paid in whole or in part from Plan assets. A portion of the fees incurred by the Plan are paid through a revenue sharing agreement with the qualified institution in which a portion of excess investment revenue received by the qualified institution is allocated to an account and is used by the Plan to pay administrative expenses. During the year ended December 31, 2025, revenue received from this revenue-sharing agreement totaled approximately $8,000 and $18,000 was used to pay Plan expenses. At December 31, 2024, approximately $10,000 remained unutilized. At December 31, 2025, no amounts remained unutilized.

Notes Receivable from Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Related fees are recorded as administrative expenses and are expensed when they are incurred. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant note receivable balance is reduced and a benefit payment is recorded as defaulted distribution based upon terms of the Plan document.

Note 3—Information prepared and certified by the qualified institutions

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the qualified institutions have certified the following data included in the accompanying financial statements and supplemental schedule of assets as complete and accurate:

- Investments, at fair value, fully benefit-responsive investment contract, at contract value, and notes receivable from participants as shown in the statements of net assets available for benefits as of December 31, 2025 or 2024.

- Net appreciation in fair value of investments, and interest income on notes receivable from participants, as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2025.

- Schedule of Assets (Held at End of Year) – Form 5500, Schedule H, Part IV, Line 4i as of December 31, 2025.

Note 4—Fair value of financial investments

Below are the Plan's financial instruments as of December 31, 2025 and 2024, carried at fair value, on a recurring basis by the fair value hierarchy levels described below:

	As of December 31, 2025				
	Quoted Prices in Active Markets for Identical Assets (Level 1)	**Significant Observable Inputs (Level 2)**	**Significant Unobservable Inputs (Level 3)**	**Other ****	**Total Fair Value**
Mutual Funds	$ 16,263,635	$ -	$ -	$ -	$ 16,263,635
Money market fund	2,382	-	-	-	2,382
Total investments in fair value hierarchy	$ 16,266,017	$ -	$ -	$ -	$ 16,266,017

Note 4—Fair value of financial investments (continued)

	As of December 31, 2024				
	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Other **	Total Fair Value
Pooled separate accounts	$ -	$ -	$ -	$ 13,121,304	$ 13,121,304

** Certain investments that are measured at fair value using NAV per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits. There are no unfunded commitments, redemption frequency is allowed daily, and there is no redemption notice period.

Note 5—Fully benefit-responsive investment contract

During the years ended December 31, 2024 and 2025, the Plan held interests in guaranteed investment contracts ("Voya Fixed Account" and "APEX Guaranteed Fixed Interest Fund A5", respectively). These accounts were credited with contributions and earnings on the underlying investments and charged for participant withdrawals and administrative expenses charged by the qualified institution. The guaranteed investment contract issuers are contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

As described in Note 2, because the guaranteed investment contracts are fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contracts. Contract value, as reported to the Plan by the qualified institution, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. There are no reserves against contract value for credit risk of the contract issuers or otherwise.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spinoffs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA.

The Plan administrator does not believe any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring.

Note 6—Party-in-interest transactions

Certain Plan investments and the related transactions as of December 31, 2025 and 2024, and for the year ended December 31, 2025, were in investments managed by the qualified institutions; therefore, these investments and transactions qualify as party-in-interest transactions. Fees paid during the year for accounting and other services rendered by parties-in-interest were based on customary and reasonable rates for such services. These administrative expenses totaled approximately $20,000 for the year ended December 31, 2025.

Notes receivable from participants are also considered to be party-in-interest transactions because they are transacted with Plan participants.

Note 7—Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

The Plan's investments are diversified among various investment options; however, a significant portion of the Plan's investments are held in funds managed by a single investment provider. As a result, the Plan is subject to concentration risk associated with that investment provider.

Note 8—Income tax status

On June 30, 2020, the Internal Revenue Service stated that the volume submitter profit sharing plan adopted by the Plan, as then designed, qualified under Section 401 of the IRC. The prototype plan has been amended since receiving the opinion letter. The Plan has not received a determination letter specific to the Plan itself however, the Plan administrator believes the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, the Plan administrator believes the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. Plan management has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2025 or 2024, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to audit by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 9—Nonexempt transactions

During the Plan year ended December 31, 2025, certain participant contributions totaling $333,940 were not remitted to the Plan within the time period required by the U.S. Department of Labor. These transactions constitute nonexempt prohibited transactions as defined by ERISA. As of December 31, 2025, the Sponsor is in the process of calculating the lost earning on these participant contributions and are reported on the accompanying Schedule of Delinquent Participant Contributions..

Note 9—Subsequent events

The Plan's management evaluated subsequent events through October 15, 2026 in connection with the preparation of these financial statements, which is the date that the financial statements were available to be issued.
