Independent Auditors' Report

To the Board of Trustees
Animal Medical Center 403(b) Tax Sheltered Annuity Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of the Animal Medical Center 403(b) Tax Sheltered Annuity Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits (modified cash basis) as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits (modified cash basis) for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institutions).

Management has obtained certifications from qualified institutions as of December 31, 2025 and 2024 and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with the modified cash basis of accounting as described in Note 2.
- the information in the financial statements referred to above related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

PKF O'Connor Davies, LLP is a member firm of the PKF International Limited network of legally independent firms and does not accept any responsibility or liability for the actions or inactions on the part of any other individual member firm or firms.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of Matter - Basis of Accounting

We draw attention to Note 2 of the financial statements, which describes the basis of accounting. The financial statements are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our report is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the modified cash basis of accounting described in Note 2, and for determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of the modified cash basis of accounting as described in Note 2.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with the modified cash basis of accounting as described in Note 2.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedules of: (1) Schedule H, Part IV, Line 4a – Schedule of Delinquent Participant Contributions (modified cash basis) for the year ended December 31, 2025 and (2) Schedule H, Part IV, Line 4i – Schedule of Assets (Held at End of Year) (modified cash basis) as of December 31, 2025 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
In our opinion:

- the form and content of the supplemental schedules (modified cash basis), other than the information in the supplemental schedules (modified cash basis) that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedules (modified cash basis) related to assets held by and certified to by qualified institutions agrees to or is derived from, in all material respects, the information prepared and certified by institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Animal Medical Center 403(b) Tax Sheltered Annuity Plan

Notes to Financial Statements
(Modified Cash Basis)
December 31, 2025

1. Description of Plan

The Animal Medical Center (the “Center” or “Employer”) adopted the Animal Medical Center 403(b) Tax Sheltered Annuity Plan (the "Plan") as of January 1, 1991. Effective January 1, 2018, the Plan document was amended and restated, including certain provisions effective at later dates. The following description of the Plan provides only general information about the Plan. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General and Eligibility

The Plan is a defined contribution plan which permits all eligible employees, as defined in the Plan document, of the Center to participate. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions

Each year participants may contribute their annual pre-tax compensation as defined in the Plan document up to the limits imposed by sections 415, 402(g) and 403(b) of the Internal Revenue Code (“IRC”). Participants may also include, as rollover contributions, those distributions they may receive from other qualified defined-benefit or defined-contribution plans from prior employers. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions up to the statutorily permitted amount. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan maintains two annuities, which guarantee a minimum interest rate, a pooled separate account and 20 registered investment companies and 36 mutual funds through Teachers Insurance and Annuity Association of America and College Retirement Equities Fund (“TIAA and CREF”) and Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company (“Principal”). Effective January 1, 2014, the Plan was amended to reflect a change which participants can no longer contribute to investment options offered by TIAA and CREF.

In 2018, the Center implemented a 33 1/3% discretionary match on the first 3% of participant contributions. Participants will become eligible for the match after completing 21 years of age and one year of service. Participants will become fully vested in the match immediately. The Center began making matching contributions during the 2018 Plan year. The Plan provides for discretionary employer non-elective contributions for eligible participants who are employed on the last day of the Plan year. The amount of such contributions, if any, is determined annually at the discretion of the Employer. No discretionary employer matching contributions were made for the year ended December 31, 2025.

Unless a participant elects otherwise, the Plan provides for automatic enrollment for newly hired employees at 3% of eligible compensation which will increase by 1% each year until a participant reaches 6% of eligible compensation.

1. Description of Plan *(continued)*

Participant Accounts

Each participant's account is credited with the participant's contributions, Employer contributions and the investment earnings thereon. The contributions are allocated among the investment options according to the participant's instructions. Allocations are based on participant earnings, account balances, or specific participant transactions. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are fully vested at all times in their contributions and earnings thereon, and are fully vested in the Employer match contributions.

Loans to a Participant/Collateralized Assets

Loans with TIAA and CREF are issued directly from funds owned by TIAA and CREF and not directly from a participant's account. Interest and principal are paid by the participant directly to TIAA. The loans are not considered assets of the Plan and, therefore, are not reported in the statements of net assets available for benefits. Adequate security is required and a portion of the participant's account is reserved, or held as collateral, to cover 110% of the outstanding loan in case of default. The collateral for the loan is maintained as part of the participant's TIAA Traditional Annuity account. The collateral securing the loan continues to earn interest. The collateralized balance is not available for transfer, withdrawal, retirement income benefits or survivor benefits.

The loan interest rate for these loans may be fixed or variable and the initial rate is determined by the terms of the controlling contract, as are the rate adjustment details and frequency. Principal repayments are transferred to the investment options chosen under the terms of the Plan.

At December 31, 2025 and 2024, there were three loans outstanding to TIAA and CREF with total principal balances due of $3,455 and $4,081 which represents a collateralization of participant accounts. Two loans for $2,853 and $2,710 were deemed distributed for the years ended December 31, 2025 and 2024. Interest rates on these loans ranged from 4.60% to 5.85% with maturities through 2026.

From 2021, collateralized loans are no longer offered to the Plan participants. Any loan a participant takes in 2021 or later will be made directly from the retirement plan account. These loans are recorded as notes receivable from participants on the statements of net assets available for benefits.

Notes Receivable from Participants

Participants with a Principal account balance may borrow from their accounts through Principal a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Loan terms can range from one to five years or up to fifteen years for the purchase of a primary residence. Loans are secured by the balance in the participant's account and bear interest at prime plus 1%. Principal and interest is generally paid ratably by the participant through payroll deductions.

1. Description of Plan *(continued)*

Payment of Benefits

Upon termination of service due to death, disability, retirement or other reason, or due to financial hardship, a participant is entitled to receive a distribution in the amount equal to the value of the participant's vested interest in his or her account. The Plan permits participants who have attained age 59½ to elect in-service withdrawals of eligible amounts from their accounts.

Retirement benefits must normally begin no later than April 1 following the calendar year in which the participant retires or April 1 of the calendar year following the year in which the participant attains age 73. Failure of a participant to begin annuity income by the required beginning date may subject the participant to a federal tax penalty.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accounts of the Plan are maintained, and the accompanying financial statements have been prepared, on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America ("U.S. GAAP"). Contributions and investment income are recognized when received and disbursements are recognized when made, except for investment gains and losses which are measured at fair value. Net appreciation in value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year. The Plan determined that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Accordingly, the financial statements are not intended to present the net assets available for benefits and changes in net assets available for benefits of the Plan in conformity with U.S. GAAP.

Use of Estimates

The preparation of financial statements requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Fair Value Measurements

The Plan follows U.S. GAAP guidance on *Fair Value Measurements* which defines fair value and establishes a fair value hierarchy organized into three levels based upon the input assumptions used in pricing assets. Level 1 inputs have the highest reliability and are related to assets with unadjusted quoted prices in active markets. Level 2 inputs relate to assets with other than quoted prices in active markets which may include quoted prices for similar assets or liabilities or other inputs which can be corroborated by observable market data. Level 3 inputs are unobservable and are used to the extent that observable inputs do not exist. Pursuant to U.S. GAAP guidance, alternative investments where fair value is measured using the Net Asset Value ("NAV") per share as a practical expedient are not categorized within the fair value hierarchy.

2. Summary of Significant Accounting Policies *(continued)*

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value, except for the benefit responsive accounts which are stated at contract value. The TIAA Traditional Annuity Account is an unallocated contract. The fully benefit responsive contract is carried at contract value. Contract value equals the accumulated cash contributions, interest credited to the Plan's contracts, and transfers in (if any), less any withdrawals and transfers out (if any). The group annuity contract is also valued at contract value, which represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The pooled separate account is valued at the NAV of units held by the Plan. The NAV, as provided by TIAA and CREF, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. The practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Purchases and sales of securities are recorded on a trade-date basis. Dividends and interest are recorded when received.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance. If a participant ceases to make loan repayments and the Plan administrator deems the loan to be in default, the participant loan balance is reduced and a benefit payment is recorded when a distributable event occurs.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Expenses relating to investment management are paid directly by the respective investment vehicle and are included as a reduction to net appreciation in fair value of investments. Other administrative expenses of the Plan, at times, may be paid by the Center and excluded from these financial statements.

Subsequent Events Evaluation by Management

Management has evaluated subsequent events for disclosure and/or recognition in the financial statements through the date that the financial statements were available to be issued, which date is October 15, 2026.

3. Information Certified (Unaudited)

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required Schedule H, Part IV, Line 4i – Schedule of Assets (Held at End of Year) including investments and notes receivable from participants held at December 31, 2025 and 2024, and net appreciation in value of investments, interest and dividend income and interest on notes receivable from participants for the year ended December 31, 2025, was obtained by management and agreed to or derived from information certified as complete and accurate by TIAA and CREF and Principal, qualified institutions.

4. Investments

The following are the major categories of investments measured at fair value on a recurring basis at December 31, grouped by the fair value hierarchy:

	2025		
	Level 1	Other Investments Measured at NAV*	Total
Registered investment companies	$ 5,689,697	$ -	$ 5,689,697
Mutual funds	36,782,574	-	36,782,574
Pooled separate account	-	260,290	260,290
	$42,472,271	$ 260,290	$42,732,561

	2024		
	Level 1	Other Investments Measured at NAV*	Total
Registered investment companies	$ 4,929,247	$ -	$ 4,929,247
Mutual funds	30,448,365	-	30,448,365
Pooled Separate Account	-	265,045	265,045
	$35,377,612	$ 265,045	$35,642,657

(*) As discussed in Note 2, investments that are measured using the practical expedient are not classified within the fair value hierarchy.

5. Tax Status

On March 31, 2017, the Internal Revenue Service issued an opinion letter to the prototype document preparer indicating that the Plan, as then designed, qualifies under Section 403(b) of the IRC. The Plan has since been amended and the Plan administrator believes that the Plan, as amended, is currently designed and being operated in compliance with the applicable requirements of the IRC.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine examinations by taxing jurisdictions; however, there are currently no examinations for any tax periods in progress.

6. TIAA and CREF Investments

TIAA Traditional Annuity Account

The TIAA Traditional Annuity is comprised of six types of contracts. The fully benefit responsive contracts are: the Group Supplemental Retirement Annuity ("GSRA"), the Supplemental Retirement Annuity ("SRA"), and the Retirement Choice Plus contracts. The non-benefit responsive contracts are: the Group Retirement Annuity, the Retirement Annuity and the Retirement Choice contracts. The Plan utilizes the GSRA and SRA contracts, which are reported at contract value. Contract value is the aggregation of contributions, plus interest, less withdrawals, if any. Contract value approximates a discounted cash flow value calculated using a risk-adjusted market discount rate which correlates closely with the TIAA Traditional Annuity's historical crediting rates. Unobservable inputs include the discount rate applied and the range of significant input values at December 31, 2025 are as follows: GSRA – 4.00% - 4.50%; and SRA – 4.00%-4.50%.

Under the GSRA and SRA, lump-sum withdrawals and transfers can be done at any time without any restrictions or charges.

The contracts use the vintage method to credit interest to the TIAA Traditional Annuity Account. Vintages are time periods that represent when money was initially invested in the TIAA Traditional Annuity Account and corresponding interest rate during that distinct time period. The Vintage method recognizes the fact that the level of prevailing interest rates available on new long-term investments will vary over time and that as the long-term investments in a specific vintage mature, they will be reinvested at different rates. When funds flow into the TIAA Traditional Annuity Account, they are immediately invested at the prevailing pay-in-rate for new money. The funds earn interest at the prevailing vintage rates. The vintage will always consist of two parts: the guaranteed portion and the discretionary portion. The guaranteed portion represents the minimum amount of interest that will be credited to an account, regardless of the economic environment. The discretionary portion represents interest earned over and above the guaranteed rate.

The TIAA Traditional Annuity Account represents approximately 9% and 11% of the Plan's net assets available for benefits as of December 31, 2025 and 2024 and represents an obligation from TIAA to repay as amounts come due.

TIAA Real Estate Account (Pooled Separate Account)

The TIAA Real Estate Account generally invests in real estate properties and real estate-related investments. The TIAA Real Estate Account's value is principally derived from the market value of the underlying real estate holdings or other real estate-related investments. Real estate holdings are valued principally using external appraisals, which are estimates of property values based on a professional's opinion. The TIAA Real Estate Account sometimes holds securities as well. These are generally priced using values obtained from independent pricing sources. While redemptions from the TIAA Real Estate Account may occur daily, transfers out are limited to one per calendar quarter. The TIAA Real Estate Account had no unfunded commitments at December 31, 2025 and 2024.

7. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

8. Group Annuity Contract

The Principal Fixed Income Guaranteed Option the ("PFIGO") is a guaranteed general account backed group annuity contract issued by Principal Life Insurance Company. Because the PFIGO is benefit-responsive, contract value is the relevant measurement attribute for that portion of net assets available for benefits attributable to the PFIGO.

A rate of interest is contractually guaranteed by Principal Life Insurance Company and is credited to participant's account balances. This net crediting rate is after the deduction of 0.20% for fees for administrative and record-keeping services provided to the Plan. The rate is reset on a semiannual basis.

Benefit payments are made at contract value (i.e. no market value adjustments or surrender charge adjustments) for plan benefit events including: retirement, death, disability, termination of employment, loans, withdrawals, or Plan termination. An employer level liquidation or employer initiated transfer of the Plan's interest in the PFIGO will be subject to either a 12- month advance notice or a 5% surrender charge, whichever the employer chooses. Notification of a plan's intent to terminate its interest may be revoked within 90 days of the receipt of such notice, after which time, the notice becomes irrevocable. A 5% surrender charge will also apply if the cumulative percentage of participant transfers from the PFIGO exceeds 20% of the Plan's interest in the contract during the 12-month period immediately preceding the employer-level surrender of the Plan's interest in the contract. If this scenario occurs, the surrender charge will be billed to the employer.

The group annuity contract represents approximately 1% and 2% of the Plan's net assets available for benefits as of December 31, 2025 and 2024 and represents an obligation from Principal to repay as amounts come due.

9. Plan Termination

Although it has not expressed any intentions to do so, the Center has the right under the Plan to terminate the Plan, subject to the provisions of ERISA.

10. Prohibited Transactions

During the 2025 and prior Plan years, the Center failed to transmit to the Plan certain participant's contributions and loan repayments totaling $13,962 and $88,888, respectively, within the period described by Department of Labor regulations. Delays in remitting these amounts to the Plan were due to an administrative oversight and Plan management is in the process of making the necessary corrections by remitting lost earnings.

11. Party-in-Interest

Certain investments are managed by TIAA and CREF and Principal, the Plan's custodian, trustee, record-keepers and investment consultants. Therefore, these transactions qualify as exempt party-in-interest transactions under ERISA.

Certain employees of the Center, who may also be participants in the Plan, perform administrative services for the Plan at no cost to the Plan.

Participants who are active employees may borrow from their Principal accounts and such loans qualify as exempt party-in-interest transactions under ERISA. These loans are recorded as notes receivable from participants in the statements of net assets available for benefits.
